Spend remaining funds
If CRF funds remain, expend them on allowable costs as efficiently as possible.

Step 1

Submit an Attachment F
Due no later than January 30, 2022, or within 45 days of final expenditure of CRF, whichever is earlier.

Step 2

Remain prepared for auditing
All uses of CRF funds are being audited by state and federal auditors. Retain all records and audit documentation for at least five years beyond the Dec. 31, 2021, spending deadline.

Step 3

Reminder: Keep CRF separate
As new pandemic relief funding flows from the American Rescue Plan Act, remember to keep CRF funds separate so as to more easily and accurately report on their use.

Step 4
