SOLICITATION REQUEST FOR BEST AND FINAL OFFER (BAFO)

This request is to acquire a best and final offer from Vendor for Enterprise eSignature – Digital Signature Capability. Enterprise Electronic Forms will not be awarded on this contract.

The offer should integrate the previous response to the RFP and any changes listed below. Any individual vendor can receive a different number of requests for BAFOs than other offerors.

NOTE: This bid is still in the evaluation period. During this period and prior to award, possession of the BAFO, original bid response and accompanying information is limited to personnel of the Department of Information Technology (DIT) Statewide IT Procurement Office, and to agencies responsible for participating in the evaluation. Bidders who attempt to gain this privileged information, or to influence the evaluation process (i.e. assist in evaluation) will be in violation of purchasing rules and their offer will not be further evaluated or considered.

SECTION 1.

Additional terms

1. eNotary is NOT included in the Adobe Sign subscriptions.
   Additionally, Adobe Sign can be licensed 2 ways:
   - Transactions. Customer can license annual transaction “buckets” from Adobe on a per order basis. These transaction costs include unlimited users or “deployers” of Adobe Sign workflows. These transactions can be managed through the Adobe Sign console. Users (deployers of workflows) can also be administered through the same console. Each order is either per Transaction or per User. Subsequent orders are not pooled with prior orders; however, agencies under an existing order may amend order to add Transactions or Users respectively and will receive the same discount level as the existing order.
   - User Licenses. User licenses allow the licensed user to deploy 150 transactions per year. If multiple users license Sign under the same agency order, they can “pool” their transactions together and the aggregate may be used among those in the same order for that agency.
3. Adobe will provide a “named” Customer Success Manager for all agencies within North Carolina for transaction count commitments above 50,000 at no additional cost.
4. Level of support on this contract is Adobe Sign Enterprise Support.
5. On page 115 of CDWG’s proposal “$250 per hour after 20 hours of migration” is retained as modified to read $260 per hour after 20 hours of migration.
6. Signature delegation is allowed in Adobe Sign.
7. Signers do not need to have an Adobe Sign account. Only senders of the documents are required to have an Adobe Sign account.
8. Adobe Sign is provisioned with as many separate accounts as needed per customer. Customer can be defined per Agency or department within North Carolina; one Agency may have several accounts provisioned, if needed. For clarification, there is one Admin Console and one Administrator per order.
9. Digital Certifications used by Adobe (issued by Verisign) to digitally sign completed documents and audit trails documents do not expire and are considered Long Term Validation certificates.
10. The license terms and pricing under this BAFO apply to state and local agencies, as well as educational institutions within the State of North Carolina. However, no existing or alternate pricing or license terms in place or available to state and local agencies or EDU entities may be used or combined under this BAFO.
SECTION 2.

Tab 8: Copy of Vendor’s License and Maintenance Agreements is replaced by the following:
Adobe General Terms (2017v1) and PSLT – Adobe Electronic Signature Services (2017v1) as modified by Addendum to Adobe General Terms (2017v1) and PSLT
