SBA PAYCHECK PROTECTION PROGRAM (PPP) LOAN FORGIVENESS APPLICATION (for those that received PPP funds):

The U.S. Small Business Administration, in consultation with the U.S Department of the Treasury, released the Paycheck Protection Program (PPP) Loan Forgiveness Application and detailed instructions for the application.

The form and instructions inform borrowers how to apply for forgiveness of their Paycheck Protection Program (PPP) loans, consistent with the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). SBA will also soon issue regulations and guidance to further assist borrowers as they complete their applications, and to provide lenders with guidance on their responsibilities.

The form and instructions include several measures to reduce compliance burdens and simplify the process for borrowers, including:

- Options for borrowers to calculate payroll costs using an “alternative payroll covered period” that aligns with borrowers’ regular payroll cycles
- Flexibility to include eligible payroll and non-payroll expenses paid or incurred during the eligible period after receiving their PPP loan
- Step-by-step instructions on how to perform the calculations required by the CARES Act to confirm eligibility for loan forgiveness
- Borrower-friendly implementation of statutory exemptions from loan forgiveness reduction based on rehiring guidelines
- Addition of a new exemption from the loan forgiveness reduction for borrowers who have made a good-faith, written offer to rehire workers that was declined
