

Coronavirus Relief Fund – County Distributions

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27, 2020. This law directed \$150 billion to states and territories via the Coronavirus Relief Fund (CRF) to be used for expenses related to addressing the COVID-19 pandemic. NC received a total of \$4.066 billion but approximately \$481M went directly to local governments with populations greater than 500,000. Session Law 2020-4 placed \$300 million in a local government CRF reserve fund and appropriated \$150 million of those funds to be distributed to counties across NC who were not eligible for direct funding.

Allocation Method

The allocation percentages are determined in S.L. 2020-4. The allocation includes:

- Base allocation of \$250,000
- Additional pro-rata allocation based on county population according to 2019 Vintage Year Census Bureau estimates (leaving out Guilford, Mecklenburg, and Wake as they received funds directly from U.S. Treasury)

Potential Uses of the Coronavirus Relief Funds

[Guidance](#) and [FAQs](#) received from the federal government suggests that eligible spending must be directly related to expenditures incurred to address the COVID-19 pandemic. The funds must be spent on purposes that were not accounted for in the government's most recently approved budget as of March 27, 2020 and must be used for expenditures incurred between March 1, 2020 and December 30, 2020. Money from the Coronavirus Relief Fund cannot be used for revenue replacement purposes.

The broad categories include:

- Medical expenses including the COVID-19 related expenses of public hospitals and clinics, establishment of temporary medical facilities, COVID-19 testing, and public telemedicine capabilities.
- Public health expenses such as the acquisition of personal protective equipment and other medical supplies, disinfection of public areas and other facilities such as nursing homes, and expenses for public safety measures, including expenses for quarantining.
- Payroll expenses for public safety or healthcare employees whose services are substantially dedicated to responding to the COVID-19 emergency.
- Expenses of actions that facilitate compliance with COVID-19 related public health measures such as teleworking, distance learning, food delivery paid sick and family and medical leave for public employees, expenses for maintaining prisons, and expenses for protecting the homeless population.
- Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency.
- Other expenses incurred to address the COVID-19 public health emergency
