

2020 NC-SNAP

Examiner Certification Schedule

NC-SNAP certification is available to professional ID/DD staff that is responsible for completing or reviewing NC-SNAP assessments as part of their job responsibilities. To facilitate the registration process, staff responsible for completing the NC-SNAP should contact their LME/MCO and speak to the training coordinator for assistance completing registration. The LME/MCO training coordinator will ensure that all persons requesting NC-SNAP certification have the proper credentials and are in a position that requires them to complete or review NC-SNAP assessments prior to forwarding the registration request for training. **The Qualified Professional is not registered for scheduled certification training until he or she has received a confirmation letter.** This letter is required for admittance. If you have not received your letter please do not attend the scheduled training. If you have not received your letter but feel that this is an error please follow up with your LME-MCO training coordinator on the status of your registration.

Please note that typically there is a high demand for NC-SNAP certification training. All staff registered are asked to notify the training site in advance if unable to attend a scheduled training. Registered staff that do not cancel in advance and/or do not show up for a scheduled training session may be prohibited from re-registering for sixty days. NC-SNAP examiner certification requires all of the allotted time; staff arriving late will not be admitted. **All training sites will be open to staff by 12:15 on the day of training.**
