The COVID-19 is a respiratory disease that can result in serious illness or death. The COVID-19, previously unidentified in humans, spreads easily from person to person. Once an outbreak of the COVID-19 begins, it is difficult to contain. The World Health Organization, the Center for Disease Control and Prevention, and the United States Department of Health and Human Services have declared COVID-19 a public health threat and emergency. On March 12, 2020, the Governor of North Carolina and the NC Department of Health and Human Services recommended high risk persons stay at home, that schools implement plans for distance or e-learning, that employers and employees use teleworking technologies, and that mass gatherings should cancel, postpone, and modify these events or offer online streaming services. On March 14, 2020, the Governor of North Carolina issued Executive Order No. 117 that prohibited mass gatherings, closed schools, and urged social distancing.

7. Why is adherence to notice and hearing requirements contrary to the public interest and the immediate adoption of the rule is required? The public health threat posed by COVID-19 requires immediate action to limit mass gatherings, increase social distancing, and limit exposure of high risks individuals. It is in the public's interest to immediately adopt rules that limit the Board's regulated audience's exposure to COVID-19 and allow for relaxed requirements during the time of this public health emergency.

TEMPORARY RULES
REQUEST FOR TECHNICAL CHANGE

AGENCY: North Carolina Board of Chiropractic Examiners

RULE CITATION: 21 NCAC 10 .0216

DEADLINE FOR RECEIPT: Friday, July 10, 2020

NOTE WELL: This request when viewed on computer extends several pages. Please be sure you have reached the end of the document.

The Rules Review Commission staff has completed its review of this rule prior to the Commission's next meeting. The Commission has not yet reviewed this rule and therefore there has not been a determination as to whether the rule will be approved. You may call this office to inquire concerning the staff recommendation.

In reviewing these rules, staff recommends that the following technical changes be made:

Please note that overall, I do not have concerns for when one of your licensees requests the waiver, but I am quite uncomfortable with this Rule as written as it pertains to the Board waiving a rule upon its own initiative. I do not think this is the intent, but I read this Rule as essentially allowing an agency to circumvent the APA, resulting in a repeal of a Rule without engaging in rulemaking.

G.S. 150B-19 allows an agency to “waive or modify a requirement set in a rule” only if a rule “establishes specific guidelines the agency must follow in determining whether to waive or modify the requirement.” As written, the factors provided in Items (1) through (7) of this Rule appear to apply when the Board receives a request from an outside party and does not address how the Board will determine whether to waive a rule “on its own initiative.” Please consider breaking “The Board may also waive any rule in this Chapter that is not statutorily required upon its own initiative” into a separate Paragraph (b) and provide some parameters as to when this will apply and how the Board will determine whether it is appropriate.

Not all of the factors provided appear to pertain to the Board. Was the intent for the Board to use the same factors as your licensees? Please review and revise as necessary.

If you intend for “notice and opposition” to be a factor that the Board will use when waiving a rule on its own initiative, how will you provide this notice?

How long will the waiver last? Because this language of this Rule as currently written is so broad and isn't really tied to anything, such as a State of Emergency declared by the Governor or the pandemic, I read this as allowing the Board to change their rules without notice under any circumstances whatsoever. To address this issue, and to tie your Rule back to the Temporary Findings of Need Form, please provide some additional information on the duration of the waiver.

5 certification, submits a written request. The Board may also waive any rule in 21 NCAC 10 that is not statutorily
6 required upon its own initiative. Factors the Board shall use in determining whether to grant the waiver are:

7 (1) degree of disruption to the Board;

8 (2) cost to the Board;

9 (3) degree of benefit to the public;

10 (4) whether the requesting party had control over the circumstances that required the requested waiver;
