What is PACE?

Purpose:

• **PACE is an innovative model that provides a range of integrated, preventive, acute care and long-term care services to manage the often complex medical, functional, and social needs of the elderly.**

• **PACE was created as a way to provide Medicaid beneficiaries, family caregivers and professional health care providers the flexibility to meet a person’s health care needs while continuing to live safely in the community.**

• **PACE provides services through a pre-paid, capitated, comprehensive health care plan.**
What is PACE?

Benefits:
• PACE provides a comprehensive array of medical and social services at the PACE center and in the home.

• PACE IDT reviews and arranges for all Medicaid covered services that may be required by each participant

• PACE uses an interdisciplinary team to manage care and services for each participant

• The PACE program arranges, manages and pays for all care referred to community providers, including hospital services, nursing facility care, emergency room services, physician visits and ancillary services.
To be eligible for PACE an individual must:

- Be age 55 or over
- Meet the state’s nursing home level of care criteria
- Be able to live safely in the community at the time of enrollment; and
- Live in an approved PACE Service Area
- To receive coverage under Medicaid or Medicare/Medicaid, an individual must be financially eligible to receive Long-term Medicaid Services. Long-term Medicaid Services are determined by the individual’s local Department of Social Services.
Why Elect PACE

- Enhance the quality of life and autonomy for frail older adults
- Maximize dignity and respect for older adults
- Enable frail, older adults to live in their homes and in the community as long as medically and socially feasible
- Preserve and support the older adults family unit/caregiver
- Reduce stress for caregiver and provide resources
PACE Enrollment

PACE collaborates with local DSS staff to:

• Determine Medicaid eligibility

• Educate potentially eligible individuals and their family about PACE as a service option under Medicaid

• Enroll participants in the PACE program on the 1st day of the calendar month following the date the PACE organization receives a signed enrollment agreement
PACE Enrollment

• Enrollment in the PACE program is voluntary

• Home visits and center visits are conducted with each individual to determine eligibility and a comprehensive assessment is required prior to enrollment

• If an individual elects PACE, an enrollment agreement is signed
PACE Services

PACE provides All-Inclusive Care and PACE participants receive the following services:

- Primary care clinic
- Adult Day Health
- Therapeutic recreation
- Restorative physical and occupational therapies and socialization
- In-Home Care and Personal care
