As a North Carolina House Representative from 1976-2002, Ruth Easterling dedicated her energy to supporting children’s rights. In 2003, in honor of Ruth Easterling, the North Carolina House of Representatives set aside money to perpetuate her efforts.

The North Carolina General Assembly established the Ruth M. Easterling Trust Fund in an effort to fund services for children with special needs. A portion of this funding was used to develop the libraries to benefit children with hearing loss, their families and professionals.

The libraries are located at the Division of Services for the Deaf and the Hard of Hearing Regional Centers, which are listed on the insert provided. Please contact the center serving your county for assistance.
