Dear Chairmen:

North Carolina Session Law 2015-241, Section 12F.2.(c), requires the Department of Health and Human Services ("Department") to modify the monthly reporting package submitted by the LME-MCOs to the Department to include revenues and expenditures for the State funding sources for single stream, intellectual and developmental disability, and substance abuse services on Schedule D2. Additionally, the Department is required to modify appropriate schedules in the LME-MCO monthly reporting package to include unduplicated recipients and encounters in the same level of detail included in each D schedule for each source of funding for the reporting for the current and previous year’s month and year to date periods. This requirement is continued under Session Law 2017-57, Section 11F.2.(c).

The information provided identifies Single Stream Fund expenditures by LME-MCO with a State average and benchmark for spending expectations by May 2018. The benchmark for the expected single stream funding expenditure for this portion of the fiscal year is 92% of the total annual allocation. The statewide average is on target at 98.1%.

The Department has contacted each of the LME-MCOs with totals below the target: Eastpointe and Trillium. One factor that continues to affect the single stream funding expenditures is the increase in federal funds associated with the opioid crisis response. The funding hierarchy requires federal dollars to be expended first. Both Eastpointe and Trillium are moving closer to the percentage necessary to satisfy the annual requirement. The Department continues to work with all LME-MCOs and to monitor their use of single stream funds. The attached graph for the report demonstrates the individual LME-MCOs performance compared to the static targeted expenditures expectation.
Should you have any questions, please contact Kody Kinsley, Interim Senior Director for the Division of Mental Health, Developmental Disabilities and Substance Abuse Services, at (919) 733-7011.

Sincerely,

Mandy Cohen, MD, MPH
Secretary

**FY18 YTD - Reported Single Stream Expenditures as % of Annual Service Requirement**

![Bar chart showing the percentage of annual service requirement for each LME/MCO.]

Notes: The Non/CR portion of Single Stream Earnings is based on unaudited self-report from LME/MCOs.

LME expenditure of State funds will always lag at beginning of year when Federal funds are pulled down; as Federal accounts are depleted, rate of State earnings increase.
