Grant funds are issued on a quarterly basis to grantees. In an effort to deter multiple reversions of the state issued grant funds, NC CFW has implemented the following guideline:

When a grantee has monetary reversions over two consecutive grant cycles of more than $2000, or 10% of the total grant award (whichever is the higher amount) that grantee will be assessed by the NC CFW to evaluate the grantee’s ability to expend any future state issued grant funds. Such assessment may result in non-issuance of any future NC CFW grant funds.

Sexual Assault example: A sexual assault grantee receives a grant award in the amount of $45,000 during the grant cycle (July 1-June 30) for each contract awarded. If grantee reverts more than $2,000 or $4,500 of the $45,000 issued during FY12-13 and FY13-14, an assessment will be conducted by NC CFW.
NC CFW REVERSIONS (cont.)
