TITLE 10A– DEPARTMENT OF HEALTH AND HUMAN SERVICES

Notice is hereby given in accordance with G.S. 150B-21.2 that the Secretary of the Department of Health and Human Services – DMH/DD/SAS intends to adopt the rules cited as 10A NCAC 27G .0211; 27I .0102, .0201.

Proposed Effective Date: July 1, 2008

Instructions on How to Demand a Public Hearing: (must be requested in writing within 15 days of notice): A person may demand a public hearing on the proposed rules by submitting a request in writing to W. Denise Baker, 3018 Mail Service Center, Raleigh, NC 27699-3018

Reason for Proposed Action:
10A NCAC 27G .0211 – The proposed rule satisfies requirements established in Session Law 2006-142 to assure that all policies established in Communication Bulletins published by DHHS on Mental Health Reform have supporting rules. There is a requirement that service providers of services identified in DMA Clinical Policy 8A and subsequent amendments to that policy be nationally accredited within three years of enrollment as a service provider. This rule supports that requirement.

10A NCAC 27I .0102 – In order to reference the Local Management Entity in the rule set, there is the need to provide a definition for the Local Management Entity. As Mental Health Reform progresses, the language which identifies the "Area Authority/County program" is being modified to the current nonmenclature for the agency, which is Local Management Entity.

10A NCAC 27I .0201 – The proposed rule satisfies requirements established in Session Law 2006-142 to assure that all policies established in Communication Bulletins published by DHHS on Mental Health Reform have supporting rules. Communication Bulletin #50 requires an LMEs system management functions to be accredited.

Procedure by which a person can object to the agency on a proposed rule: The objection, reasons for the objection and the clearly identified portion of the rule to which the objection pertains, may be submitted in writing to W. Denise Baker, 3018 Mail Service Center, Raleigh, NC 27699-3018

Comments may be submitted to: W. Denise Baker, 3018 Mail Service Center, Raleigh, NC 27699-3018, phone (919) 715-2780, fax (919) 733-1221, email denise.w.baker@ncmail.net

Copies of a document shall be received to the same extent as the original document unless a genuine question is raised about the accuracy or authenticity of the copy or, under the circumstances, it would be unfair to admit the copy instead of the original.

(f) The hearing officer may take notice of judicially cognizable facts by entering a statement of the noticed fact and its source into the record. Upon a timely request, any party shall be given the opportunity to contest the facts so noticed through submission of evidence and argument.

(g) A party may call an adverse party; or an officer, director, managing agent, or employee of the State or any local government, of a public or private corporation, or of a partnership or association or body politic that is an adverse party; and may interrogate that party by leading questions and may contradict and impeach that party on material matters in all respects as if that party had been called by the adverse party.

The adverse party may be examined by that party's counsel upon the subject matter of that party's examination in chief under the rules applicable to direct examination, and may be cross-examined, contradicted, and impeached by any other party adversely affected by the testimony.

(C) water circulation,

(D) salinity, or

(E) temperature controls utilizing technology not found in the natural environment.

(20) Fish habitat areas. The fragile estuarine and marine areas that support juvenile and adult populations of fish species, as well as forage species utilized in the food chain. Fish habitats as used in this definition, are vital for portions of the entire life cycle, including the early growth and development of fish species.

Fish habitats in all coastal fishing waters, as determined through marine and estuarine survey sampling, include:

(A) Beds of submerged aquatic vegetation are those habitats in public trust and estuarine waters vegetated with one
or more species of submerged vegetation such as eelgrass (Zostera marina), shoalgrass (Halodule wrightii) and widgeongrass (Ruppia maritima). These vegetation beds occur in both subtidal and intertidal zones and may occur in isolated patches or cover extensive areas. In either case, the bed is defined by the presence of above-ground leaves or the below-ground rhizomes and propagules together with the sediment on which the plants grow. In defining beds of submerged aquatic vegetation, the Marine Fisheries Commission recognizes the Aquatic Weed Control Act of 1991 (G.S. 113A-220 et. seq.) and does not intend the submerged aquatic vegetation definition, or rules 15A NCAC 03K .0304, .0404 and 03I .0101, to apply to or conflict with the non-development control activities authorized by that Act.

(B) Shellfish producing habitats are those areas in which shellfish, such as clams, oysters, scallops, mussels, and whelks, whether historically or currently, reproduce and survive because of such favorable conditions as bottom type, salinity, currents, cover, and cultch. Included are those shellfish producing areas closed to shellfish harvest due to pollution.

(C) Anadromous fish spawning areas are those areas where evidence of spawning of anadromous fish has been documented by direct observation of spawning, capture of running ripe females, or capture of eggs or early larvae.

(D) Anadromous fish nursery areas are those areas in the riverine and estuarine systems utilized by post-larval and later juvenile anadromous fish.

(E) Nursery areas are those areas in which for reasons such as food, cover, bottom type, salinity, temperature and other factors, young finfish and crustaceans spend the major portion of their initial growing season. Primary nursery areas are those areas in the estuarine system where initial post-larval development takes place. These areas are where populations are uniformly early juveniles. Secondary nursery areas are those areas in the estuarine system where later juvenile development takes place. Populations are composed of developing sub-adults of similar size which have migrated from an upstream primary nursery area to the secondary nursery area located in the middle portion of the estuarine system.

(F) Strategic Habitat Areas are specific locations of individual fish habitats or systems of habitats that have been identified to provide exceptional habitat functions or that are particularly at risk due to imminent threats, vulnerability, or rarity.

15A NCAC 03J .0107 POUND NET SETS

(a) All initial, renewal or transfer applications for Pound Net Permits, and the operation of such pound net sets, shall comply with the general rules governing all permits as provided in 15A NCAC 03O .0502. The procedures and requirements for obtaining permits are set forth in 15A NCAC 03O .0501.

(b) It is unlawful to hold a Pound Net Set Permit in coastal fishing waters without the permittee's identification being legibly printed on a sign no less than six inches square, securely attached to a stake at the permitted ends of each set at all times. For pound net sets in the Atlantic Ocean using anchors instead of stakes, the set shall be identified with a yellow buoy, which shall be of solid foam or other solid buoyant material no less than five inches in diameter and no less than 11 inches in length. The permittee's identification shall be legibly printed on the buoy. Such identification on signs or buoys shall include the Pound Net Set Permit number and the permittee's last name and initials.

(c) It is unlawful to use a pound net set, or any part thereof, except for one location identification stake or identification buoy for a pound net used in the Atlantic Ocean at each end of a proposed new location, without first obtaining a Pound Net Set Permit from the Fisheries Director. The applicant shall indicate on a base map provided by the Division the proposed set with detail sufficient to permit on-site identification and location. The applicant shall specify the type(s) of pound net set(s) requested and possess proper valid license(s) and permit(s) necessary to fish those type(s) of net. A pound net set is deemed a flounder pound net set when the catch consists of 50 percent or more flounder by weight of the entire landed catch, excluding blue crabs. The type "other finfish pound net set" is for sciaenid (Atlantic croaker, red drum, weakfish, spotted sea trout, for example) and other finfish, except flounder, herring, or shad, taken for human consumption. Following are the type(s) of pound net fisheries that may be specified:

(1) Flounder pound net set;
(2) Herring/shad pound net set;
(3) Bait pound net set;
(4) Shrimp pound net set;
(5) Blue crab pound net set;
(6) Other finfish pound net set.

(d) For proposed new location(s), the Fisheries Director shall issue a public notice of intent to consider issuance of a Pound
Net Set Permit allowing for public comment for 20 days, and after the comment period, may hold public meetings to take comments on the proposed pound net set. If the Director does not approve or deny the application within 90 days of receipt of a complete and verified application, the application is deemed denied. The applicant shall be notified of denial in writing. For new locations, transfers and renewals, the Fisheries Director may deny the permit application if the Director determines that granting the permit is inconsistent with one or more of the following permitting criteria, as determined by the Fisheries Director:

1. The application shall be in the name of an individual and shall not be granted to a corporation, partnership, organization or other entity;
2. The proposed pound net set, either alone or when considered cumulatively with other existing pound nets in the area, shall not interfere with public navigation or with existing, traditional uses of the area other than navigation, and shall not violate 15A NCAC 03J.0101 and .0102;
3. The proposed pound net set shall not interfere with the rights of any riparian or littoral landowner, including the construction or use of piers;
4. The proposed pound net set shall not, by its proximate location, interfere with existing pound net sets in the area. Except in Chowan River as referenced in 15A NCAC 03J.0203, proposed new pound net set locations shall be a minimum of 1,000 yards as measured in a perpendicular direction from any point on a line following the permitted location of existing pound net sets;
5. The applicant has in the past complied with fisheries rules and laws and does not have any licenses or privileges under suspension or revocation. In addition, a history of habitual fisheries violations evidenced by eight or more convictions in ten years shall be grounds for denial of a Pound Net Set Permit;
6. The proposed pound net set is in the public interest;
7. The operation of the proposed pound net set is in compliance with management measures adopted in fishery management plans; and
8. The applicant has in the past complied with all permit conditions, rules and laws related to pound nets.

Approval is conditional based upon the applicant's continuing compliance with specific conditions contained on the Pound Net Set Permit and the conditions set out in Subparagraphs (1) through (8) of this Paragraph. The final decision to approve or deny the Pound Net Set Permit application may be appealed by the applicant by filing a petition for a contested case hearing, in writing, within 60 days from the date of mailing notice of such final decision to the applicant, with the Office of Administrative Hearings.

(e) An application for renewal of an existing Pound Net Set Permit shall be filed not less than 30 days prior to the date of expiration of the existing permit, and shall not be processed unless filed by the permittee. The Fisheries Director shall review the renewal application under the criteria for issuance of a new Pound Net Set Permit, except that pound net sets approved prior to January 1, 2003 do not have to meet the 1,000 yard minimum distance requirement specified in Subparagraph (d)(4) of this Rule. The Fisheries Director may hold public meetings and may conduct such investigations necessary to determine if the permit should be renewed.

(f) A Pound Net Set Permit, whether a new or renewal permit, shall expire one year from the date of issuance. The expiration date shall be stated on the permit.

(g) Except for herring/shad pound net sets in the Chowan River, it is unlawful to fail to have a pound net set operational for a minimum of 30 consecutive days during the permit period unless a season for the fishery for which the pound net set is permitted is ended earlier due to a quota being met. For purposes of this Rule, operational means with net attached to stakes or anchors for the lead and pound, including only a single pound in a multi-pound set, and a non-restricted opening leading into the pound such that the set is able to catch and hold fish. The permittee, including permittees of operational herring/shad pound net sets in the Chowan River, shall notify the Marine Patrol Communications Center by phone within 72 hours after the pound net set is operational. Notification shall include name of permittee, Pound Net Set Permit number, county where located, a specific location site, and how many pounds are in the set. It is unlawful to fail to notify the Marine Patrol Communications Center within 72 hours after the pound net set is operational or to make false notification when said pound net set is not operational. Failure to comply with this Paragraph shall be grounds for the Fisheries Director to revoke any and all Pound Net Set Permits held by the permittee and for denial of any future applications for Pound Net Set Permits.

(h) It is unlawful to transfer a Pound Net Set Permit without a completed application for transfer being submitted to the Division not less than 45 days before the date of the transfer. Such application shall be made by the proposed new permittee in writing and shall be accompanied by a copy of the current permittee's permit and an application for a Pound Net Set Permit in the new permittee's name. The Fisheries Director may hold a public meeting and conduct such investigations necessary to determine if the permit should be transferred. The transferred permit expires on the same date as the initial permit. Upon death of the permittee, the permit may be transferred to the Administrator/Executor of the estate of the permittee if transferred within six months of the Administrator/Executor's qualification in accordance with Chapter 28A of the North Carolina General Statutes. The Administrator/Executor shall provide a copy of the deceased permittee's death certificate, a copy of letters of administration/letters testamentary and a list of eligible immediate family members as defined in G.S. 113-168 to the Morehead City Office of the Division. Once transferred to the Administrator/Executor, the Administrator/Executor may transfer the permit(s) to eligible immediate family members of the deceased permittee. No transfer is effective until approved and processed by the Division.
(i) Every pound net set in coastal fishing waters shall have yellow light reflective tape or yellow light reflective devices on each pound. The yellow light reflective tape or yellow light reflective devices shall be affixed to a stake of at least three inches in diameter on any outside corner of each pound, shall cover a vertical distance of not less than 12 inches, and shall be visible from all directions. In addition, every pound net set shall have a marked navigational opening at least 25 feet wide at the end of every third pound. Such opening shall be marked with yellow light reflective tape or yellow light reflective devices on each side of the opening. The yellow light reflective tape or yellow light reflective devices shall be affixed to a stake of at least three inches in diameter, shall cover a vertical distance of not less than 12 inches, and shall be visible from all directions. If a permittee notified of a violation under this Paragraph fails or refuses to take corrective action sufficient to remedy the violation within 10 days of receiving notice of the violation, the Fisheries Director shall revoke the permit.

(j) In Core Sound, it is unlawful to use a pound net set prohibited areas designated in 15A NCAC 03R .0113 except that only those Pound Net Set Permits valid within pound net set prohibited areas designated in 15A NCAC 03R .0113 except that only those Pound Net Set Permits valid within

The escape panels shall be a minimum mesh size of five and one-half inches, hung on the diamond, and shall be at least six meshes high and eight meshes long.

(l) Pound net sets shall be subject to inspection at all times.

(m) Daily reporting may be a condition of the permit for a pound net set for fisheries under a quota.

(n) It is unlawful to fail to remove all pound net stakes and associated gear within 30 days after expiration of the permit or notice by the Fisheries Director that an existing Pound Net Set Permit has been revoked or denied.

(o) It is unlawful to abandon an existing pound net set without completely removing from the coastal fishing waters all stakes and associated gear within 30 days.

LOG OF FILINGS

Chairman Hayman presided over the review of the log of permanent rules.

Prior to the review of the rules from the Private Protective Services Board (PPSB), Commissioner Gray recused himself and did not participate in any discussion or vote concerning these rules because he teaches the Firearms Instructor Training Course for the PPSB that is the subject of rules .0601, .0901, .0908, .0909, .0911. His written explanation is part of the record of the meeting.

Prior to the review of the rules from the Department of Justice, Company Police Program, Commissioner Gray recused himself and did not participate in any discussion or vote concerning these rules because he is General Counsel and a registered lobbyist for the Company Police Association of NC.

Prior to the review of the rules from the Medical Board, Commissioner Lewis recused himself and did not participate in any discussion or vote concerning these rules because he is a member of the Medical Board.

All rules were approved unanimously with the following exceptions:

The rules from the Office of Commissioner of Banks were withdrawn by the agency.

10A NCAC 43D .0706: Commission for Public Health – The rule was withdrawn by the agency.

12 NCAC 02I .0203: Department of Justice - The Commission objected to this rule based on lack of statutory authority and ambiguity. In (a)(8), it is not clear what application materials are mandated by the Company Police Program for the commissioning of a department head. There is also no authority cited for the commissioning of a department head.

12 NCAC 02I .0305: Department of Justice - The Commission objected to this rule based on lack of statutory authority. This rule is not consistent with G.S. 74E-10(b)(1) that requires the Attorney General to immediately revoke the commission of a company police officer upon terminations of employment with the company police agency for which the officer is commissioned. This rule sets
exceptions including allowing a lapse of up to 12 months. There is no authority cited for the agency to adopt a rule inconsistent with the statutes.

12 NCAC 02I .0306: Department of Justice - The Commission objected to this rule based on ambiguity. It is not clear what Subparagraph (a)(3) is meant to prohibit. As written, it would prohibit a company police officer from carrying a driver’s license, or presumably even DMV from issuing one to a company police officer. It is not clear that that is what is intended. This objection applies to existing language in the Rule.

12 NCAC 02I .0501: Department of Justice - The Commission objected to this rule based on lack of statutory authority and ambiguity. It is not clear what documents are required by Appendix II of the Company Police Department Head Manual. There is no authority cited to incorporate materials created by the agency in a manual in a rule when the language in the manual has not been through the rulemaking process.

19A NCAC 02D .0803: Department of Transportation - The Commission objected to this rule based on ambiguity. In (b) line 8 it is unclear what the DOT is actually required to do with the invitation to bid after the advertisement to bid has been made. Lines 6 and 7 in (b) require that the agency make the invitation to bid “available” and then specifies to whom it must be made available. (Adding to the difficulty of determining what is required, the requirement to make it available is repeated in line 8 along with other instructions.) Then in line 8 it adds to the rule by stating that it must be mailed. However it then seems to provide an alternative to mailing by specifying “or otherwise ma[king it] available.” It is unclear whether the agency must mail the documents or whether providing that the invitation to bid is “otherwise made available” satisfies this portion of the rule’s requirements. If it does not need to be mailed, i.e., if “making it available” is the only requirement, then there is no need to say that it “shall be mailed.” (Emphasis added). If it must be mailed “and” also made available in other ways, then the wrong conjunction is used. It is also unclear what would constitute making the invitation to bid “available” in either place that it is set out. Finally, if there is any requirement to mail the invitation, it is not abundantly clear to whom it must be mailed.

19A NCAC 02D .0807: Department of Transportation - The Commission objected to the rule based on lack of statutory authority. The second sentence (that states the submission of a bid “shall be conclusive evidence” of certain conditions) is a legal conclusion or imposition that is outside the agency’s rulemaking authority. Whether or not it is “conclusive” evidence of anything would be a legal decision for a lawmaking body or judicial tribunal to make, not a rulemaking agency. The agency would be within its authority to pronounce that it would “deem” the submission of a bid to be a statement by a bidder that it has completed the requirements set out in that sentence, or that a bidder must assert that it has completed those requirements or the agency would not accept a bid.

21 NCAC 14A .0101: Board of Cosmetic Art Examiners - The Commission objected to this rule based on lack of statutory authority. In (13) the board sets restrictions on who may be a provider of continuing education courses. There is no authority cited for these restrictions on who may provide continuing education. If the board intends to specify that any of the named persons are deemed to be approved providers without further action by the board, rather than attempting to restrict who may be an approved provider, then that is not clear. Even if there were authority to restrict who may qualify to be a continuing education provider, it is not clear in that same item what the standards are that the board will use in approving the “employment capacity” of an individual who would be authorized to provide continuing education. There is no authority to set those standards outside rulemaking. This objection applies to existing language in the Rule. Commissioner McLawhorn voted in opposition to this objection.

21 NCAC 32B .1207: Medical Board - The Commission objected to this rule based on ambiguity. In (i), it is not clear what standards the Board will use in deciding whether to accept a current AMA Physicians Recognition Award or AOA CME. It is also not clear what makes the continuing medical education “acceptable”.
