NORTH CAROLINA OFFICE FOR HISTORICALLY UNDERUTILIZED BUSINESSES

August 2020 Edition

Upcoming HUB Virtual Trainings & Info Sessions

The NC HUB Office is conducting many trainings, info sessions, webinars and outreach events virtually at this time. Most notably, two Lunch and Learn series events have just launched— one focused on financial wellness for entrepreneurs and one focused on general contractors.

NC HUB also has upcoming certification trainings scheduled in partnership with NCDOT's DBE (Disadvantaged Business Enterprise) program for vendors looking to become certified in both programs.

HUB Advisory Council August Meeting Recap

The HUB Advisory Council met on August 26th via teleconference. The Council discussed [Executive Order No. 143](#) and heard from various state agency leaders on their current plans to address the disproportionate impact of COVID-19 on communities of color. This includes the establishment of [The Andrea Harris Social, Economic, Environmental, and Health Equity Task Force](#), which held its inaugural meeting on August 5th. In addition, the HUB Office is working to finalize a Small Business Enterprise (SBE) program and is collaborating with many partners to ensure emphasis is placed on eliminating health disparities in underserved communities of color.

The Council heard from The Department of Information Technology, the State Construction Office, and Purchase and Contracts on how Executive Order 143 would further be implemented.

The next Council meeting will take place on October 28, 2020.

COMING SOON: MED WEEKS 2020

MED (Minority Enterprise Development) Week events are being scheduled all across North Carolina in various municipalities. MED Week events are a time to network, learn more about and support business development opportunities, and a time to honor the achievements and contributions of minority and women-owned businesses. We look forward to celebrating all the success across North Carolina this year!
