DMA	10A NCAC 22B .0101	INSTITUTIONAL HEALTH SERVICES	Other Statement	<p>North Carolina's Certificate of Need (CON) law controls costs, utilization and distribution of services. NCHA opposes the removal of 10A NCAC 22B .0101 INSTITUTIONAL HEALTH SERVICES for the following reasons: 1) 10A NCAC 22B .0101 serves to ensure that Medicaid payments are used for new institutional health services only when they are offered by a provider that is compliant with the North Carolina law requiring a Certificate of Need; 2) 10A NCAC 22B .0101 does not impact providers or services that do not require a Certificate of Need. The repeal of 10A NCAC 22B .0101 would enable Medicaid payments to be used to finance health care services provided by unauthorized providers and/or equipment; 3) The repeal of 10A NCAC 22B .0101 would remove an effective control for the use of state and federal Medicaid dollars.</p>	<p>DMA determined this rule to be "necessary with substantive public interest." Therefore, the Division of Medical Assistance has no intention of repealing the rule, and it will not automatically expire.</p>

DMA	10A NCAC 22B .0105	OVERUTILIZER IDENTIFICATION	Other Statement	Overutilizers should be evaluated for marketplace coverage and cost sharing of the over utilized services.	Overutilization is tracked within the context of fraud and abuse of Medicaid covered services that may already require beneficiary cost sharing. An individual eligible for Marketplace coverage would have a higher household income than an individual eligible for Medicaid.

DMA	10A NCAC 22B .0201	MANUALS	Other Statement	Manuals for Medicaid are not up to date. These should be brought current to reflect the no longer new coverage rules from January 2014.	DMA publishes new electronic Medicaid Bulletins for providers each month and also provides indexed links to previous Bulletins. Medicaid manuals for providers are current and posted on the NCTracks web page at: <a href="https://www.nctracks.nc.gov/content/public/providers/provider-manuals.html">https://www.nctracks.nc.gov/content/public/providers/provider-manuals.html</a>

DMA	10A NCAC 22C .0101	COST SHARING	Other Statement	The Medically Needy class of coverage is an optional coverage group. This option should be completely eliminated. These individuals and any others with a deductible can and should get coverage via the marketplace aka Obamacare.	Cost sharing is applicable to all Medicaid beneficiaries regardless of whether they are categorically need or medically needy, with certain exceptions outlined in the Medicaid State Plan.
DMA	10A NCAC 22C .0102	MEDICALLY NEEDY	Public Comment as defined in G.S. 150B-21.3A(a)(5)	The Medically Needy class of coverage is an optional coverage group. This option should be completely eliminated. These individuals can get coverage via the marketplace aka Obamacare.	Medically Needy coverage is optional coverage under 42 C.F.R. 435, Subpart D of the Centers for Medicare and Medicaid Services' (CMS) regulations. North Carolina's Department of Health and Human Services has a State Plan Amendment that serves as an Agreement between NC and CMS. The State Plan Amendment includes coverage for the Medically Needy. N.C.G.S. 108A-54.1A prohibits DHHS from amending Medicaid State Plan coverage without General Assembly approval or in order to comply with changes in federal law.
