Dear County Director of Social Services

Subject: North Carolina Transportation Notification System

The North Carolina Division of Social Services has recently become aware of a resource that may benefit counties who need access to employee's driving records. The Division of Motor Vehicles' (DMV) North Carolina Transportation Notification System (NC TNS) has a system designed to provide subscribers with up to the minute detailed information on any licensed driver within the state of North Carolina. With NC TNS your agency can review driving records for occurrences of convictions, suspensions, disqualifications and points. Benefits of NC TNS are:

- 24/7 access to driver records
- Reports current driver status conditions directly from the DMV State Automatic Driver License System (SADLS)
- DMV Driver Help Desk assistance

Currently DMV is piloting the system statewide. You may participate in the pilot at no cost to your agency. The end of the pilot program has not been determined and participation is voluntary.

To participate in the pilot you must develop a driver disclosure form. This form is an agreement that will be signed by drivers indicating that the driver is aware that you will have access to their driving record during their term of employment with your agency and the access to the record will end with termination of employment.

Once you have developed your agency’s disclosure form you must contact Rosa Gill at DMV to indicate your interest in participating in the pilot program. Ms. Gill’s email address is rgill@dot.state.nc.us. Her telephone number is 919-861-3060.

If you are interested in this pilot program you should act soon to be assured of participation under the current terms. Additional information about this program is included with this letter. The Division’s contact person is Phyllis Fulton. Ms Fulton may be contacted by telephone at 919-733-2279 or by email at phyllis.fulton@ncmail.net.

Sincerely,

Pheon E. Beal
