Dear Chairman:

North Carolina Session Law 2017-57, Section 11F.2.(c), requires the Department of Health and Human Services ("Department") to modify the monthly reporting package submitted by the LME-MCOs to the Department to include revenues and expenditures for the State funding sources for single stream, intellectual and developmental disability, and substance abuse services on Schedule D2. Additionally, the Department is required to modify appropriate schedules in the LME-MCO monthly reporting package to include unduplicated recipients and encounters in the same level of detail included in each D schedule for each source of funding for the reporting for the current and previous year’s month and year to date periods.

The Department will be unable to provide current information on Single Stream Fund expenditures at this time pending passage of the Appropriations Act. However, the reports of spending year-to-date have been consistent with state funding expenditures in previous years for this timeframe. As usual, because Federal funds are drawn down before State funds, single stream funding will be accessed increasingly during the year.
The Department continues to work with all LME-MCOs and to monitor their use of single stream funds. Should you have any questions, please contact Kody Kinsley, Deputy Secretary for Behavioral Health and IDD, at (919) 733-7011.

Sincerely,

Mandy Cohen, MD, MPH
