Will I receive a monthly statement?
Monthly statements are not mailed. Call records will be provided by request. As with all collect call types, we suggest customers keep a log of calls accepted for personal verification.

What if the inmate is released? Will I receive a refund for the remaining funds on the account?
Contact the GTL AdvancePay Service Department. We require a written request to be mailed or faxed by the owner of the account for a refund. Refunds are processed within 60 business days of receipt of a written request. Refunds must be requested within 90 days of the last call received.

What types of credit cards are accepted?
We accept Visa and MasterCard (including debit and check cards) to set up a prepaid account.

After I have used my $25.00 or $50.00 prepaid amount, can I cancel the prepaid account and have collect calls charged through my local telephone company?
Once telephone numbers are set up as an AdvancePay account, customers are not able to switch to another form of billing.
A Service for Family and Friends

Family members and friends of inmates are given the option of setting up prepaid calling accounts using credit cards, checks, money orders or Western Union. Calls that may otherwise be blocked are now completed through GTL’s AdvancePay program.

How Does It Work?
AdvancePay allows inmates to call your telephone number without the restrictions of standard billing. When an inmate attempts to dial a blocked number, AdvancePay will provide the option to the called party to set up a prepaid account. After the prepaid account is established, collect calls to the telephone number may be placed up to the prepaid amount in the AdvancePay account. After the amount of money is used the system will prompt the user to add funds to their AdvancePay account.

Customers will be prompted to call our automated system at 1-800-483-8314 to establish an AdvancePay account.

Benefits:
Customers can rest assured that collect call charges will not reach an excessive amount.

When funds on a prepaid account are low, an automated system will contact customers with the option to add more money to the AdvancePay account.

All transactions occur in real time. When an inmate places a call to a number set up as prepaid, funds are deducted from the account as soon as the call is complete.
