The North Carolina Administrative Code (NCAC) has four major subdivisions of rules. Two of these, titles and chapters, are mandatory. The major subdivision of the NCAC is the title. Each major department in the North Carolina executive branch of government has been assigned a title number. Titles are further broken down into chapters which shall be numerical in order. The other two, subchapters and sections are optional subdivisions to be used by agencies when appropriate.

CHAIRMAN
Mr. Gary O. Bartlett  
Executive Secretary-Director  
State Board of Elections  
P.O. Box 27255  
Raleigh, NC 27611-7255

Dear Mr. Bartlett:

This refers to the March 7, 2002, Order of the Supreme Court of North Carolina in *Stephenson v. Bartlett*, postponing all primary elections for state legislative offices scheduled for May 7, 2002, and the March 12, 2002, Order of the State Board of Elections, postponing all other elections scheduled for May 7, 2002, including primaries and elections for federal, state and local offices, as well as all referendum elections, for the state of North Carolina, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act, 42 U.S.C. 1973c. We received your submission on March 13, 2002.

The Attorney General does not interpose any objection to the specified changes. However, we note that Section 5 expressly provides that the failure of the Attorney General to object does not bar subsequent litigation to enjoin the enforcement of the changes. In addition, as authorized by Section 5, we reserved the right to reexamine this submission if additional information that would otherwise require an objection comes to our attention during the remainder of the sixty-day review period. See the Procedures for the Administration of Section 5 (28 C.F.R. 51.41 and 51.43).

Sincerely,

Joseph D. Rich  
Chief, Voting Section
A Notice of Rule-making Proceedings is a statement of subject matter of the agency’s proposed rule making. The agency must publish a notice of the subject matter for public comment at least 60 days prior to publishing the proposed text of a rule. Publication of a temporary rule serves as a Notice of Rule-making Proceedings and can be found in the Register under the section heading of Temporary Rules. A Rule-making Agenda published by an agency serves as Rule-making Proceedings and can be found in the Register under the section heading of Rule-making Agendas. Statutory reference: G.S. 150B-21.2.

TITLE 10 – DEPARTMENT OF HEALTH AND HUMAN SERVICES
CHAPTER 03 – FACILITY SERVICES

Notice of Rule-making Proceedings is hereby given by Division of Facility Services, DHHS in accordance with G.S. 150B-21.2. The agency shall subsequently publish in the Register the text of the rule(s) it proposes to adopt as a result of this notice of rule-making proceedings and any comments received on this notice.

Citation to Existing Rule Affected by this Rule-making: 10 NCAC 03R. Other rules may be proposed in the course of the rule-making process.

Authority for the Rule-making: G.S. 131E-176(25); 131E-177(1); 131E-183(b)

Statement of the Subject Matter: The agency plans to adopt temporary rules and amend existing rules which will include policies and need determinations for the 2003 State Medical Facilities Plan (SMFP). SMFP rules for previous years may also be appealed under temporary rule-making.

Reason for Proposed Action: The need determinations and policies contained therein are incorporated into administrative rules. Because permanent rules cannot be adopted in time to become effective by January 1, 2003, it will be necessary to adopt temporary rules.

Comment Procedures: Written comments concerning the rule-making action must be submitted to Mark Benton, Chief of Budget & Planning/Rule-making Coordinator, Division of Facility Services, 2701 Mail Service Center, Raleigh, NC 27699-2701.

TITLE 15A – DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES
CHAPTER 12 - PARKS AND RECREATION AREA RULES

Notice of Rule-making Proceedings is hereby given by the DENR/Parks and Recreation Authority in accordance with G.S. 150B-21.2. The agency shall subsequently publish in the Register the text of the rule(s) it proposes to adopt as a result of this notice of rule-making proceedings and any comments received on this notice.

Citation to Existing Rule Affected by this Rule-making: 15A NCAC 12K .0101-.0110 - Other rules may be proposed in the course of the rule-making process.

Authority for the Rule-making: G.S. 113-44.15

Statement of the Subject Matter: Rules governing the Parks and Recreation Trust Fund grant program for local governments.

Reason for Proposed Action: Session Law 2001-114 changed the Parks and Recreation Trust Fund Law in two ways: 1) eligible applicants now include public authorities and 2) the value of land donations can be used as local matching funds. Also the Budget Policy Act requires state fund to be managed so that revenue remains in the NC Treasury as long as possible. Current PARTF rules state that local governments will receive a check for the entire amount of the grant when the grant begins. Most state grant funds are awarded on a reimbursement basis. Comments are welcome on all PARTF rules.

Comment Procedures: Mail comments to Mr. Bayard Alcorn, Division of Parks and Recreation, 1615 Mail Service Center, Raleigh, NC 27699-1615 or email comments to Bayard.Alcorn@ncmail.net.

TITLE 25 – OFFICE OF STATE PERSONNEL
CHAPTER 01 – OFFICE OF STATE PERSONNEL

Notice of Rule-making Proceedings is hereby given by State Personnel Commission in accordance with G.S. 150B-21.2. The agency shall subsequently publish in the Register the text of the rule(s) it proposes to adopt as a result of this notice of rule-making proceedings and any comments received on this notice.

Citation to Existing Rule Affected by this Rule-making: 25 NCAC 01E .1305. Other rules may be proposed in the course of the rule-making process.

Authority for the Rule-making: G.S. 126-4

Statement of the Subject Matter: This Rule gives guidelines for employees donating leave under the Voluntary Shared Leave Program.

Reason for Proposed Action: This Rule is proposed to be amended in order to allow the sharing of leave for the same purposes that the vacation and sick leave policies now allow, i.e., an employee can use vacation leave for his/her own personal illness or to take care of a non-family member but sick leave can be used only to take care of a family member.

Comment Procedures: Written comments concerning this rulemaking action must be submitted to Peggy Oliver, Human
This Section contains the text of proposed rules. At least 60 days prior to the publication of text, the agency published a Notice of Rule-making Proceedings. The agency must accept comments on the proposed rule for at least 30 days from the publication date, or until the public hearing, or a later date if specified in the notice by the agency. The required comment period is 60 days for a rule that has a substantial economic impact of at least five million dollars ($5,000,000). Statutory reference: G.S. 150B-21.2.

TITLE 12 – DEPARTMENT OF JUSTICE

Notice is hereby given in accordance with G.S. 150B-21.2 that the North Carolina State Bureau of Investigation intends to amend the rule cited as 12 NCAC 04E .0104. Notice of Rule-making Proceedings was published in the Register on February 1, 2002.

Proposed Effective Date: April 1, 2003

Public Hearing:
Date: May 15, 2002
Time: 9:00 a.m.
Location: 3320 Garner Rd., Raleigh (ID Section Conference Room – Bldg 16A)

Reason for Proposed Action: On October 28, 1999, the U.S. Department of Justice changed 28 C.F.R. 20.33 to allow national criminal history record information to non-criminal justice governmental agencies performing criminal justice dispatching function or data processing/information services for criminal justice agencies. This access, previously limited only to authorized law enforcement and criminal justice agencies, will now allow city/county 911 communication centers full access to the National Crime Information Center, which is a subdivision of the FBI. This Rule was written using the old language of the federal CFR and, in its current form prevents the SBI from opening the access to these communication centers now allowed under federal regulations. With the highlighted awareness of terrorism and war across the nation this will allow North Carolina law enforcement officers a safer environment when investigating crimes, responding to request for service, and initiating motor vehicle traffic stops.

Comment Procedures: Written comments may be mailed to SAC Donald K. Roberts, State Bureau of Investigation, 3320 Garner Rd., Raleigh, NC 27626-0500 or may be emailed to Droberts@mail.jus.state.nc.us or faxed to (919) 662-4619. All comments must be received no later than May 15, 2002.

**TITLE 08 – STATE BOARD OF ELECTIONS**

**Rule-making Agency:** NC State Board of Elections

**Rule Citation:** 08 NCAC 02 .0101-.0108, .0110-.0113; 04 .0101-.0109, .0201-.0208, .0301-.0307; 06B .0101-.0105; 07B .0101-.0102; 09 .0101-.0109; 10B .0101-.0108; 12 .0101-.0111

**Effective Date:** April 15, 2002

**Authority for the rulemaking:** G.S. 163-22; 163-82.6; 163-82.15; 163-165.3; 163-165.4; 163-165.5; 163-165.7; 163-166.5 through 166.8; 163-166.10; 163-182.1; 163-182.2; 163-182.7; 163-182.9 through 182.11; 163.182.13; 163-257

**Reason for Proposed Action:**
08 NCAC 02 .0101-.0108, .0110-.0113 – G.S. 22.1, which was the authority for 08 NCAC 02 .0101-.0108, was repealed by Section 2 of S.L. 2001-398. The reference to G.S. 163.22 in the repealed statutes is the general duties statute which applies to everything the State Board does. Therefore specific authority for the repeal was provided by repealing G.S. 150B-21.5(b)(1) to apply.

08 NCAC 04 .0101-.0109, .0201-.0208, .0301-.0307 – G.S. 163-165.7 provided voting system law. S.L. 2001-460 (S.B. 17) repealed G.S. 163-160 and 163-161, the statutory basis for 08 NCAC 04 .0101-.0208. Therefore, those rules can be repealed without notice under G.S. 150B-21.5(b)(1).

08 NCAC 06B .0101-.0105 – The new statute provides new law regarding ballots.

08 NCAC 07B .0101-.0102 – The new regulations provide guidelines regarding faxing voter information.

08 NCAC 09 .0101-.0109 – G.S. 163-182.7 provided new recount law. S.L. 2001-398 (S.B. 14) repealed G.S. 163-179.1 and 163-192.1 the statutory basis for 08 NCAC 09 .0101-.0105. Therefore those rules can be repealed without notice under G.S. 150B-21.5(b)(1).

08 NCAC 10B .0101-.0108 – The statutes set out mandated the adoption of these Rules by the State Board of Elections. These Rules are needed to set out in a clear outline format the various tasks and actions that must be performed in opening, operating, and closing voting locations. The rules needed to be in effect as temporary rules in order to apply to the 2002 primaries.

08 NCAC 12 .0101-.0111 – The changes in this Chapter came from two mandates. One is the amended G.S. 163-257 (S.L. 1999-455 s. 20) which required the State Board to adopt these Rules. The other mandate was the passage of P.L. 107-107 by Congress in December 2001 which encourages the states to make voting easier for armed forces stationed overseas. The recent events in the war against terrorism has caused larger number of armed forces to be on overseas duty. This creates the need for these Rules to be in effect for the 2002 primaries and elections.

**Comment Procedures:** Comments may be submitted in writing to Don Wright, General Counsel, NC State Board of Elections, PO Box 27255, Raleigh, NC 27611 or by email to don.wright@ncmail.net.

(c) If the board determines under Paragraph (a) of this Rule that the complaint does substantially comply with Rule .0001 and does establish probable cause, the board shall schedule a hearing to consider the complaint.

(d) Any complaint that was filed before the canvass and that concerns the manner in which votes were counted or the results tabulated in the precinct must be resolved before the completion of the canvass. If necessary to provide adequate time to resolve such matters, the board may recess the meeting held to canvass results, but in no event shall such recesses delay the completion of the canvass for more than three days unless approved by the State Board. Resolution of the complaint shall not delay the canvass of the results of elections not affected by the complaint.

(e) An appeal of the county board’s dismissal of a complaint concerning the manner in which votes were counted or results tabulated in the precinct shall not delay the canvass and declaration of results.

08 NCAC 02 .0104 CONDUCT OF HEARING BY COUNTY BOARD

(a) The county board shall meet to determine whether the complaint:

(1) Establishes probable cause to believe that a violation of election law or that irregularity or misconduct has occurred.

(b) If the board determines under Paragraph (a) of this Rule that the complaint either fails to substantially comply with Rule .0001 or fails to establish probable cause, the board shall dismiss the complaint. The dismissal shall be in writing and filed at the board office. Within 24 hours of dismissing the complaint, the board shall mail notice of dismissal to the person who made the complaint, as stated in Rule .0002(d).

(c) If the board determines under Paragraph (a) of this Rule that the complaint does substantially comply with Rule .0001 and does establish probable cause, the board shall schedule a hearing to consider the complaint.

(d) Any complaint that was filed before the canvass and that concerns the manner in which votes were counted or the results tabulated in the precinct must be resolved before the completion of the canvass. If necessary to provide adequate time to resolve such matters, the board may recess the meeting held to canvass results, but in no event shall such recesses delay the completion of the canvass for more than three days unless approved by the State Board. Resolution of the complaint shall not delay the canvass of the results of elections not affected by the complaint.

(e) An appeal of the county board’s dismissal of a complaint concerning the manner in which votes were counted or results tabulated in the precinct shall not delay the canvass and declaration of results.

(f) A complaint concerning any matter other than the manner in which votes were counted or results tabulated in the precinct may be considered before the canvass but shall not affect the canvassing and declaration of results.

(g) The board may consolidate for hearing any complaints that relate to the same election.

COUNTY BOARD

(a) The board may allow evidence to be presented at the hearing in the form of affidavits or it may examine witnesses. The chairman or any two members of the board may subpoena witnesses or documents. Each witness must be placed under oath before testifying.

The person who made the complaint shall be permitted to present his allegations and introduce evidence at the hearing. Any other person to whom notice of hearing was given, if present, shall be permitted to present evidence. The board may allow evidence to be presented by a person to whom notice was not given, if the person apparently has a significant interest in the resolution of the complaint that is not adequately represented by other participants.

(c) The hearing must be recorded by a reporter or by mechanical means, and the full record of the hearing must be preserved by the county board until directed otherwise by the State Board.

08 NCAC 02 .0105  DECISION BY COUNTY BOARD

(a) The county board may deliberate and make its decision on the complaint immediately following the hearing or it may adjourn to a later time for that purpose. At the conclusion of the hearing the board shall state when it intends to announce its decision and when a written decision will be filed and available for inspection at the board office. The board may choose not to announce its decision before the written decision.

(b) The board shall make a written decision on each complaint which shall state separately each of the following:

(1) Findings of Fact. The findings of fact shall be based exclusively on the evidence and on matters officially noticed. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the underlying facts supporting them. Findings of fact are not mere summaries of testimony.

(2) Conclusions of Law. The conclusions the board may state are:

(A) The complaint should be dismissed because it does not substantially comply with Rule .0001.

(B) The complaint should be dismissed because there is not substantial evidence of a violation of the election law or other irregularity or misconduct.

(C) The complaint should be dismissed because there is not substantial evidence that the violation, irregularity, or misconduct was sufficiently serious to cast doubt on the results of the election.

(D) There is substantial evidence to believe that a violation of the election law or other irregularity or misconduct did occur, and might have affected the outcome of the election, but the board is unable to finally determine the effect because the election was a multi-county election.

(E) There is substantial evidence to believe that a violation of the election law or other irregularity or misconduct did occur and that it was sufficiently serious to cast doubt on the apparent results of the election.

(3) An Order. If the board makes conclusion (A), (B) or (C) under Subparagraph (b)(2), the board shall order the complaint dismissed. If the board makes conclusion (b)(2)(D), the board shall order that the complaint and the board’s decision be sent to the State Board for action by it. If the board makes conclusion (b)(2)(E), the board may order any of the following as appropriate:

(A) That the vote total as stated in the precinct return or the result of the canvass be corrected and new results declared.

(B) That votes be recounted.

(C) That the complaint and the board’s decision be sent to the State Board for action by it.

(D) Any other action within the authority of the county board.

(c) If the county board is not certain what law is applicable to the findings of fact, the board may state and send its findings of fact to the State Board for it to determine the applicable law.

(d) At the time that the written decision is filed at the county board office the board shall mail a copy of the decision to the person who made the complaint and shall mail to the State Board a copy of the written decision and a copy of the complaint.

(c) The date of any new non-municipal election, in which absentee ballots are to be required or allowed, shall be set by the State Board no earlier than 75 days after the date of the order for a new election. In the case of a municipal election where absentee ballots are allowed, a new election shall not be set earlier than 55 days after the date of the order for a new election. (d) The date of any new election ordered in a county covered by the preclearance requirements of Section 5 of the Voting Rights Act of 1965 shall be set no earlier than 75 days from the date of the new election order in order to prepare, submit, and obtain preclearance approval.

08 NCAC 04 .0101 TYPE OF VOTING MACHINES ALLOWED

Any voting machine adopted by a county board of elections for use in any county in North Carolina shall be constructed as to fulfill the following requirements:

(1) It shall secure to the voter secrecy in the act of voting.

(2) It shall enable each voter to vote a straight-party ticket in a general election.

(3) It shall provide facilities for voting for all candidates of as many legal political parties as may make nominations.

(4) It shall, except in primary elections, permit the voter to vote for all the candidates of one party, or in part for the candidates of one or more other parties.

(5) It shall permit the voter to vote for as many persons for an office as he is lawfully entitled to vote for, but no more.

(6) It shall prevent the voter from voting for the same persons more than once for the same office.

(7) It shall permit the voter to vote for or against any question he may have the right to vote on, but no other.

(8) It shall permit each voter in a general election but not in a primary, to deposit, write in, or affix upon receptacles or devices provided for the purpose, ballots containing the names of persons for whom he desires to vote, whose names do not appear upon the machine.

(9) It shall be equipped for use in primary elections so that the election officials can lock out all rows except those of the voter's political party by a single adjustment on the machine.

(10) It shall correctly register or record, and accurately count all votes cast for any and all persons, and for or against any and all questions.

(11) It shall be provided with a public counter which shall show at all times during an election how many persons have voted.

(12) It shall contain proper places on the face of the machine in plain view of the voter when voting where the ballot labels shall be put, either in a perpendicular or horizontal position, so the voter will know exactly how he is voting.

(13) It shall contain a locked, concealed counter which shall be concealed at all times during the time the polls are open but which can be opened after the close of the polls and show the total vote cast for each candidate and for each party and on each question or issue submitted.

The State Board of Elections, as of December 1975, has already approved four types of voting machines for use in this state which comply with requirements outlined in .0101 of this Section: namely, (a) AVM, (b) IES, (c) R. F. Shoup, (d) Video-Voter.

08 NCAC 04 .0102 CUSTODY OF VOTING MACHINES

Voting machines, when not in use, shall be under the custody of the chairman of the county board of elections who shall be directly responsible to the county board of elections for the safekeeping, storage, maintenance and care of the machines. All
TEMPORARY RULES

08 NCAC 04 .0103  INSTRUCTING PRECINCT OFFICIALS ON USE OF VOTING MACHINES
The chairman of the county board of elections in a county where voting machines are used in more than one voting precinct, shall hold an instruction meeting before any primary or election for the purpose of instructing the precinct registrars and judges on the use of the machines so that they may be qualified to instruct the voters on how to vote on a voting machine. The precinct election officers shall be instructed on the use and operation of the machine according to factory instructions furnished with the machines when they are purchased or rented, and the chairman of the county board of elections shall not permit a voting machine to be used in any precinct in any election unless the chairman shall be satisfied that the registrar and judges of the precinct have learned the proper use and operation of the machines.

08 NCAC 04 .0104  BALLOT LABELS FOR USE ON VOTING MACHINES
(a) In Primary Elections. All voting machine ballot labels for use in any county using voting machines in a primary shall be printed and furnished by the chairman of the county board of elections. The State Board of Elections shall transmit to the said county chairman a list of the names of all candidates of all political parties who have filed their notices of candidacy with the State Board of Elections and who are entitled to be voted for in the primary election, and the chairman shall print the names of such candidates on the special voting machine ballot labels, together with the names of all candidates who have filed with the county chairman for legislative, county and township offices, arranged under the proper party name. The names of all of the candidates for each office for each political party shall be printed in alphabetical order under or to the right of the title of the office.
(b) In General Elections. All voting machine ballot labels for use in any county using voting machines in a general election shall be printed and furnished by the chairman of the county board of elections. The State Board of Elections shall transmit to the said county chairman a list of the names of all party nominees for the various offices for which the State Board of Elections is required by law to canvass the vote and certify the nominees and who are entitled to be voted for in the general election, and the said county chairman shall print their names on the special voting machine ballot labels, together with the names of the nominees for the offices for which the county board of elections is required to canvass the votes and certify the nominees, under the proper party name.

08 NCAC 04 .0105  ARRANGEMENT OF POLLING PLACE WHERE VOTING MACHINES USED
At all elections where voting machines may be used, the arrangement of the polling place shall be the same as is now provided by law, except no voting booths or ballot boxes shall be used. The exterior of the voting machines and every part of the polling room shall be in plain view of the election officers. The machines shall be so placed that the ballot labels on the face of the machines can be plainly seen by the election officers and the party challengers and observers when not in use by voters. The election officials shall not themselves be, or permit any other person to be, in any position that will permit one to see or ascertain how a voter votes, except when he voter requests assistance. It shall be the duty of the registrar to post on the wall inside of the polling room sample voting machine ballots so that voters may inspect them to see where the different “parties and candidates” and “questions” are located on the machine and thus be able to find them quickly when voting. It is well, where possible to do so, to have a model voting machine, furnished by the manufacturers of the voting machines, set up on the election officers table, where the voters will pass it on their way to the machine, and have one of the judges of election, or an assistant, instruct each voter as he passes by letting the voter operate the model himself. In this way he can become familiar with the manner of operating the voting machine before he enters it, and will not require assistance in operating it.

08 NCAC 04 .0106  DELIVERY AND INSPECTION OF VOTING MACHINES
It shall be the duty of the chairman of the county board of elections to have each voting machine delivered to the voting places and placed in the custody of the registrar within three days before the election with the ballot labels already in place on each machine. When the machines are delivered to the registrar the said chairman or his agent shall deliver to the registrar the keys for each machine in a “sealed envelope.” The registrar and chairman shall then check to be sure the number stamped on the keys correspond to the number of the voting machines. They shall also check to see that the ballot labels are correctly in position and examine the counters to see if they have been turned to 000, and that the machines are in good working order.

History Note: Authority G.S. 163-160;
DIRECTIONS FOR VOTING WHEN MACHINES ARE USED

Just preceding the time for the polls to open, the registrar and judges shall open the voting machines and examine the ballot labels and counters to see if it is set at 000, and shall allow any watchers or any electors to examine the same before the voting begins. If found to be correct and in proper form, the counter shall be locked and sealed and remain that way until the polls close.

Provided that any new type voting machines which contain an added feature whereby before the casting of the first vote the status of all the counters in the voting machine may be printed on a paper memorandum which may be withdrawn without opening the machine, and at the close of the election a similar printed record showing the tally on all the counters which may be withdrawn without opening the machine, the above provisions relating to the inspection of the counters on the back of the machine at the opening and closing of the polls shall not be required.

After a voter enters the voting room or enclosure where voting machines are used, he shall follow the same procedure preparatory to voting as if paper ballots were used. The voter shall present himself to the registrar who will check the registration book to ascertain if the voter is properly registered. If found to be registered then the judge keeping the poll book will write his name in the poll book as having voted and the registrar shall also check his name on the registration book as having voted. If it is a primary election and the voter has no party affiliation recorded against his name on the registration book and refuses to declare his party affiliation, or states that he is an independent voter, then the registrar shall inform him that he cannot vote in the primary as the law now so provides. If the voter does have his party affiliation recorded, then the registrar shall inform the election officer in charge of the voting machine, the party affiliation of the voter as recorded, and the party ticket which he may lawfully vote—that is the same party as is recorded for him on the registration book. The voter shall, if properly registered, then go to the officer in charge of the voting machine and present himself for voting. The officer shall then be asked by the officer in charge if he knows how to operate the voting machine. If he says no, the officer, at the voter's request, may explain to the voter how to vote on the machine. If in a primary, the officer must actuate the primary knob or level for the particular political party with which the voter is enrolled so that he cannot vote for candidates of any other party in the primary. After completing the voting the voter opens the curtains and leaves the voting enclosure.

A voter using a voting machine is entitled to request the same assistance in the actual voting on the machine as the law now allows him to have in marking a paper ballot.

The keys of the voting machines shall be enclosed in an envelope to be supplied by the board on which shall be written the number of each machine and the district and precinct where

08 NCAC 09 .0107 RECOUNT OF OPTICAL SCAN/MARKSENSE/PUNCHCARD BALLOTS

(a) How to conduct the first recount. In the first recount, all ballots that were originally to be counted by the optical scan equipment are to be counted again by the optical scan equipment. All ballots that were rejected for tabulation purposes by the machine - commonly called "outstacked" or center bin ballots - are to be counted by hand and eye. The results provided shall be carefully re-read using the team of four guidelines outlined in 08 NCAC 09 .0106(c).

(b) The steps after the first recount. When the first recount has been completed, the board of elections shall follow these steps:

(1) The county board must determine whether the first recount produces a change in the winner;

(2) If the apparent winner after the initial balloting is the apparent loser after the first recount, that candidate shall be entitled to demand a second recount, by hand and eye, of all ballots;

(3) If the apparent winner after the initial balloting remains the apparent winner after the first recount, Subparagraph (4) of this Rule must be considered;

(4) The county board must determine whether there is a discrepancy in the machine totals between the initial balloting and the first recount;

(5) If the machine totals from the initial balloting and the first recount are the same, no second recount is necessary;

(6) If the machine totals from the initial balloting and the first recount are not the same, Subparagraph (7) of this Rule must be considered;

(7) The county board must determine whether the discrepancy in the machine total can be reconciled;

(8) The county board shall determine if the discrepancy in the machine total between the initial balloting and the first recount can be explained. The county board shall examine the outstack/center bin ballots from the first recount, determine how they should be counted, and reconcile the count with the machine count on the initial balloting. If this reconciliation produces the same machine total for the first recount as the machine total in the initial balloting, no second recount is necessary; and

(9) If the reconciliation produces a different machine total for the first recount than the machine total in the initial balloting, the losing candidate is entitled to demand a second recount, by hand and eye, of all ballots.

(c) A manual recount, by hand and eye, of all ballots is mandatory whenever machine error occurs. If human error is the cause of the discrepancy - and can be graphically explained - the State Board of Elections shall hear such appeals, and make a judicial determination on the facts.

19. Provide any person who requests it any information on how to contact the county director of elections, the county board of elections, or the office of the State Board of Elections; and
20. Work and stay at the voting place, at all times during the voting day, until closure. By prior agreement with the county board of elections and pursuant to G.S. 163-42, election assistant assistants and emergency election-day assistants may work less than the entire voting day.

**08 NCAC 10B .0102 SETTING UP POLLING PLACE PRIOR TO VOTING**

(a) The Chief Judge, Judges, and Assistants shall arrive at the voting place no later than 6:00 a.m. on the day of the election.
(b) The Chief Judge shall administer the oath to Judges and Assistants who have not taken the oath.
(c) The Chief Judge shall assign tasks regarding the set up of the polling place to ensure the participation of judges and assistants of each represented party. The tasks and duties assigned shall adhere to the rules promulgated by the State Board of Elections. At least one official shall be directed by the Chief Judge to manage curbside voting and facilitating the process for voters with special needs.
(d) The Chief Judge or designated official shall ensure that the telephone or other approved communications device is working.
(e) The members of the County Board of Elections shall ensure that each voting system is delivered to the voting place and placed in the custody of the Chief Judge or designated official within three days before the election with the ballot labels or other necessary identifiers already in place on each unit. Keys and other security devices necessary for the operation of the voting system shall be delivered to the Chief Judge in a sealed container. Together, a board member or agent of the County Board of Elections and the Chief Judge or designated official shall inspect the contents of the sealed container to ensure that all necessary mechanisms are provided to the Chief Judge. All numbers stamped on the keys and security devices should correspond to the number of the voting units. Together they shall also ensure that the ballots are correctly in position and that no votes have been cast or recorded on any unit, and that the units are in good working order. Voting units should be locked and sealed (or otherwise secured in the manner recommended by the manufacturer) and should remain that way until the polls are closed.
(f) The Chief Judge, with the cooperation of at least one official of the other major political party shall verify the delivery of all election supplies, records and equipment necessary for the conduct of the election.
g) The Chief Judge shall ensure that all applicable instructions, signs, and sample ballots are posted around the polling place, including signs designating the voting place, the buffer zone, temporary and/or permanent accessible parking, and the curbside voting area.

h) The Chief Judge shall ensure that the polling place is arranged to provide private spaces so voters may cast votes unobserved. The Chief Judge shall also ensure that there is continual adequate space and furniture for separate areas for voter registration records, ballot distribution, and private discussions with voters concerning irregular situations. The voting enclosure must be set up so that all equipment and furniture can be generally seen. The exterior of the voting units and every part of the voting enclosure shall be in plain view of the Chief Judge and Judges.

i) The door to the voting place/enclosure should be sufficiently wide to accommodate voters in wheelchairs. The door width, hardware, and thresholds shall comply with the Americans with Disabilities Act Accessibility Guidelines (ADAAG) or shall be made to comply on election day. The County Board of Elections must approve any plan that would cause a deviation in the set up and arrangement of the voting enclosure. For example, generally the door into the voting place/enclosure should be the same door used to exit the voting place/enclosure. However, if by doing so the flow of voters is disturbed, a separate door may be used to exit the voting place/enclosure. If a separate door is used, it should be in plain view of the Chief Judge, Judges, and Assistants so that no unauthorized persons may enter the voting enclosure through the exit door.

j) The Chief Judge shall assign a Judge or Assistant to provide demonstrations to voters, upon request, in the proper use of the voting system.

k) At the Chief Judge's request at 6:30 a.m. (according to the official timepiece used by the Chief Judge), one of the Judges shall announce that the polls are open and shall state the hour at which they will be closed.

08 NCAC 10B.0103 VOTING PROCEDURES

(a) From the time the polls are opened until the precinct count has been completed, the returns signed, and the results declared, no person shall take or remove from the voting enclosure election supplies and materials, including official ballots, containers of official ballots, provisional official ballots, spoiled ballots, the pollbook or voter authorization slip(s), the registration record(s) or any voting units or devices that are part of the voting system, except as authorized by law to accommodate curbside voters. Other provisions for secure removal of election supplies and materials at any time would be permissible under the emergency management plan of a county board of elections in the cases of natural or man-made emergencies.

(b) A person seeking to vote shall enter the voting enclosure at the voting place through the designated entrance and shall clearly communicate the person’s name and place of residence to one of the judges of election. In some cases, the precinct judge may prompt the voter to provide this information. In a primary election, the voter shall also state the political party with which the voter affiliates and in whose primary the voter desires to vote, or if the voter is an unaffiliated voter permitted to vote in the primary of a particular party, the voter shall state the name of the authorizing political party in whose primary the voter wishes to vote. This information, including the political party's primary in which the voter elected to participate, provided by the voter shall be recorded in the precinct pollbook or on the voter authorization slip. The judge or assistant to whom the voter gives this information shall announce the name and residence of the voter so that the information may be heard by the necessary officials and observers. After examining the precinct registration records, the judge or assistant shall state whether the person seeking to vote is duly registered. The precinct judge or assistant shall not presume the identity/name, address, or party affiliation of any person seeking to vote.

(c) If the person is found to be registered and is not challenged, or if the challenge is overruled, the responsible judge of election shall provide the voter with each official ballot the voter is entitled to vote. In a primary election the voter shall be allowed to vote the political party ballot(s) the voter is entitled to vote and no others, except non-partisan ballots. Unaffiliated voters may choose to participate in only one party's primary and no others on the same day. In the case of a second primary, unaffiliated voters who participated in a party's primary in the first primary may only vote that party's ballot in the second primary. However, if an unaffiliated voter did not participate in the first primary, the voter may choose which party's primary to participate in during the second primary. Note that unaffiliated voter participation in party primaries is subject to authorization by the respective state party executive committees. Unaffiliated voters who are otherwise qualified may always participate in non-partisan primaries.

(d) If the person is found to not be registered to vote in the precinct, the responsible judge of election shall inform the person of the fail-safe voting process. First, based on information provided by the person the responsible judge shall determine whether or not the person may be eligible to vote an official provisional ballot. The person is eligible to vote an official provisional ballot if the person resides in the precinct and either:

1. is a registered voter in the county and has moved into the precinct 30 days or more prior to the election and has not reported the change to the board of elections; or
2. claims to have applied for voter registration in the county but there is no record of the person's name on the registration records; or
3. was removed from the list, but the person maintains continuous eligibility within the county; or
4. disputes the voting districts (and ballots) to which the person has been assigned.

(e) If the person is found to not be registered to vote in the precinct and the responsible judge of election learns from the person that the person resides in a different precinct, the responsible judge shall provide the person with adequate information in order to direct the person to the proper voting place. If, for any reason, the person refuses to go to the proper precinct to vote, the person shall be permitted to vote a challenged ballot and follow challenge procedures as set out in G.S. 163, Article 8.
(f) It is the duty of the chief judge and judges to gather any voter information regarding changes of name and address in order to assist the county board of elections in updating voter records. If the county board of elections has specifically identified certain voters’ records in an attempt to gather additional information, the responsible judge shall ask the voter to update the information. However, registered voters with known and documented valid residence addresses within the county do not have to perform any activity as a prerequisite to voting.

(g) It is the duty of the chief judge and judges to give any voter any technical information the voter desires in regard to ballot items. In response to questions asked by the voter, the chief judge and judges shall communicate to the voter any technical information necessary to enable the voter to mark the ballot.

(h) The Chief Judge shall assign two precinct officials, one from each political party if possible, to keep the pollbook or other voting record and to keep the registration list. The names of all persons voting shall be checked on the registration record and entered on the pollbook or other voting record. In an election where observers may be appointed each voter's party affiliation shall be entered in the proper column of the pollbook or other approved record opposite the voter's name. The designated official shall make each entry at the time the ballots are handed to the voter.

(i) The chief judge, judges, and assistants must ensure that registration records are kept secure and do not leave the voting enclosure for any purpose. Properly designated observers are entitled to obtain a list of the persons who have voted in the precinct so far in that election day at least at the following times: 10 a.m., 2 p.m. and 4 p.m. Counties using authorization to vote to the end of the line and moving forward, of everyone standing in line at the close of polls and anyone whose name is on that list, shall be permitted to vote. No person entering the voting enclosure after the close of polls has been announced, other than those whose names are on the list, shall be permitted to vote under any circumstance.

History Note: Authority G.S. 163-22; 163-166.7; Temporary Adoption Eff. April 15, 2002.

08 NCAC 10B .0104 LEAVING THE VOTING ENCLOSURE, SPOILED OR INCOMPLETE BALLOTS

(a) When the voter has been presented with the official ballots by the judge, the voter shall be deemed to have begun the act of voting, and the voter shall not leave the voting enclosure until the voter has finalized the act of voting by performing whatever action is necessary to cause the act of voting to be finalized. On receiving the ballots, the voter shall immediately retire alone to one of the voting booths unless the voter is entitled to assistance and without any undue delay, the voter shall mark the ballots. The voter shall return the unvoted ballot(s) to the precinct officials.

(b) If a voter spoils or damages a ballot, the voter may obtain another upon returning the spoiled or damaged ballot to the chief judge or other designated official. A voter shall not be given a replacement ballot until the voter has returned the spoiled or damaged ballot. The voter shall not be permitted to receive more than three replacement ballots. The chief judge shall deposit each spoiled or damaged ballot in the container provided for that purpose.

(c) When the voter has marked the ballots the voter shall ensure the ballot(s) are cast. If the voter has been challenged and the challenge has been overruled, before casting the ballot(s), the voter shall write the voter’s name on each of the ballots so they may be identified in the event the voter’s right to vote is again questioned. After casting the ballots in the proper manner, the voter shall immediately leave the voting enclosure unless the voter is one of the persons authorized by law to remain within the enclosure for purposes other than voting.

(d) No voter shall be permitted to occupy a voting booth already occupied by another voter, provided, however, husbands and wives may occupy the same voting booth if both wish to do so. Excluded from this prohibition are persons lawfully providing assistance.

(e) When the voter leaves the voting enclosure, whether or not the voter has finalized voting, the voter shall not be permitted to enter the voting enclosure again for the purpose of voting.

(f) If a voter leaves the voting enclosure and is found not to have finalized the act of voting by pressing the appropriate button or touching the screen in the appropriate space in the case of Direct Record Electronic Voting Machines, by feeding their ballot into the appropriate tabulator in the case of Optical Scan/Marksense and Punchcard Voting Equipment, by pulling the appropriate lever in the case of Lever Voting Machines, or by depositing the paper ballot into the ballot box; the Chief Judge and Judges of election may find, by unanimous vote, that the votes marked by the voter had not been disturbed by any other person and may execute the ballot for the voter who has vacated the voting enclosure. If the Chief Judge and Judges of election cannot unanimously confirm that the ballot marked by the voter has not been disturbed, the ballot must be marked as spoiled and placed with other spoiled ballots (or in the case of direct record electronic and lever machines, the ballot must be cleared according to the voting system specifications). The fact that a ballot is only partially and not fully marked shall have no bearing on the decision of the Chief Judge and Judges. In each instance where this type of incident occurs, the Chief Judge and Judges must document the circumstances and make the information known to the county board of elections.

History Note: Authority G.S. 163-22; 163-166.7; Temporary Adoption Eff. April 1, 2002.

08 NCAC 10B .0105 PROCEDURES AT THE CLOSE OF VOTING

(a) Before each primary and election, the chairman of the county board of elections shall furnish each chief judge written instructions on how ballots shall be marked and counted. Before starting the counting of ballots in the precinct, the chief judge shall instruct all of the judges, assistants, and ballot counters in how differently marked ballots shall be counted and tallied.

(b) The Chief Judge shall announce or have it announced that the polls are closed at 7:30 p.m. unless the time has been extended until 8:30 p.m. Time shall be determined by the same timepiece used to determine the opening of the polls.

(c) Any person who is in line at the close of polls shall be afforded an opportunity to vote. A list shall be made, starting at the end of the line and moving forward, of everyone standing in line at the close of polls and anyone whose name is on that list shall be permitted to vote. No person entering the voting enclosure after the close of polls has been announced, other than those whose names are on the list, shall be permitted to vote under any circumstance.
(d) The Chief Judge and Judges must subscribe their names to each pollbook.

(e) Only official ballots shall be voted and counted. No official ballot shall be rejected because of technical errors in marking it, unless it is impossible to determine the voter's choice under the rules for counting ballots. Such determination shall be made by the county board of elections if the chief judge and judges are unable to determine the voter's choice, or whether a particular ballot should be counted.

(f) No person shall purposely deface or tear an official ballot in any manner, and no person, other than the voter, shall purposely erase any name or mark written on a ballot by a voter.

(g) The Chief Judge, along with a Judge of another political party, shall “close the polls” on each voting unit. The results sheet from each unit shall be placed in an "Official Precinct Returns Envelope". As soon as the polls are closed the chief judge and judges shall, without adjournment or postponement, count the ballots. The counting of ballots at the precinct shall be continuous until completed. More than one voting unit may be counted at the same time by the precinct officials, assistants, and ballot counters, but the chief judge and judges shall supervise the counting of all units and shall be responsible for them. From the time the first unit is read or opened and the count of votes begun until the votes are counted and the statement of returns made out, signed, certified and provided to the chief judge or judge responsible for delivering them to the county board office, the precinct chief judge and judges shall not separate, nor shall any one of them leave the voting place except in case of unavoidable necessity as determined by the Chief Judge.

(h) The counting of the ballots shall be made in the presence of the precinct election officials and witnesses and observers who are present and desire to observe the count. Observers shall not interfere with the orderly counting of the ballots. As soon as the votes have been counted and the precinct returns certified, the chief judge, or one of the judges selected by the chief judge, shall report the total precinct vote for each ballot item to the witnesses and observers who are present and also by telephone or other electronic means to the county board of elections. This report shall be unofficial and shall have no binding effect upon the official county canvass to follow.

(i) The Chief Judge and Judges shall sign the consolidation and accounting sheets and statement of returns and shall place them in the "returns" envelope or container.

(j) The Chief Judge shall place or cause to be placed by an authorized person under the Chief Judges direction and control, voter registration documents and information, provisional ballot envelope, payroll information, county board communication devices, unit keys and security devices and the official returns envelope. The container shall be sealed with non-transparent tape of sufficient size to contain signatures. It shall be signed by the Chief Judge and two Judges.

(k) Consolidation sheets, including the statement of returns for all voted official ballots, should be completed by adding curbside votes to the totals. In any precinct using direct record electronic voting equipment, the county board of elections, with the approval of the State Board of Elections, may provide for all such paper ballots to be transported upon closing of the polls to the office of the county board of elections for counting. An accounting form shall be completed that accounts for every used and unused ballot - providing the number of blank ballots received by the board of elections, the number of regular voted ballots, provisional voted ballots, and spoiled ballots.

(l) Voted provisional ballots must be placed in a sealed envelope or container and the seal must be signed by the Chief Judge and Judges.

(m) The Chief Judge shall bring (or have delivered by secure means) the results cartridge (or reading) from each unit to the board of elections office.

(n) All supplies must be collected for return to the board of elections office. Any items brought into the polling place facility should be removed upon vacating the polling place. Precinct Judges shall ensure that the facility is left in the same condition in which it was secured for voting purposes.

(o) Under no circumstance shall voting items be left in the polling place facility out of the custody of the Chief Judge or other designee.

History Note: Authority G.S. 163-22; 163-166.10; Temporary Adoption Eff. April 15, 2002.

08 NCAC 10B .0106 ELECTION SUPPLIES RETURN

(a) After an election or primary, all election supplies shall be immediately taken to the county board of elections office. Election materials and supplies, used or unused, may not remain in the custody of the Chief Judge, Judges, or any other person in unsecured locations overnight.

(b) If it is not possible for a county board of elections to have all precincts return materials and supplies on the night of the election, the county board of elections must submit a security plan to the Executive Director of the State Board of Elections 30 days prior to the election. The Executive Director will provide either approval or required modifications to the plan in writing no later than 15 days prior to the election. A county board must have an alternative security plan approved in order to use it. The board of elections shall have an emergency backup plan that will enable board of elections employees or other authorized persons to retrieve the items from the custody of the Chief Judge and Judges and transport them to the board of elections office.

(c) All materials shall be transported with a “chain of custody” form that includes the signatures and times in which the supplies are in the custody of each official. All supplies, once received at the board of elections, will be verified and signed by a board of elections representative.

08 NCAC 10B .0107 ASSISTANCE TO VOTERS IN PRIMARIES AND GENERAL ELECTIONS

(a) Who Is Entitled to Assistance: In any primary or election, including one-stop absentee voting, a registered voter qualified to vote in the primary or election shall be entitled to assistance in getting to and from the voting booth, entering and exiting the voting booth, and in preparing their ballots in accordance with the following:

(1) Any assistance rendered must be performed in person, and shall not be allowed by electronic, paper, or mechanical means of communication with a person outside the voting booth, except in circumstances of disabled voters with special needs. The use of electronic, paper, or
(2) Any voter shall be entitled to assistance from any person of the voter's choice, other than the voter's employer or agent of that employer or officer or agent of the voter's union;

(b) Any voter in any of the following four categories shall be entitled to assistance from any person of the voter's choice, other than the voter's employer or agent of that employer or officer or agent of the voter's union:

(1) One who, on account of physical disability, is unable to enter the voting booth without assistance;
(2) One who, on account of physical disability, is unable to mark his or her ballot without assistance;
(3) One who, on account of illiteracy, is unable to mark his or her ballot without assistance;
(4) One who, on account of visual impairment, is unable to enter the voting booth or mark the ballot without assistance;

No precinct official may refuse the voter's choice of the person to assist him, unless the person so named is legally excluded, does not appear at the voting place to assist the voter prior to the close of the polls, or refuses to assist the voter. If the voter's choice of the assisting person cannot be met on the ground(s) set out herein, the voter shall be allowed to make an additional choice until a willing assisting person is available to assist the voter. There shall be no limitation on the number of voters a person can assist, as long as the assisting person is properly chosen by each voter to assist.

(c) Procedure for Obtaining Assistance: A person seeking assistance in any election shall, upon arriving at the voting place, first request the chief judge to permit him to have assistance, communicating the reasons. If the chief judge determines that the voter is entitled to assistance, the chief judge shall ask the voter to identify the person the voter desires to provide assistance. If that person is not present, the voter is entitled to contact the person and to wait for the person at the voting place, but outside the voting enclosure. When that person is available to assist or is already present to assist, the voter, along with that person, shall present themselves to the chief judge. The chief judge shall thereupon request the person indicated to render the requested aid. In the case of assistance requested at a one-stop voting site, the assistance may be requested from and received from any election official available at such site.

(d) Any chief judge, judge, or assistant shall provide assistance to a voter if so requested, except for good cause, unless the election official is prohibited from doing so by his status as the voter's employer, official of the voter's union, or agent of the voter's employer or union. Under no circumstances shall any

(1) Give, present, or display within the vision of the voter, any list of preferred candidates, a marked sample ballot, or any other type of document, item, or display that conveys a choice of candidate(s). An assisting person may respond to an inquiry of a hearing impaired voter in writing if needed, as long as a ballot choice is not communicated to the voter;
(2) Speak or play within the hearing or vision of the voter, any conversation, communication, or recording that conveys a choice of candidate(s);
(3) Operate a phone, radio, computer, or any other means of communication while in the voting booth with the voter;
(4) Communicate to others how the voter voted, unless ordered by a court, or make a memorandum of anything that occurred in the voting booth; or
(5) Violate any election rule set out in G.S. 163, or violate any election rule set out in Title 8 of the NC Administrative Code.

(f) It shall be presumed that the operation of any means of communication capable of being received by a voter in the voting booth shall constitute an attempt to receive unlawful voting assistance, except in cases of a disabled voter with special needs. Upon having reasonable grounds to suspect such communication or operation by the voter, a precinct official may make inquiry and investigate the alleged operation of the communication equipment. The voter shall be informed of this presumption of unlawful assistance, and the prohibitions contained within G.S. 163-166.8 as to voter assistance. Regardless, any voter suspected of such conduct shall be allowed to vote and cast his or her ballot.

(c) Upon receipt of an absentee ballot by mail, the voter, in the presence of two other persons who are at least 18 years of age, and who are not disqualified, shall:

   (1) Mark the ballots, or cause them to be marked by one of such persons in the voter's presence according to the voter's instructions;

08 NCAC 12 .0107 PROCESSES BY FAX

(a) Faxed ballots must be received by 5:00 p.m. on the day before the primary, special or general election and that the original voted ballots for faxed ballots must be mailed or placed in delivery as soon as practicable to serve as a fail-safe mechanism and serve as part of the election audit trail.

(b) The board shall maintain a record of the name of each voter to whom an absentee ballot is sent under G.S. 163, Articles 20 and 21. The record must list the date on which the ballot is mailed or provided by facsimile (fax) transmission and the date on which the ballot is received by the board of elections office and the dates on which the ballot was executed and postmarked.

08 NCAC 12 .0108 ABSENTEE VOTING BY FACSIMILE (FAX) TRANSMISSION

(a) An application for an absentee ballot shall indicate that the absentee ballot returned by facsimile (fax) transmission will be accepted if received by the board no later than 5:00 p.m. the day before an election. The application shall also indicate that the original ballot must be mailed or placed in delivery. The application must include the voter's name, North Carolina residence address, ballot mailing address or telephone number of the facsimile machine to which the ballot is to be sent, date of birth and signature.

(b) An application for an absentee ballot received by facsimile (fax) transmission shall indicate that the absentee ballot returned by mail will be accepted by the board subject to the provisions of G.S. 163, Article 21.

(c) An application for an absentee ballot received by facsimile (fax) transmission will be treated in the same manner as an application for an absentee ballot received by mail, except that a notation will be made on the absentee ballot application log when an application is received by facsimile (fax) transmission.

(d) If an absentee ballot is sent to a voter by facsimile (fax) transmission, the ballot will include:

   (1) a transmittal form that fulfills all transmission information requirements;
   (2) instructions to the voter with procedures for returning the completed ballot by facsimile (fax) transmission or by mail, including a telephone number for the State Board of Elections dedicated fax line to which all ballots returned by facsimile (fax) transmission are to be transmitted, and the address of the appropriate office to which the ballot must be mailed; and
   (3) the statements required with places for the voter and witnesses to sign.

(e) The instructions sent to the voter will include a description of the procedures that a voter returning the ballot must follow. The instructions will also inform the voter that if the voter follows these instructions, the ballot will be counted, unless it is sent in violation of G.S. 163, Articles 20 or 21 or is otherwise ineligible. The instructions will also inform the voter that the voter assumes the risk that faulty facsimile (fax) transmission may occur.

History Note: Authority G.S. 163-22; 163-257; Temporary Adoption Eff. April 15, 2002.

08 NCAC 12 .0109 RECEIVING FACSIMILE (FAX) TRANSMISSIONS

(a) When a completed absentee ballot is received by facsimile (fax) transmission, the board of elections will note the date of receipt on the absentee ballot application log and, if the ballot is received on the day before election day, the time of receipt. The board of elections will then remove the ballot portion of the transmission from the portion that identifies the voter; place the ballot portion in a container-return envelope of the type used for absentee ballots returned by mail; seal the envelope; and maintain the voted ballot and envelope in a secure location for county board of elections consideration.

(b) A county board of elections may not accept multiple transmissions of a voted ballot or any other voting material submitted by the voter. The earliest date and timed version of a voted ballot or any other voting material received by the board of elections will be accepted. All other versions of a voted ballot or any other voting material will be rejected, except in the following circumstances: an incomplete fax transmission occurs and calls for a new complete fax transmission, and/or the original voted ballot which will be retained for audit purposes or used as a fail-safe mechanism.

(c) An absentee ballot that is returned by facsimile (fax) transmission must be received by the board of elections no later than 5:00 p.m., Eastern Standard Time, on the day before election day in order to be counted. Faxed ballots will not be accepted after that time, except votes for President and Vice-President of the United States may be received by fax or other delivery by the close of polls on election day. The original voted ballots transmitted by airmail or placed in delivery should be received, however, failure to receive the original voted ballot does not disqualify the faxed ballot. All approved absentee
ballots returned by facsimile (fax) transmission will be hand-counted.
(d) Procedures for handling mail-in ballots that were sent to the voter electronically shall be the same as for other mail-in absentee ballots.

(1) An absentee ballot that was sent to a voter by facsimile (fax) transmission and was returned by mail will not be counted if the envelope in which the ballot is returned contains the ballot of more than one voter.

(2) Immediately after a copy of the voted ballot has been faxed to the county board, the voter shall place the original voted ballot in a secure envelope, together with a certificate as provided for in these Rules, and send the documents by air mail or place them in delivery to the county board office.

(3) All copies of voted ballots received by fax shall be approved, disapproved, processed, and counted, and disputes in connection therewith shall be handled in the same manner as applicable to other absentee ballots. Transmission problems that result in failure of the faxed ballot to be received by the board will result in the original voted ballot (hard copy) serving as a fail-safe mechanism. Fail-safe ballots must be submitted by the deadlines for counting absentee ballots under G.S. 163-Article 21. Original voted ballots will be used as part of the audit process and as part of the election record in any election protest(s).

History Note: Authority G.S. 163-22; 163-257; Temporary Adoption Eff. April 15, 2002.

08 NCAC 12 .0110 BALLOT VERIFICATION AND SECURITY

(a) The county board shall take all necessary precautions to preserve the security of the ballot materials and specifically shall ensure that the vote cast by a voter using a faxed ballot is not revealed, except to the extent necessary by law or judicial determination. Upon the completion of all inspections of a faxed ballot required by law, the board or any employee thereof acting under its direction shall promptly separate the waiver from the ballot materials. The plans must include information regarding the type of equipment being used—type of fax machine, serial number, location of equipment, and security measures employed.

History Note: Authority G.S. 163-22; 163-257; Temporary Adoption Eff. April 15, 2002.

Should the State Board of Elections participate in a project, a full report shall be written by the staff regarding the pilot project for State Board consideration.

(b) Transmission details including preferred transmission times to county boards will be ascertained according to local needs. General procedures will be developed to accommodate for this part of the process.

(c) All county boards of elections plans for sending and receiving voting information and materials via electronic transmission must be submitted and approved by the State Board of Elections. Plans must include information regarding the type of equipment being used—type of fax machine, serial number, location of equipment, and security measures employed.

Effective Date: March 14, 2002

Findings Reviewed and Approved by: Julian Mann

Authority for the rulemaking: G.S. 163-22.2
TEMPORARY RULES

Reason for Proposed Action: When the North Carolina Supreme Court issued the March 7, 2002 Order in Stephenson v. Bartlett, it had the effect of holding part of the North Carolina election law invalid. Based upon that fact, the precondition in G.S. 163-22.2 was satisfied, and the State Board had authority to issue temporary rules and regulations to deal with election issues created by the Order. The March 12, 2002 Order of the State Board is to be considered a temporary rule under G.S. 163-22.2.

Comment Procedures: The March 12, 2002 Order of the State Board of Elections was issued under authority granted under G.S. 163-22.2. The effect of the Order is to delay all elections, primaries, and referenda that had been set for May 7, 2002.

THIS CAUSE coming before the State Board of Elections at its meeting on March 12, 2002, at its offices in Raleigh, North Carolina.

After discussion and an opportunity for public comment, the State Board, upon motion by Mr. Winfree, seconded by Ms. Sims, and amended at the suggestion of Chairman Leake, with the consent of Mr. Winfree, unanimously voted to delay all primaries, elections, and referenda set for May 7, 2002, and to meet immediately after a ruling is issued by the North Carolina Supreme Court on the constitutionality of the legislative redistricting plans adopted by the General Assembly in 2001.

THEREFORE, it is ordered, adjudged and decreed that primaries, elections, and referenda set for May 7, 2002 are hereby delayed pending action of the North Carolina Supreme Court, in the case of Stephenson v. Bartlett, No. 94 P02. The State Board of Elections will meet as soon as possible after the Court rules to decide what action is appropriate at that time.

This the 12th day of March, 2002.

Larry Leake, Chairman

Reason for Proposed Action:
10 NCAC 03R .1914 - A technical change is needed to eliminate conflicting references to ESTV treatment utilization. When this temporary amendment was adopted in January 1, 2002 (as part of the 2002 State Medical Facilities Plan), we failed to replace all three references of “250 patients or 6,500 ESTV treatments” with “6,750 ESTV treatments.” Subsections (1) and (3) were correctly amended, however we failed to make the same change to (2). This amendment will correct that oversight, eliminate any confusion regarding utilization rates, and ensure consistency with the 2002 State Medical Facilities Plan.

10 NCAC 03R .6374, .6383 - The annual State Medical Facilities Plan (SMFP) contains an inventory of facilities/beds/equipment in addition to varying methodologies. That information is used to determine the "need" for new health care facilities and services each year. As the inventory of facilities, beds and equipment is updated throughout the year, amendments to the temporary rules are sometimes necessary. 10 NCAC 03R .6374 is being amended to reflect a change in the inventory of adult care home beds in Madison county, and 10 NCAC 03R .6383 is being amended to reflect a change in chemical dependency detox-only beds in Mental Health Planning Area 17.

10 NCAC 03R .1914 REQUIRED PERFORMANCE STANDARDS

(a) An applicant proposing to acquire a linear accelerator shall demonstrate that each of the following standards shall be met:

1. An applicant’s existing linear accelerators located in the proposed service area performed at least 6,750 ESTV treatments per machine in the twelve months prior to the date the application was submitted;

2. Each proposed new linear accelerator shall be utilized at an annual rate of 250 patients or 6,500 ESTV treatments during the third year of operation of the new equipment; and

3. An applicant’s existing linear accelerators located in the proposed service area shall be projected to be utilized at an annual rate of 6,750 ESTV treatments per machine during the third year of operation of the new equipment.

(b) A linear accelerator shall not be held to the standards in Paragraph (a) of this Rule if the applicant provides documentation that the linear accelerator has been or shall be used exclusively for clinical research and teaching.

(c) An applicant proposing to acquire radiation therapy equipment other than a linear accelerator shall provide the following information:

1. The number of patients that are projected to receive treatment from the proposed radiation therapy equipment, classified by type of equipment, diagnosis, treatment procedure, and county of residence; and

2. The maximum number and type of procedures that the proposed equipment is capable of performing.

(d) The applicant shall document all assumptions and provide data supporting the methodology used to determine projected utilization as required in this Rule.

(b) “Detox-only beds for adults” are chemical dependency treatment beds that are occupied exclusively by persons who are eighteen years of age or older who are experiencing physiological withdrawal from the effects of alcohol or other drugs.

(c) Detox-only beds for adults may be developed outside of the mental health planning area in which they are needed if:

1. The beds are developed in a contiguous mental health planning area that is within the same mental health planning region, as defined by 10 NCAC 03R .6353(c); and

2. The program board in the planning area in which the beds are needed and the program board in the planning area in which the beds are to be developed each adopt a resolution supporting the development of the beds in the contiguous planning area.

Reason for Proposed Action: These proposed temporary rules are required to meet new federal regulations (7 CFR Part 246) dealing with the Food Service Delivery of the WIC Program. The regulations are designed to strengthen WIC vendor management in the retail food delivery system. They specifically include establishing mandatory selection criteria for vendors, training requirements, and criteria for high-risk vendors. The regulations also strengthen food accountability and sanctions for participants who violate program requirements. The federal deadline to implement these regulations is October 1, 2002. However, staff of the WIC Program plan to implement these changes effective July 1, 2002 since that is the start of our annual contact cycle with over 2,100 WIC vendors.

15A NCAC 21D .0706 AUTHORIZED WIC VENDORS

(a) Vendor applicants and authorized vendors will be placed into peer groups as follows:

(1) When annual WIC supplemental food sales are not yet available, vendor applicants and authorized vendors, excluding chain stores, stores under a WIC corporate agreement, military commissaries, and free-standing pharmacies, will be placed into peer groups based on the number of cash registers in the store until annual WIC supplemental food sales become available. The following are the peer groups based on the number of cash registers in the store:

Peer Group I - zero to two cash registers;
Peer Group II - three to five cash registers;
Peer Group III - six or more cash registers;

(2) Authorized vendors for which annual WIC supplemental food sales is available, and chain stores, stores under a WIC corporate agreement, military commissaries, and free-standing pharmacies, will be placed into peer groups as follows, except as provided in Subparagraph (a)(6) of this Rule:

Peer Group I - two thousand dollars ($2,000) to one hundred thousand dollars ($100,000) annually in WIC supplemental food sales at the store;
Peer Group II - greater than one hundred thousand dollars ($100,000) but not exceeding three hundred thousand dollars ($300,000) annually in WIC supplemental food sales at the store;
Peer Group III - greater than three hundred thousand dollars ($300,000) annually in WIC supplemental food sales at the store;

(3) Annual WIC supplemental food sales is the dollar amount in sales of WIC supplemental foods at the store within a 12-month period.

(4) In determining a vendor's peer group designation based on annual WIC supplemental food sales, the state agency will look at the most recent 12-month period for which sales data is available. If the most recent available 12-month period of WIC sales data begins more than one year prior to the time of designation, the peer group designation will be based on the number of cash registers in the store.

(5) The state agency may reassess an authorized vendor's peer group designation at any time during the vendor's agreement period and place the vendor in a different peer group if upon reassessment the state agency determines that the vendor is no longer in the appropriate peer group.

(6) A vendor applicant that is being reauthorized following the nonrenewal or termination of its Agreement or disqualification from the WIC Program will be placed into the peer group the store was in at the time of the nonrenewal, termination or disqualification, provided that no more than one year has passed since the nonrenewal, termination or disqualification. All other vendor applicants will be placed into peer groups in accordance with Subparagraphs (a)(1) and (a)(2) of this Rule.

except that a corporate WIC Vendor with 20 or more WIC stores—entity operating under a WIC corporate agreement—shall submit one completed WIC Vendor Agreement—corporate agreement and the WIC Price List Lists to the state agency and a separate WIC Vendor Application for each store to the local WIC agency. A corporate entity operating under a WIC corporate agreement may submit a single WIC Price List for those stores that have the same prices for WIC supplemental foods in each store, rather than submitting a separate WIC Price List for each store:

A vendor applicant's current highest shelf price for each WIC supplemental food listed on the WIC Price List must not exceed the maximum price set by the State agency for each supplemental food within that vendor applicant's peer group, except as provided in Part (b)(3)(B) of this Rule:

(A) The most recent WIC Price Lists submitted by authorized vendors within the same peer group will be used to determine the maximum price for each supplemental food. The maximum price will be based on the average of the current highest shelf price for each supplemental food within a vendor peer group, plus a factor to reflect fluctuations in wholesale prices. The state agency will reassess the maximum price set for each supplemental food at least four times a year. For two of its price assessments, the state agency will use the WIC Price Lists which must be submitted by all vendors by January 1 and July 1 each year in accordance with Subparagraph (c)(31) of this Rule. The other two price assessments will be based on WIC Price Lists requested from a sample of vendors within each peer group in March and September of each year.

(B) If any of the vendor applicant's price(s) on its WIC Price List exceed the maximum price(s) set by the state agency for that applicant's peer group, the applicant will be notified in writing. Within 30 days of the date of the written notice, the vendor applicant may resubmit price(s) that it will charge the State WIC Program for those foods that exceeded the maximum price(s). If none of the vendor applicant's resubmitted prices exceed the maximum prices set by the state agency, the vendor applicant will be deemed to have met the requirements of Subparagraph (b)(3) of this Rule. If any of the vendor applicant's resubmitted prices still exceed the maximum prices set by the state agency, or the vendor applicant does not resubmit prices within 30 days of the date of written notice, the application will be denied in writing. The vendor applicant must wait 90 days from the date of receipt of the written denial to reapply for authorization.

Pass a monitoring review by the local WIC program to determine whether the store has minimum inventory of supplemental foods as specified in Subparagraph (b)(4)(c)(24) of this Rule: Rule. (11) WIC vendor authorization shall be denied if in the last six years any of the vendor applicant's current owners, officers, or managers have been convicted of or had a civil judgment entered against them for any activity indicating a lack of business integrity, including, but not limited to, fraud, antitrust violations, embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, and obstruction of justice;

The agency shall not consider other indicators of inadequate participant access when any of these factors exist.

The following provisions apply to civil money penalties assessed in lieu of disqualification of a vendor:

(1) The civil money penalty formula in 7 C.F.R. 246.12(l)(1)(x) is incorporated by reference with all subsequent amendments and editions, provided that the vendor's average monthly redemptions shall be calculated by using the six-month period ending with the month immediately preceding the month during which the notice of administrative action is dated.

(2) The State agency may also impose civil money penalties in accordance with G.S. 130A-22(c1) in lieu of disqualification of a vendor for the state-established violations listed in Paragraph (h) of this Rule when the State agency determines that disqualification of a vendor would result in undue participant hardship in accordance with Subparagraph (l)(3) of this Rule.

(o) The state agency reserves the right to set off payments to an authorized vendor if the vendor fails to reimburse the state agency in accordance with Subparagraph (b)(23) (c)(32) of this Rule.

(p) In accordance with 7 C.F.R. 246.12(l)(7) and 246.12(u)(5), North Carolina’s procedures for dealing with abuse by authorized WIC vendors do not exclude or replace any criminal or civil sanctions or other remedies that may be applicable under any federal and state law. Neither the vendor nor the state is under any obligation to renew this contract-agreement. Nonrenewal of a vendor contract-agreement is not an appealable action. If a contract-agreement is not renewed, the person-store may reapply and if denied, may appeal the denial.

(q) Notwithstanding other provisions of this Rule, for the purpose of providing a one-time payment to a non-authorized store for WIC food instruments accepted by a non-authorized WIC vendor, the store, a current WIC vendor an agreement for a one-time payment need only be signed by the vendor-store manager and the state agency. The vendor-store manager shall sign a statement an agreement indicating that he-the store has provided foods as prescribed on the food instrument, charged current shelf prices or less than current shelf prices, not charged sales tax, and verified the identity of the participant WIC customer. For the purposes of effecting such a WIC vendor agreement, the vendor is exempt from the inventory requirement and the requirement for an on-site visit by the local WIC agency. Any WIC vendor agreement entered into in this manner shall automatically terminate upon payment of the food instrument in question. After entering into an agreement for a one-time payment, a non-authorized store shall not be allowed to enter into any further

one-time payment agreements for WIC food instruments accepted thereafter.

S.L. 2001-436, passed an act (in accordance with model legislation from the National Association of Insurance Commissioners) making revisions to North Carolina's insurance and securities laws regulating viatical settlement contracts. The amendments to the securities laws provisions are found in S.L. 2001-436, s.s. 6-14 and amend G.S. 78A, the North Carolina Securities Act. These provisions become effective April 1, 2002. Sections 7, 8, 10, 11 of S.L. 2001-436 directs the Administrator to adopt conditions governing the offer and sales of any viatical settlement contract or any fractionalized or pooled interest therein. Since the offer and sales of viatical settlement contracts are currently taking place in North Carolina, it is necessary for investor protection for the Administrator to adopt rules governing advertising, suitability standards, financial statements, in investor's right of recission, and the disclosure of information to offerees and purchasers.

Comment Procedures: Comments concerning these temporary rules may be addressed to David S. Massey, Deputy Securities Administrator, NC Secretary of State, Securities Division, 300 N. Salisbury Street, Suite 100, Raleigh, NC 27606. Telephone (919) 733-3924.

(a) Transactions made in reliance upon Rule 505 of Regulation D promulgated by the Securities and Exchange Commission under the Securities Act of 1933, as amended, 17 C.F.R. 230.505 (1982) and (as subsequently amended), including any offer or sale made exempt by application of Rule 508(a), as made effective in Release No. 33-6389 and as amended in Release Nos. 33-6437, 33-6663, 33-6758, and 33-6825, shall be exempt from the requirements of G.S. 78A-24, provided there is compliance with the conditions and limitations of this Rule .1206 and Rules .1207 and .1208 of this Section.

(b) No exemption under this Rule .1206 is available for the offer or sale of securities if the issuer or any other person or entity to which Rule .1206 applies is disqualified pursuant to Rule .1207 of this Section unless the administrator, upon application and a showing of good cause by the issuer, or such other person or entity, modifies or waives the disqualification. For purposes of this Rule .1206, "good cause" means a substantial reason amounting in law to a legal excuse for noncompliance with a restriction imposed by Rule .1207, and shall be relevant to considerations of the public interest, the protection of the investing public, the age and nature of the particular disqualifying event, the business experience, qualifications, and disciplinary history of the disqualified person, the need for full disclosure of information relevant to investment decisions, and the burden and cost of compliance with regulatory requirements applicable to the transaction in the absence of the availability of the exemption.

(c) No commission, discount, finder's fee or other similar remuneration or compensation shall be paid, directly or indirectly, to any person for soliciting any prospective purchaser of any security sold to a resident of this State in reliance upon the exemption provided by this Rule .1206 unless such person is either registered pursuant to G.S. 78A-36 or exempt from registration thereunder or the issuer reasonably believes that such person is so registered or exempt therefrom.

(d) In all sales to those accredited investors defined in 17 C.F.R. 230.501(a)(5) who reside in this State (except sales to such accredited investors made by or through a dealer registered under G.S. 78A-36) and in all sales to nonaccredited investors who reside in this State the issuer and any person acting on its behalf shall have reasonable grounds to believe and after making reasonable inquiry shall believe that one of the following conditions is are satisfied:

(1) In the case of a security other than a viatical settlement contract:

(A) The investment is suitable for the purchaser upon the basis of the facts, if any, disclosed by the purchaser to his/her other security holdings and as to his/her financial situation and needs. For the purpose of this condition only, it may be presumed that if the investment does not exceed 10 percent of the investor's net worth, it is suitable; or

(B) The purchaser, either alone or with his/her purchaser representative(s), has such knowledge and experience in financial and business matters that he/she is or they are capable of evaluating the merits and risks of the prospective investments.

(2) In the case of a viatical settlement contract, the requirements of Rule .1320 of this Chapter.

(e) In all sales of direct participation programs securities pursuant to the exemption provided by this Rule .1206, the provisions of Rule .1313 of this Chapter regarding registered offerings of direct participation program securities shall be applicable in addition to all other requirements of this Rule .1206. In all sales pursuant to the exemption provided by Rule .1206 of viatical settlement contracts, the provisions of Rule .1320 of this Chapter shall be applicable.

(f) Any prospectus or disclosure document used in this state in connection with an offer and sale of securities made in reliance upon the exemption provided by this Rule .1206 shall disclose conspicuously the legend(s) required by the provisions of Rule .1316 of this Chapter and, in the case of a viatical settlement contract, shall set forth the purchaser's right of rescission pursuant to both G.S. 78A-56 and Rule .1501 of this Chapter.

(g) Nothing in the exemption provided by this Rule .1206 is intended to or shall be construed as in any way relieving the issuer or any person acting on behalf of the issuer from providing disclosure to prospective investors adequate to satisfy the antifraud provisions of the Act.

(h) Transactions which are exempt under this Rule may not be combined with offers and sales exempt under any other rule or section of this Act; however, nothing in this limitation shall act as an election. Should for any reason, an offer and sale of securities made in reliance upon the exemption provided by this Rule .1206 fail to comply with all of the conditions hereof, the issuer may claim the availability of any other applicable exemption.

(i) A failure to comply with a term, condition or requirement of Paragraphs (c) and (d) of this Rule will not result in loss of the exemption from the requirements of G.S. 78A-24 for any offer or sale to a particular individual or entity if the person relying on the exemption shows:

(1) the failure to comply did not pertain to a term, condition or requirement directly intended to protect that particular individual or entity; and

(2) the failure to comply was insignificant with respect to the offering as a whole; and

(3) a good faith and reasonable attempt was made to comply with all applicable terms, conditions and requirements of Paragraphs (c) and (d) of this Rule.

Where an exemption is established only through reliance upon this Paragraph (i) of this Rule, the failure to comply shall nonetheless be actionable by the administrator under G.S. 78A-47.

(j) In any proceeding involving this Rule .1206, the burden of proving the exemption or an exemption from a definition or condition is upon the person claiming it.

(k) In view of the objective of this Rule .1206 and the purpose and policies underlying the Act, this exemption is not available to any issuer with respect to any transaction which, although in technical compliance with this Rule .1206, is part of a plan or scheme to evade registration or the conditions or limitations explicitly stated in this Rule .1206 or Rules .1207 and .1208 of this Section. The administrator may, by order, waive any
condition of or limitation upon the availability of the exemption provided by this Rule .1206.

(l) In determining whether to waive a condition of or limitation on the availability of the exemption provided by this Rule .1206, the Administrator shall consider matters and information relevant to the public policy intended by G.S. 78A, which is the protection of the investing public from persons effecting securities transactions by employing devices, schemes, or artifices to defraud, making untrue statements of material fact or misleading omission of material fact, and engaging in acts, practices, or courses of business which operate or would operate as a fraud or deceit upon any person. Such considerations shall include, but not be limited to the following:

(1) the need for full and adequate disclosure of information relevant to investment decisions;

(2) the business history, qualifications, and disciplinary history of the person or persons effecting the securities transactions;

(3) the experience, suitability, character, expertise, and financial strength of the offerers in the particular transaction;

(4) the costs of compliance with applicable regulatory requirements;

(5) the benefits to the particular investors and to the general investing public of compliance with applicable regulatory requirements;

(6) the terms, conditions, and provisions of the particular securities transaction; and

(7) any other factors which are relevant to the protection of the investing public.

(m) The exemption provided by this Rule .1206 shall be known and may be cited as the "North Carolina Limited Offering Exemption."

(n) Pursuant to G.S. 78A-18, the administrator may by order deny or revoke the exemption provided by this Rule .1206 with respect to a specific security or security transaction.

1. An explanation of how the insurance company will be notified of the insured's death and who will be responsible for filing a claim for benefits with the insurance company;

2. The name and address of the person who will receive notices from the insurance company, including, but not limited to, notices of a change in status of the insurance policy, a change in premium payments, a reduction in death benefits on a converted policy, and the end of the term for a term life insurance policy; and

SECTION .1500 - MISCELLANEOUS PROVISIONS

18 NCAC 06 .1501 RESCISSION OFFERS

(a) All rescission offers under G.S. 78A-56(g) shall be typed or printed and shall be captioned in bold print or type “Rescission Offer.” Offers must set forth in bold type the name of the security with respect to which the offer is made and the date of the transaction involved. Offers must be signed by the offeror or its authorized officer.

(b) Every rescission offer to a purchaser under G.S. 78A-56(g) shall set forth with particularity the facts out of which liability under G.S. 78A-56 may have arisen and, in the event of a violation of G.S. 78A-56(a)(2), the correct, true, or omitted facts. It shall advise the purchaser of his potential rights under G.S. 78A-56 if a violation of that section were found and state the effect on those rights of the purchaser’s failure to accept the offer within 30 days from its receipt. The offer shall include a form for the purchaser’s written acceptance of the offer addressed to the offeror or the depository to which it is to be sent. The offer must expire by its own terms not less than 30 days after its receipt by the purchaser and must provide, by its terms, that acceptance is effective if the purchaser either delivers his written acceptance to the address specified in the offer or mails that acceptance, postage prepaid, with a postmark not later than midnight of the thirtieth day following his receipt of the offer. The offer shall not require that the purchaser return the security with his acceptance; the offer may, however, require that the purchaser deliver any security he still holds and a verified statement of the transactions in which he disposed of any security to the offeror or to a depository specified in the offer within a period of not less than 45 days from the receipt of the offer in order to receive payment thereunder. The offer may provide that any offeree who delivers a timely written acceptance but fails to delivery any security held by him and the statement of the transactions in which he disposed of any security within the time specified in the offer shall be deemed to
have failed to accept such an offer in writing within a specified period as required by G.S. 78A-56(g)(1).

(c) Every rescission offer to a seller pursuant to G.S. 78A-56(g)(2) shall set forth with particularity the facts out of which liability under G.S. 78A-56 may have arisen and, in the event of a violation of G.S. 78A-56(a)(2), the correct, true, or omitted facts. It shall advise the seller of his rights under G.S. 78A-56 if a violation of that section is found and state the effect on those rights of the seller's failure to accept the offer within 30 days from the receipt. The offer shall include a form for the seller's written acceptance of the offer addressed to the offeror or the depository to which it is to be sent. The offer must expire by its own terms not less than 30 days after its receipt by the seller and may provide, by its terms, that acceptance is effective if the seller either delivers his written acceptance to the address specified in the offer or mails that acceptance, postage prepaid, with a postmark not later than midnight of the thirtieth day following his receipt of the offer. The offeror is not required to return the security with the offer; the offer may require that the seller deliver the sum necessary to rescind to the offeror or to a depository specified in the offer within a period of not less than 45 days from the receipt of the offer in order to receive the security. The offer may provide that any offeree who delivers a timely written acceptance but fails to deliver the sum necessary to rescind the transaction specified in the offer shall be deemed to have failed to accept such an offer in writing within a specified period as required by G.S. 78A-56(g)(2).

(d) Two copies of each rescission offer made under this Rule shall be filed with the administrator.

(e) A seller who makes a rescission offer pursuant to G.S. 78A-56(1) shall include in that rescission offer an undertaking by the seller to refund all the purchaser's money, without deductions, within seven business days after the date of receipt by the seller of the purchaser's notice of rescission or cancellation. The rescission offer shall be transmitted by the seller to the purchaser by certified mail, return receipt requested.

APPROVAL OF MINUTES

The meeting was called to order at 10:04 a.m. with Chairman Powell presiding. Chairman Powell asked for any discussion, comments, or corrections concerning the minutes of the February 21, 2002, meeting. The minutes were approved as written.

FOLLOW-UP MATTERS

10 NCAC 14J .0201; .0204; .0205; .0207: DHHS/Commission for MH/DD/SAS – The Commission objected to .0201 due to ambiguity. The rule in (b) specifies three criteria that must be included in “positive treatment or habilitation methods” that must accompany any use of restrictive treatment measures. The standards in (b)(2) of “improvement of conditions” and an “enriched educational and social environment” are vague and undefined. They do not offer clear guidance to the state facility director who must implement these. The Commission approved .0204; .0205; and .0207.

The meeting adjourned for a short break at 12:39.
LOG OF FILINGS

Chairman Powell presided over the review of the log and all rules were approved unanimously with the following exceptions:

2 NCAC 9L .1102; .1103; .1108; .1110: Department of Agriculture – Staff recommended objection to these rules. Commissioner Gray made a motion to overrule the staff opinion and approve the rules. The motion passed unanimously.

2 NCAC 38 .0701: Department of Agriculture - Prior to its March 21, 2002 the meeting, the Rules Review Commission staff requested that the Board of Agriculture review this rule and consider making a technical change in item (3). At the meeting, the Rules Review Commission formally requested the agency to make a technical change pursuant to G.S. 150B-21.10. At least one of the Commissioners also expressed his concern at having an “explanatory note” within the rule.

10 NCAC 41F .0601: DHHS/Social Services Commission - The Commission objected to the rule due to lack of statutory authority, ambiguity and lack of necessity. Definitions (1) and (3) are set out in G.S. 131D-10.2(8) and (14). To the extent they repeat the statutes they are unnecessary. To the extent they differ and possibly conflict, the agency has no authority to rewrite the statutory definition. The agency could argue that the definition in the rules applies only to the rules, and the definition in the statutes applies in the statutes. However, if there is any substantive difference, then that is not clear and potentially quite confusing to anyone reading both. It would be difficult and confusing to know which definition applied when the rules make any reference to the statutes and vice versa. Note that a definition of “family” might be appropriate. Often in the rules the use of “family” seems to refer to the foster child’s birth family. However the foster home itself is called a “family” foster home.

10 NCAC 41F .0705: DHHS/Social Services Commission - The Commission objected to the rule due to ambiguity. It is unclear what the differences are in the types of quarterly visits. These all must be for the “specific purpose of assessing licensing requirements.” However, it appears that in two of these visits more is required. Yet the three purposes mentioned: discuss matters related to skills and abilities; services needed by the foster family; and ensuring that minimum licensing standards continue to be met, all these, especially the last, relate in one way or another to meeting licensing requirements. It is unclear how the visits could or should differ.

Commissioner Twiddy recused himself from consideration of the Department of Insurance rules.

11 NCAC 8 .1418: NC Manufactured Home Board - The Commission objected to the rule due to ambiguity. It is unclear if standards the nursery and tree improvement forester is to use in accepting orders. It is also not clear when the Director will require a definition. The agency could argue that the definition in the rules applies only to the rules, and the definition in the statutes applies in the statutes. However, if there is any substantive difference, then that is not clear and potentially quite confusing to anyone reading both. Note that a definition of “family” might be appropriate. Often in the rules the use of “family” seems to refer to the foster child’s birth family. However the foster home itself is called a “family” foster home.

11 NCAC 12 .1006: Department of Insurance - The Commission objected to the rule due to ambiguity. The first sentence of (a), at line 31, seems to contradict that portion of the third sentence beginning on line 33.

11 NCAC 12 .1028: Department of Insurance - The Commission objected to the rule due to lack of statutory authority and ambiguity. In (b)(4), page 2, line 15, it is unclear what constitutes “justification” for the waiver. As such this is not a specific enough guideline to satisfy the requirement in G.S. 150B-19(6) that an agency set “specific guidelines” it must follow in determining whether to waive the requirement. If specific guidelines are established outside rulemaking, there is no authority for that.

Commissioner Saunders recused himself from Environmental Management Commission rules.

15A NCAC 9C .0507: Division of Forest Resources – The Commission objected to the rule due to ambiguity. It is not clear what standards the nursery and tree improvement forester is to use in accepting orders. It is also not clear when the Director will require a percentage of the contract price for a custom order or what percentage he will require. The objection applies to existing language in the rules.

15A NCAC 9C .0510: Division of Forest Resources – The Commission objected to the rule due to ambiguity. It is not clear when the nursery and tree improvement forester will approve an applicant’s credit. It is also not clear when a percentage of the selling price will be required or what percentage will be required. The objection applies to existing language in the rules.

15A NCAC 9C .0516: Division of Forest Resources - The Commission objected to the rule due to lack of statutory authority and ambiguity. It is not clear what is meant by “not responsible for storage.” It clearly does not mean they will not do it because the next sentence authorizes a fee to do it. But it is also not clear what the fee is. There is no authority to set it outside rulemaking.

15A NCAC 9C .0604: Division of Forest Resources - The Commission objected to the rule due to ambiguity. In (b), it is not clear what the fixed hourly rates are. It is also not clear what the conversion rates are. The objection applies to existing language in the rules.

15A NCAC 9C .0605: Division of Forest Resources - The Commission objected to the rule due to ambiguity. In (3), it is not clear what procedures have been established by the director. The objection applies to existing language in the rules.

15A NCAC 9C .0607: Division of Forest Resources - The Commission objected to the rule due to ambiguity. It is not clear what is meant by “approve all custom forestry practices.” The objection applies to existing language in the rules.

15A NCAC 9C .0902: Division f Forest Resources - The Commission objected to the rule due to ambiguity and lack of necessity. In (c), it is not clear what portion of funds the Secretary will designate. It is also not clear what practices are “certain approved practices.” It is not clear what date “the specified date is.” In (g), it is not clear what the current “cost sharing rate” is. Paragraph (j) deals with internal management and is thus not a rule and is therefore unnecessary. The objection applies to existing language in the rules.

15A NCAC 9C .0903: Division of Forest Resources - The Commission objected to the rule due to ambiguity. In (1)(n)(a), it is not clear what would constitute “adequate” regeneration. There is the same issue in (6). The objection applies to existing language in the rules.
21 NCAC 16E .0104: NC Board of Dental Examiners - The rule was approved with Commissioner Funderburk voting against the motion to approve.

21 NCAC 16D .0105: NC Board of Dental Examiners – The rule was approved with Commissioner Funderburk voting against the motion to approve.

21 NCAC 16E .0104: NC Board of Dental Examiners - The rule was approved with Commissioner Funderburk voting against the motion to approve.

15A NCAC 16C .0310: NC Board of Dental Examiners - The Commission objected to the rule due to lack of statutory authority and ambiguity. Not only is item (3) unclear because there do not appear to be any rules providing for approval of persons offering training courses, even if there were, there is no authority cited to approve persons offering training courses.

15A NCAC 16C .0310: NC Board of Dental Examiners - The Commission objected to the rule due to ambiguity. In (d), it is not clear what is meant by “extensive experience.” In (a)(5), it is not clear what constitutes “suitable evidence.” The objection applies to existing language in the rule.

15A NCAC 16C .0310: NC Board of Dental Examiners - The Commission objected to the rule due to ambiguity. In (a)(4), it is not clear what constitutes “extensive experience.” In (a)(5), it is not clear what constitutes “suitable evidence.” The objection applies to existing language in the rule.

15A NCAC 16C .0310: NC Board of Dental Examiners - The Commission objected to the rule due to ambiguity. In (a)(4), it is not clear what is meant by “adequate” measurement technology. In (71)(a)(i)(D), it is not clear what would constitute a “significant” difference. The objection applies to existing language in the rule.

15A NCAC 11 .0104: DENR/Radiation Protection Commission – The Commission objected to the rule due to ambiguity. In (36), it is not clear what is meant by “adequate” measurement technology. In (71)(a)(i)(D), it is not clear what would constitute a “significant” difference. The objection applies to existing language in the rule.

15A NCAC 11 .0320: DENR/Radiation Protection Commission -The Commission objected to the rule due to ambiguity. In (a)(4), it is not clear what constitutes “extensive experience.” In (a)(5), it is not clear what constitutes “suitable evidence.” The objection applies to existing language in the rule.

15A NCAC 11 .1403: DENR/Radiation Protection Commission -The Commission objected to the rule due to lack of statutory authority and ambiguity. Not only is item (3) unclear because there do not appear to be any rules providing for approval of persons offering training courses, even if there were, there is no authority cited to approve persons offering training courses.

15A NCAC 11 .1408: DENR/Radiation Protection Commission - The Commission objected to the rule due to ambiguity. It is not clear how the agency determines the expiration date on the certificate of registration. There do not appear to be any rules establishing expiration dates.

15A NCAC 11 .1417: DENR/Radiation Protection Commission -The Commission objected to the rule due to ambiguity. In (d), it is not clear what is meant by “properly” sanitized. The objection applies to existing language in the rule.

15A NCAC 11 .1418: DENR/Radiation Protection Commission - The Commission objected to the rule due to ambiguity. In (i), it is unclear which is required to be approved by the agency – the operators, or the formal training courses. In either case, it is not clear what the standards for approval are. The objection applies to existing language in the rule.

15A NCAC 11 .1610: DENR/Radiation Protection Commission - The Commission objected to the rule due to ambiguity. In (b), it is not clear what is meant by “substantial” variation. The objection applies to existing language in the rule.

15A NCAC 11 .1613: DENR/Radiation Protection Commission - The Commission objected to .1613 due to ambiguity. In (b), it is not clear what standards the agency will use to determine how often instruments and equipment must be calibrated to meet the “periodically” standard. The objection applies to existing language in the rule.

15A NCAC 16B .0310: Secretary of State - The Commission objected to the rule due to ambiguity. In (a), it is not clear what is meant by “on a non-discriminatory basis,” nor what the phrase adds to the rule.

15A NCAC 16B .0310: Secretary of State - The Commission objected to the rule due to lack of statutory authority. It is not clear what standards the office will use in determining if a bank or drawer is acceptable. In (c)(1), it is not clear what “Item g” says. If the office understands this provision to be a budget policy and not a rule, then the provision is unnecessary and should not be in the rule.

15A NCAC 16B .0310: Secretary of State - The Commission objected to the rule due to ambiguity. In (b)(2), it is not clear what standards the agency will use to determine if a bank or drawer is acceptable. In (c)(1), it is not clear what “Item g” says. If the office understands this provision to be a budget policy and not a rule, then the provision is unnecessary and should not be in the rule.

18 NCAC5B .0101: Secretary of State – The rule was withdrawn by the agency.

18 NCAC 5B .0105: Secretary of State - The Commission objected to the rule due to lack of necessity. As well as being difficult to read and understand, paragraph (b) merely repeats the provision of G.S. 25-9-501(a) and is thus unnecessary.

18 NCAC 5B .0105: Secretary of State - The Commission objected to the rule due to lack of necessity. Paragraph (a) is unnecessary. There is no need to incorporate by reference forms which are already statutory required. In (b), it does not seem necessary to require that UCC forms be purchased from commercial printers. There does not seem to be any reason why a person filing could not use forms he downloads and prints himself. The first sentence is merely informational and not a rule.

18 NCAC 5B .0106: Secretary of State - The Commission objected to the rule due to ambiguity and lack of necessity. In (b)(2), it is not clear what standards the office will use in determining if a bank or drawer is acceptable. In (c)(1), it is not clear what “Item g” says. If the office understands this provision to be a budget policy and not a rule, then the provision is unnecessary and should not be in the rule.

18 NCAC 5B .0107: Secretary of State - The Commission objected to the rule due to ambiguity. In (a), it is not clear what is meant by “on a non-discriminatory basis,” nor what the phrase adds to the rule.

18 NCAC 5B .0108: Secretary of State - The Commission objected to the rule due to lack of statutory authority and ambiguity. It is not clear what standards the agency will use to determine if a bank or drawer is acceptable. In (c)(1), it is not clear what “Item g” says. If the office understands this provision to be a budget policy and not a rule, then the provision is unnecessary and should not be in the rule.

18 NCAC 5B .0108: Secretary of State - The Commission objected to the rule due to ambiguity and lack of necessity. In (b)(2), it is not clear what standards the office will use to determine if a bank or drawer is acceptable. In (c)(1), it is not clear what “Item g” says. If the office understands this provision to be a budget policy and not a rule, then the provision is unnecessary and should not be in the rule.

18 NCAC 5B .0109: Secretary of State - The Commission objected to the rule due to ambiguity and lack of necessity. In (b)(2), it is not clear what standards the office will use in determining if a bank or drawer is acceptable. In (c)(1), it is not clear what “Item g” says. If the office understands this provision to be a budget policy and not a rule, then the provision is unnecessary and should not be in the rule.

18 NCAC 5B .0109: Secretary of State - The Commission objected to the rule due to ambiguity and lack of necessity. In (b)(2), it is not clear what standards the office will use in determining if a bank or drawer is acceptable. In (c)(1), it is not clear what “Item g” says. If the office understands this provision to be a budget policy and not a rule, then the provision is unnecessary and should not be in the rule.

Because of the extraordinary budget situation there will be no meetings in May or June. This should not result in any change in the 11% from this year’s budget. The most practical solution at the lower end of the range is to reduce the number of commission members.

Mr. DeLuca discussed concerns with the budget. All agencies have been instructed to draft budget proposals showing cuts of 7% to 11% from this year’s budget. The most practical solution at the lower end of the range is to reduce the number of commission meetings to six. Of course this will require a statutory change. At the upper end of the range cuts in personnel costs will be required.

Because of the extraordinary budget situation there will be no meetings in May or June. This should not result in any change in the effective date of any substantive rule changes.
The next meeting of the Commission is Thursday, April 18. The Commission is also planning to meet Tuesday, April 30, 2002, to consider any responses to objections from the April meeting.

The meeting adjourned at 2:03 p.m.

Respectfully submitted,
Lisa Johnson
