.0601 PURPOSE

The Prison Industry Enhancement (PIE) Program provides selected offenders the opportunity for employment by a private industry employer on-site at designated prison facilities. (b) PIE programs operate within constraints and limitations imposed by the warden of the prison facility made necessary for the security and safety of the public, the prison, its staff and offenders. (d) The PIE employer ensures the availability on-site of non-offender civilian supervisory staff when offenders are engaged in PIE employment.

PIE program work resumes as soon as practical after emergency situations are resolved.

The PIE employer adheres to accepted safe work practices to include all related rules and standards promulgated by the Occupational Safety and Health Agency. The PIE employer is responsive to findings resulting from safety inspections and makes necessary and timely changes in work practices or in working conditions noted during the inspection.
