Outreach Materials

Medicaid Transformation is changing the way most people receive Medicaid services. Most people will participate in NC Medicaid Managed Care. They will have to choose a health plan and primary care provider. A small number of people will continue to get Medicaid services through Medicaid Direct. An Enrollment Broker will help beneficiaries choose which health plan is best for them.

These outreach materials were developed by the Enrollment Broker for county agencies and organizations. Materials include a small poster, fact sheet, half-page flyer, palm card and Q&A. All materials are available in English and Spanish and can be downloaded at medicaid.ncdhhs.gov/county-playbook-medicaid-managed-care. They are designed to be easily printed at low-cost.

THERE IS A NEW WAY TO GET MEDICAID HEALTH CARE

Most people will get the same Medicaid services in a new way – through health plans. You will be able to choose the health plan that is best for you. A health plan is a group of doctors, hospitals and other providers. They work together to give you the health care you need. Everything – physical health, mental health and medicine – will come from the same health plan.

You will also choose a primary care provider (PCP). A PCP could be your family doctor, clinic or other health care provider. They will help you with your health care needs.

Most people receiving Medicaid must choose a health plan. A small number of people will not need to choose a health plan because of the type of health services they need. They will stay enrolled in NC Medicaid Direct.

WHAT YOU NEED TO DO

1. Choose a primary care provider (PCP)
   Health plans work with different PCPs. To keep your doctor, clinic or other health care provider as your PCP, find out which health plan they work with. You can also choose a new PCP. For a list of doctors for each health plan, go to nucedicaidplans.gov, use the NC Medicaid Managed Care mobile app or call us toll free at 1-833-870-5588. If you do not choose a PCP, your health plan will choose one for you.

   - Use the NC Medicaid Managed Care mobile app
   - Call us toll free at 1-833-870-5588

**What is NC Medicaid Managed Care?**
NC Medicaid Managed Care helps you get the most out of your Medicaid benefits. Instead of one Medicaid program there are many health plans to choose from. All health plans are required to have the same Medicaid services, such as office visits, blood tests and X-rays. Health plans may also offer added services such as programs to help you quit smoking, eat healthier and have a healthy pregnancy. Health plans work with different doctors and health care providers. Each plan has its own network of qualified doctors and health care providers. To keep your doctor, clinic or other provider, find out which plans they work with. Then choose one of those plans.

**What is NC Medicaid Direct?**
Some people will be in NC Medicaid Direct because it provides services that meet specific needs. For example, it provides the same services currently covered for developmental disability, mental illness, traumatic brain injury and substance use disorder. To learn more about NC Medicaid Direct, call 1-888-345-0179.

**Is Medicaid eligibility changing?**
No. Medicaid eligibility rules are not changing. If you have questions about your eligibility, contact your local Department of Social Services (DSS) office. Find contact information at ncdhhs.gov/contactus.

**What is a primary care provider (PCP)?**
Your PCP is your family doctor, clinic or health care provider. Your PCP will help you with your health care needs. They will also coordinate your care with other health providers.

**What is a health plan?**
A health plan is a group of doctors, hospitals and other providers. They work together to give you the health care you need.

**Do I have to choose a health plan?**
It depends. Most people in NC Medicaid must choose a health plan. Some people can choose to stay in NC Medicaid Direct. They will not need to choose a plan.

To find out if you must enroll, go to Who must enroll in NC Medicaid Managed Care? at ncmедicaidplans.gov/learn/who-must-enroll-nc-medicaid-managed-care. If you still have questions, call us toll free at 1-833-870-5500 (TTY: 1-833-870-5588). Or use the chat tool to chat with us online.
