The North Carolina Administrative Code (NCAC) has four major subdivisions of rules. Two of these, titles and chapters, are mandatory. The major subdivision of the NCAC is the title. Each major department in the North Carolina executive branch of government has been assigned a title number. Titles are further broken down into chapters which shall be numerical in order. The other two, subchapters and sections are optional subdivisions to be used by agencies when appropriate.

T.C. Morphis, Jr., Esq.
The Brough Law Firm
1829 E. Franklin St., Suite 800-A
Chapel Hill, NC 27514

Dear Mr. Morphis:

This refers to two annexations (Ordinance Nos. 02-19 and 02-20 and their designation to Ward 4 of the Town of Tarboro in Edgecombe County, North Carolina, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act, 42 U.S.C. 1973c. We received your submission on December 23, 2002 and January 6, 2003.

The Attorney General does not interpose any objection to the specified changes. However, we note that Section 5 expressly provides that the failure of the Attorney General to object does not bar subsequent litigation to enjoin the enforcement of the changes. In addition, as authorized by Section 5, we reserve the right to reexamine these submissions if additional information that would otherwise require an objection comes to our attention during the remainder of the sixty-day review period. See the Procedures for the Administration of Section 5 (28 C.F.R. 51.41 and 51.43).

Sincerely,

Joseph D. Rich
Chief, Voting Section
Notice of Rule-making Proceedings is hereby given by the Social Services Commission in accordance with G.S. 150B-21.2. The agency shall subsequently publish in the Register the text of the rule(s) it proposes to adopt as a result of this notice of rule-making proceedings and any comments received on this notice.

Citation to Existing Rule Affected by this Rule-making: 10 NCAC 41F; 41N; 41S - Other rules may be proposed in the course of the rule-making process.

Authority for the Rule-making: G.S. 131D-10.5; 143B-153

Statement of the Subject Matter: The Social Services Commission intends to amend or adopt rules in 10 NCAC 41F, 41N and 41S that govern the licensure of family foster homes, residential child care facilities and child-placing agencies in order to be in compliance with Session Law 2002-164 (SB 163). Rules will be amended or adopted to ensure that children who are living away from home in group homes or therapeutic homes are tracked, that facilities/agencies report data on the quality of care and children needing or receiving mental health treatment services to area mental health programs and that agencies or individuals that have had licenses revoked or received violations are not allowed to start a new service for 60 months. Rule changes or additions will ensure that the provisions in Session Law 2002-164 (SB163) are being implemented. Implementation of these provisions will ensure that children in out of home care are better protected.

Reason for Proposed Action: Session Law 2002-164 (SB 163) is very broad in scope affecting all agencies that serve children in the state. Session Law 2002-164 (SB163) requires that the Departments of Health and Human Services, Public Instruction and Juvenile Justice and Delinquency Prevention work together to 1) track all children placed away from their homes; 2) monitor the quality of care of such placements; 3) report these findings to the General Assembly; 4) prohibit persons or agencies/facilities from starting a new service if a license violation or revocation has occurred within 60 months; and 5) ensure that special education funding follows children with special needs who are placed outside of their local school jurisdiction. In order to ensure that the Division of Social Services fully implements the provision of Session Law 2002-164 (SB163) certain APA rules in Chapters 41F, 10 NCAC 41N and 10 NCAC 41S will need to be amended or new rules adopted.

Comment Procedures: Anyone wishing to comment should contact Vandella Bradley, APA Coordinator, Social Services Commission, NC Division of Social Services, 2401 Mail Service Center, Raleigh, NC 27699-2401, phone 919/733-3055.

Notice of Rule-making Proceedings is hereby given by the Commission for Health Services in accordance with G.S. 150B-21.2. The agency shall subsequently publish in the Register the text of the rule(s) it proposes to adopt as a result of this notice of rule-making proceedings and any comments received on this notice.

Citation to Existing Rule Affected by this Rule-making: 10A NCAC 39-47 - Other rules may be proposed in the course of the rule-making process.

TITLE 10 - DEPARTMENT OF HEALTH & HUMAN SERVICES

10 NCAC 26H .0215 SPECIAL SITUATION

(a) In order to be eligible for inpatient hospital reimbursement under Section .0200 of this Subchapter, a patient must be admitted as an inpatient and stay past midnight in an inpatient bed. The only exceptions to this requirement are those admitted inpatients who die or are transferred to another acute care hospital on the day of admission. Hospital admissions prior to 72 hours after a previous inpatient hospital discharge are subject to review by the Division of Medical Assistance, in order to assure proper billing. Services for patients admitted and
discharged on the same day and who are discharged to home or to a non-acute care facility must be billed as outpatient services. In addition patients who are admitted to observations status do not qualify as inpatients, even when they stay past midnight. Patients in observation status for more than 30 hours must either be discharged or converted to inpatient status.

(b) Outpatient services provided by a hospital to patients within the 24 hour period prior to an inpatient admission in the same hospital that are related to the inpatient admission shall be bundled with the inpatient billing.

(c) When a patient is transferred between hospitals, the discharging hospital shall receive a pro-rated payment equal to the normal DRG payment multiplied by the patient's actual length of stay divided by the geometric mean length of stay for the DRG. When the patient's actual length of stay equals or exceeds the geometric mean length of stay for the DRG, the transferring hospital receives full DRG payment. Transfers are eligible for cost outlier payments. The final discharging hospital shall receive the full DRG payment.

(d) For discharges occurring on or after October 1, 2001, a discharge of a hospital inpatient is considered to be a transfer under Paragraph (c) of this Rule when the patient's discharge is assigned to one of the following qualifying diagnosis-related groups, DRGs 14, 113, 209, 210, 211, 236, 263, 264, 429, and 483 and the discharge is made under any of the following circumstances:

1. To a hospital or distinct part hospital unit excluded from the DRG reimbursement system;
2. To a skilled nursing facility; or
3. To home under a written plan of care for the provision of home health services from a home health agency and those services begin within three days after the date of discharge.

(e) Days for authorized skilled nursing for intermediate care level for service rendered in an acute care hospital shall be reimbursed at a rate equal to the average rate for all such Medicaid days based on the rates in effect for the long term care plan year beginning each October 1. Days for lower than acute level of care for ventilator dependent patients in swing-bed hospitals or that have been down-graded through the utilization review process shall be paid for up to 180 days at a lower level ventilator-dependent rate if the hospital is unable to place the patient in a lower level facility. An extension shall be granted if in the opinion of the Division of Medical Assistance the condition of the patient prevents acceptance of the patient. A single all inclusive prospective per diem rate shall be paid, equal to the average rate paid to nursing facilities for ventilator-dependent services. The hospital must actively seek placement of the patient in an appropriate facility.

(f) The Division of Medical Assistance shall make a retrospective review of any transfers to a lower level of care prior to the expiration of the average length of stay for the applicable DRG. The Division of Medical Assistance shall adjust the DRG payment if the transfer is deemed to be inappropriate, based on the preponderance of evidence of a case by case review.

(g) In state-operated hospitals, the appropriate lower level of care rates equal to the average rate paid to state operated nursing facilities, shall be paid for skilled care and intermediate care patients awaiting placement in a nursing facility bed.

(h) For an inpatient hospital stay where the patient is Medicaid eligible for only part of the stay, the Medicaid program shall pay the DRG payment less the patient’s liability or deductible, if any, as provided by 10 NCAC 50B .0406 and .0407.

10 NCAC 26H .0304 RATE SETTING METHOD FOR NON-STATE FACILITIES

(a) A prospective rate shall be determined annually for each non-state facility to be effective for dates of service for a 12 month rate period beginning each July 1. The prospective rate shall be paid to the provider for every Medicaid eligible day during the applicable rate year. The prospective rate may be determined after the effective date and paid retroactively to that date. The prospective rate may be changed due to a rate appeal under Rule .0308 of this Section or facility reclassification under Paragraph (b) of this Rule. Each non-state facility, except those facilities where Paragraph (v) of this Rule applies, shall be classified into one of the following groups:

1. Group 1 - Facilities with less than 10 beds.
2. Group 2 - Facilities with more than 10 beds.
3. Group 3 - Facilities with medically fragile clients. For rate reimbursement purposes under this Rule medically fragile clients are defined as individuals with complex medical problems who have chronic debilitating diseases or conditions of one or more physiological or organ systems that generally make them dependent upon 24-hour a day medical/nursing/health supervision or intervention.
4. Facilities in group 1 or 2 in Subparagraph (a)(1) or (2) of this Rule shall be further classified in accordance to the level of disability of the facility's clients, as measured by the Developmental Disabilities Profile (DDP) copyrighted assessment instrument which along with the scoring instrument are hereby incorporated by reference, including subsequent amendments and editions. This material is available for inspection and copies may be obtained from the Division of Medical Assistance, 1985 Umstead Drive, Raleigh, North Carolina 27603 at a cost of twenty cents ($0.20) per page. A summary of the levels of disability is shown in the following chart:

FACILITY DDP SCORE
(b) If the identified needs of the ICF-MR clients change then facilities shall be reclassified into appropriate groups as defined in Paragraph (a) of this Rule.

(1) When a facility is reclassified, the rate shall be adjusted retroactively back to the date of the event that caused the reclassification. This adjustment shall give full consideration to any reclassification based on the change in facts or circumstances during the year. Overpayments related to this retroactive rate adjustment shall be repaid to the Medicaid program. Underpayments related to this retroactive rate adjustment shall be paid to the provider.

(2) The provider shall be given the opportunity to appeal the merits of the reclassification of any facility, prior to any decision by the Division of Medical Assistance.

(3) The provider shall be notified in writing 30 days before the implementation of new rates resulting from the reclassification of any facility.

(4) The providers and the Division of Medical Assistance shall make every reasonable effort to ensure that each facility is properly classified for rate setting purposes.

(5) A provider shall file any request for facility reclassification in writing with the Division of Medical Assistance no later than 60 days subsequent to the proposed reclassification effective date.

(6) For facilities certified prior to July 1, 1993, the facility DDP score calculated for fiscal year 1993 shall be used to establish proper classification at July 1, 1995.

(7) For facilities certified after June 30, 1993, the most recent facility DDP score shall be used to establish proper classification.

(8) A facility reclassification review shall use the most current facility DDP score.

(9) A facility's DDP score shall be subject to independent validation by the Division of Medical Assistance.

(10) A new facility that has not had a DDP survey conducted on its clients shall be categorized as a level 2 facility for rate setting purposes, pending completion of the DDP survey. Upon completion of the DDP survey, the facility shall be subject to reclassification and rates shall be adjusted retroactively back to the date of certification. Overpayments related to this retroactive adjustment shall be paid to the Medicaid program. Underpayments related to this retroactive rate adjustment shall be paid to the provider.

(c) Facility rates under this Rule shall be established at July 1, 1995, under the following:

(1) For facilities certified prior to July 1, 1993, rates shall be derived from the 1993 cost reports.

(2) For facilities certified during fiscal year 1993-1994, the fiscal year 1994 facility specific cost report shall be used to derive rates.

(3) For facilities certified during fiscal year 1994-1995, the fiscal year 1995 facility specific cost report shall be used to derive rates. Rates for these facilities shall not be adjusted, except for the impact of inflation under Paragraph (k) of this Rule, until the fiscal year 1995 cost report has been reviewed. Rates for these facilities shall be adjusted retroactively back to July 1, 1995, once the fiscal year 1995 facility specific cost report has been reviewed. Overpayments related to this retroactive rate adjustment shall be repaid to the Medicaid program. Underpayments related to this retroactive rate adjustment shall be paid to the provider.

(4) Facilities with rates established during a rate appeal proceeding with the Division of Medical Assistance during fiscal years 1994 or 1995 shall not have their rates established in accordance with Subparagraph (c)(1), (c)(2), or (c)(3) of this Rule. The rates for these facilities shall remain at the level approved in the rate appeal proceeding adjusted only for inflation, as reflected in Paragraph (k) of this Rule.

(d) For facilities certified after June 30, 1993, rates developed from filed cost reports for fiscal years subsequent to 1993 shall be retroactively adjusted if there is found to exist more than a two percent difference between the filed per diem cost and either the desk audited or field audited per diem cost for the same reporting period. Rates developed from desk audited cost reports shall be retroactively adjusted if there is found to exist more than a two percent difference between the desk audited per diem cost and the field audited per diem cost for the same reporting period. The rate adjustment shall be made after written notification to the provider 30 days prior to implementation of the rate adjustment.

(e) Each prospective rate developed in accordance with Subparagraph (c)(1), (c)(2), or (c)(3) of this Rule consists of the sum of two components as follows:

(1) Indirect care rate.

(2) Direct care rate.

(f) A uniform industry wide indirect care rate shall be established for each facility category shown under Subparagraph (a)(1), (a)(2), or (a)(3) of this Rule.

(2) The indirect rate for group 2 facilities shall be based on the fiftieth percentile of the costs noted in Subparagraph (f)(1) of this Rule incurred by the group 2 facilities, as determined by the Myers and Stauffer study performed on the 1993 base year cost reports.

(3) The indirect rate for group 3 facilities shall be based on the fiftieth percentile of the costs noted in Subparagraph (f)(1) of this Rule incurred by the group 3 facilities, as determined by the Myers and Stauffer study performed on the 1993 base year cost reports.

(4) The indirect rates established under Subparagraphs (f)(1), (f)(2), and (f)(3) of this Rule shall be reduced as determined based on industry cost analysis by an amount not to exceed four percent to account for expected operating efficiencies.

(g) The direct care rate for facilities certified prior to July 1, 1993, shall be based on the Myers and Stauffer study performed on the 1993 base year cost reports.

(1) The direct care rate for all facilities certified during fiscal years subsequent to fiscal year 1993 is based on the first facility specific cost report filed after certification. Based on said cost report, the direct care rate shall be equal to the sum of all allowable costs reflected in the ICF-MR cost report cost centers, as included in the ICF-MR cost report format effective July 1, 1993, except for the following indirect cost centers:

(A) Property Ownership and Use
(B) Operation and Maintenance of Plant and Housekeeping-Non-Labor
(C) Administrative and General

(2) The direct care rate shall be limited to the lesser of the actual amount incurred in the base year or the cost limit derived from the fiftieth percentile of direct care costs incurred by the related facility group in the fiscal year 1993 base year, based on the Myers and Stauffer study.

(3) The fiftieth percentile cost limit shall be reduced by one percent each year, for the four year period beginning July 1, 1996, in order to account for expected operating efficiencies, as determined based on industry cost analysis.

(h) The indirect rate shall not be subject to cost settlement.

(1) Costs above the indirect rate shall not be paid to the provider.

(2) Costs savings below the indirect rate shall not be recouped from the provider.

(i) The direct care rate shall be subject to cost settlement, based on the cost report, subject to audit, filed with the Division of Medical Assistance.

(1) Costs above the direct rate shall not be paid to the provider.

(2) Cost savings below the direct rate shall be recouped from the provider.

(j) Facilities with rates established during a rate appeal proceeding with the Division of Medical Assistance during fiscal years 1994 or 1995 may choose to cost settle under the provisions of Paragraphs (h) and (i) of this Rule, or under the following procedure:

(1) If, during a cost reporting period, total allowable costs are less than total prospective payments, then a provider may retain one-half of said difference, up to an amount of five dollars ($5.00) per patient day. The balance of unexpended payments shall be refunded to the Division of Medical Assistance. Costs in excess of a facility's total prospective payment rate are not reimbursable.

(2) The facilities subject to this Paragraph shall make the election on cost settlement methodology on or before the filing of the annual cost report with the Division of Medical Assistance.

(3) An election to follow the cost settlement procedures of Paragraphs (h) and (i) of this Rule shall be irrevocable.

(4) Rates established for these facilities during future rate appeal proceedings shall be subject to the cost settlement procedures of Paragraphs (h) and (i) of this Rule.

(k) To compute each facility's current prospective rate, the direct and indirect rates established by Paragraphs (f) and (g) of this Rule shall be adjusted for price level changes since the base year. No inflation factor for any provider shall exceed the maximum amount permitted for that provider by federal or state law and regulations.

(1) Price level adjustment factors shall be computed using aggregate costs in the following manners:

(A) Costs shall be separated into three groups:

(i) Labor;
(ii) Non-labor;
(iii) Fixed.

(B) The relative weight of each cost group shall be calculated to the
second decimal point by dividing the total costs of each group (labor, nonlabor, and fixed) by the total cost of the three categories.

(C) Price level adjustment factors for each cost group shall be established as follows:

(i) Labor. The percentage change for labor costs shall be based on the projected average hourly wage of North Carolina service workers. Salaries for all personnel shall be limited to levels of comparable positions in state owned facilities or levels specified by the Division of Medical Assistance based upon market analysis.

(ii) Nonlabor. The percentage change for nonlabor costs shall be based on the projected annual change in the implicit price deflator for the Gross National Product as provided by the North Carolina Office of State Budget and Management.

(iii) Fixed. No price level adjustment shall be made for this category.

(D) The weights computed in Part (k)(1)(B) of this Rule shall be multiplied by the rates computed in Part (k)(1)(C) of this Rule. These weighted rates shall be added to obtain the composite inflation rate to be applied to both the direct and indirect rates.

(2) If necessary, the Division of Medical Assistance shall adjust the annual inflation factor or rates in order to prevent payment rates from exceeding upper payment limits established by Federal Regulations.

(l) Effective July 1, 1995, any rate reductions resulting from this Rule shall be implemented based on the following deferral methodology:

(1) Rates shall be reduced for the excess of current rates over base year costs plus inflation.

(2) Rates shall be reduced a maximum of 50 percent of the fiscal 1996 inflation rate for the excess of actual costs over applicable cost limits. This reduction shall result in the facility receiving at a minimum 50 percent of the 1996 inflation rate. Any excess reduction shall be carried forward to future years.

(3) Total reduction in future years related to the excess reduction carried forward from Subparagraph (l)(2) of this Rule, shall not exceed the annual rate of inflation. This reduction shall result in the facility receiving at a minimum the rate established in Paragraph (l)(2) of this Rule. Any excess reduction shall be carried forward to future years, until the established rate equals that generated by Paragraphs (f), (g), and (k) of this Rule.

(4) Rates calculated based on Subparagraphs (l)(2) and (3) of this Rule shall be cost settled based on the provisions of Subparagraph (j)(1) of this Rule until the fiscal year that the facility receives full price level increase under Paragraph (k) of this Rule.

(A) A provider may make an irrevocable election to cost settle under the provisions of Paragraphs (h) and (i) of this Rule during the deferral period.

(B) Once the rates calculated based on Subparagraphs (l)(2) and (3) of this Rule reach the fiscal year that the facility receives the full price level increase under Paragraph (k) of this Rule, then said fiscal year's rates shall be cost settled based on Paragraphs (h) and (i) of this Rule.

(C) Chain providers may file combined cost reports, for cost settlement purposes, for facilities that use the same cost settlement methodology and have the same uniform rate.

(D) A provider may elect to continue cost settlement under Subparagraph (j)(1) of this Rule after the deferral period expires. Said election shall be made each year, 30 days prior to the cost report due date.

(m) The initial rate for facilities that have been awarded a Certificate of Need is established at the lower of the fair and reasonable costs in the provider's budget, as determined by the Division of Medical Assistance, or the projected costs in the provider's Certificate of Need application, adjusted from the projected opening date in the Certificate of Need application to the current rate period in which the facility is certified based on the price level change methodology set forth in Paragraph (k) of this Rule, or the rate currently paid to the owning provider, if the provider currently has an approved chain rate for facilities in the related facility category. The rate may be rebased to the actual cost incurred in the first full year of normal operations in the year an audit of the first year of normal operation is completed.

(1) In the event of a change in ownership, the new owner shall receive no more than the rate of payment assigned to the previous owner.

(2) Except in cases wherein the provider has failed to file supporting information as requested by...
the Division of Medical Assistance, initial rates shall be granted to new enrolled facilities no later than 60 days from the provider's filing of budgets and supporting information.

(3) The interim rate for a new facility shall be applicable to all dates of service commencing with the date the facility is certified by the Medicaid Program.

(4) The initial rate for a new facility shall not be entered into the Medicaid payment system until the facility is enrolled in the Medicaid program and a Medicaid identification number has been assigned to the facility by the Division of Medical Assistance.

(n) A provider with more than one facility shall recover costs through a combined uniform rate for all facilities.

(1) Combined uniform rates for chain providers shall be approved upon written request from the provider and after review by the Division of Medical Assistance.

(2) In determining a combined uniform rate for a particular facility group, the weighted average of each facility's rate, calculated in accordance to all other provisions of this Rule, shall be used.

(3) A provider with facility(s) that fall under Paragraphs (h) and (i) of this Rule and with facility(s) that fall under Subparagraph (l)(4) of this Rule may elect to include the facilities in a combined cost report and elect to cost settle under either Paragraphs (h) and (i) or Subparagraph (l)(4) of this Rule. The cost settlement election shall be made each year, 30 days prior to the cost report due date.

(o) Each out-of-state provider shall be reimbursed at the lower of the applicable North Carolina rate, as established by this Rule for in-state facilities, or the provider's per diem rate as established by the state in which the provider is located. An out-of-state provider is defined as a provider that is enrolled in the Medicaid program of another state and provides ICF-MR services to a North Carolina Medicaid client in a facility located in the state of enrollment. Rates for out-of-state providers are not subject to cost settlement.

(p) Under no circumstances shall the Medicaid per diem rate exceed the private pay rate of a facility.

(q) Should the Division of Medical Assistance be unable to establish a rate for a facility, based on this Rule and the applicable facts known, the Division of Medical Assistance shall approve an interim rate.

(1) The interim rate shall not exceed the rate cap established under this Rule for the applicable facility group.

(2) The interim rate shall be replaced by a permanent rate, effective retroactive to the commencement of the interim rate, by the Division of Medical Assistance, upon the determination of said rate based on this Rule and the applicable facts.

(r) In addition to the prospective per diem rate developed under this Rule, effective July 1, 1992, an interim payment add on shall be applied to the total rate to cover the estimated cost required in accordance with 42 C.F.R. 447, Subpart C. The interim rate shall be subject to final settlement reconciliation with reasonable cost to meet the requirements of Rule 1910.1030. The final settlement reconciliation shall be effectuated during the annual cost report settlement process. An interim rate add on to the prospective rate shall be allowed, subject to final settlement reconciliation, in subsequent rate periods until cost history is available to include the cost of meeting the requirements of Rule 1910.1030 in the prospective rate. This interim add on shall be removed, upon 10 days written notice to providers, should it be determined by appropriate authorities that the requirements under Title 29, Part 1910, Subpart 2, Rule 1910.1030 of the Code of Federal Regulations do not apply to ICF-MR facilities.

(s) All rates, except those noted otherwise in this Rule, approved under this Rule are considered to be permanent.

(t) In the event that the rate for a facility cannot be developed so that it shall be effective on the first day of the rate period, due to the provider not submitting the required reports by the due date, the average rate for facilities in the same facility group, or the facility's current rate, whichever is lower, shall be in effect until such time as the Division of Medical Assistance can develop a new rate.

(u) When the Division of Medical Assistance develops a new rate for a facility for which a rate was paid in accordance with Paragraph (t) of this Rule, the rate developed shall be effective on the first day of the second month following the receipt by the Division of Medical Assistance of the required reports. The Division of Medical Assistance shall upon its own motion or upon application and cause related to patient care shown by the provider, within 60 days subsequent to submission of the delinquent report, make the rate retroactive to the beginning of the rate period in question. Any overpayment to the provider resulting from this temporary rate being greater than the final approved prospective rate for the facility shall be repaid to the Medicaid Program.

(v) ICF-MR facilities meeting the requirements of the North Carolina Division of Facility Services as a facility affiliated with one or more of the four medical schools in the state and providing services on a statewide basis to children with various developmental disabilities who are in need of long-term high acuity nursing care, dependent upon high technology machines (i.e. ventilators and other supportive breathing apparatus) monitors, and feeding techniques shall have a prospective payment rate that approximates cost of care. The payment rate may be reviewed periodically, no more than quarterly, to assure proper payment. A cost settlement at the completion of the fiscal period year end is required. Payments in excess of cost shall be returned to the Division of Medical Assistance.

(w) A special payment in addition to the prospective rate shall be made in the year that any provider changes from the cash
basis to the accrual basis of accounting for vacation leave costs. The amount of this payment shall be determined in accordance with Title XVIII allowable cost principles and shall equal the Medicaid share of the vacation accrual that is charged in the year of the change including the cost of vacation leave earned for that year and all previous years less vacation leave used or expended over the same time period and vacation leave accrued prior to the date of certification. The payment shall be made as a lump sum payment that represents the total amount due for the entire fiscal year. An interim payment may be made based on an estimate of the cost of the vacation accrual. The payment shall be adjusted to actual cost after audit.

(x) The annual prospective rate, effective beginning each July 1, for facilities that commenced operations under the Medicaid Program subsequent to the base year used to establish rates, and therefore did not file a cost report for the base year, shall be based on the facility’s initial rate, established in accordance with Paragraph (m) of this Rule, and the applicable price level changes, in accordance with Paragraph (l) of this Rule.

(y) Effective for fiscal years beginning on or after fiscal year 1998, installation cost of Fire Sprinkler Systems in an ICF-MR Facility shall be reimbursed in the following manner.

(1) Upon receipt of the documentation listed in Parts (A) through (E) of this Subparagraph, the Division of Medical Assistance shall reimburse directly to the provider 90 percent of the verified cost.

(A) All related invoices.

(B) Verification from the Division of Facility Services that the Sprinkler System is needed to maintain certification for participation in the Medicaid program.

(C) Statement from appropriate authorities that the Sprinkler System has been installed. Examples of appropriate authorities for this purpose would include local building inspectors, fire/safety inspectors, insurance company inspectors, or the construction section of the Division of Facilities Services.

(D) Three bids to install the system.

(E) Prior approval from the Division of Medical Assistance for any installation projected to cost more than twenty-five thousand dollars ($25,000). Prior approval shall be granted based upon determination by the Division of Medical Assistance that the cost is reasonable considering the specifics of the installation. The burden to provide adequate documentation that the cost is reasonable is the responsibility of the provider.

(2) The unreimbursed installation cost shall be reimbursed after audit through the annual Cost Settlement Process. This portion shall be offset by profits, after taking into consideration any indirect profits and direct losses. Any overpayments determined after audit shall be returned to the program by the provider through the annual cost settlement process.

(3) The installation of the Sprinkler System is subject to Prudent Buyer Standards contained in the HCFA-15.

(4) The Sprinkler system’s installation costs shall be recorded on the provider’s ICF-MR Cost Report.

10 NCAC 26H.0506 PERSONAL CARE SERVICES

(a) Payment for personal care services in recipient’s home, prescribed in accordance with a plan of treatment and provided by an in-home aide who meets the requirements of 10 NCAC 03L .1110 and is under the supervision of a registered nurse, shall be based on a negotiated hourly fee not to exceed reasonable cost.

(b) The Division of Medical Assistance shall enter into contracts with private and public non-medical inpatient institutions using 42 CFR 434-12 for the provision of personal care services for State/County Special Assistance clients residing in adult care homes.

(1) Effective August 1, 1995 reimbursement for private providers shall be determined by the Division of Medical Assistance based on a capitation per diem fee (fee) derived from review of industry costs and determination of reasonable costs with annual inflation adjustments. The initial fee shall be based on one hour of services per patient day. Additional payments shall be made utilizing the one hour fee as a factor, for Medicaid eligibles that have a demonstrated need for additional care. The initial one hour fee is computed by adding together the estimated salary, fringes, direct supervision and administration cost. Effective January 1, 2000 the cost of medication administration and additional personal care services direct
supervision shall be added to the fee. The fee(s) shall be recalculated each year based on the most current annual cost report available to the state. This annual adjustment shall not exceed the amount approved by the North Carolina General Assembly. Payments may not exceed the limits set in 42 CFR 447.361. Effective January 1, 2000, private provider payments shall be cost settled with any overpayment repaid to the Division of Medical Assistance. No additional payment to the provider shall be made due to cost settlement. The first cost settlement period shall be the nine months ended September 30, 2000. Subsequently, the annual cost settlement shall be the 12 months ended September 30.

(2) Effective January 1, 1996 public providers shall be paid on an interim basis using the above method. Payments shall be cost settled with any overpayment repaid to the Division of Medical Assistance. No additional payments to the provider shall be made due to cost settlement.

(c) Changes to the Payment for Services Prospective Plan for Personal Care Services shall become effective when the Centers for Medicare and Medicaid Services (CMS), U.S. Department of Health and Human Services, approves amendment submitted to CMS by the Director of the Division of Medical Assistance as #TN 01-14

(b) Minimum Standards for Contract Reserves:

(1) Basis:
(A) Minimum standards with respect to morbidity are those set forth in 11 NCAC 11F .0207. Valuation net premiums used under each contract must have a structure consistent with the gross premium structure at issue of the contract as this relates to advancing age of insured, contract duration and period for which gross premiums have been calculated. Contracts for which tabular morbidity standards are not specified in 11 NCAC 11F .0207 shall be valued using tables established for reserve purposes by a qualified actuary and acceptable to the Commissioner.

TITLE 11 - DEPARTMENT OF INSURANCE

11 NCAC 11F.0205 CONTRACT RESERVES

(a) General:

(1) Contract reserves are required, unless otherwise specified in this Rule for:
(A) All individual and group contracts with which level premiums are used; or
(B) All individual and group contracts with respect to which, due to the gross premium pricing structure at issue, the value of the future benefits at any time exceeds the value of any appropriate future valuation net premiums at that time. This evaluation may be applied on a rating block basis if the total premiums for the block were developed to support the total risk assumed and expected expenses for the block each year, and a qualified actuary certifies the premium development. The actuary shall state in the certification that premiums for the rating block were developed such that each year’s premium was intended to cover that year’s costs without any prefunding. If the premium is also intended to recover costs for any prior years, the actuary shall also disclose the reasons for and magnitude of such recovery. The values specified in this Subparagraph shall be determined on the basis specified in 11 NCAC 11F .0205(b).

(2) Contracts not requiring a contract reserve are:
(A) Contracts that cannot be continued after one year from issue; or
(B) Contracts already in force on the effective date of these standards for which no contract reserve was required under the immediately preceding standards.

(3) The contract reserve is in addition to claim reserves and premium reserves.

(4) The methods and procedures for contract reserves shall be consistent with those for claim reserves for any contract, or else appropriate adjustment must be made when necessary to assure provision for the aggregate liability. The definition of the date of incurrall must be the same in both determinations.
The maximum interest rate is specified in 11 NCAC 11F .0207.

Termination rates used in the computation of reserves shall be on the basis of a mortality table as specified in 11 NCAC 11F .0207 except as noted in Subparagraphs (b)(1)(C)(i) and (ii) of this Rule.

(i) Under contracts for which premium rates are not guaranteed, and where the effects of insurer underwriting are specifically used by contract duration in the valuation morbidity standard, or for return of premium or other deferred cash benefits, total termination rates may be used at ages and durations where these exceed specified mortality table rates, but not in excess of the lesser of:

(I) 80 percent of the total termination rate used in the calculation of the gross premiums; or

(II) Eight percent.

(ii) For long-term care individual policies or group certificates issued after August 1, 2004, the contract reserve may be established on a basis of separate mortality and other terminations, where the other terminations are not to exceed:

(I) For policy years one through four, the lesser of 80 percent of the voluntary lapse rate used in the calculation of gross premiums and eight percent; and

(II) For policy years five and later, the lesser of 100 percent of the voluntary lapse rate used in the calculation of gross premiums and four percent.

Where a morbidity standard specified in 11 NCAC 11F .0207 is on an aggregate basis, such morbidity standard may be adjusted to reflect the effect of insurer underwriting by contract duration. The adjustments must be appropriate to the underwriting.

Reserve Method:

(A) For insurance except long-term care and return of premium or other deferred cash benefits, the minimum reserve is the reserve calculated on the two-year full preliminary term method; that is, under which the terminal reserve is zero at the first and also the second contract anniversary.

(B) For long-term care insurance, the minimum reserve is the reserve calculated on the one-year full preliminary term method.

(C) For return of premium or other deferred cash benefits, the minimum reserve is the reserve calculated as follows:

(i) On the one-year preliminary term method if such benefits are provided at any time before the 20th anniversary;

(ii) On the two-year preliminary term method if such benefits are only provided on or after the 20th anniversary.

(D) The preliminary term method may be applied only in relation to the date of issue of a contract. Reserve adjustments introduced later, as a result of rate increases, revisions in assumptions (e.g., projected inflation rates) or for other reasons, are to be applied immediately as of the effective date of adoption of the adjusted basis.

(3) Negative reserves on any benefit may be offset against positive reserves for other benefits in the same contract, but the total contract reserve with respect to all benefits combined may not be less than zero.

(4) For long-term care insurance with nonforfeiture benefits, the contract reserve on a policy basis shall not be less than the net single premium for the nonforfeiture benefits at the appropriate policy duration, where the net single premium is computed according to the standards specified in this Rule.

(c) Provided the contract reserve on all contracts to which an alternative method or basis is applied is not less in the aggregate than the amount determined according to the applicable standards specified in this Rule, an insurer may use any
reasonable assumptions as to interest rates, termination or mortality rates, and rates of morbidity or other contingency. Also, subject to the preceding condition, the insurer may employ methods other than the methods stated in this rule in determining a sound value of its liabilities under such contracts, including, but not limited to the following:

1. the net level premium method;
2. the one-year full preliminary term method;
3. prospective valuation on the basis of actual gross premiums with reasonable allowance for future expenses;
4. the use of approximations such as those involving age groupings, groupings of several years of issue, average amounts of indemnity, grouping of similar contract forms;
5. the computation of the reserve for one contract benefit as a percentage of, or by other relation to, the aggregated contract reserves exclusive of the benefit or benefits so valued; and
6. the use of a composite annual claim cost for all or any combination of the benefits included in the contracts valued.

(d) Annually, a review shall be made of the insurer’s prospective contract liabilities on contracts valued by tabular reserves, to determine the continuing adequacy and reasonableness of the tabular reserves giving consideration to future gross premiums. The insurer shall make appropriate increments to such tabular reserves if such tests indicated that the basis of such reserves is no longer adequate; subject, however, to the minimum standards of 11 NCAC 11F .0205(b). If an insurer has a contract or a group of related similar contracts, for which future gross premiums will be restricted by contract, insurance department rules, or for other reasons, such that the future gross premiums reduced by expenses for administration, commissions and taxes will be insufficient to cover future claims, the insurer shall establish contract reserves for such shortfall in the aggregate.

The 85 CIDA table so adjusted for the computation of claim reserves shall be known as 85 CIDC (The 1985 Commissioners individual disability Table C).

(ii) For claims incurred prior to August 1, 2004:

Each insurer may elect which of the following to use as the minimum standard for claims incurred prior to August 1, 2004:

(I) The minimum morbidity standard in effect for contract reserves on currently issued contracts, as of the date the claim is incurred, or

(II) The standard as defined in Subparagraph (a)(1)(B)(i) of this Rule, applied to all open claims.

3. Provide only the authorized supplemental foods listed on the food instrument, accurately determine the charges to the WIC program, and complete the "Pay Exactly" box on the food instrument prior to obtaining the countersignature of the WIC customer. The WIC customer is not required to get all of the supplemental foods listed on the food instrument;
4. Enter in the "Pay Exactly" box on the food instrument only the total amount of the current shelf prices, or less than the current shelf prices, for the supplemental food actually provided and shall not charge or collect sales taxes for the supplemental food provided;
5. Charge no more for supplemental food provided to a WIC customer than to a non-WIC customer or no more than the current shelf price, whichever is less;

The maximum price for each food instrument shall be based on the maximum prices set by the state agency for each supplemental food, as described in Part (b)(3)(A) of this Rule, listed on the food instrument. A food instrument deposited by a vendor for payment which exceeds the maximum price shall be paid at the maximum price set by the state agency for that food instrument.

9. For free-standing pharmacies, provide only infant formula and WIC-eligible medical foods;
10. Excluding free-standing pharmacies, redeem at least two thousand dollars ($2,000) annually in WIC supplemental food sales. 15. Not transact food instruments in whole or in part for cash, credit, unauthorized foods, or non-food items;

An identical authorized supplemental food means the exact brand, type and size as the original authorized supplemental food obtained and returned by the WIC customer;
17. Imprint the authorized WIC vendor stamp in the "Pay the Authorized WIC Vendor Stamped Here" box on the face of the food instrument to enable the vendor number to be read during the Program editing process;
(18) Imprint the vendor's bank deposit stamp or the vendor's name, address and bank account number in the "Authorized WIC Vendor Stamp" box in the endorsement;

(22) Notify the local agency of misuse (attempted or actual) of the WIC program food instrument(s);

supplemental foods, including invoices, copies of purchase orders, and any other proofs of purchase, federal and state corporate and individual income tax and sales and use tax returns and all records pertinent to these returns, and books and records of all financial and business transactions. These records must be retained by the vendor for a period of three years or until any audit pertaining to these records is resolved, whichever is later. Failure or inability to provide these records or providing false records for an inventory audit shall be deemed a violation of 7 C.F.R. 246.12(l)(1)(iii)(B) and Part (g)(2)(A) of this Rule;

(30) Submit a current accurately completed WIC Price List when signing this agreement, and by January 1 and July 1 of each year. (31) Reimburse the state agency within 30 days of written notification of a claim assessed due to a vendor violation that affects payment to the vendor or a claim assessed due to the unauthorized use of the authorized WIC vendor stamp. The state agency shall deny payment or assess a claim in the amount of the full purchase price of each food instrument rendered invalid under Subparagraphs (a)(2), (a)(5), (a)(6) or (a)(7) of Rule .0704 of this Section. Denial of payment by the state agency or payment of a claim by the vendor for a vendor violation(s) shall not absolve the vendor of the violation(s). The vendor shall also be subject to any vendor sanctions authorized under this Rule for the vendor violation(s);

(32) Not seek restitution from the WIC customer for reimbursement paid by the vendor to the state agency or for WIC food instruments not paid or partially paid by the state agency. Additionally, the vendor shall not charge the WIC customer for authorized supplemental foods obtained with food instruments;

(33) Not contact a WIC customer outside the store regarding the transaction or redemption of WIC food instruments;

(34) Notify the local agency in writing at least 30 days prior to a change of ownership, change in location, cessation of operations, or withdrawal from the WIC Program. Change of ownership, change in location of more than three miles from the vendor's previous location, cessation of operations, withdrawal from the WIC Program or disqualification from the WIC Program shall result in termination of the WIC Vendor Agreement by the state agency. Change of ownership, change in location, ceasing operations, withdrawal from the WIC Program or nonrenewal of the WIC Vendor Agreement shall not stop a disqualification period applicable to the store.

(35) Return the authorized WIC vendor stamp to the local agency upon termination of this agreement or disqualification from the WIC Program;

(36) Offer WIC customers the same courtesies as offered to other customers;

(37) A vendor must reapply to continue to be authorized beyond the period of its current WIC Vendor Agreement. (38) Comply with all the requirements for vendor applicants of Subparagraphs (b)(3) and (b)(6) through (b)(14) of this Rule throughout the term of authorization. The state agency may reassess a vendor at any time during the vendor's period of authorization to determine compliance with these requirements. The state agency shall terminate the WIC Vendor Agreement of any vendor that fails to comply with Subparagraphs (b)(3), (b)(7), (b)(8), (b)(10), (b)(11) or (b)(13) of this Rule during the vendor's period of authorization, and terminate the Agreement of or sanction or both any vendor that fails to comply with Subparagraphs (b)(6),(b)(9),(b)(12) or (b)(14) of this Rule during the vendor's period of authorization.

(f) If an application for status as an authorized WIC vendor is denied, the applicant is entitled to an administrative appeal as described in Section .0800 of this Subchapter.

(g) Title 7 C.F.R. 246.12(l)(1)(i) through (vi) and (xii) are incorporated by reference with all subsequent amendments and editions.

(1) In accordance with 7 CFR 246.12(l)(1)(i), the state agency shall not allow imposition of a civil money penalty in lieu of disqualification for a vendor permanently disqualified.

(2) A pattern, as referenced in 7 C.F.R. 246.12(l)(1)(iii)(B) through (F) and 246.12(l)(1)(iv), shall be established as follows:

(A) claiming reimbursement for the sale of an amount of a specific supplemental food item which exceeds the store's documented inventory of that supplemental food item for six or more days within a 60-day period. The six or more days do not have to be consecutive days within the 60-day period. Failure or inability to provide records or providing false records required under Subparagraph (c)( 29) of this Rule for an inventory audit shall be deemed a violation of 7 C.F.R. 246.12(l)(1)(iii)(B) and Part (g)(2)(A) of this Rule;

(B) two occurrences of vendor overcharging within a 12-month period;

(C) two occurrences of receiving, transacting or redeeming food instruments outside of authorized channels, including the use of an unauthorized vendor or an unauthorized person within a 12-month period;

(D) two occurrences of charging for supplemental food not received by the WIC customer within a 12-month period;

(E) two occurrences of providing credit or non-food items, other than alcohol, alcoholic beverages, tobacco products, cash, firearms, ammunition, explosives, or controlled substances as defined in 21 U.S.C. 802, in exchange for food instruments within a 12-month period; or

(F) three occurrences of providing unauthorized food items in exchange for food instruments, including charging for supplemental food provided in excess of those listed on the food instrument within a 12-month period.

(h) Title 7 C.F.R. Section 246.12(l)(2)(i) is incorporated by reference with all subsequent amendments and editions. Except as provided in 7 C.F.R. 246.12 (l)(1)(xii), a vendor shall be disqualified from the WIC Program for the following state-established violations in accordance with the sanction system below. The total period of disqualification shall not exceed one year for state-established violations investigated as part of a single investigation, as defined in Paragraph (i) of this Rule.

(1) When a vendor commits any of the following violations, the state-established disqualification period shall be:

(A) 90 days for each occurrence of failure to properly transact a WIC food instrument by not completing the date or purchase price on the WIC food instrument before obtaining the countersignature, by not obtaining the countersignature in the presence of the cashier, or by accepting a WIC food instrument prior to the "Date of Issue" or after the "Participant Must Use By" dates on the food instrument;

(B) 60 days for each occurrence of requiring a cash purchase to transact a WIC food instrument;

(C) 30 days for each occurrence of requiring the purchase of a specific brand when more than one WIC supplemental food brand is available; and

(D) 30 days for each occurrence of failure to submit a WIC Price List as required by Subparagraph (c)(30) of this Rule.

(2) When a vendor commits any of the following violations, the vendor shall be assessed sanction points as follows for each occurrence:

(A) 2.5 points for stocking WIC supplemental foods outside of the manufacturer's expiration date.

(B) 5 points for:
 APPROVED RULES

(i) failure to attend annual vendor training;
(ii) failure to stock minimum inventory; or
(iii) failure to mark the current shelf prices of all WIC supplemental foods clearly on the foods or have the prices posted on the shelf or display case.

(C) 7.5 points for:
(i) discrimination on the basis of WIC participation (separate WIC lines, denying trading stamps, etc.); or
(ii) contacting a WIC customer in an attempt to recoup funds for food instrument(s) or contacting a WIC customer outside the store regarding the transaction or redemption of WIC food instruments.

(D) 15 points for:
(i) failure to allow monitoring of a store by WIC staff when required;
(ii) failure to provide WIC food instrument(s) for review when requested;
(iii) failure to provide store inventory records when requested by WIC staff, except as provided in Subparagraph (c)(29) and Part (g)(2)(A) of this Rule for failure or inability to provide records for an inventory audit;

(v) providing false information on vendor records (application, vendor agreement, price list, WIC food instrument(s), monitoring forms), except as provided in Subparagraph (c)(29) and Part (g)(2)(A) of this Rule for providing false records for an inventory audit.

(3) For the violations listed in Subparagraph (h)(2) of this Rule, all sanction points assessed against a vendor remain on the vendor's record for 12 months or until the vendor is disqualified as a result of those points. If a vendor accumulates 15 or more points, the vendor shall be disqualified. The nature of the violation(s) and the number of violations, as represented by the points assigned in Subparagraph (h)(2) of this Rule, are used to calculate the period of disqualification. The formula used to calculate the disqualification period is: the number of points assigned to the violation carrying the highest number of sanction points multiplied by 18 days. Additionally, if the vendor has accumulated more than 15 points, 18 days shall be added to the disqualification period for each point over 15 points.

(i) For investigations pursuant to this Section, a single investigation is:

(j) The Food Stamp Program disqualification provisions in 7 C.F.R. 246.12(l)(1)(vii) are incorporated by reference with all subsequent amendments and editions.
(k) The participant access provisions of 7 C.F.R. 246.12(l)(1)(ix) and 246.12(l)(8) are incorporated by reference with all subsequent amendments and editions. The existence of any of the factors listed in Parts (l)(3)(A), (l)(3)(B) or (l)(3)(C) of this Rule shall conclusively show lack of inadequate participant access provided there is no geographic barrier, such as an impassable mountain or river, to using the other authorized WIC vendors referenced in these Subparagraphs. The agency shall not consider other indicators of inadequate participant access when any of these factors exist.
(l) The following provisions apply to civil money penalties assessed in lieu of disqualification of a vendor:

(1) The civil money penalty formula in 7 C.F.R. 246.12(l)(l)(x) is incorporated by reference with all subsequent amendments and editions, provided that the vendor's average monthly redemptions shall be calculated by using the six-month period ending with the month immediately preceding the month during which the notice of administrative action is dated.

(2) The state agency may also impose civil money penalties in accordance with G.S. 130A-22(c1) in lieu of disqualification of a vendor for the state-established violations listed in Paragraph (h) of this Rule when the state agency determines that disqualification of a vendor would result in participant hardship in accordance with Subparagraph (l)(3) of this Rule.

(3) In determining whether to disqualify a WIC vendor for the state-established violations listed in Paragraph (h) of this Rule, the agency shall not consider other indicators of hardship if any of the following factors, which conclusively show lack of hardship, are found to exist:
(A) the noncomplying vendor is located outside of the limits of a city, as defined in G.S. 160A-2, and another WIC vendor is located within seven miles of the noncomplying vendor;
(B) the noncomplying vendor is located within the limits of a city, as defined in G.S. 160A-2, and another WIC vendor is located within three miles of the noncomplying vendor; or
(C) a WIC vendor, other than the noncomplying vendor, is located within one mile of the local agency at which WIC participants pick up their food instruments.

(4) The provisions for failure to pay a civil money penalty in 7 C.F.R. 246.12(l)(6) are incorporated by reference with all subsequent amendments and editions.

(m) The provisions of 7 C.F.R. 246.12(l)(1)(viii) prohibiting voluntary withdrawal from the WIC Program or nonrenewal of the WIC Vendor Agreement as an alternative to disqualification are incorporated by reference with all subsequent amendments and editions.
(n) The provision in 7 C.F.R. 246.12(l)(3) regarding prior warning to vendors is incorporated by reference with all subsequent amendments and editions.
(o) The state agency may set off payments to an authorized vendor if the vendor fails to reimburse the state agency in accordance with Subparagraph (c)(31) of this Rule.

(p) In accordance with 7 C.F.R. 246.12(l)(7) or 246.12(u)(5) or both, North Carolina's procedures for dealing with abuse of the WIC program by authorized WIC vendors do not exclude or replace any criminal or civil sanctions or other remedies that may be applicable under any federal and state law.

(q) Notwithstanding other provisions of this Rule, for the purpose of providing a one-time payment to a non-authorized store for WIC food instruments accepted by the store, an agreement for a one-time payment need only be signed by the store manager and the state agency. The store may request such one-time payment directly from the state agency. The store manager shall sign an agreement indicating that the store has provided foods as prescribed on the food instrument, charged current shelf prices or less than current shelf prices, not charged sales tax, and verified the identity of the WIC customer. Any agreement entered into in this manner shall automatically terminate upon payment of the food instrument in question. After entering into an agreement for a one-time payment, a non-authorized store shall not be allowed to enter into any further one-time payment agreements for WIC food instruments accepted thereafter.

(r) Except as provided in 7 C.F.R. 246.18(a)(2), an authorized WIC vendor shall be given at least 15 days advance written notice of any adverse action which affects the vendor's participation in the WIC Program. The vendor appeal procedures shall be in accordance with 15A NCAC 21D .0800.

LOG OF FILINGS

Chairman Hayman presided over the review of the log and all rules were approved unanimously with the following exceptions:

1 NCAC 30D .0302: State Building Commission – The Commission objected to the rule due to ambiguity. In (2), it is not clear what “special circumstances” would dictate the need to institute interview procedures. This objection applies to exiting language in this rule.
15A NCAC 13A .0109: Commission for Health Services – The Commission objected to the rule due to ambiguity. In (1)(2), it is unclear if the two lines have to be different types or if two clayey liners or two artificial liners would work. Items (r)(2)(B) and (r)(2)(C) seem inconsistent as to distance from property lines. Subparagraph (r)(1) lists a number of risks and factors the Department is to consider in determining whether to issue a permit. It is not clear what standard these risks and factors must meet for a permit to be issued or denied. In (r)(2)(A), it is not clear what standards will be used to determine if a risk is unreasonable. There is the same problem in (r)(2)(D)(I) and (r)(3). In (r)(2)(D)(i), it is not clear what would amount to “an adequate secondary containment system.” In (r)(1) and (r)(3), it is not clear what would constitute an “adequate” buffer zone. In (r)(4)(B), it is not clear what would constitute “highly weathered” and “relatively impermeable” clayey formations. In (r)(4)(B)(viii), it is not clear what is meant by “competent” geologic formation and “adequate” protection. This objection applies to existing language.
15A NCAC 13A .0113: Commission for Health Services – The Commission objected to the rule due to ambiguity. In (1), it is unclear what “other facilities are being referred to. This objection applies to existing language.
15A NCAC 18A .2606: Commission for Health Services – The Commission objected to the rule due to ambiguity. It is not clear how the percentage scores established by this rule are determined. In (b), it is not clear what standards the Department will use in approving food service sanitation programs. The objection applies to exiting language in this rule.
18 NCAC 2 .0103: Secretary of State – The Commission objected to the rule due to lack of necessity. This rule only deals with the internal management of the agency and is not necessary to be included in the rules. The objection applies to exiting language in this rule.
18 NCAC 6 .1501: Secretary of State – The Commission continued this rule to the next meeting at the request of the agency.

COMMISSION PROCEDURES AND OTHER BUSINESS
The Commission held elections for Chair, Vice Chair and Second Vice Chair. Commissioner Jennie Hayman was elected Chairman, Jim Funderburk was elected First Vice Chairman and David Twiddy was elected Second Vice Chairman.

Chairman Hayman suggested that Mr. DeLuca write Speakers of the House and the President Pro-Tempore about appointments to fill the two vacancies in the Commission.

The meeting adjourned at 11:30 a.m.

The next meeting of the Commission is Thursday, April 17, 2003 at 10:00 a.m.

Respectfully submitted,
Lisa Johnson
