“As it concerns yearly requalification for the Armed recertification class, the PPSB would prefer all classroom topics be taught prior to any live fire exercises or qualification. **74C RE-WRITE COMMITTEE - NONE**

**FINANCE COMMITTEE: NONE**

**OUT OF STATE CRIMINAL RECORD CHECKS : NONE**

**OLD BUSINESS**
Mr. Dorian Dehnel of CriminalRecordCheck.com gave an overview of the out of state criminal record checks that spanned the period of September 1, 2010 to the present. They are dealing with approximately 14 applications per day, the requests up to December were totaling approximately 978, and they are anticipating it to rise after the first of the year.

The price sheet has been updated and there has been an increase of $2.50 for the North Carolina in-state background checks due to a new process that AOC has instituted. They are no longer providing automatic case information. To access that, the cost is 23 cents per page or you must go to the individual court houses.

Criminal Record Checks launched their Corporate Solution site for companies to access submission for their applicants which can eliminate the one on one application. This took effect on November 23, 2010 and they currently have twelve corporate accounts. The turnaround time is approximately one to two days.

Criminal Record Check has the nationwide capability per the RFP to go to specific states repositories to access the data. Some states do not have a repository that is readily available and they then go to the specific counties.

The federal access is by name only and access to a federal court system.

There are no fees for becoming a Corporate user, just a payment verification plan. It was established to make it more for convenient for the corporate entity to enter the individual and they in turn receive the results.
