Statutory Authority
N.C.G.S. §§ 108A.54, 108A.54.1B

Background
Under authority of NCGS § 150B-21.3A, periodic review and expiration of existing rules, the Department of Health and Human Services, Rule Review Commission, and the Joint Legislative Administrative Procedure Oversight Committee approved the subchapter report with classifications for the rules located at 10A NCAC. 21B –Eligibility Determination. The following two rules were classified as necessary with substantive public interest: 10A NCAC 21B .0204 and .0311.

The agency is presenting 10A NCAC 21B .0204 for readoption with minor changes and 10A NCAC 21B .0311 for repeal. Since, pursuant to NCGS § 150B-21.4(d), agencies are not required to prepare a fiscal note when proposing to repeal an existing rule, this fiscal note addresses the change to 10A NCAC 21B .0204.
Rule Summary and Anticipated Fiscal Impact

Rule .0204 - Effective Date of Assistance
The agency is proposing to readopt this rule with one minor substantive change. The groups previously identified in paragraph (b)(2) of the rule are now identified in the Medicaid State Plan in Attachment 2.6A, Page 24a and Supplement 8B to Attachment 2.6-A, Page 1. All other changes to this rule are minor technical changes intended to clarify language and update rule formatting.

Fiscal Impact
There is no fiscal impact associated with this substantive change because, pursuant to NCGS § 108A-54.1B(d), the Medicaid State Plan separately has the force and effect of administrative rule. All other changes to this rule are minor, non-substantive, technical changes. For that reason, there is no fiscal impact to federal government, state government, local governments, or private industry associated with the readoption of this rule.
10A NCAC 21B .0204 is proposed for readoption with substantive changes as follows:

**10A NCAC 21B .0204  EFFECTIVE DATE OF ASSISTANCE**

(a) The first month of Medicaid coverage shall be:

1. the month of application, or for SSI recipients, the month of application for SSI; or
2. as much as three months prior to the month of application when the client received medical services covered by the program and was eligible during the month or months of medical need; or
3. if the client applies prior to meeting a non-financial requirement, no earlier than the calendar month in which all non-financial requirements are met.

(b) Assistance shall be authorized beginning on the first day of the month except when:

1. the client's income exceeds the income level and he or she must spenddown the excess income for medical care. The assistance shall be authorized on the day his or her incurred medical care costs equal the amount of the excess income.
2. For groups identified in Rule .0311, Sub-item (3)(a) of this Subchapter, the client shall be authorized on the day the reserves are reduced, or incurred medical care costs equal the amount of the excess income, whichever occurs later.

(c) Medicaid coverage shall end on the last day of the last month of eligibility except for those individuals eligible for emergency conditions only as described in 10A NCAC 23E .0102. The last month of eligibility shall be:

1. The month in which timely notice of termination expires; or
2. The month in which adequate notice of termination expires.

10A NCAC 21B .0311 is proposed for readoption as a repeal as follows:
