Once policy forms are grouped into a Common Block, they must remain grouped for future rate filings. Actuarially justified apportionments of the common rate increase, due to differences in benefits between forms, shall be allowed.
(c) If a company establishes a Common Block for compliance with G.S. 58-51-95(h), then compliance with G.S. 58-3-275 is required for the Closed Block portion of policy forms that make up the Common Block.

Markers shall be sufficient in number and size to give warning of the restriction to vessels approaching from all directions.

Enforcement of the restrictions set forth in Rule .0302 et seq. of this Section is dependent upon placement and maintenance of adequate marking of the regulated areas by suitable agencies, as designated in those rules, in accordance with the requirements of the Uniform Waterway Marking System, which are hereby incorporated by reference, and automatically include any later amendments of the incorporated matter as authorized by G.S. 150B-216 and the supplementary standards for such system promulgated by the Commission in Paragraph (g) of this Rule. Such area may not extend out into the water sufficiently as to restrict travel unduly on any regular navigational channel or otherwise to obstruct passage of vessels in reasonably using the waters.

(2) Float lines must have attached floats along their length at intervals of not less than one every 10 feet.

(3) Floats must be buoyant enough to float at the surface of the water while attached to the float line, but no float may exceed a size of 18 inches as measured across its largest dimension.

(4) Floats may be solid or hollow and preferably should be of plastic or other light and resilient material not likely to cause injury should one strike a swimmer in the water.

(5) Floating lines must be either solid white or solid international orange in color. Float lines may consist of all white floats or of alternating white and orange floats.

(6) Buoy or floating signs indicating the "boats-keep-out" symbol of the uniform system and in conformity with its standards must be attached to the float lines at such points as necessary to give warning to the vessels approaching the swimming area from various directions.

(7) Float lines and warning markers must be anchored securely to prevent them from shifting position to any appreciable extent under normal conditions.

(8) All markers warning of a no wake speed zone around certain facilities must be buoys or floating signs placed in the water at a distance of not greater than 50 yards from the protected

History Note: Authority G.S. 97-25; 97-25.4; 97-80(a); S.L. 2017-203, s. 4; Eff. May 1, 2018.

04 NCAC 10M .0102 DEFINITIONS
As used in this Subchapter:

(1) "Acute phase" means 12 weeks of treatment for pain following an injury by accident, occupational disease, surgery for an injury by accident or occupational disease, or subsequent aggravation of an injury by accident or occupational disease. There may be more than one acute phase during treatment for an injury or occupational disease.

(2) "Chronic phase" means continued treatment for pain immediately following a 12-week period of treatment for pain using a targeted controlled substance.

(3) "Confirmatory urine drug test" means a definitive urine drug test that verifies the results of a presumptive urine drug test. A confirmatory urine drug test identifies individual drugs and drug metabolites. Health care providers shall use a confirmatory drug test for the lowest number of drug classes necessary based on the results of the presumptive urine drug test, not to exceed 21 drug classes.

(4) "CSRS" means the Controlled Substances Reporting System as established by the North Carolina Controlled Substances Reporting System Act, Article 5E of Chapter 90 of the North Carolina General Statutes.

(5) "Long-acting opioid" or "extended-release opioid" means any targeted controlled substance that is formulated to release the drug gradually into the bloodstream or to have a long half-life for prolonged activity with an analgesic effect of 8 to 72 hours or longer.

(6) "Lowest effective dosage" means the lowest dose necessary to achieve the clinical goal.

(7) "Morphine equivalent dose" means conversion of various opioids to an equivalent morphine dose by using the most current conversion guidelines provided by the Centers for Disease Control and Prevention ("CDC"). The CDC Opioid Prescribing Guideline Mobile App and the CDC's guidelines for Calculating Total Daily Dose of Opioids for Safer Dosage are hereby incorporated by reference, including any subsequent amendments or editions. These materials are available online at no cost at https://www.cdc.gov/drugoverdose/pdf/calculating_total_daily_dose-a.pdf and https://www.cdc.gov/drugoverdose/pdf/App_Opioid_Prescribing_Guideline-a.pdf.

(8) "Opioid antagonist" means the term as defined in G.S. 90-12.7(a).

(9) "Pain" means pain resulting from an injury by accident or occupational disease.

(10) "Presumptive urine drug test" means an initial urine drug test that identifies negative specimens and presumptive positive specimens, and is interpreted through visual examination. Examples include dipstick tests and drug test cups. A health care provider who is providing pain management treatment in the chronic phase to an employee may administer a presumptive urine drug test that is qualitative and interpreted or analyzed with instrumental or chemical assistance if the health care provider believes, in his or her medical opinion, that a more sensitive presumptive urine drug test is appropriate and is likely to reduce the need for a confirmatory urine drug test.

(11) "Short-acting opioid" means any targeted controlled substance with a quick onset of action and short duration of analgesic activity that is formulated for dosing at intervals of two to six hours.

(12) "Targeted controlled substance" means any controlled substance included in G.S. 90-90(1) or (2) or G.S. 90-91(d).

History Note: Authority G.S. 97-25.4; 97-80(a); S.L. 2017-203, s. 4; Eff. May 1, 2018.

04 NCAC 10M .0103 WAIVER OF RULES
In the interests of justice or to promote judicial economy, the Commission may, except as otherwise provided by the rules in this Subchapter, waive or vary the requirements or provisions of any of the rules in this Subchapter in a case pending before the Commission upon written application of a party or upon its own initiative. Factors the Commission shall use in determining whether to grant the waiver are:

(1) the necessity of a waiver;
(2) the party's responsibility for the conditions creating the need for a waiver;
(3) the party's prior requests for a waiver;
(4) the preponderance of evidence of such a waiver;
(5) notice to and opposition by the opposing parties; and
(6) the harm to the party if the waiver is not granted.
04 NCAC 10M .0201 FIRST PRESCRIPTION OF MEDICATION FOR PAIN IN AN ACUTE PHASE
(a) This Rule applies to the first prescription of any medication to an employee for pain in an acute phase.
(b) Before prescribing a targeted controlled substance, a health care provider shall document his or her medical opinion in the medical record that non-pharmacological and non-opioid therapies are insufficient to treat the employee's pain.
(c) A health care provider shall not prescribe more than one targeted controlled substance at the time of the first prescription. A health care provider shall not provide at the time of the first prescription any additional prescription for a targeted controlled substance to be dispensed at a later time.
(d) A health care provider shall prescribe the lowest number of days' supply of a targeted controlled substance necessary in his or her medical opinion to treat an employee's pain, not to exceed a five-day supply. However, the first prescription of any targeted controlled substance for post-operative pain immediately following a surgical procedure may exceed five days but shall not exceed a seven-day supply.
(e) A health care provider shall prescribe the lowest effective dosage of a targeted controlled substance, not to exceed a 50 mg morphine equivalent dose per day, using only short-acting opioids. However, a health care provider may prescribe more than a 50 mg morphine equivalent dose per day, if the employee was being prescribed a targeted controlled substance immediately prior to the first prescription. The dosage limits in this Paragraph apply only to an opioid prescription being prescribed pursuant to this Rule.
(f) A health care provider shall not prescribe transcutaneous, transdermal, transmucosal, or buccal opioid preparations without documentation in the medical record that oral opioid dosing is medically contraindicated for the employee.
(g) A health care provider shall not prescribe fentanyl for pain in an acute phase.
(h) A health care provider shall not prescribe benzodiazepines for pain or as muscle relaxers in an acute phase.
(i) A health care provider shall not prescribe carisoprodol and a targeted controlled substance in an acute phase.
(j) If an employee is taking benzodiazepines or carisoprodol prescribed by another health care provider, the health care provider shall not prescribe a targeted controlled substance to the employee without advising the employee of the potential risks of combining a targeted controlled substance and benzodiazepines or carisoprodol. The health care provider shall also communicate with the health care provider prescribing the benzodiazepines or carisoprodol to inform that health care provider of the prescription of a targeted controlled substance.
(k) A health care provider shall review the information in the CSRS pertaining to the employee for the 12-month period preceding the first prescription. The health care provider shall document in the medical record the review and any potential contraindications to prescribing a targeted controlled substance found in the CSRS. The effective date of this Paragraph is November 1, 2018, or shall coincide with the date of application in S.L. 2017-74, s. 15.(e), and any amendments thereto, whichever is earlier.

04 NCAC 10M .0202 PRESCRIPTION OF MEDICATION FOR PAIN IN AN ACUTE PHASE FOLLOWING THE FIRST PRESCRIPTION
(a) This Rule applies to prescriptions for medication to an employee for pain during an acute phase that are written after a first prescription as described in Rule .0201 of this Section.
(b) Before prescribing a targeted controlled substance, a health care provider shall document his or her medical opinion in the medical record that non-pharmacological and non-opioid therapies are insufficient to treat the employee's pain.
(c) A health care provider shall not prescribe more than one targeted controlled substance at a time in an acute phase.
(d) A health care provider shall prescribe the lowest number of days' supply of a targeted controlled substance necessary in his or her medical opinion to treat an employee's pain.
(e) A health care provider shall prescribe the lowest effective dosage of a targeted controlled substance, not to exceed 50 mg morphine equivalent dose per day, using only short-acting opioids. However, the health care provider may prescribe a morphine equivalent dose higher than 50 mg per day, but not higher than 90 mg per day, after documenting the medical justification for the prescription, including a comparison of the expected benefits to the employee versus any potential risks of increasing the employee's dosage. If the health care provider prescribes a morphine equivalent dose higher than 50 mg per day in an acute phase, the health care provider shall review at all subsequent evaluations whether the employee experienced the expected benefits and consider whether to continue the higher dosage and document the medical record accordingly. The dosage limits in this Paragraph apply only to an opioid prescription being prescribed pursuant to this Rule.
(f) A health care provider shall not prescribe transcutaneous, transdermal, transmucosal, or buccal opioid preparations without documentation in the medical record that oral opioid dosing is medically contraindicated for the employee.
(g) A health care provider shall not prescribe fentanyl for pain in an acute phase.
(h) A health care provider shall not prescribe benzodiazepines for pain or as muscle relaxers in an acute phase.
(i) A health care provider shall not prescribe carisoprodol and a targeted controlled substance in an acute phase.
(j) If an employee is taking benzodiazepines or carisoprodol prescribed by another health care provider, the health care provider shall not prescribe a targeted controlled substance to the employee without advising the employee of the potential risks of combining a targeted controlled substance and benzodiazepines or carisoprodol. The health care provider shall also communicate with the health care provider prescribing the benzodiazepines or carisoprodol to inform that health care provider of the prescription of a targeted controlled substance.
(k) A health care provider shall review the information in the CSRS pertaining to the employee for the preceding 12-month
period every time the health care provider prescribes a targeted controlled substance in an acute phase. The health care provider shall document in the medical record the review and any potential contraindications to prescribing a targeted controlled substance found in the CSRS. The effective date of this Paragraph is November 1, 2018, or shall coincide with the date of application in S.L. 2017-74, s. 15.(e), and any amendments thereto, whichever is earlier.

(l) After an employee has received the first prescription of a targeted controlled substance as described in Rule .0201 of this Section and an additional 30 days of treatment with a targeted controlled substance, the health care provider may only continue treatment with a targeted controlled substance after fulfilling the following requirements:

1. The health care provider shall administer and document in the medical record the results of a presumptive urine drug test as defined in Rule .0102 of this Subchapter. The health care provider may meet this requirement by requiring that the employee take a random, unannounced urine drug test. If the test results are positive for non-disclosed drugs or negative for prescribed controlled substances, the health care provider shall obtain confirmatory urine drug testing as defined in Rule .0102 of this Paragraph. Nothing herein prevents a health care provider from ordering confirmatory urine drug testing for a medical reason other than the presumptive urine drug test results if the medical reason is documented in the medical record. The health care provider may obtain the confirmatory urine drug test results before prescribing a targeted controlled substance. Alternatively, the health care provider may order a limited supply of a targeted controlled substance pending the results of the confirmatory urine drug test. The results of any confirmatory urine drug test shall be documented in the medical record.

2. The health care provider shall administer and document in the medical record the results of a tool for screening and assessing opioid risk that has been validated by clinical studies. Examples of these tools include the following:
   (A) NIDA Quick Screen V1.0 and NIDA-Modified ASSIST V2.0 (National Institute on Drug Abuse), available at https://www.drugabuse.gov/sites/default/files/files/QuickScreen_Updated_2013(1).pdf;
   (B) Screener and Opioid Assessment for Patients with Pain (SOAP)® Version 1.0 (Inflexxion, Inc.), available at http://nhms.org/sites/default/files/Pdfs/SOAPP-14.pdf;

   (D) Opioid Risk Tool (ORT) (Lynn Webster, MD), available at http://agencymeddirectors.wa.gov/Fil es/opioidrisktool.pdf.

(3) The health care provider shall review and document in the medical record whether the information obtained by complying with Paragraph (k) of this Rule or Subparagraphs (1) or (2) of this Paragraph, or any other aspects of the employee's medical records or examination, indicate an increased risk for opioid-related harm. If the health care provider continues the prescription of a targeted controlled substance despite any increased risks identified, the health care provider shall document in the medical record the reasons justifying the continued prescription.

04 NCAC 10M .0203 PRESCRIPTION OF MEDICATION FOR PAIN IN A CHRONIC PHASE
(a) This Rule applies to prescriptions for medication to an employee for pain during a chronic phase.
(b) Before prescribing a targeted controlled substance, a health care provider shall document his or her medical opinion in the medical record that non-pharmacological and non-opioid therapies are insufficient to treat the employee’s pain.
(c) A health care provider shall not prescribe more than one targeted controlled substance at a time in a chronic phase without documentation of justification in the medical record. A health care provider shall not prescribe more than two targeted controlled substances at a time in a chronic phase, to include no more than one short-acting opioid and one long-acting or extended-release opioid.
(d) A health care provider shall prescribe the lowest number of days’ supply of a targeted controlled substance necessary in his or her medical opinion to treat an employee's pain.
(e) A health care provider shall prescribe the lowest effective dosage of a targeted controlled substance, not to exceed 50 mg morphine equivalent dose per day.

1. However, the health care provider may prescribe a morphine equivalent dose higher than 50 mg per day, but not higher than 90 mg per day, after documenting the medical justification for the prescription, including a comparison of the expected benefits to the employee versus any potential risks of increasing the employee’s dosage. If the health care provider prescribes a morphine equivalent dose higher than 50 mg per day in the chronic phase, the health care provider shall review at all subsequent evaluations whether the employee experienced the expected benefits and consider whether to continue the higher dosage and document the medical record accordingly.
If a health care provider considers it necessary to prescribe a morphine equivalent dose higher than 90 mg per day to treat an employee's pain, the health care provider shall seek preauthorization from the employer or carrier. If the employer or carrier authorizes, or the Commission orders, authorization of a prescription of a morphine equivalent dose higher than 90 mg per day, the health care provider shall review at all subsequent evaluations whether the employee experienced the expected benefits of the increased dosage and consider whether to continue the higher dosage and document the medical record accordingly.

The dosage limits in this Paragraph apply only to an opioid prescription being prescribed pursuant to this Rule.

(f) A health care provider shall not prescribe transcutaneous, transdermal, transmucosal, or buccal opioid preparations included in G.S. 90-90(1) or (2) without documentation in the medical record that oral opioid dosing is medically contraindicated for the employee.

(g) A health care provider shall seek preauthorization from the employer or carrier before prescribing transdermal fentanyl. A health care provider shall seek preauthorization from the employer or carrier before prescribing methadone for pain in a chronic phase.

(h) A health care provider shall not prescribe benzodiazepines for pain or as muscle relaxers in a chronic phase.

(i) A health care provider shall seek preauthorization from the employer or carrier before prescribing carisoprodol and a targeted controlled substance in a chronic phase. A health care provider shall advise the employee of the potential risks of combining a targeted controlled substance and carisoprodol if both medications are prescribed.

(j) If an employee is taking benzodiazepines or carisoprodol prescribed by another health care provider, the health care provider shall not prescribe a targeted controlled substance to the employee without advising the employee of the potential risks of combining a targeted controlled substance and benzodiazepines or carisoprodol. The health care provider shall also communicate with the health care provider prescribing the benzodiazepines or carisoprodol to inform that health care provider of the prescription of a targeted controlled substance.

(k) A health care provider shall review the information in the CSRS pertaining to the employee for the preceding 12-month period at every appointment with the employee at which a targeted controlled substance is prescribed or every three months, whichever is more frequent. The health care provider shall document in the medical record the review and any potential contraindications to prescribing a targeted controlled substance found in the CSRS. The effective date of this Paragraph is November 1, 2018, or shall coincide with the date of application in S.L. 2017-74, s. 15. (e), and any amendments thereto, whichever is earlier.

(l) Before first prescribing a targeted controlled substance in a chronic phase, a health care provider shall administer and document in the medical record the results of a presumptive urine drug test as defined in Rule .0102 of this Subchapter.

(m) Following compliance with Paragraph (l) of this Rule, a health care provider shall administer a presumptive urine drug test as defined in Rule .0102 of this Subchapter and document the results in the medical record a minimum of two times per year and a maximum of four times per year during a chronic phase, unless additional urine drug tests are authorized by the employer or carrier at the request of the health care provider. The limitation on the number of urine drug tests to be conducted per year without authorization by the employer or carrier for additional urine drug tests shall not apply in those cases where a patient is being prescribed targeted controlled substances for the purpose of substance use disorder treatment in addition to pain management.

(n) The health care provider may meet the requirements of Paragraphs (l) and (m) by requiring that the employee take random, unannounced urine drug tests.

(o) If the result of a presumptive urine drug test administered pursuant to this Rule is positive for non-disclosed drugs or negative for prescribed medications, the health care provider shall obtain confirmatory urine drug testing as defined in Rule .0102 of this Subchapter. The health care provider may obtain the confirmatory urine drug test results before prescribing a targeted controlled substance. Alternatively, the health care provider may order a limited supply of a targeted controlled substance pending the results of the confirmatory urine drug test. The results of any confirmatory urine drug test shall be documented in the medical record. Nothing herein prevents a health care provider from ordering a confirmatory urine drug test for a medical reason other than the presumptive urine drug test results if the medical reason is documented in the medical record.

(p) If an employee’s medical treatment involving the prescription of targeted controlled substances is transferred to a health care provider in a different health care practice from the one that administered the opioid risk screening and assessment tool required by Rule .0202(l)(2) of this Section, the new health care provider shall administer and document in the medical record the results of a tool for screening and assessing opioid risk that has been validated by clinical studies, including those in Rule .0202(l)(1)(A) through (D) of this Section.

(q) A health care provider shall document in the medical record whether the information obtained by complying with Paragraphs (k), (l), (m), (o) or (p) of this Rule indicates an increased risk for opioid-related harm. If the health care provider continues the prescription of a targeted controlled substance despite any increased risks identified, the health care provider shall document in the medical record the reasons justifying the continued prescription.
(2) employees whose dosage exceeds a 50 mg morphine equivalent dose per day;
(3) employees with a history of drug overdose;
(4) employees with a history of substance use disorder;
(5) employees with a history of an underlying mental health condition that places them at an increased risk for overdose;
(6) employees with a medical condition such as respiratory disease, sleep apnea, or other comorbidities that places them at an increased risk for opioid toxicity, respiratory distress, or opioid overdose.

(b) If a health care provider prescribes an opioid antagonist pursuant to one or more of the conditions listed in Paragraph (a) of this Rule, the health care provider shall write the prescription to allow for product selection by the employer or carrier, including an intranasal formulation approved by the United States Food and Drug Administration.

(a) A health care provider shall consider and may prescribe non-pharmacological treatments for pain. Examples of these treatments include the following: physical therapy, chiropractic services, acupuncture, massage, cognitive behavioral therapy, biofeedback, and functional restoration programs.
(b) The employer or carrier may request additional information from the health care provider regarding the prescribed treatment by any method allowed pursuant to the Workers' Compensation Act.

(a) If a health care provider believes, in his or her medical opinion, that an employee may benefit from an evaluation for discontinuation or tapering of a targeted controlled substance or for treatment for substance use disorder involving a targeted controlled substance, the health care provider may refer the employee to a health care provider specializing in such treatment for evaluation. The employer or carrier may request additional information from the health care provider regarding the referral by any method allowed pursuant to the Workers' Compensation Act.
(b) If treatment is recommended following the evaluation referenced in Paragraph (a) of this Rule, the employer or carrier may request additional information from the recommending health care provider regarding the treatment by any method allowed pursuant to the Workers' Compensation Act.

(a) A foreign corporation operating in North Carolina may be liable for income tax even if it is not required to obtain a certificate of authority to do business in North Carolina.
(b) Even for a year in which a domestic corporation or a foreign corporation with a certificate of authority to do business in North Carolina conducted no business activity or did not earn any net income in the State, it must file an income tax return. 17 NCAC 05C .0403 U.S. OBLIGATIONS
(a) Net interest income earned on bonds, notes, or other obligations of the United States or its possessions is exempt from income taxation in this State so long as interest on obligations of
the State of North Carolina and its political subdivisions is exempt from income taxes imposed by the United States. For the interest income to be deductible, the obligation shall be in writing, bear interest, be a binding promise by the United States to pay specific amounts at specific dates, and be specifically authorized by Congress.

(b) Net interest from obligations that are backed, insured, or guaranteed by the United States, but are not direct obligations of the United States Government, shall not be deductible.

17 NCAC 05C .0801 IN GENERAL
(a) The property factor as provided in G.S. 105-130.4 shall include all real and tangible personal property owned or rented and used during the income year to produce apportionable income. The term "real and tangible personal property" includes land, buildings, machinery, stocks of goods, equipment, and other real and tangible personal property used in connection with the production of apportionable income but does not include coin or currency.

(b) Property used in connection with the production of nonapportionable income that is allocated in accordance with Subsection (c) to (h) of G.S. 105-130.4 shall be excluded from the factor.

(c) Property used in connection with the production of both apportionable and nonapportionable income shall be included in the factor only to the extent the property was used in connection with the production of apportionable income.

History Note: Authority G.S. 105-130.4; 105-262; Eff. February 1, 1976; Amended Eff. January 1, 2005; January 1, 1994; Readopted Eff. May 1, 2018.

17 NCAC 05C .0907 NUMERATOR OF PAYROLL FACTOR
Except for compensation paid to general executive officers and compensation paid in connection with nonapportionable income, for purposes of G.S. 105-130.4, the numerator of the payroll factor is the total amount paid in this State during the tax period by the taxpayer for compensation. In determining the payroll factor, information used to file federal forms 941 and the North Carolina Tax and Wage Reports may be used if the amounts can be reconciled to the amounts used for the payroll factor. If compensation paid to employees is included in the payroll factor by use of the cash method of accounting or if the taxpayer is required to report such compensation under such method for unemployment compensation purposes, it shall be presumed that the total wages reported by the taxpayer to this State for unemployment compensation purposes constitutes compensation paid in this State except for compensation excluded under G.S. 105-130.4(k). The presumption may be overcome by satisfactory evidence that an employee's compensation is not reportable to this State for unemployment compensation purposes.

History Note: Authority G.S. 105-130.4; 105-262; Eff. February 1, 1976; Amended Eff. January 1, 2005; January 1, 1994; October 31, 1981; Readopted Eff. May 1, 2018.

For example, a corporation apportioning 50 percent of its net income or loss to North Carolina in a particular year in which it sustains a total State net loss of one thousand dollars ($1,000.00) may carry forward only five hundred dollars ($500.00) to a subsequent year.

History Note: Authority G.S. 105-130.8; 105-130.8A; 105-262; Eff. February 1, 1976; Amended Eff. January 1, 2005; Readopted Eff. May 1, 2018.

Where the business of the partnership is directly or integrally related to the business of the corporate partner, the corporate partner's share of the partnership net income is classified as apportionable income. When classified as apportionable income, the corporate partner's apportionment factors shall include its proportionate share of the partnership's property, payroll, and sales. If the income is classified as nonapportionable income, it shall be included in the corporate partner's net taxable income and allocated in accordance with the allocation provisions of G.S. 105-130.4.

History Note: Authority G.S. 105-130.8; 105-130.8A; 105-262; Eff. February 1, 1976; Amended Eff. January 1, 2005; October 31, 1981; Readopted Eff. May 1, 2018.

shall, for a separate accounting method of reporting the corporation's business operations in this State, submit as support operating statements showing the results of the corporation's operations within North Carolina computed on the separate accounting basis together with similar statements showing the results of the corporation's operations outside North Carolina for each taxable period to be reviewed. A full explanation and description of the separate accounting method employed in the computation must accompany the statements. If there are items of expense or income that are indirectly attributed to the separated operations, the basis for apportioning such items must be disclosed. General overhead expenses must be separately stated in documentation and explained when any portion of this expense is allocated to the separate net income attributed to this State under the requested method;

17 NCAC 06B .3503 PARTNERSHIP RETURNS

The starting point for preparing the North Carolina partnership income tax return (Form D-403) shall be the partnership's total income or loss. If the partnership provides a copy of its federal partnership income tax return (Form 1065) with its North Carolina partnership income tax return, the partnership can enter the sum of lines 1 through 11 of Schedule K, Form 1065 as total income or loss on Form D-403, Part 1, line 1 in lieu of completing Form D-403, Part 6. The adjustments required for individuals under G.S. 105-153.5 and 105-153.6 shall apply to partnerships.

17 NCAC 06B .3513 NONRESIDENT PARTNERS
(a) Although a partnership may treat guaranteed payments to a partner for services or for use of capital as if they were paid to a person who is not a partner, that treatment is only for purposes of determining the partnership's gross income and deductible business expenses. For other tax purposes, guaranteed payments are treated as a partner's distributive share of ordinary income.
(b) Deductions from adjusted gross income do not include a partner's salary, interest on a partner's capital account, partner relocation and mortgage interest differential payments, or payments to a retired partner regardless of whether they were determined without regard to current profits. The payments listed in this Paragraph shall be treated as part of the partnership income.
(c) A nonresident individual partner is not required to file a North Carolina individual income tax return when the only income from North Carolina sources is the nonresident's share of income from a partnership doing business in North Carolina, and the manager of the partnership has reported the income of the nonresident partner, including any guaranteed payments made to the partner, and paid the tax due. A nonresident individual partner may file an individual income tax return and claim credit for the tax paid by the manager of the partnership if the partner submits with the individual income tax return the Schedule NC K-1 or other document from the partnership verifying that the partnership paid tax on behalf of the partner.

A provisional license shall not be renewed after it has expired a second time.

(d) If the license being renewed has been suspended by the Board, any renewal license issued to the applicant shall also be suspended until the term of the suspension has expired.

(e) The Board shall renew a provisional license no more than three times upon receipt of timely applications that demonstrate that the applicant continues to qualify for a provisional license. The Board may extend a provisional license on an annual basis after the third renewal if the applicant timely files an application prior to the expiration of the third renewal, and on an annual basis thereafter if further extension is sought by the applicant, that demonstrates that the applicant's progress toward full licensure was delayed by:

2. active military service;
3. a catastrophic natural event, such as a flood, hurricane, or tornado; or

(f) The Board shall not issue an initial provisional license to anyone who has previously held a provisional license.

(g) The Board shall extend the deadline for filing a license renewal application for any individual who currently holds a provisional license and is in good standing with the Board, if the individual is serving in the armed forces of the United States and if G.S. 105-249.2 grants the individual an extension of time to file a tax return. The extension shall be in effect for any period that is disregarded under Section 7508 of the Internal Revenue Code in determining the taxpayer's liability for a federal tax.

21 NCAC 58A .0114 RESIDENTIAL PROPERTY AND OWNERS' ASSOCIATION DISCLOSURE STATEMENT
(a) Every owner of real property subject to a transfer of the type governed by Chapter 47E of the General Statutes shall complete the following Residential Property and Owners' Association Disclosure Statement and furnish a copy of the complete statement to a buyer in accordance with the requirements of G.S. 47E-4. The form shall bear the seal of the North Carolina Real Estate Commission and shall read as follows:
RESIDENTIAL PROPERTY AND OWNERS' ASSOCIATION DISCLOSURE STATEMENT

Instructions to Property Owners

1. The Residential Property Disclosure Act (G.S. 47E) (“Disclosure Act”) requires owners of residential real estate (single-family homes, individual condominiums, townhouses, and the like, and buildings with up to four dwelling units) to furnish buyers a Residential Property and Owners' Association Disclosure Statement (“Disclosure Statement”). This form is the only one approved for this purpose. A disclosure statement must be furnished in connection with the sale, exchange, option, and sale under a lease with option to purchase where the tenant does not occupy or intend to occupy the dwelling. A disclosure statement is not required for some transactions, including the first sale of a dwelling which has never been inhabited and transactions of residential property made pursuant to a lease with option to purchase where the lessee occupies or intends to occupy the dwelling. For a complete list of exemptions, see G.S. 47E-2.

2. You must respond to each of the questions on the following pages of this form by filling in the requested information or by placing a check (√) in the appropriate box. In responding to questions, you are only obligated to disclose information about which you have actual knowledge.

   a. If you check "Yes" for any question, you must explain your answer and either describe any problem or attach a report from an attorney, engineer, contractor, pest control operator or other expert or public agency describing it. If you attach a report, you will not be liable for any inaccurate or incomplete information contained in it so long as you were not grossly negligent in obtaining or transmitting the information.

   b. If you check "No," you are stating that you have no actual knowledge of any problem. If you check "No" and you know there is a problem, you may be liable for making an intentional misstatement.

   c. If you check "No Representation," you are choosing not to disclose the conditions or characteristics of the property, even if you have actual knowledge of them or should have known of them.

   d. If you check "Yes" or "No" and something happens to the property to make your Disclosure Statement incorrect or inaccurate (for example, the roof begins to leak), you must promptly give the buyer a corrected Disclosure Statement or correct the problem.

3. If you are assisted in the sale of your property by a licensed real estate broker, you are still responsible for completing and delivering the Disclosure Statement to the buyers; and the broker must disclose any material facts about your property which he or she knows or reasonably should know, regardless of your responses on the Statement.

4. You must give the completed Disclosure Statement to the buyer no later than the time the buyer makes an offer to purchase your property. If you do not, the buyer can, under certain conditions, cancel any resulting contract (See "Note to Buyers" below). You should give the buyer a copy of the Disclosure Statement containing your signature and keep a copy signed by the buyer for your records.

   Note to Buyers

If the owner does not give you a Residential Property and Owners' Association Disclosure Statement by the time you make your offer to purchase the property, you may under certain conditions cancel any resulting contract without penalty to you as the buyer. To cancel the contract, you must personally deliver or mail written notice of your decision to cancel to the owner or the owner's agent within three calendar days following your receipt of the Disclosure Statement, or three calendar days following the date of the contract, whichever occurs first. However, in no event does the Disclosure Act permit you to cancel a contract after settlement of the transaction or (in the case of a sale or exchange) after you have occupied the property, whichever occurs first.

5. In the space below, type or print in ink the address of the property (sufficient to identify it) and your name. Then sign and date.

A nonresident North Carolina broker who wishes to renew his or her license on active status may satisfy the continuing education requirement by any one of the following means:

(1) A nonresident broker may, at the time of license renewal, hold a real estate license on active status in another state and certify on a form prescribed by the Commission that the broker holds such license. If at any time after renewal there is a change in the status of the out-of-state license, the nonresident broker shall notify the Commission within 10 days and request that his or her North Carolina license be placed on inactive status, or provide evidence to the Commission that he or she has satisfied either Subparagraph (a)(2) or (a)(3) of this Rule or the requirements of Rule .1702 of this Section.

(2) A nonresident broker may, within one year preceding license expiration, complete the
Commission-prescribed Update course plus one Commission-approved continuing education elective course, or complete two Commission-approved continuing education elective courses.

(3) A nonresident broker may, within one year preceding license expiration, complete eight classroom hours in courses approved for continuing education credit by the real estate licensing agency in the broker's state of residence or in the state where the course was taken. To obtain credit for a continuing education course completed in another state and not approved by the Commission, the broker must submit a written request for continuing education credit accompanied by a fee of fifty dollars ($50.00) per request and evidence that the course was completed and that the course was approved for continuing education credit by the real estate licensing agency in the broker's state of residence or in the state where the course was taken.

(4) A nonresident broker may obtain eight hours equivalent credit for a course or courses not approved by the Commission or for related educational activities as provided in Rule .1708 of this Section. The maximum amount of continuing education credit the Commission will award a nonresident broker for an unapproved course or educational activity shall be eight hours.

(b) When requesting to change an inactive license to active status, or when applying for reinstatement of a license expired for not more than six months, a nonresident broker may satisfy the continuing education requirements described in Rules .0505 and .1703 of this Subchapter by complying with any of the options described in Paragraph (a) of this Rule, except that the requirements in Subparagraphs (a)(2) and (a)(3) of this Rule restricting the taking of courses to one year preceding license expiration shall not be applicable.

(c) No carry-over credit to a subsequent license period shall be awarded for a course taken in another state that has not been approved by the North Carolina Real Estate Commission as an elective course pursuant to 21 NCAC 58H .0406.
