CPS Reports During and After Business Hours

According to General Statutes, Directors of departments of social services are required to establish protective services in their county, including a means to receive and respond to protective services reports 24 hours a day, 7 days a week. In an effort to make this system readily accessible to the public, the Division of Social Services will be posting business and after hours contact phone numbers for each county department of social services on the Division's website. This is intended to make it easier for citizens with concerns to make reports quickly and efficiently in addition to facilitating the prompt transmittal of information between county departments of social services.

5. What is your agency's primary contact telephone number for receiving protective services reports during your agency's business hours? *

6. What is your primary agency's primary means of contact for receiving protective services reports outside of your agency's business hours? *
   -- Please Select --

7. What is your primary agency contact telephone number for receiving protective services reports during your agency's business hours if you do not use 911? If you use 911, enter 0. *
8. What is a contact phone number to which persons outside your county can call your agency to make a protective services report outside of business hours?

Child Protective Services FTE's

FTE’s, or Full Time Equivalents are budgeted positions or parts of positions dedicated to specific tasks, in this instance, CPS Intake and Assessments. If there is 1 unit of 5 social worker FTE’s in your agency and each FTE is dedicated to cover Intake 1 day per week, then of the unit you have 1 FTE dedicated to Intake and 4 FTE’s dedicated to Assessments. With that in mind, please answer the next 2 questions.

9. How many full time equivalent (FTE) social worker positions does your agency have to cover CPS Intake? * The value must be greater than or equal to 0.

10. How many full time equivalent (FTE) social worker positions does your agency have to cover CPS Assessments? * The value must be greater than or equal to 0.

Child Welfare Staff Vacancies

For each of the questions, full time equivalents refer to budgeted positions, not person. In some agencies, a supervisor may cover duties beyond child welfare. In instances such as that, record those positions only as a percentage of time they are actually budgeted for child welfare supervision. If the supervisor has 4 child welfare social workers and one adult services social worker, that would mean 80% child welfare time, or .8 full time equivalent. Please consult the Monthly Child Welfare Data Collection Workbooks.

14. Using your agency organizational chart, how many full time equivalent positions were budgeted in child welfare for each of the following positions? Percentage of positions should be recorded as a decimal. For example, if a Program Manager spends half time with adult services, record .5 for that FTE.

15. For the calendar year 2013, record the number of full time equivalent child welfare positions which became vacant due to the reasons below. The total must not exceed the total number of child welfare workers who left your agency during the year. For positions covering services other than child welfare, record only the percentage, as a decimal, of their time committed to child welfare.*
