The Town of Green Level was grateful for the COVID reimbursement funds provided by Alamance County. The Town was able to ensure the sheriff deputy, on duty, was able to provide surveillance in the community as well as provide a safe environment.

Additional funds were used to provide staff with the adequate PPE to create a barrier so the staff would feel comfortable making resident payments/transactions within the Utilities Department as well as perform mandated depository requirements at the bank.

Custodial duties and cleaning frequency increased which required an additional amount of cleaning products, gloves, masks, and mop heads to ensure a safe and clean work environment needed to circumvent staff and residents from contracting COVID-19.

The Town Hall has since reopened its doors to the residents of the Town of Green Level ensuring that both the staff and the residents are comfortable transacting business within the Town. Additionally, sanitizing stations were placed in the Town Hall, Public Works Department, and Park & Recreation to allow individuals access to hand sanitizer to anyone who may be visiting the Town Hall, i.e.; contractors, residents, vendors, etc. To date, the staff at the Town Hall has had 0 cases of COVID-19.
