

Alamance County: Town of Haw River

Covid-19 Grant Outcomes and Accomplishments

County and local governments used these funds in many ways, including: supporting public health and safety personnel, equipment for health departments, grants for small businesses and non-profits, and economic support to individuals.

Session Law	Item	Total Funding Authorized to Town of Haw River
S.L. 2020-4	Local Government Assistance	\$ 43,656.10

During the 2020 Spring, Summer, and Fall, the Town of Haw River experienced unexpected, and unforeseen financial burdens brought on by the Covid-19 Global Pandemic. During this time frame the town accumulated unforeseen expenses regarding, but not limit to employee quarantines, PPE supplies, and safe guard measures put into place. Which added up to a great deal of unbudgeted expense. However, with the Covid-19 Cares Act Funds. These federal funds provided the county of Alamance, and their Municipalities with a gracious amount of financial funds to help offset these Covid-19 actions.

There is no doubt without the Care's Act funding we (TOHR) wouldn't have been able to provide the level of services we continued to do during the global pandemic. We feel these funds provided much needed supplies, equipment, and services that allowed our "Town" to keep all staff members, and community interactions at safe levels. By our best estimate we only had limited town staff members become infected with Covid-19. Which we believe was contributed to, and by the funding provided to supply the needs of the town, so the day-to-day operations could continue. So, therefore we (TOHR) believe we had successful accomplishments pertaining to staff members safety, and no real losses of services, or life to our citizens of Haw River.
