STAFF UPDATES

*Commission Grant Updates*: Ms. Carly Kennedy, Grant Writer, NC Department of Administration, presented the following:
**Education Talent Search (ETS) Grant:** Ms. Kennedy identified possible reasons why the ETS grant was not awarded. Possible reasons include statistics on the American Indian student population in NC to other student populations as follows:
- Retention rank from 74%-84% across target counties.
- Reading and math rankings in two of the five counties were higher than the state average and were also higher than white student counterparts.
- Course achievements were higher in math and biology in three of the five counties.
- English scores were higher in two of the five counties, and in some cases the gap was greater than 10 points.
- Final analysis showed the statistics available, shows that the gap that previously existed among the American Indian students has decreased. In some cases, students have higher scores and higher achievements than their counter part students.
- Ms. Kennedy noted that these were some of the reasons the grant funding may not have been awarded for the new cycle. She expressed that the current grant project seems to have accomplished its goals. She indicated that the greatest need is post secondary education. Studies show students are graduating from high school at a higher rate, but are not going to college at an increasing rate over previous years.

**COMMENTS FROM COMMISSION MEMBERS:**
- Commission members requested clarification on the Education Talent Search (ETS) Program.
- Mr. Greg Richardson indicated that the ETS program cycle was due for renewal and a new grant had to be submitted this year. He expressed that the competition for the grant was extremely competitive and that the existing grant ended on August 31, 2016. However, he has received a no cost grant extension from September 1, 2016 through December 31, 2016 from the US Department of Education which allows him to retain some limited staff to work on closing out the program effective December 31, 2016.

*Continuation of Ms. Kennedy’s Presentation:*
- **Moving forward – Post Secondary Education:** Ms. Kennedy indicated that the Upward Bound Grant is to encourage and prepare students for post-secondary education at a university or community college or for technical training. She indicated that the notice has been written and posted for public review. She has reviewed and made comments regarding the application. The review process closes on September 16, 2016. The final application will be published at the end of 2016 or beginning of 2017. She expressed that this program will fit the needs of the American Indian community and the mission of the Commission of Indian Affairs. The student range for this grant is from ages 14-24 years.
- **Other Grants:** Ms. Kennedy shared information on the recent renewal of the WIOA Program and the Indian Child Welfare Act (WCWA) project. Due date to receive response for the ICWA grant is September 30, 2016. A sub-grant from the Council for Women’s FVPSA grant is to assist victims of domestic violence. A renewal grant has been submitted and awarded for $35,000 (which was increased from $20,000 in 2015-2016).

No handout was provided.

**COMMENTS FROM COMMISSION MEMBERS:**
- Commissioner Jennifer Revels-Baxter asked whether these grant would open up opportunity to all of the tribal and urban communities.
- Ms. Kennedy responded that the program will look at partnerships with Universities and Community Colleges. She also noted that the program could look at rural communities and
expressed dual enrollment could also be a possibility and that the state of North Carolina does allow dual enrollment.

- Ms. Kennedy informed the Commission that the grant application would be through the NC Department of Administration, similar to the grant application of the Education Talent Search (ETS) Program.
- Ms. Kennedy noted that any grant the Commission applies and implements, the tribes and organizations is kept informed of the project or consulted with. She reiterated that the final project would only apply to the tribes and organizations that would like to participate (similar to the ETS program).

Chairman Lambert announced a short recess for lunch. Chairman Lambert requested Rev. Harold Hunt to bless the food for the Commission.

Lunch break, meeting reconvened at 1:20 p.m. (working lunch).

PROGRAM OVERVIEWS:

Educational Talent Search: This item was covered by Mr. Richardson and Ms. Kennedy prior to lunch break.

Section 8 Housing Assistance & Commission Housing Plans – 2017 & Beyond: These items were moved forward. Mr. David Grigsby, Program Manager presented these items as follows:

- Section 8 Housing Assistance Program covers Columbus, Granville, Halifax, Person, Sampson and Warren counties. It was noted that the total spending in the last fiscal year was $4.3M, out of this amount, $3.9M was in subsidies that went out to landlords and utility companies. Section 8 Housing program has a total of 875 families.
- Application form is posted around April 15 of each year. Applications are due in May. The waiting list is two months or up to two years. In order to determine if applicants are eligible for the program, applicants are requested to provide income information, copies of birth certificates, social security cards, etc.
- Eligible applicants get a voucher for units they wish to rent.
- Units are inspected to verify if they meet the housing quality standards. The units are inspected on an annual basis. The contract is issued by the Raleigh staff and is submitted to the landlord for signature. Section 8 payments are issued after the contract is signed.
- Recertification’s are conducted on an annual basis.
- Section 8 Housing Program currently has three inspectors that visit the field offices. Three staff members in the Raleigh office that processes the paperwork. The job posting for the Processing Assistant position in the Raleigh office is scheduled to be posted.
- Mr. Grigsby shared the positive feedback on the program as follows: The program is successful due to the comments received from the internal and external audits. The state auditors submit the spending expenditures to Housing and Urban Development (HUD) Programs. The program also has to receive an annual certification through the Section 8 Housing Assessment Program. The program is currently at its highest performance.
- In order to deter landlords from collecting payments, if the tenant has passed away, the program does an audit of tenants on a monthly basis.
Mr. Grigsby noted that the utilization is at its highest performance rate. He indicated that if the performance rate is high, the funding for the next year’s budget is allocated on the highest utilization rate. This enables the program to serve the highest level of tenants.

No handout was provided.

COMMENTS FROM COMMISSION MEMBERS:

➤ Chairman Lambert asked how long it takes from the “application stage” to the “move in” stage.
➤ Mr. Grigsby noted the process is on a first come first served basis. Due to the blocked grant, the program has to certify few tenants at a time. Tenants have to leave the program in order to accommodate new tenants. He pointed out that the quarterly reports indicate the programs operation.
➤ Mr. Richardson informed the Commission that this is a large program which generates a lot of revenue. He indicated that in Sampson County alone $100,000 in housing payments are paid out each year.

SECTION 8 HOUSING ASSISTANCE PROGRAM – FUTURE PLANS

Mr. David Grigsby continued his presentation on future plans as follows:

- **Homelessness Project:** Ms. Savannah Baber, Intern from Wake Forest University, worked on the homeless project this summer for the Commission. It was noted that the tribes and organization need to connect with the Regional Continual Care to request assistance. Mr. Grigsby informed the Commission that statistics for homelessness from Guilford, Cumberland, Mecklenburg Counties were good. The statistics for homelessness from Halifax, Columbus, Sampson Counties were not good.

- **U-Care:** Mr. Steven Maynor has identified an emergency shelter for victims of domestic violence in Sampson County. This is an emergency shelter; it has a 45-day limit. Section 8 Housing program has collaborated with the domestic violence program and are looking into a transitional housing program for women and families after they run past U-Care limit. The program has contacted the State Employees Credit Union’s charitable foundation for a grant to fund such transitional housing in Clinton. It was noted that the Section 8 Housing Program has contacted Community Colleges that already have a house building program to build houses for the shelter. He expressed that the cost will be reduced due to no labor charges. He added that Lowes building supply will sell supplies at cost.

- **Veterans Assisted Supported Housing (VASH) Program:** It is a program for homeless veterans that need supportive assistance (mental health, rehabilitation for disability, substance abuse, etc.). There are hundred counties in NC, only thirteen counties have the VASH program. The Section 8 Housing Program is applying for VASH vouchers for Granville and Person Counties. The deadline is next Friday; the application process is simple. Mr. Grigsby indicated that Granville and Person counties have no resources. He expressed that Hoke, Sampson and Columbus Counties will be next. He is looking forward to receiving this grant.

- **Rapid RelHousing Grants:** Mr. Grigsby indicated that he would be applying for this grant. The grant is for people who cannot afford to pay their rent on a short term basis due to sudden illness, etc. This program is listed under the NC Coalition to End Homelessness. The website address is: [www.nceeh.org](http://www.nceeh.org)

- **Program 101:** This program is part of USDA rural development that subsides the building with rental units. Mr. Grigsby announced that he is looking for a candidate who is a Junior or Senior
student, majoring in City Planning or Business and is from the triangle area, who can research this program as a work study student and get a college credit. He requested Commission members to inform their community/tribal members.

No handout was provided.

A program overview is attached and is an official part of the minutes.

**American Indian Workforce Development**: Mr. Elk Richardson, Program Manager presented an overview of the Commission’s American Indian Workforce Development Program. The following was discussed:

- The Workforce Innovation Opportunity Act (WIOA) became effective in July 1, 2015, replacing workforce development programs authorized under the Workforce Investment Act (WIA). The Native American Programs are authorized as national “set-aside” programs under Section 166 of the Act. There were five other Indian & Native American set-aside programs in the State. They are administered by: Cumberland County Association for Indian People; Eastern Band of Cherokee Indians; Guilford Native American Association; Haliwa-Saponi Indian Tribe; and Lumbee Regional Development Association. The total funding set aside in North Carolina is approximately $1.3M.

- It was noted that the Commission grant as of July 1, 2016, is $262,270. He indicated that the grant application has been submitted for this year and noted that the process has been changed per US Department of Labor (every applicant must submit through Grants.Gov).
The Commission of Indian Affairs WIOA assistance program is provided through WIOA field offices located within the Indian communities. The program provides classroom training assistance to Indian students in two-year community college programs. (i.e.: Certificate programs, Diploma programs up to Associate College Degree programs).

Students work with Commission staff and academic counselors at each community college or staff at the career development program. The courses are geared to job opportunities in their respective areas. Services are provided in conjunction with the NCWorks Career Center offices in our service areas. The WIOA field offices work in collaboration with the NCWorks Career Center.

As a state agency administering a workforce development program, the Department of Administration has a seat on the NCWorks Commission, which is the state’s workforce development board. Mr. Elk Richardson serves as Secretary Johnston’s designee on the NCWorks Commission.

Mr. Elk Richardson suggested communities and tribal councils to get involved with their local County Commission/local Government. These entities appoint members to the local workforce development boards in the tribal areas, who in turn administer local funding of the state’s workforce development system.

WIOA program eligibility process for students is as follows: The student (a) must be American Indian; (b) must be verifiable by tribal local card; (c) must be members of state and federal recognized tribe.

Mr. Richardson emphasized that veterans have priority in Workforce Development Program, whether state administered program or the Indian and Native American program.

Eligible students are qualified for tuition and books up to $1,500 per semester. If the costs exceed the limit, the program assesses the individual’s situation and academic status to determine if the additional expenditures are necessary, justifiable, and allowable.

In addition to the fees, the program provides an attendance incentive, to encourage classroom attendance and program completion by our students. The ultimate goal of the Workforce Development program is to get students to complete their occupational or educational program, obtain their degree/certificate or other credential, and be competitive in the global workforce.

A one-time bonus of $400 is provided to students who obtain an associate degree.

The WIOA program also has subsidized work experience component that operates in or near our tribal communities. The subsidized positions (sometimes lasting up to six-months) are with tribal daycare, tribal administration and local municipalities in or near tribal communities.

WIOA program also provides resume assistance and job search assistance. The goal is to improve academic and literacy skills among the Indian population, increase American Indian workers’ ability to be competitive in the workforce, thus helping them to achieve personal and economic self-sufficiency, and to promote social and economic development in NC Indian communities.

No handout was provided.

Domestic Violence Crime Victim Service: Ms. Lori McClain, Program Manager, presented this item. The following was discussed:

- The Domestic Violence/Sexual Assault (DV/SA) Program is funded through the Violence Against Women’s Act (VAWA) through the Governor’s Crime Commission and the Family Violence Prevention and Service Act (FVP SA) through the NC Council for Women.
- Ms. McClain noted that $13,000 was reverted to NC Council for Women (NCCFW) due to the program late start and due to the state legislation late approval of her position and funding (back in 2015). She informed that the NCCFW will use the funds for other programs.
- Ms. McClain indicated that her program has requested $35,000 for the upcoming year and is confident that the request will be granted. A total of five tribes are involved with this grant. The grant amount will help support the cost for personal advocates for the tribes. The advocates get certified through the NC Coalition Against Domestic Violence (NCCADV). Trainings are limited to two members per tribe at any given time.
- The program works closely with domestic violence agencies in the counties where the tribes are located. It was noted that the Coharie tribe works closely with the domestic violence providers. They have identified a need for transitional housing in the area. The victims usually have nowhere to go after the 45 days in the shelter, they usually return back to their abuser.
- Ms. McClain pointed out that the service provider has to provide services to men. Some of the shelters do not have the capability to provide services to men. A transitional house could be the answer to the solution.
- The program works with other shelters and agencies such as Family First in Columbus County and the agency in Halifax County.
- The program has also conducted successful law enforcement training at the Waccamaw-Siouan tribe. The program has partnered with the Pitt County Sheriff's Office. The Pitt County Deputy conducts these trainings/ workshops at the tribal center.
- The training for Hollister is scheduled on September 28, 2016.
- The program is planning to schedule a conference for the youth on violence prevention (dating violence and sexual violence prevention).

No handout was provided.

COMMENTS FROM COMMISSION MEMBERS:
- Commission members asked if the training was open to the tribes other than the five that were approved.
- Ms. McClain responded that the program is specifically targeted to the five tribes that were approved for the funding. The program is trying to build a good rapport between service providers, law enforcement and the providers in those communities. She noted that the program does have a good rapport with the Interact Services in Raleigh.
- The Youth Conference is open to all the tribes and the entire American Indian community.
- Ms. McClain indicated that Commission members contact her if they were interested in attending the training in their community.
- Commission members asked if the program needed additional support from the Commission.
- Ms. McClain indicated that the NCCFW wanted their agencies to be involved with the program and to know more about the American Indian culture and the plight of American Indians in the state. She expressed that Greenville-Pitt County was very receptive but other states were difficult to approach.

COMMITTEE APPOINTMENTS: Chairman Furnie Lambert discussed the Committee Appointments (Chairs and Committees). The handout was provided. Mr. Greg Richardson stated that in previous years, when the new Commission member is sworn in, the new Commission member goes on the Committee
that the former Commission member has served. He indicated if a Commission member wants to change
to another Committee can do so at this point. The following was discussed:

- **Executive Committee:** No changes
- **Audit/Budget Committee:** This was deleted at the September 4, 2015 meeting. It was noted that
  this is conducted by State Auditors.
- **American Indian Cultural Resources Committee:** Jeffrey Anstead remains as Chair; add
  Devane Burnett; delete Jennifer Revels-Baxter.
- **American Indian Housing Committee:** Elton Ray Jacobs remains as Chair; Isabelle Freeman
  Elliott remains as Vice Chair; add Charles Richardson.

  Richardson made a motion to dissolve the Committee with a request for an update from Dr. Bell
  from time to time. The motion was seconded by Commissioner Daniel Locklear.
  Commissioner Charles Richardson withdrew his motion to dissolve the Committee.
  Marvel Welch requested to be removed as Chair of the Committee. Charles Richardson agreed as
  Chair.
- **American Indian Legislative Committee:** Roy Maynor agreed to remain as Chair, Jeffrey
  Anstead agreed as Vice Chair. It was noted that Chair Furnie Lambert would not serve on the
  Legislative Committee.
- **Adhoc American Indian Land Trust Committee:** Chairman Furnie Lambert agreed to stay as
  Chair; include Lenora Locklear as new member.
- **American Indian Veterans Committee:** Delete Furnie Lambert as Chair of the Committee;
  Include Sam Lambert as Chair; delete Sharn Jefferies as Vice Chair; add Daniel Jones as Vice
  Chair; keep Sharn Jefferies as member; keep Furnie Lambert as member; include new members
  as follows: Daniel Locklear and Charles Richardson.
- **State Recognition Committee:** Keep Larece Hunt as Chair; Shirley Freeman as Vice Chair. Mr.
  Greg Richardson suggested that all the members on this Committee should stay since the
  Tuscarora petition work is not completed. Major changes in the Committee would hinder the
  continued progress.
  Ms. Jennifer Revels-Baxter requested to include her name on the Committee. It was noted that
  two people from Guilford Native could not serve on this Committee. After a lengthy discussion, it
  was suggested that by-laws need to be reviewed and updated. It was noted that the by-laws
  specified that the Recognition Committee consists of only one member from each tribal
  organization. Mr. Greg Richardson made a reference that the by-laws mirror the statutes. Mr.
  Teague indicated that it was up to the Chair of the Commission to come up with the protocol.
  By consensus, it was discussed that staff would review the by-laws and present to the
  Commission at a later date.
- **American Indian Child Welfare Committee:** Delete Sherry Bradsher and add Jack Rogers as
  Co-Chair; add Isabel Freeman Elliott; delete Patrick Betancourt, Adhoc and add Arletta Lambert,
  Adhoc.

COMMENTS FROM COMMISSION MEMBERS:

- Mr. Greg Richardson requested Ms. Battersby to explain the process of selecting Committee Members for the American Indian Scholarship Fund.
- Ms. Battersby noted that the same members have been serving for many years and that there was no term limit. She indicated that one or two members have resigned from the Committee. The Committee has contacted the Education Committee and Ms. Dorothy Crowe has agreed to serve in the near future. Mr. Furnie Lambert has expressed an interest as well.

FLOWER FUND REPORT: This item was not discussed and no report was presented during the meeting, noting the fund balance.

FUTURE MEETING DATES AND EVENTS: 2016-2017 Meetings were listed on the agenda.

OTHER ITEMS NOT LISTED ON THE AGENDA: The items were discussed as follows:
A. Review and Update on By-Laws:
Mr. Mark Teague informed the Commission that the By-Laws need to be amended as to what the current standing Committees are. The last By-Law was ratified in March 1987 and the last amendment was December 1, 2006. He noted that in the past few years there have been a few changes to the Committee structure. He suggested that in the future meeting, the Commission inform the standing Committees to amend the By-Laws. He read an excerpt from the By-Laws as follows: “Other standing and special Committees may be established by the Commission from time to time.”

Chairman Lambert asked if the revision of the By-Laws were done during the Commission meeting. Mr. Greg Richardson noted that the practice in the past was staff together with Mr. Teague would review, make changes and then submit the changes as recommendations to the full commission. For review and adoption.

Mr. Richardson discussed a brief history on how and why the Commission developed the process of establishing the By-Laws. It was noted that the Commission operates on statutes and that the Commission was not a non-profit organization. The consensus at that time was that the By-Laws would give some guidance in making decision during any dispute, etc.

Mr. Richardson reiterated the process in previous years was as follows: The staff would review and would bring its recommendation to the Commission for review or further discuss. He indicated that this process of review enables the Commission to then formally adopt By-Laws.

It was noted that the decision to continue using the By-Laws was made several years ago. The By-Laws detail the process and terms as to how business of the commission is to be conducted. Mr. Richardson informed the Commission that concerns of conflict between the By-Laws and General Statutes were expressed several years ago. He and Mr. Teague confirmed that the General Statutes and the Administration Code would prevail over the By-Laws.

Commission members requested a copy of the current By-Laws for review.

B. The Atlantic Coastal Pipeline: Commissioner Charles Richardson presented this item. The harmful effects of the pipeline, environmental impact, the pros and cons were discussed. A handout was presented. The handout presented is attached and is an official part of the minutes.

C. National Indian & Native American Employment & Training Conference (NINAETC) in Reno, Nevada: Mr. Elk Richardson reported that he attended the 37th Annual NINAETC, and noted that he is a representative on the USDOL Native American Employment and Training Council which also met during the conference. He gave a brief update as follows: During the NINAETC conference, a resolution was passed by conference attendants to stand in solidarity with the Standing Rock Sioux Tribal Nation in their opposition to the Dakota Access Pipe Line (DAPL). The resolution passed by the national conference was then presented to the Native American Employment Training Council (NAETC). The Council was requested by NINAETC to support the Standing Rock Sioux Tribal Nation to communicate their support to the Standing Rock Sioux Tribal Nation, the National Congress of American Indians (NCAI), and to ask constituent tribes to also take action as well. He concluded that the Council’s is concerned with issues of economic development in or near reservations and tribal communities, but is also concerned with the long-term health risks to the local workforce, and other potential environmental issues raised by the Standing Rock Sioux Tribal Nation. Copies of these resolutions and associated information was emailed to Commission members prior to the meeting. It was noted that several other resolutions were passed during the conference.
No handout was provided.

D. Natural Gas Pipeline: Commissioner Jeffrey Anstead discussed concerns of the natural gas pipeline. No handout was provided.

E. 2020 Census Tribal Consultation Meeting: Mr. Greg Richardson shared the following information. It was noted that the 2020 Census form has a self-identification line item (a check mark if one was enrolled in a tribe or not) and one could identify the name of the tribe. Some tribes disputed the check mark (regarding data on enrollment as part of public information). The National Congress of American Indian (NCAI) has adopted a resolution opposing the Census Bureau collecting any data in the 2020 Census relating to the enrollment information. It was noted that tribal cards are issued by each tribe. Mr. Richardson concluded that members could determine if they wanted such information on the form. It was expressed that the Commission should consider joining the NCAI resolution proposal that the Census Bureau should not collect any data on tribal enrollment.

Other clarifying questions were asked to the Census Bureau regarding tribes seeking recognition. After lengthy discussion, two options were suggested: (1) The item is brought back to the Commission at the December 2016 meeting. (2) If the Commission chooses to support the NCAI’s resolution it should be done prior to the 2016 NCAI Conference, scheduled October 9-14, 2016, Phoenix, AZ, so that it could be announced.

Due to the holiday weekend, some Commission members left early. The Commission did not have a quorum to vote. Mr. Greg Richardson suggested that a conference call could be scheduled to approve the decision to support the NCAI resolution proposal opposing the Census Bureau from collecting the tribal enrollment data.

ADJOURNMENT:
With there being no further items to discuss, a motion to adjourn the meeting was made by Commissioner Charles Richardson. The motion was seconded by Commissioner Jeffrey Anstead. Motion carried. The meeting adjourned at 3:36 p.m. The next Commission meeting is scheduled for December 2, 2016, location to be announced.
