INFORMATION ABOUT THE NORTH CAROLINA REGISTER AND ADMINISTRATIVE CODE

NORTH CAROLINA REGISTER

The North Carolina Register is published twice a month and contains information relating to agency, executive, legislative and judicial actions required by or affecting Chapter 150B of the General Statutes. All proposed administrative rules and notices of public hearings filed under G.S. 150B-21.2 must be published in the Register. The Register will typically comprise approximately fifty pages per issue of legal text.

State law requires that a copy of each issue be provided free of charge to each county in the state and to various state officials and institutions.

The North Carolina Register is available by yearly subscription at a cost of one hundred and five dollars ($105.00) for 24 issues. Individual issues may be purchased for eight dollars ($8.00).

Requests for subscription to the North Carolina Register should be directed to the Office of Administrative Hearings, P. O. Drawer 27447, Raleigh, N. C. 27611-7447.

ADOPTION AMENDMENT, AND REPEAL OF RULES

The following is a generalized statement of the procedures to be followed for an agency to adopt, amend, or repeal a rule. For the specific statutory authority, please consult Article 2A of Chapter 150B of the General Statutes.

Any agency intending to adopt, amend, or repeal a rule must first publish notice of the proposed action in the North Carolina Register. The notice must include the time and place of the public hearing (or instructions on how a member of the public may request a hearing); a statement of procedure for public comments; the text of the proposed rule or the statement of subject matter; the reason for the proposed action; a reference to the statutory authority for the action and the proposed effective date.

Unless a specific statute provides otherwise, at least 15 days must elapse following publication of the notice in the North Carolina Register before the agency may conduct the public hearing and at least 30 days must elapse before the agency can take action on the proposed rule. An agency may not adopt a rule that differs substantially from the proposed form published as part of the public notice, until the adopted version has been published in the North Carolina Register for an additional 30 day comment period.

When final action is taken, the promulgating agency must file the rule with the Rules Review Commission (RRC). After approval by RRC, the adopted rule is filed with the Office of Administrative Hearings (OAH).

A rule or amended rule generally becomes effective 5 business days after the rule is filed with the Office of Administrative Hearings for publication in the North Carolina Administrative Code (NCAC).

Proposed action on rules may be withdrawn by the promulgating agency at any time before final action is taken by the agency or before filing with OAH for publication in the NCAC.

TEMPORARY RULES

Under certain emergency conditions, agencies may issue temporary rules. Within 24 hours of submission to OAH, the Codifier of Rules must review the agency's written statement of findings of need for the temporary rule pursuant to the provisions in G.S. 150B-21.1. If the Codifier determines that the findings meet the criteria in G.S. 150B-21.1, the rule is entered into the NCAC. If the Codifier determines that the findings do not meet the criteria, the rule is returned to the agency. The agency may supplement its findings and resubmit the temporary rule for an additional review or the agency may respond that it will remain with its initial position. The Codifier, thereafter, will enter the rule into the NCAC. A temporary rule becomes effective either when the Codifier of Rules enters the rule in the Code or on the sixth business day after the agency resubmits the rule without change. The temporary rule is in effect for the period specified in the rule or 180 days, whichever is less. An agency adopting a temporary rule must begin rule-making procedures on the permanent rule at the same time the temporary rule is filed with the Codifier.

NORTH CAROLINA ADMINISTRATIVE CODE

Dear Mr. Weaver:

This refers to the procedures for conducting the June 8, 1993, special election in Wilson County, North Carolina, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act of 1965, as amended, 42 U.S.C. 1973c. We received your submission on March 1, 1993.

SUBCHAPTER 50B - ELIGIBILITY DETERMINATION

FOR ELIGIBILITY

.0311 RESERVE

North Carolina has elected the option under Section 1902(f) of the Social Security Act to limit Medicaid eligibility for the aged, blind or the disabled to individuals who meet eligibility requirements more restrictive than those under Supplemental Security Income. Applicants for and recipients of Medicaid shall use their own resources to meet their needs for living costs and medical care to the extent that such resources can be made available. Certain resources shall be protected to meet specific needs such as burial and transportation and a limited amount of resources shall be protected for emergencies.

(1) The value of resources currently available to any budget unit member shall be considered in determining financial eligibility. A resource shall be considered available when it is actually available and when the budget unit member has a legal interest in the resource and he, or someone acting in his behalf, can take any necessary action to make it available.

(a) Resources shall be excluded in determining financial eligibility when the budget unit member having a legal interest in the resources is incompetent unless:

(i) A guardian of the estate, a general guardian or an interim guardian has been lawfully appointed and is able to act on behalf of his ward in North Carolina and in any state in which such resources are located; or

(ii) A durable power of attorney, valid in North Carolina and in any state in which such resource is located, has been granted to a person who is authorized and able to exercise such power.

(b) When there is a guardian, an interim guardian, or a person holding a valid, durable power of attorney for a budget unit member, but such person is unable, fails, or refuses to act promptly to make the resources actually available to meet the needs of the budget unit member, a referral shall be made to the county department of social services of a determination of whether the guardian or attorney in fact is acting in the best interests of the member and if not, contact the clerk of court for interven-
The resources shall be excluded in determining financial eligibility pending action by the clerk of court.

(c) When a Medicaid application is filed on behalf of an individual who:

(i) is alleged to be mentally incompetent,

(ii) has or may have a legal interest in a resource that affects the individual’s eligibility, and

(iii) does not have a representative with legal authority to use or dispose of the individual’s resources, the individual’s representative or family member shall be instructed to file within 30 calendar days a judicial proceeding to declare the individual incompetent and appoint a guardian. If the representative or family member either fails to file such a proceeding within 30 calendar days or fails to timely conclude the proceeding, a referral shall be made to the services unit of the county department of social services for guardianship services. If the allegation of incompetence is supported by a physician’s certification or other competent evidence from sources including but not limited to physicians, nurses, social workers, psychologists, relatives, friends or others with knowledge of the condition of the individual, the resources shall be excluded except as provided in Sub-items (1)(d) or (e) of this Rule.

(d) The budget unit member’s resources shall be counted in determining his eligibility for Medicaid beginning the first day of the month following the month a guardian of the estate, general guardian or interim guardian is appointed, provided that after the appointment, property which cannot be disposed of or used except by order of the court shall continue to be excluded until completion of the applicable procedures for disposition specified in Chapters 1 or 35A of the North Carolina General Statutes.

(e) When the court rules that the budget unit member is competent or no ruling is made because of the death or recovery of the member, his resources shall be counted except for periods of time for which it can be established by competent evidence from sources including but not limited to physicians, nurses, social workers, psychologists, relatives, friends or others with knowledge of the condition of the individual that the member was in fact incompetent. Any such showing of incompetence is subject to rebuttal by competent evidence as specified herein and in Sub-item (1)(c) of this Rule.

(2) The limitation of resources held for reserve for the budget unit shall be as follows:

(a) For Family and Children’s related categorically needy cases, one thousand dollars ($1,000) per budget unit;

(b) For aged, blind or disabled cases and Family and Children’s related medically needy cases, one thousand five hundred dollars ($1,500) for a budget unit of one person, two thousand two hundred fifty dollars ($2,250) for a budget unit of two persons and increases of one hundred dollars ($100.00) for each additional person in the budget unit over two, not to exceed a total of three thousand, fifty dollars ($3,050).

(3) If the value of countable resources of the budget unit exceeds the reserve allowance for the unit, the case shall be ineligible:

(a) For Family and Children’s related cases and aged, blind or disabled cases protected by grandfathered provisions, and medically needy cases not protected by grandfathered provision, eligibility shall begin on the day countable resources are reduced to allowable limits or excess income is spent down, whichever occurs later;

(b) For categorically needy aged, blind or disabled cases not protected by grandfathered provisions, eligibility shall begin no earlier than the month countable resources are reduced to allowable limits as of the first moment of the first day of the month.

CHAPTER 13 - SOLID WASTE MANAGEMENT

SUBCHAPTER 13B - SOLID WASTE MANAGEMENT

SECTION .0200 - PERMITS FOR SOLID WASTE MANAGEMENT FACILITIES
.0201 PERMIT REQUIRED

(a) No person shall establish or allow to be established on his land, a solid waste management facility, or otherwise treat, store, or dispose of solid waste unless a permit for the facility has been obtained from the Division.

(b) The permit, except for land clearing and inert debris permits, shall have two parts, as follows:

(1) A permit to construct a solid waste management facility shall be issued by the Division after site and construction plans have been approved and it has been determined that the facility can be operated in accordance with the applicable rules set forth in this Subchapter and so as to provide reasonable protection to the environment and the public health. Except as provided in Subparagraphs (b)(2) and (b)(3) of this Rule, an applicant shall not clear or grade land or commence construction for a solid waste management facility until a construction permit has been issued.

(2) A permit to operate a solid waste management facility may not be issued unless it has been determined that the facility has been constructed in accordance with the construction permit, that any pre-operative conditions of the construction permit have been met, and that the construction permit has been recorded, if applicable, in accordance with Rule .0204 of this Section.

(2) Subject to the limitations specified in this Subparagraph, an applicant for a permit to construct a sanitary landfill intended to conform to the siting and design requirements for municipal solid waste landfills ("MSWLF") established in 40 C.F.R. Part 258 may, prior to issuance of a construction permit, proceed at its own risk to clear and grade land, or otherwise commence construction of the proposed MSWLF, if all the following conditions apply:

(A) The site plan for the proposed MSWLF has been approved by the Division; and

(B) The site has been determined by the Division to comply with Rules .0503 and .0504 of this Subchapter;

(C) The proposed MSWLF is intended to provide disposal capacity in lieu of a currently operating unlined landfill which shall permanently cease accepting solid waste no later than the date the new MSWLF becomes operational.

An applicant for a permit to construct a MSWLF who desires to initiate construction prior to issuance of the permit shall submit a written request to the Director of the Division which provides evidence satisfactory to the Division of the conditions specified in Subparagraph (b)(2) of this Rule, and which clearly specifies the maximum extent of clearing, grading or other construction the applicant proposes to undertake prior to receipt of its permit. Under no circumstances will initiation of the soil liner or synthetic liner construction begin prior to issuance of a construction permit. The Division Director may approve more limited interim construction activity than proposed by the applicant as, in the Division Director's sole discretion, may be required to help ensure that any activity undertaken prior to issuance of an applicant's construction permit shall be in accordance with all applicable laws related to the protection of the environment. Additionally, the Division Director's approval shall be contingent upon the applicant's acknowledgement by Memorandum of Agreement (MOA) with the Division that it is proceeding at its own risk and with the understanding and agreement that the applicant's initiation of such interim construction activity does not provide it with any type of vested right or other expectation it can rely on that issuance of a permit will be forthcoming. Furthermore, the applicant shall agree to immediately cease all such clearing, grading or other construction activity upon initial notification by the Division that a permit to construct the proposed MSWLF will not be issued. The applicant shall restore the site to original land contours and reestablish vegetation to the extent practical unless other environmentally acceptable restoration is approved by the Division. No approval shall be issued until the applicant has provided a bond determined by the Division to be sufficient to restore the site to the
original land contours and reestablish vegetation to the extent practical.

(4) A permit to operate a solid waste management facility may not be issued unless it has been determined that the facility has been constructed in accordance with the construction permit, that any pre-operative conditions of the construction permit have been met, and that the construction permit has been recorded, if applicable, in accordance with Rule .0204 of this Section.

(5) Subparagraphs (b)(2) and (b)(3) shall be in effect only until October 9, 1993.

(c) Land clearing and inert debris facilities may be issued a combined permit to construct and operate the facility.

(d) Land clearing and inert debris facilities subject to Rule .0563 Item (1) may construct and operate after notification as provided for under Rule .0563 Item (2).

(e) Permits, including those issued prior to the effective date of this Rule, shall be reviewed every five years. Modifications, where necessary, shall be made in accordance with rules in effect at the time of review for those areas of a permitted sanitary landfill site which have not previously received solid waste.

(f) All solid waste management facilities shall be operated in conformity with these Rules and in such a manner as to prevent the creation of a nuisance, unsanitary conditions, or potential public health hazard.

This matter was heard before Beecher R. Gray, Administrative Law Judge, on April 15, 1993, in Charlotte, North Carolina.

APPEARANCES

ISSUE

Whether the respondent has properly distributed child support collected in this case in accordance with the provisions of the consent decree in Cassell v. Flaherty, C-C-90-0010-M (W.D.N.C. September 3, 1991) (hereinafter, "the Consent Decree") and the Social Security Act, 42 U.S.C. §657.

PROCEEDINGS

This matter came on for hearing after Respondent’s Motion for Summary Judgment had been denied. Petitioner’s Cross Motion for Summary Judgment was still pending. The parties stipulated to the admission of additional documents at the hearing and that the matter could be decided without the presentation of additional testimony.

The documents submitted by the parties and stipulations of counsel show the following:

1. On February 6, 1992, Petitioner requested CASSELL RELIEF pursuant to §18(d) of the Consent Decree. On August 11, 1992, Respondent issued a notice concerning the results of the review stating that no additional support was due to Petitioner. When informal attempts to obtain additional information failed, Petitioner timely filed a petition in the Office of Administrative Hearings requesting review of Respondent’s August 11, 1992 decision.

2. In its Motion for Summary Judgment, Respondent claimed that Petitioner had been overpaid $307 because she received distributions of current child support during months in which she received AFDC benefits. Respondent now concedes that this was incorrect and there was no such overpayment of support.
3. In 1989, absent parent Glenn Phillips became subject to a court order requiring that a total of $220 per month be withheld from his wages by his employer, Royal Insurance. Of this amount, $214 was required to be paid to current child support and $6.00 was to be paid to outstanding arrears. Respondent’s distribution record shows that in some months, $220 was received by Respondent from the employer, but in other months, more than that amount (generally $330) was received, and in some months, less than $220 (generally $110) was received. Respondent has never produced evidence of the actual dates that the employer withheld support from Mr. Phillip’s wages or the amounts withheld on those dates.

CONCLUSIONS OF LAW

1. The Consent Decree requires Respondent, in any income withholding case in which it is unable to determine in a timely manner the actual dates of withholding by an employer, to reconstruct the dates of the child support payments by applying any amounts received in a month in excess of the monthly support obligation to prior months in which less than the monthly support obligation was received.

2. Paragraph 18(d) of the Consent Decree requires Respondent to reconstruct child support payments for all child support received and distributed by Respondent on or after January 1, 1989, even if the reconstruction requires that that support be applied to months prior to 1989, so long as a valid court order or administrative notice for income withholding was in effect in that month and less than the monthly support obligation in effect already had been applied by Respondent to that month.

3. The decision of the North Carolina Court of Appeals in Sampson County Child Support Enforcement Agency v. Bolton, 377 S.E. 2d 88 (NC App. 1989) has no application to this case because there is no evidence that Respondent instructed the employer to withhold more than the monthly support obligation of $220 in any month, or even that the employer did, in fact, withhold more than $220 in any month.

RECOMMENDED DECISION

Petitioner’s Cross Motion for Summary Judgment is granted for the reasons set forth herein. The Department of Human Resources will make the final decision in this contested case. It is recommended that the Agency adopt the Conclusions of Law set forth above and comply with provisions of the Cassell v. Flaherty Consent Decree by applying all support payments received on or after January 1, 1989 from Glenn Phillips’ employer to the most recent previous months in which the amount required to be paid under the payment schedule had not already been applied.

NOTICE

Before the Agency makes the final decision, it is required by North Carolina General Statutes §150B-36(a) to give each party an opportunity to file Exceptions to this Recommended Decision, and to present written arguments to those in the Agency who will make the final decision.

The Agency is required by North Carolina General Statutes §150B-36(b) to serve a copy of the final decision on all parties and to furnish a copy to the parties’ Attorneys of Record and to the Office of Administrative Hearings.

This the 30th day of April, 1993.

By:
Beecher R. Gray
Administrative Law Judge
A Petition for a Contested Case Hearing was filed on behalf of the Petitioner in which it is alleged that the Petitioner needs private duty nursing services as defined by federal regulations and the State has denied the needed services by imposing a more stringent definition of private duty nursing by requiring that the services provided be services that can only be performed by a licensed nurse. The State, while admitting that the Petitioner needs a great deal of individual and continuous attention, contends that the services required are not "substantial and complex continuous care" such as to require that they be performed by a licensed nurse.

This matter was heard before Brenda B. Becton, Administrative Law Judge, on February 24, 1993, in High Point, North Carolina. At the conclusion of the hearing, the parties were afforded an opportunity to file written submissions. The record was closed on March 29, 1993.

APPEARANCES

Respondent: Claud R. Whitener, III, Associate Attorney General, N.C. Department of Justice, Raleigh, North Carolina.

ISSUE

Whether the Respondent properly denied the Petitioner’s request for eight hours or more each day of continuous private duty nursing services under the Medicaid Program.

FINDINGS OF FACT

From official documents in the file, sworn testimony of the witnesses, and other competent and admissible evidence, it is found as a fact that:

1. On June 3, 1992, the Petitioner’s physician, Charles Brett, wrote Olivia Hill, Supervisor of Special Care Services for the Division of Medical Assistance, Department of Human Resources, requesting that the 18 year old Petitioner be given private duty nursing eight hours a day, seven days a week. The Petitioner was receiving only five, one-hour visits in his home, with his mother providing the rest of the care.
2. The Petitioner is a profoundly retarded male with the mentality of a two or three month old child. He is in a persistent vegetative state, and he cannot communicate with anyone or cooperate in any way in his own care. He also has a V/P shunt which transfers fluid from his brain to his stomach. He suffers from chronic bronchitis and other serious physical problems.

3. For many years, the Petitioner has been dependent on oral suctioning for respiratory support. He is unable to swallow or cough to clear secretions, and if not suctioned, he will roll secretions around his mouth until he chokes, aspirates, or stops breathing. He also needs suctioning when he is nauseated or vomits. Three to five times each week, he holds his neck in a hyperextended position, which increases the chance that he will choke or aspirate.

4. Since around November 17, 1992, the Petitioner has received oxygen by order of his attending physician, with up to two liters per minute administered into his nostrils. The Petitioner needs oxygen due to his mild respiratory distress and his substantial and continued cyanosis (i.e. his skin turns a bluish color due to insufficient oxygen). He does not have a tracheostomy. While the device that regulates the oxygen has a warning device that beeps when the patient is not receiving enough oxygen, the Petitioner jerks his head so much that it is not possible to keep the warning device fully operational all the time. Therefore, it is necessary that someone constantly be in the room with the Petitioner to check the oxygen machine.

5. The Petitioner’s lungs need constant analysis. All four lobes are constantly either congested, or produce rattling or loud rubbing sounds. His lung capacity has been declining, thereby reducing his ability to fight off infections.

6. It is difficult to feed the Petitioner. The amount of food that he is given must be varied based on his condition, and must be limited when his secretions are high or when gastric irritation or gastrointestinal bleeding is present. Foods must be blended to the right consistency because excessive fluid can lead to vomiting and choking. The Petitioner must be fed through a gastrostomy tube. He cannot be fed too fast or he will get air in his stomach, causing him to become rigid and unmanageable.

7. The Petitioner must be given chest percussions several times a day in order to prevent the decline of his lung capacity and to prevent pneumonia. He also must be given range of motion exercises. These exercises are difficult to administer because his extremities are rigid and his right hip is dislocated and sometimes swollen.

8. The Petitioner’s attending physician, Charles Brett, M.D., has ordered that the Petitioner be put into a wheelchair twice each day. Placing the Petitioner in this upright position stimulates him to cough (thereby clearing his lungs), helps his circulation, and improves his stamina. However, the Petitioner has not been put into the wheelchair at all during the last six months, due to the lack of continuous nursing care. The Petitioner’s mother alone, is unable to move the Petitioner to or from his bed to the wheelchair, even with the use of the Hoyer lift in her home. Therefore, she cannot leave him in the wheelchair during the nurse’s absence since the mother cannot return him to the bed should he vomit or have a bowel movement.

9. The Petitioner recently was a patient in Cone Hospital in Greensboro from around January 29 to February 15, 1993. The Petitioner was admitted for social reasons while his mother was admitted for pneumonia. While he was not placed in the intensive care ward, sitters were hired for him at government expense to provide constant care that the hospital nurses and other employees were unable to provide.

10. There are a number of services that the Petitioner requires that only a skilled nurse can perform, including the administration of oxygen, analyzing the condition of his lungs, checking blood pressure, G tube feedings, giving chest percussions, and giving range of motion exercises.
11. There are a number of services that the Petitioner requires that a person other than a licensed nurse could perform, such as oral suctioning, and moving the patient.

12. Of the services performed by persons other than the Petitioner’s mother, the services that must be performed by a skilled nurse constitute over half of the total services required.

13. The visiting nurses who come to the Petitioner’s house now for five one-hour visits a day, seven days a week, are unable to provide all the care needed by Petitioner and ordered by his physician Charles A. Brett, M.D.

Based on the foregoing Findings of Fact, the undersigned Administrative Law Judge makes the following

CONCLUSIONS OF LAW

1. Rule 26B .0121 of Title 10 of the North Carolina Administrative Code does not conflict with 42 C.F.R. 440.80 and, therefore, is valid as applied in this case.

2. Rule 26B .0121 provides that to qualify for "private duty nursing", the services must be "medically necessary", which means that "the person must require substantial and complex continuous nursing care by a licensed nurse." This requires only that at least half of the time that care is being provided by visiting nurses and aides, the care would require the expertise of a licensed nurse to properly perform.

3. The Petitioner’s medical needs meet the definition of "private duty nursing services" under 10 NCAC 26B .0121 because over half the time that care is being provided, he requires more individual and continuous care than is available from a visiting nurse or routinely provided by the nursing staff of the hospital or skilled nursing facility.

4. In addition, 10 NCAC 26B .0121(c)(3) offers as an example of the type of case that requires "private duty nursing" the situation of a patient who "is dependent on other device-based respiratory support, including tracheostomy care, suctioning, and oxygen support." This means that a patient qualifies for "private duty nursing" whenever he is dependent on any of the three examples of being "dependent on other device-based respiratory support" (i.e., tracheostomy care, suctioning, and oxygen support).

5. The Petitioner’s medical needs comport with the example of "private duty nursing" in 10 NCAC 26B .0121(c)(3), since he is dependent on suctioning, even though he does not require tracheostomy care and may not be dependent on oxygen.

RECOMMENDED DECISION

The North Carolina Department of Human Resources will make the Final Decision in this contested case. It is recommended that Agency adopt the Findings of Fact and Conclusions of Law set forth above and enter judgment in favor of the Petitioner and provide private duty nursing care for 8 continuous hours a day, 7 days a week, commencing immediately.

ORDER

IT IS HEREBY ordered that the agency serve a copy of the Final Decision on the Office of Administrative Hearings, Post Office Drawer 27447, Raleigh, North Carolina 27611-7447, in accordance with the North Carolina General Statutes 150B-36(b).
NOTICE

The agency making the final decision in this Contested Case is required to give each party an opportunity to file exceptions to this Recommended Decision and to present written arguments to those in the agency who will make the final decision. N.C. Gen. Stat. §150B-36(a).

The agency is required by North Carolina General Statutes section 150B-36(b) to serve a copy of the Final Decision on all parties and to furnish a copy to the parties' attorneys of record and to the Office of Administrative Hearings.

This the 13th day of May, 1993.

Brenda B. Becton
Administrative Law Judge
The North Carolina Administrative Code (NCAC) has four major subdivisions of rules. Two of these, titles and chapters, are mandatory. The major subdivision of the NCAC is the title. Each major department in the North Carolina executive branch of government has been assigned a title number. Titles are further broken down into chapters which shall be numerical in order. The other two, subchapters and sections are optional subdivisions to be used by agencies when appropriate.
