SBA Support For Coronavirus Related Economic Disruptions

U.S. Small Business Administration

Thomas A. Stith III
District Director
North Carolina District Office
The U.S. Small Business Administration (SBA) is offering designated states and territories low-interest federal disaster loans for working capital to small businesses suffering substantial economic injury as a result of the Coronavirus (COVID-19).

Upon a request received from a state’s or territory’s Governor, SBA will issue under its own authority, as provided by the Coronavirus Preparedness and Response Supplement Appropriations Act that was recently signed by the President, an Economic Injury Disaster Loan declaration.
SBA’s Disaster Assistance for Small Business

Paycheck Protection Program
A multi-billion-dollar loan program for small businesses and nonprofits to maintain existing workforce and help pay for other expenses like rent, mortgage, and utilities.

Small Business Debt Relief
The Small Business Administration (SBA) will cover 6 months of payments for small businesses with existing SBA loans, including 7(a), Community Advantage, 504, and Microloan programs.

Economic Injury Disaster Loans
Multi-billion-dollar funding for SBA Economic Injury Disaster Loans (EIDL), with emergency grants of up to $10,000 to provide immediate relief for small business operating costs.
Paycheck Protection Program

The Paycheck Protection Program is a multi billion-dollar loan program that applies to:

- Small employers with 500 employees or fewer, as well as those that meet the current Small Business Administration (SBA) size standards
- Self-employed individuals and "gig economy" individuals; and
- Nonprofits, including 501(c)(3) organizations and 501(c)(19) veteran organizations, and tribal business concerns with under 500 employees.

Loan amount:

- The size of the loans equal 250% of an employer’s average monthly payroll, up to a maximum loan amount of $10 million.

Use of funds:

- Covered payroll costs include salary, wages, and payment of cash tips (up to an annual rate of pay of $100,000); employee group health care benefits, including insurance premiums; retirement contributions; and covered leave.
- Loans can also be used to pay interest payments on mortgage obligations, rent, utilities, and interest on other debt obligations previously incurred.

Economic Injury Disaster Loans and Grants

On March 6, the U.S. Congress passed a COVID-19 preparedness and response supplemental funding bill that designated COVID-19 as a disaster under the Small Business Administration (SBA) and provided $20 million to support the SBA's administration of loan subsidies to small businesses for their working capital needs.

On March 27, Congress passed the CARES Act, adding guidance to waive or relax several loan eligibility requirements.
Economic Injury Disaster Loans and Grants

How much can I borrow?
Loan amount is based on working capital need.

The interest rates for this disaster are:
• 3.75% for small businesses
• 2.75% for nonprofit organizations

Terms of the loans are decided on a case-by-case basis and on ability to repay, but they can have a maximum length of 30 years; based on a business’ actual economic injury and financial needs.

Eligibility for these working capital loans are based on the size (must be a small business), type of business, and its financial resources.
