Dear Chairmen:

Section 122C-124.2(a) of the North Carolina General Statutes requires the Secretary of Health and Human Services to certify whether each local management entity/managed care organization (LME/MCO) approved to operate the 1915(b)(c) Medicaid Waiver is in compliance with the requirements of G.S. § 122C-124.2(b). Those certifications shall be made every six months, beginning August 1, 2013, and be based on an appropriate internal and external assessment.

Based upon (1) an internal review by an intradepartmental monitoring team comprised of individuals from the Division of Medical Assistance and the Division of Mental Health, Developmental Disabilities and Substance Abuse Services, and (2) an external review by the Carolinas Center for Medical Excellence contractor HMS, thereby certifies that the following LME/MCOs are in compliance with the requirements of N.C.G.S. § 122C-124.2(b): Alliance, Cardinal Innovations, Eastpointe, Partners, Sandhills, Vaya Health, and Trillium.

While all of the LME/MCOs meet the requirements of the law, we do believe it is appropriate to revisit and refine the solvency standards. North Carolina’s mental health landscape and the LME/MCO managed care system has evolved since inception and measures and standards, including solvency requirements, are different today than when the legislation was passed. The department intends to work with the General Assembly and other stakeholders to review and adjust the financial measures to balance the solvency of the organizations and the need to reinvest in critical mental health initiatives.

A summary of the certification is attached for your review. Please feel free to contact me with any questions.

Sincerely,

Dempsey E. Benton
Interim Secretary
