CSS ACTS Reports on Worker Portal

As of 1/31/2021, XNET will be decommissioned. The reports previously accessed via XNET will be made available on the Worker Portal. Users will still have access to XPTR via the mainframe. Instructions for accessing the reports via the Worker Portal are below.

3. After entering your NCID information to login, Multi-Factor Authentication (MFA) will be required in order to proceed. You will receive a phone call prompting you to enter your MFA PIN#. This will be the same four-digit PIN# used for ACTS MFA. If you are not currently registered for MFA, please contact the Security Team at css.security@dhhs.nc.gov.

2. Clicking on any link from the breadcrumbs will return you to that specific page. 

   In this example, we have clicked on the breadcrumb for CSS ACTS Report Home:

   Note: For best results in navigating through the reports, please use breadcrumbs, not the browser navigation buttons.
