June 2, 2014

Dear County Director of Social Services:

SUBJECT: Medicaid Coding

This communication is meant to provide a reminder concerning the coding of Medicaid activity on day sheets (the DSS-4263).

This is to remind counties to record Medicaid related activities if performed using NC FAST to the NC FAST codes. Please note as stated in the Dear Director County letter from the NC DHHS Controllers Office dated March 13, 2014, that this is effective retroactive to services starting January 2014. You should make adjustments as needed prior to the state fiscal year closeout. You must use “old” Eligibility Information System (EIS) codes when determining eligibility, performing case management, or recertifying active cases when using the Eligibility Information System.

Please see links for prior information:

Coding Instructions February 26, 2014
Dear County March 13, 2014

If you have any coding questions, please contact your Local Business Liaison.

Sincerely,

Wayne E. Black
