WHEREAS, due to the anticipated impact and disaster associated with the expected major winter storm in the Northeastern region of the United States, vehicles bearing equipment, supplies and those used to restore utility services to relieve the damage to those states need to be moved on the interstate highways of North Carolina; and

WHEREAS, I hereby declare that a state of emergency as defined in N.C.G.S. § 166A-19.3(6) and N.C.G.S. § 166A-19.3(19) exists for the purposes of responding to the anticipated impact of the major winter storm. The emergency area as defined in N.C.G.S. § 166A-19.3(7) and N.C.G.S. § 166A-19.20(b) are States located in the Northeastern region of the United States.

WHEREAS, under the provisions of N.C.G.S. § 166A-19.30(b)(3) the Governor, with the concurrence of the Council of State, may regulate and control the flow of vehicular traffic and the operation of transportation services; and

WHEREAS, with the concurrence of the Council of State, I have found that vehicles bearing equipment, supplies and engaged in restoring utility services to relieve the emergency area must adhere to the registration requirements of N.C.G.S. § 20-86.1 and 20-382, fuel tax requirements of N.C.G.S. § 105-449.47, and the size and weight requirements of N.C.G.S. §§ 20-116 and 20-118. I have further found that citizens in the emergency area may suffer losses and will likely suffer further widespread damage within the meaning of N.C.G.S § 166A-19.3(3) and N.C.G.S. § 166A-19.21(b) and;

WHEREAS, under N.C.G.S. § 166A-19.70, the Governor may declare that the health, safety, or economic well-being of persons or property requires that the maximum hours of service for drivers prescribed by N.C.G.S. § 20-381 should be waived for persons transporting essential fuels, food, water, and medical supplies, and for the restoration of utility services.
Section 1.
The Department of Public Safety in conjunction with the North Carolina Department of Transportation shall waive the maximum hours of service for drivers prescribed by the Department of Public Safety pursuant to N.C.G.S. § 20-381.

damage within the meaning of N.C.G.S. § 166A-19.3(3) and N.C.G.S. § 166A-19.21(b); and

WHEREAS, pursuant to N.C.G.S. § 166A-19.70(g) on the recommendation of the
Commissioner of Agriculture, upon finding that there is an imminent threat of severe economic
loss of livestock or poultry, the Governor shall direct the Department of Public Safety to
temporarily suspend weighing those vehicles used to transport livestock and poultry and feed for
livestock and poultry; and

WHEREAS, 49 CFR § 390.23 allows the Governor of a state to suspend the rules and
regulations under 49 CFR Parts 390-399 for up to 30 days if the Governor determines that an
emergency condition exists; and

WHEREAS, under N.C.G.S. § 166A-19.70, the Governor may declare that the health, safety,

Order 2013-V-01
Plastic Packaging, Inc.
Permanent Variance

Order:

In accordance with N.C. Gen. Stat. § 95-132 and 13 NCAC 07A .0700, Plastic Packaging, Inc. is hereby granted permission: to use a combination of lock-out/tag-out procedures, insulating blankets, personal protective equipment, qualified persons and employee training in lieu of moving an existing 24-inch wide, belt-driven, box conveyor located at a height 32 inches from the floor, which runs along a wall and has a number of electrical devices (circuit breaker panels and disconnect switches) located on the wall above the conveyor. Unless the variance is granted, the location of the conveyor system below the electrical devices is in violation of OSH General Industry Standard, 29 CFR 1910.303(g)(1)(i)(C). 29 CFR 1910 is adopted by the Commissioner, as required by N.C. Gen. Stat. § 95-131, through incorporating 29 CFR 1910 by reference into the North Carolina Administrative Code at 13 NCAC 07F .0101. This permission is limited to the Plastic Packaging, Inc. site located at 1246 Main Ave SE Hickory, NC, and only applies to the situations and areas of the facility that are specifically described and identified in the variance application.

Discussion:

Plastic Packaging, Inc. is a commercial printing manufacturer, producing flexographic printing and converting solvent based inks with computerized controls. The facility is a 180,000-square-foot operation containing printing presses, laminators, slitting machines, bag machines and pouch machines. Products are printed, laminated, slit and converted prior to delivery to customers. Plastic Packaging, Inc. has another facility located in Forest City, N.C., which is not included in this variance request.

On December 18, 2013, Plastic Packaging, Inc. filed with the Commissioner of the North Carolina Department of Labor an application in accordance with N.C. Gen. Stat. § 95-132 for a permanent variance. The application was for a permanent variance from the requirements of Occupational Safety and Health General Industry Standard, 29 CFR 1910.303(g)(1), which requires a minimal working clearance distance around electrical equipment 600 volts, nominal or less, which was adopted by reference by the North Carolina Department of Labor at 13 NCAC 07F .0101. It was determined that the conditions for which Plastic Packaging, Inc. was requesting a variance, corresponded more specifically to subparagraph 29 CFR 1910.303(g)(1)(i)(C).
A Notice of Application for a Permanent Variance was published in the March 3, 2014 edition of the *N.C. Register* (Volume 28, Issue 17) allowing all interested parties to comment on the proposed variance application. The Notice of Application for a Permanent Variance was also posted at Plastic Packaging, Inc.'s place of business for a prescribed period of time in order to give affected employees notice of the variance application and an opportunity to participate in any applicable hearing. The North Carolina Department of Labor did not receive any comments or hearing requests regarding Plastic Packaging, Inc.'s variance application.

Approval of the variance application will allow Plastic Packaging, Inc. to use a combination of lock-out/tag-out procedures, insulating blankets, personal protective equipment, qualified persons and employee training in lieu of moving an existing 24-inch wide, belt-driven, box conveyor located at a height 32 inches from the floor, which runs along a wall and has a number of electrical devices (circuit breaker panels and disconnect switches) located on the wall above the conveyor. Unless the variance is granted, the location of the conveyor system below the electrical devices is in violation of OSH General Industry Standard, 29 CFR 1910.303(g)(1)(i)(C). 29 CFR 1910 is adopted by the Commissioner, as required by N.C. Gen. Stat. § 95-131, through incorporating 29 CFR 1910 by reference into the North Carolina Administrative Code at 13 NCAC 07F .0101.

Plastic Packaging, Inc. has demonstrated by a preponderance of evidence that the conditions, practices, means, methods, operations, and processes proposed to be used by Plastic Packaging, Inc., along with the additional conditions set forth below, will provide employment and employment conditions to Plastic Packaging, Inc. employees which are as safe and healthful as those that would prevail if Plastic Packaging, Inc. was required to comply with the current standards set forth in 29 CFR 1910.303(g)(1)(i)(C).

Therefore, based upon the information provided, the Commissioner of the North Carolina Department of Labor believes that with strict adherence to the information/procedures contained in the Application for Permanent Variance dated December 9, 2013, and the additional provisions, which are listed below, that Plastic Packaging, Inc. will provide employment and a place of employment to its employees which are as safe and healthful as those which would prevail if it had complied with the standard.

**Conditions:**

This Order is contingent upon Plastic Packaging, Inc.'s adoption, utilization and compliance with the practices, means, methods, operations, and processes set forth in the Application for Permanent Variance, dated December 9, 2013, and additional provisions, all of which are listed below.
From the Application for Permanent Variance:

(1) Before accessing the wall-mounted electrical devices, authorized employees have been instructed to:
   a. De-energize the conveyor system and place under the control of lock-out/tag-out;
   b. Place an electrically insulating blanket over the conveyor in front of the electrical device being accessed; and
   c. Utilize all the personal protective equipment required by the company’s Electrical Safe Work Practices procedures to finish accessing and working on the electrical device.

Additional Provisions:

(1) On the floor beneath the electrical equipment, Plastic Packaging, Inc. will demarcate the required depth and width of working space on the floor (36-inch depth by 30-inch width, at a minimum) to continue to ensure the space is kept clear of all items except the conveyor and items travelling on the conveyor.

(2) Plastic Packaging, Inc. will use a lock-out/tag-out program specific to locking out the conveyor before beginning work inside any of the electric equipment located above the conveyor. Note: Currently, to lock-out the conveyor, the locks will be placed at circuits 8, 10 and 12 in the electrical panel box located in the shipping department on the floor below.

(3) In accordance with 29 CFR 1910.147, qualified and affected employees will be trained on the lock-out/tag-out procedure specific to the conveyor. Each qualified employee shall be evaluated annually on this same procedure.

(4) Plastic Packaging, Inc. will store the electrically insulated blankets in an area not to exceed 15 feet from the conveyor to allow technicians easy and quick access when necessary.

(5) The permanent variance will only be for Plastic Packaging, Inc., located at 1246 Main Avenue S.E., Hickory, N.C. and applies only to the situation and area of the facility ("Bag Department") described and identified in the variance application dated December 9, 2013.

(6) The OSH Division may visit the site at any time with or without notice, and as needed or requested, to review records, procedures and interview employees with regard to the lock-out/tag-out program (in particular, procedure specific to the conveyor), panel boxes and other electric equipment located above the conveyor, and the conveyor. If a discrepancy in any of the variance conditions set forth in this report is identified by OSH Division personnel, the variance may be revoked.

Page 3 of 4
(7) In the event that changes are made to the equipment or work area covered by this variance, Plastic Packaging, Inc. will notify the OSH Division. In the event that the equipment or work area, which is covered by this variance, is upgraded, remodeled or re-built, Plastic Packaging, Inc. will attempt to eliminate the conditions that require the need for the permanent variance.

Action:

To that end, Plastic Packaging, Inc.’s request for a permanent variance from Occupational Safety and Health General Industry Standard, 29 CFR 1910.303(g)(1), more specifically, subparagraph 29 CFR 1910.303(g)(1)(i)(C), is hereby granted, provided Plastic Packaging, Inc. strictly complies with the information provided to NCDOL OSH in the December 9, 2013 Application for Permanent Variance and the additional conditions outlined in this Order.

This Order shall remain in effect until or unless modified or revoked upon application by an affected employer, affected employee(s), or by the Commissioner on her own motion, in the manner prescribed for its issuance under N.C. Gen. Stat. § 95-132 and 13 NCAC 07A .0709(a)(2) at any time after six months from its issuance.

Approved and effective,

This the 13th day of February 2015.

Public Hearing:
Date: May 6, 2015
Time: 10:00 a.m.
Location: Dorothea Dix Campus, Brown Building, Room 104, 801 Biggs Drive, Raleigh, NC 27603

Reason for Proposed Action: The proposed amendments and adoptions of rules in Chapters 10A NCAC 13B Licensing of Hospitals and 10A NCAC 13C Licensing of Ambulatory Surgical Facilities are in response to enactment of Session Law 2013-382, Part X. Transparency in Health Care Costs and Part XII. Fair Health Care Facility Billing and Collections Practices, which became effective on October 1, 2013, revised August 7, 2014. This act requires the N.C. Medical Care Commission (MCC) to adopt rules to ensure the provisions of this act are properly implemented and the required cost data is submitted quarterly to the Department of Health and Human Services (DHHS) in a uniform manner for the 100 most frequently reported DRGs for hospital inpatients, 20 most common ambulatory surgical procedures and 20 most common imaging procedures for hospital outpatient settings and ambulatory surgery facilities. In response, temporary rules in Chapters 10A NCAC 13B and 10A NCAC 13C were adopted by the MCC, and became effective December 31, 2014.

This proposed rule action is part of the process of making these permanent rules replace the temporary rules prior to the expiration 270 days from publication in the NC Register on 12/15/2014. These rules reflect a revision of the temporary rules by requiring the submission of annual data quarterly, as a means to improve cost comparison for the citizens of N.C.

CHAPTER 10 – WILDLIFE RESOURCES AND WATER SAFETY

SUBCHAPTER 10B – HUNTING AND TRAPPING

SECTION .0100 – GENERAL REGULATIONS

15A NCAC 10B .0106 WILDLIFE TAKEN FOR DEPREDACTIONS

(a) Depredation permits allow the taking of undesirable or excess wildlife resources as described in Subparagraphs (1) and (2) of this Paragraph. The taking of depredating coyotes in the counties of Dare, Hyde, Washington, Tyrrell, and Beaufort, with or without a permit, is allowed only as described in Paragraph (c) of this Rule. Only employees of the Wildlife Resources Commission and Wildlife Damage Control Agents may issue depredation permits. Each permit shall be written on a form supplied by the Commission. No permit is needed for the owner or lessee of a property to take wildlife while committing depredations on the property; however, the manner of taking, disposition of dead wildlife, and reporting requirements as described in this Rule still apply.

No permit shall be issued to take any endangered or threatened species of wildlife listed under 15A NCAC 10I, except alligators, by reason of depredations to property. Only the Executive Director may issue depredation permits for Special Concern species listed in 15A NCAC 10I .0105 10I .0103 and for alligators. An individual may take an endangered or threatened species in immediate defense of his own life or of the lives of others without a permit. Any endangered or threatened species that are found to be degrading the immediate threat to human safety shall be reported to a federal or state wildlife enforcement officer, who, upon verification of the report, may take or remove the specimen as provided by 15A NCAC 10I .0102. Depredation permits for other species shall be issued under the following conditions:

(1) for taking wildlife that is or has been damaging or destroying property provided there is evidence of property damage. No permit may be issued for the taking of any migratory birds and other federally protected animals unless a corresponding valid U.S. Fish and Wildlife Service depredation permit, if required, has been issued. The permit shall name the species allowed to be taken and may contain limitations as to age, sex or any other condition within the species so named.
The permit shall be issued to a landholder or an authorized representative of a unit of local government for depredations on public property; and the property. The permit shall be used only by individuals named on the permit.

(2) for taking of wildlife resources in circumstances of overabundance or when the wildlife resources present a danger to human safety. Cities as defined in G.S. 160A-1(2) seeking such a depredation permit must apply to the Executive Director using a form supplied by the Commission requesting the following information:

(A) the name and location of the city;
(B) the acreage of the affected property;
(C) a map of the affected property;
(D) the signature of an authorized city representative;
(E) the nature of the overabundance or the threat to public safety; and
(F) a description of previous actions taken by the city to ameliorate the problem.

(b) Wildlife Damage Control Agents: Upon completion of a training course designed for the purpose of reviewing and updating information on wildlife laws and safe, humane wildlife handling techniques and demonstration of a knowledge of wildlife laws and safe, humane wildlife handling techniques, an individual with no record of wildlife law violations may apply to the Wildlife Resources Commission (Commission) to become a Wildlife Damage Control Agent (WDCA). Those persons who demonstrate knowledge of wildlife laws and safe, humane wildlife handling techniques by a passing score of at least 85 percent on a written examination provided by a representative of the Wildlife Resources Commission in cooperation with the training course provider shall be approved. Those persons failing to obtain a passing score shall be given one chance for re-testing without re-taking the course. Those persons approved as agents by the Commission may then issue depredation permits for depredation as defined in Subparagraph (a)(1) of this Rule to landholders and be listed as a second party to provide the control service. WDCA may not issue depredation permits for coyotes in the counties of Beaufort, Dare, Hyde, Tyrrell, Washington, Tyrrell, and Beaufort, big game animals; bats; animals, bats, or species listed as endangered, threatened or species under special concern. WDCA shall report to the Wildlife Resources Commission the number and disposition of animals taken, by county, annually. Records shall be available for inspection by a Wildlife Enforcement officer at any time during normal business hours. Wildlife Damage Control Agent status shall be revoked at any time the Executive Director determines that there is evidence of violations of wildlife laws, failure to report, or inhumane treatment of animals by the WDCA. A WDCA may not charge for the permit, but may charge for his or her investigations and control services. In order to maintain a knowledge of current laws, rules, and techniques, each WDCA shall renew his or her agent status every three years by showing proof of having attended at least one training course provided for the purpose of reviewing and updating information on wildlife laws and safe, humane wildlife handling techniques within the previous 12 months.

(c) Each depredation permit shall have an expiration date or time after which the depredation permit is no longer valid. The depredation permit authorizes possession of any wildlife resources taken under the permit and shall be retained as long as the wildlife resource is in the permittee’s possession. All individuals taking wildlife resources under the authority of a depredation permit are obligated to the conditions written on the permit and the requirements specified in this Rule.

(d) Manner of Taking:

(1) Taking Without a Permit. Wildlife taken without a permit while committing depredations to property may, during the open season on the species, be taken by the landholder by any lawful method. During the closed season such depredating wildlife may be taken without a permit only by the use of firearms or archery equipment as defined in 15A NCAC 10B .0116.

(2) Taking With a Permit. Wildlife taken under a depredation permit may be taken only by the method or methods authorized by the permit. When trapping is authorized, in order to limit the taking to the intended purpose, the permit may specify a reasonable distance from the property sought to be protected, according to the particular circumstances, within which the traps shall be set. The Executive Director or agent may also state in a permit authorizing trapping whether or not bait may be used and the type of bait, if any, that is authorized. In addition to any trapping restrictions that may be contained in the permit, the method of trapping shall be in accordance with the requirements and restrictions imposed by G.S. 113-291.6 and other local laws passed by the General Assembly. No depredation permit shall authorize the use of poisons or pesticides in taking wildlife except in accordance with the provisions of the North Carolina Pesticide Law of 1971, the Structural Pest Control Act of 1955, and G.S. 113, Article 22A. No depredation permit shall authorize the taking of wildlife by any method by any landholder upon the lands of another except when the individual is listed as a second party on a depredation permit.

(3) Intentional Wounding. It is unlawful for any landholder, with or without a depredation permit, intentionally to wound a wild animal in a manner so as not to cause its immediate death as suddenly and humanely as the circumstances permit.

(e) Disposition of Wildlife Taken:

(1) Generally. Except as provided by the succeeding Subparagraphs of this Paragraph, any wildlife killed without a permit while
committing depredations shall be buried or otherwise disposed of in a safe and sanitary manner on the property. Wildlife killed under a depredation permit may be transported to an alternate disposal site if desired. Anyone in possession of carcasses of animals being transported under a depredation permit shall have the depredation permit in his or her possession. Except as provided by the succeeding Subparagraphs of (d)(2) through (5) of this Rule, all wildlife killed under a depredation permit shall be buried or otherwise disposed of as stated on the permit.

(2) Deer and feral swine. The edible portions of feral swine and deer may be retained by the landholder for consumption but shall not be transported from the property where the depredations took place without a valid depredation permit. The landholder may give a second party the edible portions of the feral swine and deer taken under the depredation permit. The receiver of the edible portions shall hold a copy of the depredation permit. The inedible portions of any deer carcass, including head, hide, feet, and antlers, shall be disposed of as specified in Subparagraph (1) of this Paragraph or turned over to a wildlife enforcement officer for disposition.

(3) Fox. Any fox killed under a depredation permit may be disposed of as described in Subparagraph (1) of this Paragraph or, upon compliance with the fur tagging requirements of 15A NCAC 10B .0400, the carcass or pelt thereof may be sold to a licensed fur dealer.

(4) Furbearing Animals. The carcass or pelt of any furbearing animal killed during the open season for taking such furbearing animal for control of depredations to property, whether with or without a permit, may be sold to a licensed fur dealer provided that the person offering such carcass or pelt for sale has a valid hunting or trapping license, provided further that, bobcats and otters may only be sold upon compliance with any required fur tagging requirement set forth in 15A NCAC 10B .0400.

(5) Animals Taken Alive. Wild animals in the order Carnivora, armadillos, groundhogs, nutria, and beaver shall be humanely euthanized either at the site of capture or at a facility designed to humanely handle the euthanasia or released on the property where captured. Feral swine shall be euthanized while still in the trap in accordance with G.S. 113-291.12. For all other animals taken alive, the animal shall be euthanized or released on property with permission of the landowner. When the relocation site is public property, written permission must be obtained from an appropriate local, state, or federal official before any animal may be released. Animals transported or held for euthanasia must be euthanized within 12 hours of capture. Anyone in possession of live animals being transported for relocation or euthanasia under a depredation permit shall have the depredation permit in his or her possession.

(f) Reporting Requirements. Any landholder who kills an alligator, a coyote in the counties of Beaufort, Dare, Hyde, Tyrrell, or Washington, deer, Canada goose, bear, or wild turkey under a valid depredation permit shall report such kill on the form provided with the permit and mail the form upon the expiration date to the Wildlife Resources Commission. Any landowner who kills a coyote in the counties of Beaufort, Dare, Hyde, Tyrrell and Washington shall report such kill as directed on the form provided with the depredation permit. The killing and method of disposition of every alligator, alligator and bear, or coyote in the counties of Beaufort, Dare, Hyde, Tyrrell or Washington and bear taken without a permit shall be reported to the Wildlife Resources Commission within 24 hours following the time of such killing.

(g) In the counties of Dare, Hyde, Washington, Tyrrell, and Beaufort, depredating coyotes may be taken subject to the following restrictions:

(1) Taking coyotes without a permit. Depredating coyotes may be harassed by non-lethal means. Coyotes may be shot in defense of a person's safety or the safety of others, or if livestock or pets are threatened.

(2) Taking coyotes with a permit. Only employees of the Commission shall issue depredation permits for the taking of coyotes in these counties. Commission employees shall only authorize trapping or other non-lethal manner of take in the permit.

(3) Reporting and disposition. All coyotes taken under a depredation permit shall be reported to the Wildlife Resources Commission within 24 hours and disposed of as stated on the permit. Inspected by the licensee or licensee’s agent once a week during normal weather conditions to verify its stability and to detect the existence of any conditions or activities that threaten its stability. In the event of severe weather or any other condition that presents potential for damage to the fence, inspection shall occur every three hours until cessation of the threatening condition, except that no inspection is required under circumstances that threaten the safety of the person conducting the inspection.

(E) Maintenance. Any opening or passage through the enclosure fence that results from damage shall, within one hour of detection, be sealed or otherwise secured to prevent a cervid from escape. Any damage to the enclosure fence that threatens its stability shall be repaired within one week of detection.

(F) Escape. When a licensee discovers the escape of any cervid from the facility, the licensee or designee shall report within 24 hours the escape to the Commission. If possible, the escaped cervid shall be recaptured alive. If live recapture is not possible, the licensee shall request
a wildlife take permit under G.S. 113-274 by contacting the Wildlife Management Division of the Commission at (919) 707-0050 and take the escaped cervid pursuant to the terms of the permit. A recaptured live cervid shall be submitted to the Commission for Chronic Wasting Disease (CWD) testing using a test recognized by the Southeastern Cooperative Wildlife Disease Study, unless the executive director determines that the risk of CWD transmission as a result of this escape is negligible based upon the following:

(i) amount of time the escaped cervid remained out of the facility;
(ii) proximity of the escaped cervid to wild populations;
(iii) known susceptibility of the escaped cervid species to CWD; and
(iv) nature of the terrain in to which the cervid escaped.

Chronic Wasting Disease (CWD)

(i) Detection—Each licensee shall inform the Commission immediately, but within 24 hours, if any cervid within the facility exhibits clinical symptoms of CWD, and may include symptoms as provided in 9 C.F.R. 81.1, or if a quarantine is placed on the facility by the State Veterinarian. All captive cervids that exhibit symptoms of CWD shall be tested for CWD. 9 C.F.R. 81.1 is hereby incorporated by reference, shall include any later amendments and editions of the incorporated material, and may be accessed free of cost at http://www.gpo.gov/fdsys/pkg/CFR-2012-title9-vol1/pdf/CFR-2012-title9-vol1-sect81-1.pdf. Cervids that exhibit clinical symptoms of CWD shall not be transported. Regardless of age, cervids that exhibit clinical symptoms of CWD shall be made available for testing upon death.

(ii) Cervid death. Licensees shall inform the Commission at (919) 707-0050 during normal business hours and 1-800-662-7137 outside business hours of the death of any cervids 12 months of age or older within 12 hours of the death. The carcass of any captive cervid that was 12 six-months of age or older at time of death shall be made available for testing transported and submitted by the licensee or his designee to a North Carolina Department of Agriculture diagnostic lab for CWD evaluation within 48 hours of the cervid's death, or by the end of the next business day, whichever is later. Ear tags distributed by the Commission and subsequently affixed to the cervids as required by this Rule, may not be removed from the cervid's head prior to submitting the head for CWD evaluation.

(iii) The Commission shall require testing or forfeiture of cervids from a facility holding cervids in this State should the following circumstances or conditions occur:

(I) The facility has transferred a cervid that is received by a facility in which CWD is confirmed within five years of the cervid's transport date and that transferred cervid has tested positive for CWD or the test for CWD was inconclusive or the transferred cervid was no longer available for testing.

(II) The facility has received a cervid that originated from a facility in which CWD has been
confirmed within five years of the cervid's transport date and that received cervid has tested positive for CWD or the test for CWD was inconclusive or the received cervid was no longer available for testing.

(G) Herd Status. The Commission and the N.C. Department of Agriculture and Consumer Sciences shall designate herds as CWD-suspect, CWD-exposed, or CWD-positive as defined in 9 C.F.R. 55.1 when exposure to the disease is suspected. 9 C.F.R. 55.1 is hereby incorporated by reference, shall include any later amendments and editions of the incorporated material, and may be accessed free of cost at: http://www.ecfr.gov/cgi-bin/retrieveECFR?gp=&SID=940029f5dad7b72c54cd3985f1da490a&n=pt9.1.55&r=PART&ty=HTML#se9.1.55_11 No cervids shall move out from or into herds designated as CWD-suspect, CWD-exposed, or CWD-positive pending an epidemiological investigation. If the investigation determines a herd to be CWD-exposed or CWD-positive, movement shall resume only upon completion of a herd plan. The Commission shall follow herd planning guidelines set forth in the May 2014 edition or subsequent updates of the U.S. Department of Agriculture's Chronic Wasting Disease Program Standards Part B. Movement of cervids out from or into herds designated as CWD-suspect shall only resume after all suspected animals have been tested and no signs of CWD were detected in the submitted samples.

(H) Tagging Required. All cervids within a herd shall be tagged with two separate tags as provided by the Commission. Cervids born within a facility shall be tagged before 12 months of age. All cervids regardless of age shall be tagged before being transported. Effective upon receipt of tags from the Commission, each licensee shall implement the tagging requirement using only the tags provided by the Commission as follows:

(i) All cervids born within a facility shall be tagged by March 1 following the birthing season each year.

(ii) All cervids transferred to a facility shall be tagged within five days of the cervid's arrival at the licensee's facility. However, no cervids shall be transported from one facility to another unless both sending and receiving herds are certified according to 15A NCAC 10H .0304, or the sending herd is a Certified herd and the receiving herd is a licensed facility. However, no cervids shall be transported from one facility to another unless both sending and receiving herds are certified according to 15A NCAC 10H .0304.

(I) Application for Tags.

(i) Application for tags for calves and fawns. Application for tags for cervids born within a facility shall be made by the licensee by December 1 following the birthing season of each year. The licensee shall provide the following information, along with a statement and licensee's signature verifying that the information is accurate:

(I) applicant name, mailing address, and telephone number;

Place the Tags. (J) Place of the Tags. (i) A single button ear tag provided by the Commission shall be permanently affixed by the licensee onto either the right or left ear of each cervid, provided that the ear chosen to bear the button tag shall not also bear a bangle tag, so that each ear of the cervid bears only one tag.

(ii) A single bangle ear tag provided by the Commission shall be permanently affixed by the licensee onto the right or left ear of each cervid except Muntjac deer, provided that the ear bearing the bangle tag does not also bear the button tag, so that each ear of the cervid bears only one tag. Muntjac deer shall not be tagged with the bangle tag.

(iii) Once a tag is affixed in the manner required by this Rule, it shall not be removed.

15A NCAC 10H .0304 CAPTIVE CERVID HERD CERTIFICATION PROGRAM

(a) The Wildlife Resources Commission has established this Captive Cervid Herd Certification Program in order to prevent the introduction of Chronic Wasting Disease (CWD) into North Carolina and reduce the potential for spread of CWD while allowing transportation of cervids from herds in which CWD has not been detected for at least five years, in accordance with the requirements in this Section. Only licensees with Certified Herds as defined in Paragraph (e) of this Rule may request to expand their pen size to accommodate additional cervids, cervids and export cervids outside of North Carolina and transport cervids within North Carolina for purposes other than those specified in 15A NCAC10H .0301(f)(4). Licensees with Certified Herds may also import cervids from a herd in which CWD has not been detected for at least five years and has been managed using standards equivalent to, or more stringent than, the criteria specified in 15A NCAC 10H .0301 and 15A NCAC 10H .0302. The individual U.S. or Mexican state or territory, Canadian province or other country of origin must have CWD monitoring requirements that are at least as stringent as those described in this Section. The originating individual U.S. or Mexican state or territory’s, Canadian province’s or other country’s CWD monitoring program must be jointly reviewed by Wildlife Resources Commission and Department of Agriculture and Consumer Services personnel before approval of any importation of cervids into North Carolina. There shall be no importation from individual U.S or Mexican states or territories, Canadian provinces or other countries in which CWD has been detected, either in a wild or captive herd.

(b) Enrollment qualifications. Only captive cervid herds held under a valid captivity license are eligible for enrollment in the Captive Cervid Herd Certification Program. Licensees shall comply with all captivity license requirements outlined in this Section and the rules and laws regulating possession, transportation and importation of cervids in order to remain in the Captive Cervid Herd Certification Program.

(c) Enrollment application. Each individual holding a current and valid Captivity License for cervids may apply to be enrolled in the Captive Cervid Herd Certification Program. All applications shall be in writing on a form supplied by the Commission. The Commission shall deny an application if:
(1) the licensee has not complied with all the requirements under the captivity license statutes and all rules pertaining to the holding of cervids in captivity and the transportation or importation of cervids resulting in a failed inspection report for the licensee’s most recent inspection; or a pending citation;

(2) the licensee has provided false information; or

(3) CWD has been confirmed in a cervid at the licensee’s facility.

(b) Enrollment dates. The enrollment date is:

(1) the first date upon official inspection, documented by Wildlife Resources Commission and Department of Agriculture and Consumer Services personnel, on which the licensee came into compliance with all captivity rules and statutes that pertain to cervids, including tagging, provided that the licensee has continued to comply with these regulations; or the date on which a waiver was issued by the Wildlife Resources Commission Executive Director under the conditions set forth in 15A NCAC 10A .1101 (a) that brought the licensee into compliance assuming that there were no other compliance actions pending, providing that the licensee has continued to comply with the captive cervid regulations.

This date may be retroactive but may extend back no earlier than the date Wildlife Resources Commission and Department of Agriculture and Consumer Services personnel documented that the licensee came into compliance with all captivity rules and statutes related to holding cervids in captivity, including tagging of all cervids.

(c) Herd status shall be as defined in 9 C.F.R. 55.24 (a). Loss or suspension of herd status shall be as defined in 9 C.F.R. 55.24 (b). 9 C.F.R. 55.24 (a)&(b) is hereby incorporated by reference. shall include any later amendments and editions of the incorporated material, and may be accessed free of cost at http://www.ecfr.gov/cgi-bin/text-idx?SID=18c86a6244f627571204af3e86bf01fc&node=se9.1.55-

(d) (b) Inspections. If an inspection of the captive cervids is needed as a part of certification, including reinstating a suspended status, the licensee shall be responsible for assembling, handling, and restraining the captive cervids and all costs incurred to present the animals for inspection.

The Wildlife Resources Commission shall review cases of suspended status upon request. A Certified Herd with suspended status may regain its status if the licensee corrects within 30 days the deficiency under which the status was suspended or, in the case of suspected CWD, the disease was not detected in the suspect animal.

(e) (d) Inspections. If an inspection of the captive cervids is needed as a part of certification, including reinstating a suspended status, the licensee shall be responsible for assembling, handling, and restraining the captive cervids and all costs incurred to present the animals for inspection.

BASED UPON careful consideration of the sworn testimony of the witnesses presented at the hearing and the entire record in this proceeding, the undersigned makes the following findings of fact and conclusions of law. In making the findings of fact, the undersigned has weighed all the evidence and has assessed the credibility of the witnesses by taking into account the appropriate factors for judging credibility, including, but not limited to, the demeanor of the witness, any interests, bias, or prejudice the witnesses may have, the opportunity of the witnesses to see, hear, know or remember the facts or occurrences about which the witnesses testified, whether the testimony of the witnesses is reasonable, and whether the testimony is consistent with all other believable evidence in the case. From the sworn testimony of the witnesses, the undersigned makes the following:

FINDINGS OF FACT

1. At all times relevant to this matter, Rhamia Machae Robinson ("Petitioner") was employed as a health care personnel—namely, a Support Specialist—at Meadowood Group Home in Greensboro, North Carolina.

2. Meadowood Group Home is a residential facility, as defined by N.C.G.S. § 122C-3(14)e, and is therefore subject to N.C.G.S. § 131E-256.

3. Petitioner’s duties as a Support Specialist included, among other things, assisting residents with activities of daily living (ADLs), interact frequently and positively with residents to promote an enhanced quality of life for residents, and promote behavioral support for residents using agency procedures and plans.
4. Petitioner received training in abuse, neglect, and behavior management, among other areas. (T. p 33)

5. C. P., a resident of Meadowood, is a 33 year old with Mental Retardation, Bipolar Disorder, and episodic mania.

6. C.P. has a Behavioral Support Plan, the most current version was implemented on February 1, 2013 and was in place on September 12, 2013. (Exh. 13)

7. The Behavioral Support Plan for C.P. identifies targeted behaviors that the Behavioral Support Plan seeks to address, including physical aggression, cooperation difficulties, elopement, and tantrums. Along with identifying targeted behaviors the Behavioral Support Plan provides strategies and guidelines for preventing or intervening in these targeted behaviors.

8. The Behavioral Support Plan for C.P. directs staff to not provide negative attention to C.P., not to badger him, to avoid power struggles, and cautions staff to always be respectful and kind. Steven Gilbert, Behavioralist for ResCare and author of C. P.’s Behavioral Support Plan explained during testimony that negative attention and rude behavior is seen by C. P. as being confrontational and tends to exacerbate his negative behaviors and make him more confused. (Exh. 13; T. pp 27-30)

9. All staff of Meadowood Group Home, including Petitioner, was made aware of residents’ behavior plans, given copies of the behavior plans in the program books and clinical book for their reference, and expected to know the behavior plan of the resident they are working with. (T. pp 32, 52)

10. On September 12, 2013 Petitioner and employees Theo Givens and Tomonika Harvey took C.P. and five other residents on an outing to Burlington Coat Factory. Mr. Givens and Ms. Harvey left the van to shop while Petitioner remained on the van to be in charge of six residents. C.P. was one of the residents. Next, these same employees were instructed by William Lofton to stop at Walmart to pick up supplies for the group home on the way back from the outing. Mr. Givens and Ms. Harvey once again left the van to shop while Petitioner remained on the van to be in charge of six residents. Again, C.P. was one of the residents. (T. p 86)

11. After completing the trip to Burlington Coat Factory C.P. asked to go to the bathroom while the group was en route to Walmart. (Exh. 17-21)

12. At Meadowood at intervals of one to three times per month, C.P. would engage in physical altercations and assaults on Petitioner. This activity and frequency were known to the Meadowood management. During these times, C.P. engaged in heated arguments with Petitioner, stuck Petitioner in the face, and tackled Petitioner to the floor. Because of these
incidents, Petitioner was relieved of her care for C.P. and was instructed not to interact with C.P. On the day in question, according to statements attributed to Mr. Givens and Ms. Harvey, Petitioner told C.P. to “hold his piss like a grown ass man.” Petitioner denies making this statement to C.P. Mr. Givens and Ms. Harvey were not present to testify. (Exh. 5;17-21 and T. pp 97-99; 102-105)

13. According to statements attributed to Theo Givens, Mr. Givens offered to take C.P. to the restroom inside the Walmart to which Petitioner responded that C.P. was “not going anywhere.” Mr. Givens did not testify. Petitioner declares in Exhibit #9 the following: One staff was to go inside, but both staff went inside, leaving her with six clients alone in the van. Ms. Robinson stated once the staff were off the van, C.P. stated he had to use the restroom.” (Exh. 9,17-19)(T. p 100)

14. C.P. became agitated and pushed Petitioner to the floor. Petitioner attempted to prevent C.P. from leaving the van by holding onto the door handle but C.P. pushed past Petitioner and exited the van. This physical altercation between Petitioner and C.P. continued outside the van. C.P. pushed Petitioner against the van then shoved Petitioner to the pavement. C.P. was yelling obscenities at Petitioner. Bystanders called the Greensboro police for emergency police intervention. C.P. entered Walmart. (T. pp 87-88).

15. Prior to Greensboro Police arriving, C.P. went into Walmart in search of the bathroom where an off duty employee of Meadowood encountered C.P. and noticed his ear was bleeding and that he had scratches on his face. (Exh. 22)

16. According to out of court statements attributed to Theo Givens, Mr. Givens encountered C.P. inside of Walmart, where he also noted the blood on C.P.’s ear and the scratches on his face. Mr. Givens asked C.P. what happened to him to which C.P. responded that Petitioner beat him up and that he was “not getting back on the van.” Neither Mr. Givens nor C.P. testified. (Exh. 17)

17. Petitioner reported the incident to William Lofton and filled out an incident report on September 12, 2013. Nycole Mumford, Operators Manager for ResCare Community Alternatives of North Carolina, informed Petitioner that she had been placed on Administrative Leave pending the outcome of an internal investigation into the allegation of abuse and neglect due to Petitioner violating company policy. (Exh. 6)

19. Shane Ferguson terminated Petitioner’s employment at Meadowood Group Home as a result of the internal investigation.
20. Petitioner testified that she was not to be left alone with C.P. as a result of prior incidents between her and C.P.; however, statements attributed to Theo Givens indicated that Petitioner would not let C.P. off of the van when other staff members offered to take him with them into Walmart. Mr. Givens exited the van leaving Petitioner with C.P. and a total of six residents.

21. Petitioner, when filling out the incident report following the altercation at Walmart, noted that a body check had been completed but did not mark that there was an injury. (Exh. 9) Written statements provided by Theo Givens, Tomonika Harvey, and Whitney Nicholson, all present at Walmart when the incident took place, noted scratches to C.P.'s face and a cut on C.P.'s ear.

22. The HCPR investigates allegations against unlicensed health care personnel working in health care facilities in North Carolina. The allegations investigated by HCPR include, but are not limited to, abuse and neglect. With the exception of a finding of a single instance of neglect, substantiated findings against health care personnel are permanently listed on the HCPR. N.C.G.S. § 131E-256.

23. Upon receipt of the allegation against Petitioner, Jennifer Baxter, RN (“Baxter”), Investigator for HCPR, determined that the matter required further investigation.

24. At all times relevant to this incident, Baxter was employed as an Investigator for the HCPR. She is charged with investigating allegations of abuse and neglect, among others, against unlicensed health care personnel in Guilford County, North Carolina, and was assigned to conduct the investigation into the allegation against Petitioner.

25. As a part of her investigation, Petitioner visited ResCare Community Alternatives of North Carolina’s facility and reviewed C.P.’s medical records, Petitioner’s personnel file, and ResCare’s documentation regarding this incident. Baxter also interviewed Theo Givens, Tomonka Harvey, Steven Gilbert, and C.P. Petitioner was not interviewed during the investigation but later gave a statement to Baxter regarding what happened on September 12, 2013.

26. Based on her investigation, Baxter determined that Petitioner neglected and abused C.P. on September 12, 2013, by not following C.P.’s behavior plan by cursing at C.P. and by not allowing C.P. to use the restroom and, accordingly, substantiated the allegations against Petitioner.

27. By certified letter dated December 31, 2013, Baxter notified Petitioner that the allegation that Petitioner had abused and neglected C.P. had been substantiated and said finding would be listed on the Health Care Personnel Registry. Petitioner was further notified of her right to appeal.
28. Steven Gilbert conducted an internal investigation regarding the allegation of abuse by interviewing Whitney Nicholson, Theo Givens, Tomonika Harvey, Petitioner, Abijah Shealy, William Lofton, LaChell Gentle, and C.P. But at the hearing Mr. Gilbert testified on behalf of Respondent’s as Respondent’s witness both in the case in chief and on rebuttal. Mr. Gilbert’s testimony and opinion in rebuttal, in part, appears verbatim below.

TESTIMONY OF STEVEN GILBERT (Returns to witness stand)

A. The entire circumstances of a six-to-one ratio is absurd. That’s something that none of the staff should have allowed. All three staff that were on board that van knew that. So for that circumstance to create itself, in itself is a violation of what we would do. That would be the first thing that would be wrong. There is no way that you’re going to leave me on a van with six clients, and there is two other staff, in other words.

Q. Okay. Fair enough. Now, in this instance, was there any report Made that there were six consumers to only one employee?

A. Not clearly to me, no. I was not aware of that. That would have been – I couldn’t understand why somebody would even go in to Walmart without a client. Our protocol is that if you go into a store to make a purchase, the client goes with you. We don’t leave people on the van to go make purchases. That’s what they do. That’s (inaudible).

In other words, if one of our staff were to take a client into – or not take a client into Walmart, that would be a writeup. Why was that client not going into Walmart, not doing their shopping, no doing the things that they need to do for their home. We don’t go into – staff don’t go into stores and make purchases without clients.

Just like at Burlington Coat Factory, what in the world was somebody doing at Burlington Coat Factory without staff accompanying or clients with them? That’s ridiculous. We don’t do that.

Q. Okay. Was it unrealistic to expect Ms. Robinson to take all staff members – or – excuse me – all clients inside?

A. That would be a situation that is difficult for me to address. I probably would have if somebody had to use the bathroom myself. I can’t stay what’s correct about that because the entire scenario is a no-win scenario. We would not be in that circumstance with that – in that circumstance. (Tr. pp. 108-110)

Based upon the foregoing Findings of Fact, the undersigned makes the following:

6
CONCLUSIONS OF LAW

1. The Office of Administrative Hearings has jurisdiction over the parties and the subject matter pursuant to Chapters 131E and 150B of the North Carolina General Statutes.

2. All parties have been correctly designated and there is no question as to misjoinder or nonjoinder.

3. Pursuant to N.C.G.S. § 131E-256, the North Carolina Department of Health and Human Services ("Department") is required to establish and maintain a health care personnel registry that contains the names of all unlicensed health care personnel working in health care facilities in North Carolina who are subject to a finding by the Department that they, among other things, abused or neglected a resident in a health care facility, or have been accused of such an act if the Department has screened the allegation and determined that an investigation is warranted.

4. Meadowood Group Home is a residential facility, as defined by N.C.G.S. § 122C-3(14)e, and is therefore subject to N.C.G.S. § 131E-256.

5. As a health care personnel working in a residential facility, Petitioner is subject to the provisions of N.C.G.S. § 131E-256.

6. "Abuse" is the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, pain, or mental anguish. 10A N.C.A.C. 130.0101(1); 42 CFR § 488.301.

7. "Neglect" is the failure to provide goods and services necessary to avoid physical harm, mental anguish, or mental illness.

8. The preponderance of the admissible evidence in the record shows that on September 12, 2013, Petitioner did not neglect C.P. by telling him to "hold his piss like a grown ass man," in direct violation of C.P.'s Behavioral Support Plan, which explicitly discusses avoiding confrontational situations such as this due to C.P.'s illness and the target behaviors that these confrontations trigger. Petitioner's testimony as the only witness to testify as to the events in question is found to be credible.

9. The preponderance of the admissible evidence in the record shows that on September 12, 2013, Petitioner did not verbally and physically abuse C.P. by telling him to "hold his piss like a grown ass man," and by actively preventing C.P. from going to the bathroom by telling other care staff that C.P. could not go with them so that he could be taken to the bathroom. Petitioner's testimony as the only witness to testify as to the events in question is found to be credible.
10. Respondent’s action to substantiate the allegation of neglect against C.P. is not supported by a preponderance of the evidence.

11. Respondent’s action to substantiate the allegation of abuse against C.P. is not supported by a preponderance of the evidence.

12. Petitioner carried her burden of proof by the preponderance of the evidence through Petitioner’s credible in court testimony that conflicted with the out of court statements made by those who did not testify that Respondent substantially prejudiced Petitioner’s rights, acted erroneously, or acted arbitrarily or capriciously when Respondent substantiated the allegation that Petitioner abused a resident (C.P.) of Meadowood Group Home in Greensboro, North Carolina. Meadowbrook management permitted Petitioner to be repeatedly assaulted by C.P. which was a situation well know and within the knowledge of Meadowood management. In spite of this knowledge, Meadowood management allowed Petitioner to remain in close proximity to C.P. on numerous occasions in a small van which could at any time erupt in violence causing Petitioner to defend herself from an assault and which finally did erupt in a violent assault to such an extent that bystanders had to summon the police. Furthermore, Meadowood management either condoned or was not aware of (and should have been aware of by imputed knowledge) that on at least two occasions Meadowood employees were allowed to leave the van without a client educational purpose to engage in a personal shopping experience. When doing so, the departing employees abandoned their responsibility to Meadowood’s clients who were left on the van in order to engage in a personal pursuit and left residents to the charge of a single employee who then became responsible for the safety of six residents. The ratio was to be 1:2 (employee to clients). Petitioner when left as custodian for six residents on a small van. Petitioner made the best decision she could make when a sudden emergency arose under the facts and circumstances found herein. Petitioner cannot be found to have either abused or neglected C.P. in an attempt to defend herself from an assault or making verbal statements to C.P. during the altercation.

Based on the foregoing Findings of Fact and Conclusions of Law, the undersigned makes the following:

**FINAL DECISION**

Based on the foregoing Findings of Fact and Conclusions of Law, the undersigned hereby determines that Respondent’s decision to place a finding of abuse against Petitioner on the Health Care Personnel Registry should be REVISED.

**NOTICE**

UPON DUE CONSIDERATION of the submissions and arguments of counsel, the documents and other exhibits admitted, and the sworn testimony of each of the witnesses, considering their opportunity to see, hear, know, and recall the relevant facts and occurrences about which they testified; any interests they may have; and whether their testimony is reasonable and consistent with other credible evidence; and, assessing the greater weight of the evidence from the record as a whole, in light of applicable law, now therefore, based upon the preponderance of the credible evidence, the undersigned Administrative Law Judge makes the following:

FINDINGS OF FACT

1. At all times relevant to this matter, Petitioner Mary E. Jones was employed as a Certified Nursing Assistant at Pine Lake, a nursing home in Carthage, North Carolina, and therefore, was subject to N.C. Gen. Stat. § 131E-256. (T. p. 10) She had been employed at Pine Lake since 1996.

2. Petitioner completed all required training related to her job responsibilities. She received instruction on how to report an accident or incident involving a resident, and how to assist other CNAs. She also received training with regard to Pine Lake’s policies on investigating incidents of abuse and neglect of residents. (T. pp. 23-26; R. Ex. 3)

3. Petitioner acknowledged receiving Pine Lake’s Elder Abuse Training, indicating her knowledge of and agreement to comply with their code of conduct, and further indicating her understanding that failure to provide services necessary to avoid physical harm or mental anguish is considered caretaker neglect. Additionally, Petitioner acknowledged that she understood that it was Pine Lake’s policy to report any falls to a nurse supervisor before attempting to move the resident. Petitioner acknowledged that she should promptly report any incident or accident that occurred with a resident. (T. pp. 23-26, 28; R. Ex. 3)

4. Petitioner received in-service training on how to properly handle falls, restraints, lifts,
and reporting. (T. p. 23; R. Ex. 3)

5. On March 3, 2014, Petitioner was with D.H., a resident at Pine Lake, when D.H. fell to the floor from a Hoyer lift, sustaining a small gash on the left side of his head which required stitches and an internal brain bleed. (T. pp. 26-30; R. Exs. 5)

6. Resident D.H. was 64 years old at the time of the incident. He suffered from Clostridium difficile colitis, Hyponatremia, chronic respiratory failure, Hypertension, and chronic anemia. D.H. was bed-bound, in a vegetative state, and required total care. (T. p. 15, R. Exs. 5 & 8A) The use of a Hoyer lift was required to leave his bed. His plan of care included that his weight should be documented once a month, using the Hoyer lift. (T. p. 16)

7. On March 3, 2014, Petitioner asked Ramona Derrickson to assist her with weighing D.H. with the Hoyer lift. (T. p. 16; R. Exs. 6 & 11) Petitioner testified that while weighing D.H., he fell out of the Hoyer lift and hit his head on the floor. Petitioner and Ms. Derrickson picked up D.H. and put him back into his bed before proper evaluation of his injuries, contrary to their training. They also failed to immediately report the incident to a nurse or supervisor, as they had been trained to do, causing a delay in treatment of the resident’s injuries. (T. pp. 26-30, 33; R. Exs. 6 & 11)

8. By happenstance, Jena Darsey, LPN, came to D.H.’s room to store some supplies at some point after Petitioner and Ms. Derrickson put D.H. back into the bed. Ms. Darsey noticed blood on the floor and on the bed. Ms. Darsey noticed blood on the floor and on the bed. Ms. Darsey examined D.H. and found a wound on the back of his head. Ms. Darsey asked Petitioner and Ms. Derrickson what happened to D.H. Petitioner testified that she told Ms. Darsey that D.H. jerked his head back while Petitioner was weighing him and bumped his head on the side rail of the bed. Ms. Darsey then contacted the wound nurse and the Director of Nursing, Tracy Bain. (T. p. 64; R. Exs. 4, 8A, & 8B)

9. After stopping the bleeding, Ms. Darsey and Ms. Bain decided to send D.H. to the hospital ER for stitches. Ms. Darsey recorded in D.H.’s progress notes what she was told by Petitioner about the incident and what she observed firsthand about D.H.’s injuries. (T. p. 67; R. Exs. 4, 8A, & 8B)

10. Ms. Bain performed a “facility investigation” into the incident. She brought Petitioner and Ms. Derrickson to her office separately to ask them about the cause of the accident. Both initially told Ms. Bain that D.H. hit his head on the side rail of his bed. (T. pp. 71-78; R. Exs. 10A & 10B)

11. Later in the evening of March 3, 2014, Ms. Derrickson went to Ms. Bain and admitted that D.H. had fallen from the Hoyer lift and hit his head on the floor. Ms. Bain immediately called the hospital and informed the doctor the actual circumstances that led to D.H.’s injury. Ms. Bain told Ms. Darsey to send both Petitioner and Ms. Derrickson home and to take the Hoyer lift out of service. (T. pp. 75-76; R. Exs. 8A, 8B, 10A, & 10B) CT scans at the hospital revealed that D.H. suffered a brain hemorrhage in the left
frontal lobe as a result of the fall from the Hoyer lift. (T. p. 83; R. Ex. 5)

13. As part of her investigation, Ms. Bain had the Hoyer lift inspected. The inspector found that the lift was functioning properly. (T. p. 73; R. Exs. 10A & 10B) On March 5, 2014, Ms. Bain completed and filed a 5-Working Day Report, classifying the incident as “resident neglect” resulting in a fall and injury, and that the employees “placed resident in bed [and] then lied to charge nurse and Director of Nursing about what happened.” (T. p. 72; R. Ex. 2) Both Petitioner and Ms. Derrickson were terminated by Pine Lake. (T. p. 30; R. Exs. 10A & 13)

14. On or about March 3, 2014, Petitioner Mary E. Jones, a Certified Nursing Assistant, neglected a resident (“D.H.”) by: failing to properly use the Hoyer lift, resulting in the resident’s fall to the floor; picking the resident up and putting him back into bed before having a nurse assess his injuries; failing to promptly report the fall, thus resulting in a delay of proper evaluation; and lying about how the injury occurred, putting the resident at risk of being inappropriately treated for his injury. (T. pp. 13, 17-20, 26-30; R. Exs. 6 & 11)

15. The Health Care Personnel Registry Section’s Investigation Branch (“HCPPRB”) investigates allegations of abuse, neglect, and other allegations against health care personnel in health care facilities. If the allegation is substantiated, the employee will be placed on the Registry. The HCPPRB covers most licensed facilities in North Carolina that provide patient care, including personnel at Pine Lake. (T. p. 36)

16. At all times relevant to this incident, Athena Foreman was employed as an investigator for the HCPPRB. She is charged with investigating allegations against health care personnel in the north central region of North Carolina. Accordingly, Pine Lake was in her region, and she received and investigated the complaint that Petitioner had neglected Resident D.H. (T. pp. 35-36)

17. After the complaint against Petitioner was received, it was determined that further investigation was needed. As part of the investigation, Ms. Foreman interviewed Petitioner, Ms. Darsey, Ms. Derrickson, and Ms. Bain. She also reviewed the resident’s records and took into account the internal investigation conducted by the facility. (T. pp. 35-37; R. Exs. 1-7B, 10A, & 10B)

18. On June 9, 2014, Ms. Foreman interviewed Petitioner at the Southern Pines Library. Ms. Foreman asked Petitioner to clarify why she did not report the incident with D.H. to a
nurse. Petitioner told Ms. Foreman that she got scared when she dropped D.H. and lied to the nurse about what happened. Petitioner also admitted to Ms. Foreman that she knew she violated Pine Lake’s policy on incident/accident reporting. (R. Ex. 6)

19. On May 20, 2014, Ms. Foreman interviewed Ms. Bain at Pine Lake. Ms. Bain explained that Petitioner had been terminated in part because D.H. had been allowed to fall, but primarily because she had moved him after the fall, disregarding the danger of exacerbating his injuries. Ms. Bain also believed that because Petitioner lied about what had occurred, D.H. did not immediately receive the proper treatment. (T. pp. 77-78, 81; R. Ex. 10A) Ms. Foreman also interviewed Ms. Darsey, who told Ms. Foreman that Ms. Derrickson came to her upset on the afternoon of March 3, 2014, and admitted D.H. had fallen from the Hoyer lift. (R. Ex. 8A)

20. On May 29, 2014, Ms. Foreman interviewed Ms. Derrickson at Southern Pines Library. Ms. Derrickson informed Ms. Foreman that she initially lied about what happened to D.H., but she eventually told another CNA and Ms. Darsey the truth about D.H.’s fall from the Hoyer lift. (T. p. 57; R. Ex. 7A)

21. Ms. Foreman concluded that Petitioner neglected Resident D.H. and wrote an investigation report which documented her conclusions. (T. pp. 10-79; R. Exs. 4, 6, 7A-8B, & 10A-11)

22. Petitioner was properly notified by letter that HCPRID’s finding of neglect would be listed against her name in the Health Care Personnel Registry and of her right to appeal. (R. Ex. 12) Petitioner timely sought this hearing.

23. To the extent that portions of the following Conclusions of Law include findings of fact, such are incorporated by reference into these Findings of Fact.

Upon the foregoing Findings of Fact, the undersigned makes the following:

**CONCLUSIONS OF LAW**

1. The Office of Administrative Hearings has jurisdiction over the parties and the subject matter of this controversy pursuant to Chapters 131E and 150B of the North Carolina General Statutes.

2. The Health Care Personnel Registry Section of the North Carolina Department of Health and Human Services, Division of Health Service Regulation, is required by N.C. Gen. Stat. § 131E-256 to maintain a Registry that contains the names of all health care personnel and nurse aides working in health care facilities who are subject to a finding by the Department that they neglected a resident in a health care facility.

3. Pine Lake of Carthage is a health care facility as defined in N.C. Gen. Stat. § 131E-255(c) and N.C. Gen. Stat. § 131E-256(b). As a Certified Nursing Assistant working in a
health care facility, Petitioner is subject to the provisions of N.C. Gen. Stat. § 131E-256.

4. For the purposes of the Health Care Registry, “neglect” is defined as a failure to provide goods or services necessary to avoid physical harm, mental anguish, or mental illness. 10A N.C.A.C. 13O .0101(10), 42 CFR § 488.301.

5. Petitioner had the burden of proving that Respondent substantially prejudiced her rights, failed to act as required by law or rule, exceeded its authority, or failed to use proper procedure when it substantiated the allegations that Petitioner neglected D.H. on March 3, 2014, and entered said findings against Petitioner on the North Carolina Health Care Personnel Registry. Overcash v. N.C. Dept. of Env't & Natural Res., 179 N.C. App. 697, 699, 635 S.E.2d 442, 444-45 (2006); Byrd v. N.C. Dept. of Health and Human Services, 2013 WL 8116135, 12DHR12691 (NC OAH, 5 Nov. 2013). Petitioner failed to sustain the burden of proof.

6. On or about March 3, 2014, Petitioner neglected Resident D.H. by failing to properly use the Hoyer lift, resulting in the resident’s fall; moving the resident before obtaining a medical clearance that he could be moved without exacerbating his injuries; failing to promptly report the accident; and misrepresenting the nature of the accident in a way that could affect the resident’s treatment.

7. To the extent that portions of the foregoing Findings of Fact include conclusions of law, such are incorporated by reference into these Conclusions of Law.

Based on the foregoing Findings of Fact and Conclusions of Law, the undersigned makes the following:

FINAL DECISION

The undersigned hereby determines that Respondent’s decision to enter a finding that Petitioner neglected a nursing home resident on the Health Care Personnel Registry was justified and appropriate and should be UPHELD.

PROPOSAL FOR DECISION

Pursuant to N.C. Gen. Stat. § 150B-40(e), Respondent filed a request for designation of an Administrative Law Judge to preside at a hearing of a contested case under Article 3A, Chapter 150B of the North Carolina General Statutes on April 14, 2014. Petitioner initiated this hearing to contest Respondent's March 12, 2014 decision to deny or suspend Petitioner's law enforcement certification.

On August 27, 2014, Administrative Law Judge Melissa Owens Lassiter heard this contested case in Wilmington, North Carolina. On October 7, 2014, the undersigned issued an Order ruling that there was insufficient evidence presented at hearing to support Respondent's proposed denial or suspension of Petitioner's law enforcement suspension. Pursuant to the undersigned's request, Petitioner filed a proposed Final Decision with the Office of Administrative Hearings on October 21, 2014.

APPEARANCES

For Petitioner: J. Michael McGuinness

For Respondent: William P. Hart, Jr.
Assistant Attorney General
N. C. Department of Justice
P. O. Box 629

ISSUE

Was there sufficient evidence to justify Respondent's decision to deny or suspend Petitioner's law enforcement certification for impersonating a law enforcement officer in violation of N.C. Gen. Stat. § 14-277?

STATUTES/RULES AT ISSUE

N.C. Gen. Stat. § 14-277
12 NCAC 9A .0204(b)(3)(A)

FINDINGS OF FACT

Procedural Background

2. Specifically, Respondent's Probable Cause Committee alleged that on October 1, 2013, Petitioner impersonated a law enforcement officer during a traffic stop "by advising Officer Bojko you were a 'cop' and opened your wallet displaying a police identification." (Resp. Ex. 1)

Adjudicated Facts

5. By report dated April 22, 2010, Dr. Gregory Gridley advised Wallace Police Chief Bobby Maready of the result of his psychological evaluation to assess Petitioner's fitness for employment and duty as a Wallace police officer. Dr. Gridley concluded that Petitioner was fit for employment as a law enforcement officer, and indicated that he will "be an excellent addition to your force." (Pet Ex. 10)

6. From May 2010 until September 2013, Petitioner served as a Wallace police officer under the leadership of Chief Bobby Maready. (Pet. Ex. 7)
7. Petitioner decided to pursue employment with a larger law enforcement agency, and resigned from the Wallace Police Department effective September 9, 2013. When Petitioner resigned from the Wallace Police Department, the Police Department affirmed that as of September 9, 2013, it was not aware of any investigation in the last 18 months concerning any potential criminal action or potential misconduct by Petitioner. (Pet. Ex. 3)

8. On September 3, 2013, Petitioner passed his firearms qualification, (Pet. Ex. 5), and a required drug screen to be hired as a Shallotte Police Officer. On September 16, 2013, Respondent received the Shallotte Police Department's Report of Appointment/Application for Law Enforcement Certification for Petitioner to be certified as a law enforcement officer, and become a Shallotte Police Officer. (Pet. Ex. 6)

9. The Shallotte Police Chief issued a Shallotte Police Department uniform to Petitioner for duty. Petitioner also wore his uniform in a photograph taken with other Shallotte Police Officers. (Pet. Ex. 11) However, the Shallotte Police Chief had not yet issued Petitioner his police badge or equipment for the Shallotte Police Department.

10. On October 1, 2013, Petitioner was between service as a law enforcement officer with the Wallace Police Department and with the Shallotte Police Department. Petitioner had applied for employment with the Shallotte Police Department. The Shallotte Police Chief had accepted Petitioner's application for employment, and offered Petitioner a job to serve as a police officer. Such job offer was conditionally based on Petitioner's continued law enforcement certification. Petitioner had also accepted the Chief's conditional offer of employment.

11. For all practical purposes, Petitioner had been hired as a police officer by the Shallotte Police Department on October 1, 2013, but Petitioner could not begin actual law enforcement service until Respondent Training & Standards Commission gave its final approval. Petitioner and the Shallotte Police Department were simply awaiting final approval of the documents associated with his continuous certification from Respondent. On October 10, 2013, Shallotte Police Chief Rodney Gause wrote a letter indicating that the Shallotte Police Department was awaiting the letter of approval from the Training & Standards Commission, and as soon as that letter is received, that the hiring process [of Petitioner] would be complete. (Pet. Ex. 8)

12. There was no evidence presented at hearing that suggested there was any problem that would have precluded Petitioner's finalized hiring, certification and service with the Shallotte Police Department.

14. On October 1, 2013, Petitioner was driving on Carolina Beach Road in Carolina Beach, North Carolina, and taking his infant son to a medical appointment.
Carolina Beach Police Officer Mike Bojko stopped Petitioner for allegedly speeding. Officer Bojko approached Petitioner's vehicle, and asked Petitioner for his driver's license and registration. Petitioner opened his wallet, and retrieved his driver's license. Officer Bojko saw Petitioner's Wallace Police identification card in Petitioner's wallet. Petitioner had kept the identification card with permission of Wallace Police Chief Bobby Maready.

15. Petitioner's wallet was a two-fold black leather wallet that opened like a book. A black velvet flap covered the right side of the wallet. When the flap was opened, the flap revealed an empty space where a police badge could be kept. Petitioner used this wallet every day to carry his identification, driver's license, and other items.

16. Petitioner told Officer Bojko that he worked in law enforcement. Officer Bojko asked Petitioner what department he worked for. Petitioner explained that September 9, 2013 was his last day with the Wallace Police Department after working for them for 3 1/2 years. He told Bojko that he was awaiting his paper work "from Raleigh" for his transfer to the Shallotte Police Department.

17. After seeing the identification card, Officer Bojko requested to see the card. Per Bojko's request, Petitioner provided the identification card to Officer Bojko. The identification card was a paper document, and not an actual metal official police badge.

18. Officer Bojko took the identification card, went back to his police vehicle, and called the Wallace Police Department regarding Petitioner's Wallace Police identification card. Subsequently, Officer Bojko returned to Petitioner's care and issued Petitioner a citation for speeding, and for impersonating a law enforcement officer.

19. In the citation/charge against Petitioner for impersonating an officer, the charge failed to specify what prong or aspect of N.C. Gen. Stat. § 14-277 that Petitioner allegedly violated. The New Hanover County District Attorney dismissed the criminal charge of "Impersonating a Law Enforcement Officer" against Petitioner.

20. On April 16, 2014, Wallace Police Chief Bobby Maready wrote a letter on Petitioner's behalf, confirming that Petitioner had served as an officer with the Wallace Police Department from May 4, 2010 until September 9, 2013. Chief Maready opined, "Officer Pulley was a fine officer known for his honesty and professional demeanor." Chief Maready "had no disciplinary actions or formal complaints filed against him." (Pet. Ex. 9)

21. At hearing, several witnesses attested to Petitioner's very good character and very good work performance. Each of these witnesses was credible and believable, and provided information regarding the integrity, truthfulness, character, and work performance of Petitioner. Each of the witnesses also provided credible testimony that Petitioner has been an honest, dedicated, and successful law enforcement officer who was truthful and professional.
22. The credible testimony of several witnesses at trial, as well the exhibits admitted into evidence showed that Petitioner has the support of both his former Chief at Wallace Police Department, and Shallotte Police Chief Gause, who was in the process of completing the hiring of Petitioner. In addition, retired New Hanover County Sheriff Sidney Causey opined that when Petitioner served under his command, Petitioner "performed in a conscientious and professional manner; he is an honest, hardworking person with a high degree of integrity." (Pet. Ex. 12) Petitioner's Exhibit 12 included a number of other additional character and work performance related letters and observations from various individuals. Each of those letters reflected very favorably upon the credibility and professionalism of Petitioner.

23. The preponderance of the evidence at hearing showed that Petitioner carried his Wallace Police identification card by "pure habit" and not for impersonating a law enforcement officer. During the October 1, 2013 traffic stop, Petitioner did not affirmatively display or use his Wallace Police identification card in connection with his communications with Officer Bojko. Petitioner's identification card was a paper identification card, not an official police badge, and was plainly visible to Officer Bojko from his position standing outside Petitioner's vehicle.

24. A preponderance of the evidence at hearing also showed that Petitioner did not misrepresent any material facts to Officer Bojko during the October 1, 2013 traffic stop. There was no evidence at hearing, which indicated or implied that Petitioner exhibited any criminal intent or other improper intent during the October 1, 2013 with Officer Bojko. In fact, Officer Bojko acknowledged at hearing that Petitioner did not state or represent to him that he was a "sworn police officer," or sworn law enforcement officer. Officer Bojko acknowledged that Petitioner did not say that he was an active duty police officer at that time, and that Petitioner stated that he was waiting on paperwork from Raleigh, i.e. a reference to Respondent Training & Standards Commission. Chief Gause's October 10, 2013 letter in Petitioner's Exhibit 8 corroborated Officer Bojko's testimony.

25. After receiving the October 1, 2013 citation, Petitioner appropriately self-reported the charge to Respondent Training & Standards Commission.

26. Petitioner was credible and believable, and was forthcoming in his testimony.

27. A preponderance of the substantial evidence supports Petitioner's position and testimony, and there is no factual basis for adverse action against Petitioner's certification.

CONCLUSIONS OF LAW

1. The Office of Administrative Hearings has personal and subject matter jurisdiction over this contested case, and the parties received proper notice of the hearing
in this matter. To the extent that the Findings of Fact contain Conclusions of Law, or that the Conclusions of Law are Findings of Fact, they should be so considered without regard to the given labels.

2. 12 NCAC 09A 0.204 “Suspension: Revocation: Or Denial of Certification” provides in part:

(b) The Commission may suspend, revoke, or deny the certification of a criminal justice officer when the Commission finds that the applicant for certification or the certified officer:

(3) has committed or been convicted of:
(A) a criminal offense or unlawful act defined in 12 NCAC 09A 0.103 as a Class B misdemeanor; or

3. N.C. Gen. Stat. § 14-277 makes it unlawful for any person to “falsely represent to another that he is a sworn law enforcement officer.”

To constitute the offense there must be an intentionally false impersonation of the officer designated in the statute, and the offense must be consummated in accordance with the terms and meaning of the statute. To constitute the offense requires something beyond the false pretense. There must be some overt act in furtherance of the false personation. 35 CJ.S. False Personation, s 3, pp. 629, 630. And it would not be sufficient if the person charged represented himself merely as an officer but not as the particular officer specified in the statute. Walker v. State, 89 Tex. Cr.R. 180, 229 S.W. 853.

Id. Therefore, N.C. Gen. Stat. § 14-277 requires “an intentional representation and some overt act in furtherance of the false personation to sustain conviction.” State v. Church, 242 N.C. 230, 87 S.E.2d 256 (1955) (holding that “where defendant made no oral representation that he was a peace officer, but showed only a courtesy card which did not mislead anyone, and where defendant used no words or action which would indicate he intended to attempted to arrest, the statute prohibiting impersonating a peace officer had not been violated”).

5. In this case, there was insufficient evidence that Petitioner falsely represented himself or impersonated a “sworn law enforcement officer” in violation of N.C. Gen. Stat. § 14-277 on October 1, 2013. Petitioner’s Wallace Police identification card was plainly visible to Officer Bojko when Petitioner opened his wallet to retrieve his driver’s license. Petitioner did not voluntarily bring out that identification card or display it
to Officer Bojko. Petitioner only retrieved his Wallace Police identification card after Officer Bojko specifically requested to see such identification card. Petitioner’s conduct did not constitute displaying a badge or identification signaling that he was a sworn law enforcement officer. Petitioner exhibited no criminal or other improper intent during the October 1, 2013 traffic stop, and did not represent or state that he was a sworn law enforcement officer.

6. Based on the foregoing Findings of Fact and Conclusions of Law, there was insufficient proof that Petitioner committed the offense of “Impersonation of a Law Enforcement Officer” on October 1, 2013 in violation of N.C. Gen. Stat. § 14-277.

7. There was insufficient evidence that Petitioner violated any of Respondent’s rules, and there is no legal basis for any adverse action to be taken against Petitioner’s law enforcement certification.

8. A preponderance of the evidence showed that Petitioner is fit to continue to hold a law enforcement certification.

PROPOSAL FOR DECISION

Based upon the foregoing Findings of Fact and Conclusions of Law, the undersigned proposes that Respondent Commission reverse its initial finding, find that Petitioner has not committed the alleged offense, and certify Petitioner as a law enforcement officer.

NOTICE

The North Carolina Criminal Justice Education and Training Standards Commission is the agency that will make the Final Decision in this contested case. As the final decision-maker, that agency is required to give each party an opportunity to file exceptions to this proposal for decision, to submit proposed findings of fact, and to present oral and written arguments to the agency pursuant to N.C. Gen. Stat. § 150B-40(e). It is hereby ordered that the agency serve a copy of the final decision on the Office of Administrative Hearings, 6714 Mail Service Center, Raleigh, N.C. 27699-6714.

Melissa Owens Lassiter
Administrative Law Judge
STATE OF NORTH CAROLINA

COUNTY OF NEW HANOVER

ANDREW GEORGE ANDERSON,  

Petitioner,

v.

N.C. SHERIFFS’ EDUCATION AND TRAINING STANDARDS COMMISSION,

Respondent.

IN THE OFFICE OF 
ADMINISTRATIVE HEARINGS 
14 DOJ 05716

PROPOSAL FOR DECISION

On November 13, 2014, Administrative Law Judge Craig Croom heard this case in Bolivia, North Carolina. This case was heard after Respondent requested, pursuant to N.C.G.S. § 150B-40(e), the designation of an administrative law judge to preside at the hearing of a contested case under Article 3A, Chapter 150B of the North Carolina General Statutes.

APPEARANCES

Petitioner:  J. Michael McGuinness, Attorney at Law
Respondent: Matthew L. Boyatt, Assistant Attorney General

ISSUES

Has the Petitioner committed or been convicted of any combination of four (4) or more crimes or unlawful acts defined as either Class A or Class B misdemeanors pursuant to the Commissions’ Rules, such that Petitioner’s application for certification is subject to denial?

Did Petitioner commit the offense of Battery on or about September 20, 1990, in the State of Maryland?

Did Petitioner commit the offense of Resist Arrest on or about September 5, 1988, in the State of Maryland?
Did Petitioner commit the offense of Possession of Drug Paraphernalia on or about January 31, 1991, in the State of Maryland?
Did Petitioner commit the offense of Disorderly Conduct on or about October 6, 1987, in the State of Maryland?

FINDINGS OF FACT

1. Both parties are properly before this Administrative Law Judge, in that jurisdiction and venue are proper, both parties received notice of hearing, and that the Petitioner received by mail the proposed Denial of Justice Officer's Certification letter, mailed by Respondent Sheriffs' Commission on June 20, 2014.

2. The North Carolina Sheriffs' Education and Training Standards Commission (hereinafter referred to as the "Commission" or "Sheriffs' Commission") has the authority granted under Chapter 17E of the North Carolina General Statutes and Title 12 of the North Carolina Administrative Code, Chapter 10B, to certify justice officers and to deny, revoke, or suspend such certification.

Background

3. Petitioner is 46 years of age. Petitioner previously worked as a framing contractor in the construction industry. He was the owner and operator of Anderson Building Company. Petitioner built high end homes and also constructed home additions and engaged in home renovations. Petitioner desires to enter the field of law enforcement as a second career due to the decline in the construction industry in 2008 and the general lack of work in that industry.

4. Petitioner Anderson has been married since 2001 and has children who are 8 and 6 years of age, and two step children who are 21 and 25. (T. p. 57)

5. Petitioner completed Basic Law Enforcement Training Program at Brunswick Community College from July 8, 2011 until January 26, 2012. He successfully completed the program, had a perfect attendance record, attained the highest state exam score for his class and had a handgun qualification score of 99.7. See Petitioner’s Exhibit 3, 4, 5, 6, 7.

6. Petitioner is an applicant for justice officer certification through the Pender County Sheriff’s Office and was appointed for certification as a justice officer through that agency on September 26, 2013. Captain Billy Sanders and Sergeant Ryan Wilson of the Pender County Sheriff's Office appeared at the administrative hearing and testified on behalf of Petitioner.
7. Petitioner voluntarily disclosed his Maryland criminal history to Captain Sanders and to Respondent. Petitioner has been cooperative with the Pender County Sheriff’s Office and Respondent regarding his criminal history. (T. p. 33)

8. Petitioner began as a reserve deputy. He trained with a Field Training Officer for three-to-four months on a voluntary basis with compensation, so he could eventually be employed full time as a Deputy Sheriff. (T. p. 23) Sergeant Wilson served as his Field Training Officer and as his current supervisor. (T. p. 36)

9. Petitioner is very professional in the performance of his duties. He has integrity, and he has no issues of misconduct or any type of significant problem while at the Pender County Sheriff’s Office. (T. p. 22)

10. Pender County Sheriff Carson Smith, Jr wants Petitioner certified as a sworn justice officer and for him to remain with the Pender County Sheriff’s Office. (T. p. 22)

12. Reverend Trish Archer, one of the pastors at Pine Valley United Methodist Church in Wilmington, also testified on behalf of Petitioner. She has known Petitioner since January 2002. (T. p. 47) Reverend Archer believes that Petitioner is an honest and trustworthy individual. (T. p. 51) Reverend Archer is aware that Petitioner has a past criminal history; however, she is not aware of the specifics regarding any one incident.

13. Petitioner is an active and respected member of Pine Valley United Methodist Church. He has served as a musician, trustee, Sunday School teacher, a youth counselor, and as vice president. He also served as the Church Coordinator for the Habitat for Humanity Program for two years. (T. p. 63)

14. The Respondent previously summarily denied Petitioner’s application for certification pursuant to 12 NCAC 10B .0307 (a)(2) based solely on one (1) misdemeanor Battery conviction which occurred in the State of Maryland, and which carried with it the potential punishment of greater than two (2) years confinement under Maryland common law. Petitioner requested an administrative hearing and an Administrative Law Judge was assigned to preside over that contested matter. See Andrew George Anderson v. NC Sheriffs’ Education and Training Standards Commission, 13 DOJ 03417.

15. During the pendency of Petitioner’s 2013 administrative case, Petitioner obtained an order from the Maryland court setting aside his Battery conviction. Therefore, the Respondent Commission did not oppose Petitioner’s Motion for Summary Judgment in 13 DOJ 03417, insofar as Petitioner no longer stood “convicted” of the Battery offense in Maryland. The Order granting Petitioner’s Motion for Summary Judgment was limited to whether Petitioner stood “convicted” of Battery, and did not
adjudicate whether Petitioner committed this crime, or whether he was otherwise qualified to hold certification.

16. Following the granting of Petitioner’s Motion for Summary Judgment in 13 DOJ 03417, the Respondent Commission was required to finish processing Petitioner’s application for certification, which involved assigning an investigator to look into Petitioner’s numerous other misdemeanor criminal charges arising out of the State of Maryland. Furthermore, the Commission was required to investigate whether Petitioner actually committed the Battery offense that was at issue in 13 DOJ 03417.

17. This Court must decide whether Petitioner stands convicted of 4 or more misdemeanor offenses. In addition, this Court must determine whether Petitioner committed the following offenses in the State of Maryland: 1) Battery; 2) Resisting Arrest; 3) Possession of Drug Paraphernalia; and 4) Disorderly Conduct.

**Petitioner’s Criminal Convictions**

18. 12 NCAC 10B.0204(d)(5) provides that the Sheriffs’ Commission may deny the certification of a justice officer when the Commission finds that the applicant has committed or been convicted of:

   (5) any combination of four or more crimes or unlawful acts defined in 12 NCAC 10B .0103 (10)(a) as a Class A misdemeanor or defined in 12 NCAC 10B .0103 (10)(b) as a Class B misdemeanor regardless of the date of commission or conviction.

19. Pursuant to the Commission’s Rules, 12 NCAC 10B .0103, and the Class B Misdemeanor Manual adopted by the Respondent, a Class A misdemeanor is classified as those misdemeanor offenses for which the maximum period of confinement is less than 6 months. Included as Class A misdemeanors are offenses such as ordinance violations for which no period of confinement is possible.

20. Pursuant to the Commission’s Rules, 12 NCAC 10B .0103, and the Class B Misdemeanor Manual adopted by the Respondent, Class B misdemeanors are those North Carolina criminal offenses set out in Respondent’s Class B Misdemeanor Manual, in addition to out-of-state criminal offense which carry a potential punishment greater than 6 months, but less than 24 months confinement.

21. The record before this Court establishes Petitioner has been convicted of four (4) or more misdemeanors, such that his application for certification is subject to denial pursuant to 12 NCAC 10B.0204(d)(5).
22. On August 7, 1991, Petitioner was convicted of unlawful Possession of a Controlled Dangerous Substance in the State of Maryland, case number 81-175. See Respondent's Exhibit 9, p.3. Petitioner does not dispute this conviction which remains on Petitioner's criminal record. Petitioner indicates the substance was marijuana.

23. On July 24, 1989, Petitioner was also convicted of unlawful Possession of a Controlled Dangerous Substance in the State of Maryland, case number 00000318Q3. See Respondent's Exhibit 15. Petitioner does not dispute this conviction remains on Petitioner's criminal record. Petitioner indicates the substance was again marijuana, less than ¼ ounce.

24. A conviction for the unlawful possession of marijuana in the State of Maryland during the period in question carried with it a potential maximum sentence of one (1) year confinement. See Article 27, subparagraph (e) of section 287 of the Maryland Code. Respondent's Exhibit 22.

26. On June 18, 1989, Petitioner was convicted of Entering Area Closed to Public, case number 00026462Z2. See Respondent's Exhibit 13. Petitioner does not dispute this conviction remains on Petitioner's criminal record. Petitioner indicates he was essentially trespassing. Petitioner and a friend were target shooting on private property when the owner of the property called the police. This resulted in criminal charges and ultimately a guilty plea on June 18, 1989.

27. The Entering Area Closed to Public conviction is classified as a Class A misdemeanor conviction because it appears Petitioner could not have been sentenced to a period of confinement greater than six (6) months for this criminal offense. Petitioner was ordered to pay a $150.00 fine as a result of this conviction. See Respondent's Exhibit 13; Respondent's Exhibit 14.

29. On September 21, 1988, Petitioner was convicted of Failing to Report a Boat Accident in the State of Maryland, case number 00263522Z4. See Respondent's Exhibit 11. Petitioner does not dispute this conviction remains on Petitioner's criminal record. Petitioner was operating his father's boat in the dark when he struck a pier that was recently installed in the area. Petitioner did not report the accident to the police. Petitioner's father submitted a claim to his insurance carrier to cover the damages. The
insurance carrier required a police report to process the claim. The police were notified approximately two (2) days following the collision, which resulted in Petitioner being charged criminally.

30. The Failing to Report a Boat Accident conviction is classified as a Class A misdemeanor conviction because it appears Petitioner could not have been sentenced to a period of confinement greater than six (6) months for this criminal offense. Petitioner was ordered to pay a $50.00 fine as a result of this conviction. Respondent's Exhibit 11 and Exhibit 12.

32. On March 11, 1992, Petitioner was convicted of violating his probation in case number 00606649Q1. See Respondent's Exhibit 17. Petitioner admits that he stands convicted of this misdemeanor probation violation; however, Petitioner does not recall the circumstances surrounding this violation. See Respondent's Exhibit 21 (response to Request for Admission number 5). At the hearing of this matter, Petitioner stated he may have failed a drug screen, which ultimately resulted in the adjudication of guilt for violating a condition of probation. It appears from the record in this case that Petitioner's probation violation bears the same case number as Petitioner's Battery conviction that was set aside in 2013. See Respondent's Exhibit 17 and Exhibit 6. Notwithstanding the foregoing, Petitioner did not present any evidence which would show that the misdemeanor probation violation conviction was set aside at the same time Petitioner's Battery conviction was set aside. The record establishes that the probation violation adjudication occurred two (2) years after Petitioner was charged with the Battery offense on September 20, 1990.

33. The Respondent Commission classified the probation violation conviction as a Class A misdemeanor conviction because it appears Petitioner could not have been sentenced to a period of confinement greater than six (6) months for this probation violation.

35. Petitioner has been convicted of a combination of 4 or more offenses classified as either Class A or Class B misdemeanors. In total, Petitioner has 5 misdemeanor convictions on his record: three (3) class A misdemeanor convictions and two (2) class B misdemeanor convictions. Petitioner's application for certification is, therefore, subject to denial pursuant to 12 NCAC 10B .0204(d)(5).
Commission of Maryland Battery Offense

36. As stated above, Petitioner was previously convicted of Battery in the State of Maryland. See Respondent's Exhibit 6. In 2013, Petitioner had this criminal conviction set aside and subsequently dismissed after Petitioner requested an administrative hearing in case number 13 DOJ 03417. This Court must decide whether Petitioner committed the Battery offense on or about September 20, 1990.

37. Petitioner was arrested for Battery in St. Mary's County Maryland on September 20, 1990. See Respondent's Exhibit 6. Petitioner recalls the events of that day, although Petitioner has attempted to minimize his unlawful conduct.

38. The victim in the battery case was Brad McElroy ("Mr. McElroy").

39. On or about September 20, 1990, Petitioner learned from his girlfriend that she had been having sex with Mr. McElroy. This upset Petitioner and Petitioner went to confront Mr. McElroy. Petitioner drove to the home of Mr. McElroy and confronted him at the front door. Petitioner admits taking a "fighting stance" when he approached Mr. McElroy. However, at this hearing, Petitioner denied that he struck Mr. McElroy first. This is at odds with Petitioner's prior statement to Diane Konopka at the Sheriff's Training and Standards Division where Petitioner admitted to punching Mr. McElroy in the face. Further, in Petitioner's written statement to the Respondent Commission, Petitioner stated he "confronted [McElroy] with the situation. A fight broke out and I left." See Respondent's Exhibit 7.

40. Petitioner admitted under oath that several witnesses were present who observed the altercation at Mr. McElroy's residence. These individuals were other residents of the apartment complex where Mr. McElroy resided. Petitioner was the only one charged with Battery on September 20, 1990. Mr. McElroy was not charged criminally.

41. A preponderance of the evidence presented at the administrative hearing establishes Petitioner committed a Battery against Mr. McElroy when Petitioner went to McElroy's home on September 20, 1990, confronted him, and subsequently punched him.

Commission of Maryland Resisting Arrest

42. Petitioner was charged with Resisting Arrest on September 5, 1988. Petitioner completed a deferred prosecution and that the criminal case was ultimately
dismissed in 1989. Petitioner recalls the events of September 5, 1988, although Petitioner was grossly intoxicated on the evening in question.

43. On the date in question, Petitioner attended a Grateful Dead concert with some friends in Landover Maryland. The police report indicates Petitioner was ejected from the concert. See Respondent's Exhibit 4. Petitioner denies that he was kicked out of the concert, although he concedes he was intoxicated.

44. Upon exiting the concert, Petitioner jumped into the back of a marked police car and demanded that the police drive him home. The patrol vehicle was running at the time Petitioner jumped into the backseat of the vehicle, but the officer was not inside the vehicle at that time. Petitioner recalls that the officer was in uniform and that the officer demanded that Petitioner get out of the vehicle. The Petitioner refused. As the officer reached into the vehicle to remove Petitioner, the Petitioner crawled to the opposite side of the vehicle.

45. The Petitioner then crawled from the backseat of the running patrol vehicle into the front seat of the vehicle in an attempt to drive the vehicle away. The Petitioner admitted under oath that by the time the officers were able to extricate Petitioner from the patrol vehicle, there were several police officers that had been dispatched to the scene. Petitioner does not dispute the officers were at the concert venue discharging their official duties.

46. Once out of the vehicle, the Petitioner continued to fight with the police after being advised he was under arrest. The Petitioner also attempted to run from the officers. Petitioner denies that he continued to struggle after he was removed from the vehicle. Petitioner's testimony is not credible given the record before this Court. Petitioner admits to being intoxicated at the time, and does not dispute that his behavior was so irrational that it caused him to attempt to steal a running patrol vehicle from a uniforms police officer. It is obvious that the officer had the legal authority to place Petitioner under arrest. By continuing to fight with the officers after being advised he was under arrest, Petitioner committed the offense of Resisting Arrest.

**Commission of Maryland Possession of Drug Paraphernalia Offense**

48. Petitioner was arrested and charged with possession of marijuana, possession of marijuana with the intent to distribute, and possession of drug paraphernalia in 1991. As stated above, Petitioner entered a plea of guilty to the
possession of marijuana charge, and the remaining charges were dismissed. See Respondent's Exhibit 9.

49. Petitioner testified that he was arrested on the date in question because his marijuana dealer, Brad McElroy, was attempting to set Petitioner up. The police arrived at Petitioner's residence with a search warrant. Petitioner was residing in a two (2) bedroom apartment with another individual at the time. When the police searched the apartment, several marijuana plants were found in the room occupied by Petitioner's roommate. Petitioner claims to have been completely unaware that his roommate was growing marijuana within the apartment.

50. When the police searched Petitioner's room they discovered marijuana. Petitioner does not dispute this fact. The marijuana discovered in Petitioner's room formed the basis of Petitioner's criminal conviction for possession of a Controlled Dangerous Substance in case number 91-175.

51. Although Petitioner admits to having possessed marijuana at the time of the police search, he denies that he possessed drug paraphernalia. This is at odds with Petitioner's previous statements to the Respondent Commission. Petitioner was interviewed by Respondent's investigator on April 21, 2014, regarding this incident. During that interview, Petitioner admitted that marijuana was found in Petitioner's bedroom, along with a smoking device. See Respondent's Exhibit 10. This admission by Petitioner is consistent with his statement made in the presence of Diane Konopka at the Sheriff's Training and Standards Division.

52. A preponderance of the evidence presented at the administrative hearing establishes Petitioner committed the misdemeanor offense of Possession of Drug Paraphernalia in Maryland case number 91-175.

Commission of Maryland Disorderly Conduct

53. On or about October 6, 1987, Petitioner was arrested and charged with disorderly conduct in a public place. See Respondent's Exhibit 18 (MD case number 00001173W4) Petitioner was a student at Frostburg State University at the time. Petitioner admits that he was intoxicated at the time he was arrested. According to Petitioner's testimony at the administrative hearing, a group of students were being loud outside their dorm rooms. The campus police arrived to disperse the crowd. According to Petitioner, the police were in uniform and were discharging their official duties. Petitioner testified that he returned to his dorm room, as ordered by the police. Petitioner testified that a short time later, he again went outside of his dorm room and was arrested at that time. Petitioner stated he did not recall being disruptive when he went outside the second time.

54. Petitioner's testimony at the administrative hearing is at odds with Petitioner's previous admission made to the Respondent Commission regarding this
incident. On March 29, 2012, Petitioner completed a F-3- Personal History Statement in furtherance of his application for certification. Attached to that F-3, Petitioner provided a signed statement regarding his past criminal history. In that signed statement, Petitioner wrote: "I was at a college party where I drank way to (sic) much. After my friends took me back to my dorm room, I refused to stay in my room and the campus police were called. Campus police told me to go to my room and I refused." See Respondent's Exhibit 20, attachment entitled "Criminal History."

55. Petitioner's testimony at the administrative hearing regarding this incident is not credible given Petitioner's prior statements regarding his refusal to cooperate with campus police and his "refusal" to stay in his dorm room. Petitioner is attempting to minimize his previous conduct. During the time period in question, it was unlawful to be intoxicated and to create a public disturbance in a public place in the State of Maryland. See Article 27, section 123 of the Maryland Code; Respondent's Exhibit 24. A preponderance of the evidence presented at the administrative hearing establishes that Petitioner committed the offense of Disorderly Conduct in Maryland on or about October 6, 1987.

56. In addition to Petitioner's convictions, this Court finds that Petitioner committed the following criminal offenses in the State of Maryland, such that Petitioner's application for certification is subject to denial pursuant to the Commission's Rules: 1) Battery, MD case number 00606649Q1; 2) Resist Arrest, MD case number 0000988E1; 3) Possession Drug Paraphernalia, MD case number 91-175; and 4) Disorderly Conduct, MD case number 0001173W4.

CONCLUSIONS OF LAW

1. The parties are properly before the undersigned Administrative Law Judge and jurisdiction and venue are proper.

2. Pursuant to 12 NCAC 10B .0204(d)(5), the Commission may revoke, suspend, or deny the certification of a justice officer when the Commission finds that the applicant for certification or certified officer has committed or been convicted of:

   (5) any combination of four or more crimes or unlawful acts defined in 12 NCAC 10B .0103(10)(a) as a Class A misdemeanor or defined in 12 NCAC 10B .0103(10)(b) as a Class B misdemeanor regardless of the date of commission or conviction.

3. The preponderance of the evidence presented at the administrative hearing does establish that Petitioner has been convicted of a combination of 4 or more Class A or Class B misdemeanors.
4. Pursuant to 12 NCAC 10B .0103(2), "convicted" or "conviction" means and includes, for purposes of that Chapter, the entry of (a) a plea of guilty; (b) a verdict or finding of guilt by a jury, judge, magistrate, or other duly constituted, established, and recognized adjudicating body, tribunal, or official, either civilian or military, or (c) a plea of no contest, nolo contendere, or the equivalent.

5. Pursuant to 12 NCAC 10B .0205(3)(d), when the Commission denies the certification of a justice officer for a combination of 4 or more misdemeanor convictions, the period of sanction shall be for an indefinite period, but continuing so long as the stated deficiency, infraction, or impairment continues to exist, where the cause of sanction is commission or conviction of offenses as specified in 12 NCAC 10B .0204(d)(5).

6. The record establishes Petitioner stands convicted of two (2) separate counts of unlawful possession of marijuana in the State of Maryland, MD case numbers 91-175 and 000003180Q3. A conviction for the unlawful possession of marijuana in the State of Maryland during the period in question carried with it a potential maximum sentence of one (1) year confinement. See Article 27, section 287 subparagraph (e) of the Maryland Code.

7. Pursuant to the Commission’s Rules, 12 NCAC 10B .0103, and the Class B Misdemeanor Manual adopted by the Respondent, Petitioner’s two (2) possession of marijuana convictions in the State of Maryland constitute separate Class B misdemeanor convictions. The basis of this classification is that these out-of-state offenses carried with them maximum sentences in excess of 6 months confinement.

8. Pursuant to the Commission’s Rules, 12 NCAC 10B .0103, and the Class B Misdemeanor Manual adopted by the Respondent, a Class A misdemeanor is classified as those misdemeanor offenses for which the maximum period of confinement is less than 6 months. Included as Class A misdemeanors are offenses such as ordinance violations for which no period of confinement is possible. The record establishes that Petitioner stands convicted of the following Class A misdemeanors: 1) Failing to Report a Boat Accident, MD case number 0002635224; 2) Entering Area Closed to Public, MD case number 0002646222; and 3) Probation violation, MD case number 0060856491Q1. These convictions are classified as Class A misdemeanors pursuant to the Commission’s Rules because punishment in excess of 6 months confinement is not authorized under Maryland law.

9. Petitioner stands convicted of two (2) Class B misdemeanors and three (3) Class A misdemeanors. Petitioner’s application for certification is, therefore, subject to denial for an indefinite period pursuant to 12 NCAC 10B .0204(d)(5).

10. However, the record further establishes that Petitioner has committed several unlawful offenses, such that his application is subject to denial pursuant to 12 NCAC 10B .0204(d)(5) and 12 NCAC 10B .0204(a)(2).
11. Petitioner unlawfully committed the offense of Battery in the State of Maryland on or about September 20, 1990, when Petitioner punched the victim, Brad McElroy. Petitioner traveled to the victim’s home in order to confront the victim about an affair. By striking Mr. McElroy with a punch, Petitioner committed the common law offense of Battery. See Ireland v. State of Maryland, 310 Md. 328; 529 A.2d 365 (1987).

12. Battery in the State of Maryland is a common law offense that carries with it a potential period of confinement greater than two (2) years. Ireland v. State of Maryland; See also Respondent’s Exhibit 26 and Exhibit 27. This would pose a complete bar to Petitioner’s certification pursuant to 12 NCAC 10B .0307 (a)(2) and 12 NCAC 10B .0204 (a)(2). In Ireland, the defendant was sentenced to a term of three (3) years for hitting and kicking his wife. The Maryland Court of Appeals held this punishment did not constitute cruel and unusual punishment, thereby affirming the sentence. Id. at 341. Even assuming arguendo that the common law does not apply, Maryland’s current Code with respect to the offense of Battery specifically provides for a penalty of not more than 10 years confinement. (emphasis added) see Article 27, section 12A of the Maryland Code (1996).

13. 12 NCAC 10B .0204 (a)(2) of the Commission’s Rules provides the Commission shall deny certification when the Commission finds that the applicant for certification has committed or been convicted of “a crime for which the authorized punishment could have been imprisonment for more than two years.” Petitioner’s commission of the offense of Battery in Maryland, whether considered a common law offense or statutory, constitutes the commission of a crime that carries with it an authorized punishment in excess of two (2) years. Petitioner is therefore not in compliance with 12 NCAC 10B .0204 (a)(2) and his application for certification is therefore subject to denial.

14. This Court further finds that Petitioner unlawfully committed the offense of Possession of Drug Paraphernalia in violation of Maryland law in 1991, MD case number 91-175. Petitioner’s apartment was searched by police pursuant to a warrant, which produced marijuana in Petitioner’s bedroom, accompanied by a smoking device. Prior to the administrative hearing, Petitioner admitted to the Respondent Commission that he had a smoking device in his drawer along with the marijuana on the date in question.

15. Pursuant to Maryland law at the time in question, a first conviction for the unlawful Possession of Drug Paraphernalia did not carry with it a potential maximum sentence of six (6) months or greater. See Article 27, section 287A of the Maryland Code; See also Respondent’s Exhibit 23. Therefore, pursuant to the Commission’s Rules, 12 NCAC 10B .0103, and the Class B Misdemeanor Manual adopted by the Respondent, Petitioner’s Possession of Drug Paraphernalia in the State of Maryland in case number 91-175 constitutes the commission of a Class A misdemeanor offense.
16. This Court also finds that Petitioner committed the offense of Disorderly Conduct on or about October 6, 1987. Petitioner was intoxicated outside his dorm room which resulted in the police being called. Petitioner continued to argue with the police and refused to go back to his dorm room. This resulted in Petitioner's arrest. Disorderly conduct in Maryland is classified as a misdemeanor offense punishable by a maximum period of confinement of 90 days. See Article 27, Section 123 of the Maryland Code. The Code prohibits an individual acting in a disorderly manner to the disturbance of the peace. Under the Code, apartment houses constitute public places. The preponderance of the evidence presented at the administrative hearing establishes Petitioner committed this offense. Pursuant to the Commission's Rules, 12 NCAC 10B .0103, and the Class B Misdemeanor Manual adopted by the Respondent, Petitioner's Disorderly Conduct offense constitutes the commission of a Class A misdemeanor offense.

17. Finally, this Court concludes that Petitioner committed the Maryland common law offense of Resisting Arrest on September 5, 1988, when Petitioner attempted to drive away in a marked police vehicle and continued to fight and run from the police after Petitioner had been advised he was under arrest. As set out in greater detail in Findings of Fact numbers 33 through 38 above, Petitioner's actions on September 5, 1988 were extreme and outrageous. Petitioner struggled with police in the backseat of a patrol vehicle, after which Petitioner crawled through to the front seat of the patrol vehicle in an attempt to drive away. The patrol car was running at the time. Once police were able to remove Petitioner from the car and advise him that he was under arrest, Petitioner continued to fight and ran from the police.

19. Under Maryland common law, Resisting Arrest was punishable by any period of confinement not deemed to be cruel and unusual. In the case of Preston v. Warden of Md., 225 Md. 628, 169 A.2d 407 (1961), the defendant received a 10 year active sentence for resisting arrest. The Maryland Court of Appeals held that the "sentence imposed was neither excessive nor illegal." Id. at 629.

It is also instructive to consider Maryland's current Code with respect to the offense of Resisting Arrest. Currently, this offense is codified in Title 9 of the Maryland Criminal Code, section 9-408. This section provides it shall be unlawful for any person to resist a lawful arrest. The offense is classified as a misdemeanor. The penalty
provides: "A person who violates this section is guilty of a misdemeanor and is subject to imprisonment not exceeding three years." MD Criminal Law Code Ann. 9-408 (2014).

20. 12 NCAC 10B .0204 (a)(2) of the Commission's Rules provides the Commission shall deny certification when the Commission finds that the applicant for certification has committed or been convicted of "a crime for which the authorized punishment could have been imprisonment for more than two years." Petitioner's commission of the offense of Resisting Arrest in Maryland, whether considered a common law offense or statutory, constitutes the commission of a crime that carries with it an authorized punishment in excess of two (2) years. Petitioner is therefore not in compliance with 12 NCAC 10B .0204 (a)(2) and his application for certification is therefore subject to denial.

21. As an applicant for certification through the Respondent Commission, the Petitioner has the burden of proof. The undersigned admires and applauds Petitioner's willingness to serve as a Deputy Sheriff. Furthermore, the undersigned recognizes that Petitioner has not committed any new offenses in over twenty years. However, the undersigned cannot ignore the multiple convictions and offenses committed. The Petitioner has failed to show by a preponderance of the evidence that the Respondent Commission improperly proposed to deny Petitioner's application for certification.

PROPOSAL FOR DECISION

Based upon the foregoing FINDINGS OF FACT and CONCLUSIONS OF LAW, the undersigned recommends the Respondent deny Petitioner's application for certification. The basis of the denial is that, pursuant to 12 NCAC 10B .0204 (d)(5), Petitioner has committed or been convicted of a combination of four (4) or more Class A or Class B offenses. Petitioner's application for certification is further denied based on Petitioner having committed the offenses of Resisting Arrest and Battery in the State of Maryland, offenses that carry with them an authorized punishment in excess of two (2) years. Petitioner is therefore not in compliance with 12 NCAC 10B .0204 (a)(2).

Petitioner appeared *pro se*.

Respondent was represented by attorney Jeffrey P. Gray, Bailey & Dixon, LLP, P.O. Box 1351, Raleigh, North Carolina 27602.

6. Petitioner’s Criminal History Record Check, which showed the above, was admitted into evidence as part of Respondent’s Exhibit 1, Petitioner’s application.

7. Petitioner testified that in 2010, he was living in Pittsburgh, PA. He stated that the incident at issue resulted from him feeling depressed over the loss of his grandmother. He had gone to a local bar to have a drink. He stated that he left the bar around 8:30 p.m. to drive home. He ran a stop sign and was pulled over by a police officer. The police officer transported him to the emergency room where blood was drawn. The court found him guilty of DUI.

8. Petitioner further testified that he actually only has two (2) DUI offenses, not three (3). On his Criminal History Record Check, one (1) offense is listed twice. The 1st offense (which was from 2003) was heard at the same time as the 2nd offense.

9. Petitioner played professional basketball for the Canada Ducks from 1994 to 2000 and had previously played college basketball for USC, but was “redshirted.”

12. Petitioner considers himself to be an outstanding person and feels that the DUI charges
do not reflect who he is.

CONCLUSIONS OF LAW

1. The parties properly are before the Office of Administrative Hearings.

2. Under G.S. §74C-12(a)(25), Respondent Board may refuse to grant a registration if it is determined that the applicant has demonstrated intemperate habits or lacks good moral character.

3. Under G.S. §74C-8(d)(2), conviction of any crime involving an act of multiple offenses of Driving While Impaired, crimes involving alcoholic beverages, is _prima facie_ evidence that the applicant does not have good moral character or temperate habits.

4. Respondent Board presented evidence that Petitioner had demonstrated intemperate habits and lacked good moral character through conviction in Allegheny County, Commonwealth of Pennsylvania for not less than two convictions of Driving While Impaired for offenses committed on separate occasions, years apart.

Based on the foregoing, the undersigned makes the following:

FINAL DECISION

Based upon the foregoing Findings of Fact and Conclusions of Law, the undersigned hereby recommends that Petitioner be denied an unarmed guard registration.
