EXPLANATION OF THE PUBLICATION SCHEDULE

This Publication Schedule is prepared by the Office of Administrative Hearings as a public service and the computation of time periods are not to be deemed binding or controlling. Time is computed according to 26 NCAC 2C .0302 and the Rules of Civil Procedure, Rule 6.

GENERAL

The North Carolina Register shall be published twice a month and contains the following information submitted for publication by a state agency:

1. temporary rules;
2. text of proposed rules;
3. text of permanent rules approved by the Rules Review Commission;
4. emergency rules
5. Executive Orders of the Governor;
6. final decision letters from the U.S. Attorney General concerning changes in laws affecting voting in a jurisdiction subject of Section 5 of the Voting Rights Act of 1965, as required by G.S. 120-30.9H; and
7. other information the Codifier of Rules determines to be helpful to the public.

COMPUTING TIME: In computing time in the schedule, the day of publication of the North Carolina Register is not included. The last day of the period so computed is included, unless it is a Saturday, Sunday, or State holiday, in which event the period runs until the preceding day which is not a Saturday, Sunday, or State holiday.

FILING DEADLINES

ISSUE DATE: The Register is published on the first and fifteen of each month if the first or fifteenth of the month is not a Saturday, Sunday, or State holiday for employees mandated by the State Personnel Commission. If the first or fifteenth of any month is a Saturday, Sunday, or a holiday for State employees, the North Carolina Register issue for that day will be published on the day of that month after the first or fifteenth that is not a Saturday, Sunday, or holiday for State employees.

LAST DAY FOR FILING: The last day for filing for any issue is 15 days before the issue date excluding Saturdays, Sundays, and holidays for State employees.

NOTICE OF TEXT

EARLIEST DATE FOR PUBLIC HEARING: The hearing date shall be at least 15 days after the date a notice of the hearing is published.

END OF REQUIRED COMMENT PERIOD
An agency shall accept comments on the text of a proposed rule for at least 60 days after the text is published or until the date of any public hearings held on the proposed rule, whichever is longer.

DEADLINE TO SUBMIT TO THE RULES REVIEW COMMISSION: The Commission shall review a rule submitted to it on or before the twentieth of a month by the last day of the next month.
EXECUTIVE ORDER NO. 202

DECLARATION OF A STATE OF EMERGENCY AND
TEMPORARY SUSPENSION OF MOTOR VEHICLE REGULATIONS TO
ENSURE RESTORATION OF UTILITY SERVICES

WHEREAS, the National Weather Service has forecast a severe weather event for the State of North Carolina with significant potential for damaging winds, tornadoes, hail and other weather-related hazards (the “Storm”) which may cause significant impacts to public and private property in the State of North Carolina and may disrupt essential utility services and systems; and

WHEREAS, the impacts from the Storm may result in extensive damage including widespread power outages throughout the state, requiring the transportation of vehicles bearing equipment and supplies for utility restoration and debris removal to be moved through North Carolina on the interstate and intrastate highways; and

WHEREAS, the uninterrupted supply of electricity, fuel oil, diesel oil, gasoline, kerosene, propane, liquid petroleum gas, food, water, and medical supplies to residential and commercial establishments is essential after the Storm and interruptions in the delivery of those commodities threatens the public welfare; and

WHEREAS, the prompt restoration of utility services is essential to the safety and well-being of the state’s residents; and

WHEREAS, N.C. Gen. Stat. § 166A-19.1(4) provides that it is the responsibility of the undersigned, state agencies, and local governments to “provide for cooperation and coordination of activities relating to emergency mitigation preparedness, response, and recovery among agencies and officials of this state and with similar agencies and officials of other states, with local and federal governments, with interstate organizations, and with other private and quasi-official organizations”; and

WHEREAS, N.C. Gen. Stat. §§ 166A-19.10 and 166A-19.20 authorize the undersigned to declare a state of emergency and exercise the powers and duties set forth therein to direct and aid in the response to, recovery from, and mitigation against emergencies; and

WHEREAS, the necessity in movement of vehicles transporting equipment and supplies to respond to the widespread power outages as a result of the severe weather and damage to the infrastructure constitutes a state of emergency for the State of North Carolina as defined in N.C. Gen. Stat. §§ 166A-19.3(6) and 166A-19.3(19); and

WHEREAS, the emergency area, as defined in N.C. Gen. Stat §§ 166A-19.3(7) and 166A-19.20(b), is the entire State of North Carolina; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(b)(3), the undersigned, with the concurrence of the Council of State, may regulate and control the flow of vehicular traffic and the operation of transportation services; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(b)(4), the undersigned, with the
concurrency of the Council of State, may waive a provision of any regulation or ordinance of a
state agency which restricts the immediate relief of human suffering; and

WHEREAS, the undersigned has found that residents may suffer losses and further
widespread damage within the meaning of N.C. Gen. Stat. §§ 166A-19.3(3) and 166A-19.2(l)(b); and

WHEREAS, 49 C.F.R. § 390.23 allows the Governor of a state to suspend the rules and
regulations under 49 C.F.R. Parts 390-399 for up to thirty (30) days if the Governor determines
that an emergency condition exists; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.70(g), upon the recommendation of the
North Carolina Commissioner of Agriculture and the existence of an imminent threat of severe
economic loss of livestock, poultry or crops ready to be harvested, the Governor shall direct the North
Carolina Department of Public Safety ("DPS") to temporarily suspend weighing vehicles used to
transport livestock, poultry or crops ready to be harvested; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.70, the Governor may declare that the
health, safety, or economic well-being of persons or property requires that the maximum hours of
service for drivers prescribed by N.C. Gen. Stat. §§ 20-381 should be waived for (1) persons transporting
essential fuels, food, water, medical supplies, feed for livestock and poultry, (2) persons transporting
livestock, poultry, and crops ready to be harvested and (3) vehicles used in the restoration of utility
services; and

WHEREAS, with the concurrence of the Council of State, the undersigned hereby waives
the registration requirements of N.C. Gen. Stat. §§ 20-86.1 and 20-382, the fuel tax requirements of
20-118 and 20-119 that would apply to vehicles carrying emergency relief supplies or services or
to assist with the restoration of utility services.

NOW, THEREFORE, pursuant to the authority vested in me as Governor by the
Constitution and the laws of the State of North Carolina. IT IS ORDERED:

Section 1.

I hereby declare that a state of emergency, as defined in N.C. Gen. Stat. §§ 166A-19.3(6)
and 166A-19.3(19), exists in the State of North Carolina due to the anticipated significant impacts
from the Storm.

For purposes of this Executive Order, the emergency area is the entire State of North
Carolina ("the Emergency Area").

Section 2.

I order all state and local government entities and agencies to cooperate in the implementation
of the provisions of this declaration and the provisions of the North Carolina Emergency Operations
Plan ("the Plan").

Section 3.

I delegate to Erik A. Hooks, the Secretary of DPS, or his designee, all power and authority
granted to and required of me by Article 1A of Chapter 166A of the North Carolina General Statutes
for the purpose of implementing the Plan and deploying the State Emergency Response Team to take
the appropriate actions necessary to promote and secure the safety and protection of the populace in
North Carolina.

Section 4.

Further, Secretary Hooks, as Chief Coordinating Officer for the State of North Carolina, shall
exercise the powers prescribed in N.C. Gen. Stat. § 143B-602.
Section 5.

I further direct Secretary Hooks or his designee to seek assistance from any and all agencies of the United States Government as may be needed to meet the emergency and seek reimbursement for costs incurred by the state in responding to this emergency.

Section 6.

DPS, in conjunction with the North Carolina Department of Transportation (“DOT”), shall waive the maximum hours of service for drivers prescribed by DPS pursuant to N.C. Gen. Stat. § 20-381.

Section 7.

Furthermore, pursuant to N.C. Gen. Stat. § 20-118.1, DPS shall temporarily suspend weighing vehicles used to transport livestock, poultry, or crops ready to be harvested and feed to livestock and poultry in the Emergency Area.

Section 8.

Notwithstanding the waivers set forth above, size and weight restrictions and penalties have not been waived under the following conditions:

a. When the vehicle weight exceeds the maximum gross weight criteria established by the manufacturer (“GVWR”) or 90,000 pounds gross weight, whichever is less.

b. When the tandem axle weight exceeds 42,000 pounds and the single axle weight exceeds 22,000 pounds.

c. When a vehicle and vehicle combination exceed twelve (12) feet in width and the total overall vehicle combination’s length exceeds seventy-five (75) feet from bumper to bumper.

d. Vehicles and vehicle combinations subject to exemptions or permits by authority of this Executive Order shall not be exempt from the requirement of having (A) a yellow banner on the front and rear that is seven (7) feet long and eighteen (18) inches wide and bears the legend “Oversized Load” in ten (10) inch black letters, 1.5 inches wide and (B) red flags measuring eighteen (18) inches square on all sides at the widest point of the load. In addition, when operating between sunset and sunrise, a certified escort shall be required for loads exceeding eight (8) feet six (6) inches in width.

Section 9.

Vehicles referenced under Sections 7 and 8 of this Executive Order shall be exempt from the following registration requirements:

a. The requirement to obtain a temporary trip permit and payment of the associated $50.00 fee listed in N.C. Gen. Stat. § 105-449.49.

b. The requirement of filing a quarterly fuel tax return as the exemption in N.C. Gen. Stat. § 105-449.45a(b)(1) applies.

c. The registration requirements under N.C. Gen. Stat. §§ 20-382.1 and 20-382 concerning interstate for-hire authority are waived; however, vehicles shall maintain the required limits of insurance as required.

d. Non-participants in North Carolina’s International Registration Plan and International Fuel Tax Agreement will be permitted to enter North Carolina in accordance with the exemptions identified by this Executive Order.
Section 10.

The size and weight exemption for vehicles will be allowed on all DOT designated routes, except those routes designated as light traffic roads under N.C. Gen. Stat. § 20-118. This order shall not be in effect on bridges posted pursuant to N.C. Gen. Stat. § 136-72.

Section 11.

The waiver of regulations under Title 49 of the Code of Federal Regulations does not apply to the Commercial Drivers’ License and Insurance Requirements. This waiver shall be in effect for thirty (30) days or the duration of the emergency, whichever is less.

Section 12.

The North Carolina State Highway Patrol shall enforce the conditions set forth in Sections 6 through 11 of this Executive Order in a manner that does not endanger North Carolina motorists.

Section 13.

Upon request by law enforcement officers, exempted vehicles must produce documentation sufficient to establish that their loads are being used for bearing equipment and supplies for utility restoration, debris removal, carrying essentials in commerce, in support of emergency relief efforts in the Emergency Area.

Furthermore, upon request by law enforcement officers, exempted vehicles must produce documentation sufficient to establish that there are being used to transport livestock, poultry, or crops ready to be harvested and feed to livestock and poultry in the Emergency Area.

Section 14.

This Executive Order does not prohibit or restrict lawfully possessed firearms or ammunition or impose any limitation on the consumption, transportation, sale, or purchase of alcoholic beverages as provided in N.C. Gen. Stat. § 166A-19.30(c).

Section 15.

Section 16.

This Executive Order is effective immediately and shall remain in effect for thirty (30) days or the duration of the emergency, whichever is less.

IN WITNESS WHEREOF, I have hereunto signed my name and affixed the Great Seal of the State of North Carolina at the Capitol in the City of Raleigh, this 18th day of March in the year of our Lord two thousand and twenty-one.

Instructions on How to Demand a Public Hearing: (must be requested in writing within 15 days of notice): Any person may request a public hearing on the proposed rule by submitting a request in writing no later than 4/30/2021 to Tina Hlabse, Secretary, NC Board of Agriculture, 1001 Mail Service Center, Raleigh, NC 27699-1001.

Reason for Proposed Action: The proposed rule adoptions and amendments are intended to make the State Forest rules easier to read and understand by the public and easier to enforce by N.C. Forest Service. They are also intended to update the rules of use of the State Forests to better protect and preserve the forests while allowing the public to be able to enjoy the forests. Furthermore, the rule adoptions and amendments are necessary due to changing technologies and emerging issues. Moreover, the adoptions and amendments are needed to make sure existing rules are consistent and contacts and websites updated.

Comments may be submitted to: Tina Hlabse, Secretary, Board of Agriculture, 1001 Mail Service Center, Raleigh, NC 27699-1001; email tina.hlabse@ncagr.gov

Comment period ends: June 14, 2021

Procedure for Subjecting a Proposed Rule to Legislative Review: If an objection is not resolved prior to the adoption of the rule, a person may also submit written objections to the Rules Review Commission after the adoption of the Rule. If the Rules Review Commission receives written and signed objections after the adoption of the Rule in accordance with G.S. 150B-21.3(b2) from 10 or more persons clearly requesting review by the legislature and the Rules Review Commission approves the rule, the rule will become effective as provided in G.S. 150B-21.3(b1).

SUBCHAPTER 71U – FOOD ASSISTANCE

SECTION .0100 – IDENTIFYING INFORMATION

10A NCAC 71U .0101 ADMINISTRATION AND SUPERVISION
The counties shall administer the food stamp program under the supervision of the food assistance branch. The North Carolina Department of Health and Human Services (DHHS), Division of Social Services (DSS) oversees and supervises the Food and Nutrition Services (FNS) program which is administered through county departments of social services.

10A NCAC 71U .0201 INTENTIONAL PROGRAM VIOLATION DISQUALIFICATION
(a) An administrative disqualification hearing (ADH) or referral for prosecution shall be initiated by the local agency whenever there is evidence to substantiate that a currently participating household member has committed one or more acts of an intentional program violation as defined in 7 CFR 273.16(c). If a referral for prosecution is made, an ADH shall not be initiated unless the referral is declined or a reasonable amount of time has passed and the local agency withdraws the referral.
(b) The hearing officer for an administrative disqualification hearing shall be the county director. The director may delegate this function to a specifically designated impartial employee of the county department. The Hearing Officer for local ADH hearings is the local Agency Director. The Director may delegate this function to a designated impartial employee of the local agency. An impartial employee is one who is not a fraud Investigator, is not directly connected with the case, does not supervise an employee directly connected with the case, and has not discussed the facts of the case with any local agency staff outside of the hearing.
(c) The household member has the right to appeal to a state level hearing. The hearing shall be before a state hearing officer who represents the State Director, Division of Social Services. The local agency must provide the FNS unit with an Advance Notice of Your Disqualification Hearing Form DSS-8556 at least 30 days prior to the hearing date. The local agency must also provide the FNS unit with a notice of their right to waive the ADH. The local agency shall ensure that all letters and notices are in the primary language of the individual charged with an intentional program violation (IPV), and ensure that a qualified translator is present for an ADH when requested by an individual with limited English proficiency as defined in 7 CFR 273.16(c).
(d) The local hearing officer shall render a decision within five business days of the hearing.
(e) The FNS unit may appeal the local hearing officer's decision within 15 calendar days to a State Disqualification Hearing. The hearing shall be held before a state hearing officer on behalf of the Director of the Division of Social Services. The state hearing officer shall provide notice to the FNS unit and the local agency at least 10 calendar days before the hearing. The state hearing officer shall render a decision within 60 days of the State Disqualification Hearing.

10A NCAC 71U .0213  SEMI-ANNUAL SIMPLIFIED REPORTING

(a) The county department shall require households with earned or unearned income that are assigned six-month certification periods to report only changes in the amount of gross monthly income that result in their gross monthly income exceeding 130 percent of the monthly poverty income guideline for their household size. The agency shall assign a certification period of six months to all households subject to semi-annual reporting requirements. The following households are excluded from semi-annual reporting requirements: (1) Households that contain a homeless individual; (2) Households that contain a migrant; (3) Households that contain an Able-Bodied Adult Without a Dependent, as defined in 7 CFR 273.24; (4) Households whose only member(s) is/are Supplemental Security Income (SSI) applicants or recipients who do not receive any other types of fluctuating income; (5) Households whose only income is stable Social Security Income and/or SSI; (6) Households with no income; (7) Households receiving transitional Food Stamp benefits; or (8) Any other household not subject to semi-annual reporting requirements as determined by the United States Department of Agriculture, Food and Nutrition Services.

(b) Households with income and not excluded in Paragraph (a) of this Rule must not be required to report changes in household circumstances during the certification period for the following:

(1) Changes in sources or amounts of gross monthly income unless the change results in the gross monthly income exceeding 130 percent of the monthly poverty income guideline for the household size;
(2) Changes in household composition;
(3) Changes in residence and the resulting change in shelter costs;
(4) The acquisition of a licensed vehicle;
(5) When cash on hand, stocks, bonds, and money in a bank account or savings institution reach or exceed a total of two thousand dollars ($2,000); and
(6) Changes in the legal obligation to pay child support.

(c) The county agency must act on any change reported by such households that would increase benefits. The county agency must not act on changes that would result in a decrease in benefits unless:

(1) The household has voluntarily requested that its case be closed; or
(2) The agency has received information about the household’s circumstances from a provider who is the primary source of the information such as:
(A) Beneficiary Data Exchange (BENDEX), from the Social Security Administration;
(B) State Data Exchange (SDX), from the Social Security Administration;
(C) Systematic Alien Verification for Entitlements (SAVE), from the Immigration and Naturalization Service;
(D) Employment and Training (E&T) information, received from the Employment Security Commission; or
(E) Intentional Program Disqualifications (IPVs), received from county Program Integrity staff.

(d) A copy of the CFR may be obtained by contacting the State Division of Social Services, Economic Independence Section, 2420 Mail Service Center, Raleigh, NC 27699-2420.

(a) The simplified reporting category applies to all FNS units except the following:

(1) A Simplified Nutrition Assistance Program (SNAP) unit;
(2) A Transitional FNS Unit.

(b) Certification periods are determined based upon the following household situations:

(1) FNS units that contain only specified individuals who are without earned income are certified for a period of 12 months. A specified individual is an individual 60 years of age or older, or one of the following:
(A) A person who receives supplemental security income benefits under Title
XVI of the Social Security Act or disability or blindness payments under Titles I, II, X, XIV, or XVI of the Social Security Act. A person who receives federally or State administered supplemental benefits under Section 1616(a) of the Social Security Act provided that the eligibility to receive the benefits is based upon the disability or blindness criteria used under Title XVI of the Social Security Act.

(B) Receives disability benefits from a governmental agency based on permanent Social Security disability requirements.

(C) Is a Veteran who reports 100 percent Veterans Administration (VA) disability payments (service or nonservice connected) or is rated as 100 percent disabled but receives less than 100 percent disability payment.

(D) Is a Veteran considered by the VA to be in need of regular aid and attendance or permanently housebound under Title 38 of the U. S. Code.

(E) Is a disabled surviving spouse or disabled surviving child of a veteran in need of regular aid and attendance or permanently housebound or considered by the VA to be entitled to compensation for a service-connected death or pension benefits for a nonservice-connected death under Title 38 of the U. S. Code.

(F) Receiving Railroad Retirement and determined to be eligible for Medicare.

(G) Receiving Interim Assistance Payments (DSS General Assistance to applicants for SSI that is repaid by SSA upon approval of the SSI application).

(H) Receiving Medicaid based on disability.

(I) Benefits under the Federal Employees Compensation Act (FECA) based on Social Security disability requirements.

(2) FNS units that contain an Able-Bodied Adult Without Dependents (ABAWD) are certified for a period of six months. These FNS units will be issued a Notice of Adverse Action DSS-8553 during the second month of the certification period notifying the FNS unit that the local agency will terminate benefits after the third month unless the ABAWD satisfies the work requirements or meets an exception as set forth in 7 C.F.R. 274.24. The certification may be for a period of six months if the county is currently under an ABAWD waiver.

(3) All other units are certified for a period up to six months.

(c) FNS units subject to Simplified Reporting are required to report to the local agency any of the following changes that occur during the certification period:

(1) FNS units that include an ABAWD shall report when the ABAWD stops working an average of 80 hours per month. This only applies in non-waiver counties.

(2) FNS units whose income is at or below the 130 percent maximum allowable gross income limit are required to report an increase in unit income that causes it to exceed the 130 percent maximum allowable gross income limit for its unit size at certification. Ineligible or disqualified persons are not considered in determining the FNS unit size.

(3) FNS units are required to report if any member of the FNS unit receives lottery/gambling winnings of three thousand five hundred dollars ($3,500) or more. The receipt of lottery/gambling winnings of three thousand five hundred dollars ($3,500) or more results in loss of eligibility for the entire FNS unit. The unit remains ineligible until they reapply for benefits and meet all non-categorical eligibility financial resource and income eligibility requirements.

(d) FNS units are required to report changes by the 10th of the month following the month in which the change occurs. FNS units completing an application or recertification that experience changes prior to disposition of the application or recertification are required to report such changes by the 10th of the month following the month in which the Notice of Eligibility is received.

(e) Changes are considered reported at the earliest of the following times:

(1) The date the Change Report is received;

(2) The date the change is reported by the FNS unit by telephone, email or fax. If received during non-business hours the date reported will be the next business day;

(3) The date the FNS unit made an in-person office visit to report the change;

(4) The date the change is reported to Work First;

(5) The date the changed information is entered into NC FAST; or

(6) The date the change is reported by a third party.

(f) A local agency shall evaluate, verify and act upon a change within 10 calendar days, except for the following changes:

(1) Changes in medical expenses of units eligible for the medical deduction when the source of the change in information is from a third party and requires household contact for verification;

(2) A decrease in the unit's gross monthly income of less than fifty dollars ($50.00); or
35:20 NORTH CAROLINA REGISTER APRIL 15, 2021

(3) A change in income that is not expected to continue for longer than one month beyond the month in which the change is reported.

(g) If a change is reported and the local agency fails to act on the change within the 10 calendar days, the local agency shall determine if an over issuance has occurred. If it is determined that an over issuance occurred, the local agency shall establish an Administrative Error (AE) claim.

(h) If a reported change terminates eligibility or decreases a unit's benefit amount, a Notice of Adverse Action shall be issued to the FNS unit within 10 calendar days.

(i) If a reported change does not affect eligibility or benefit amount, an Effect of Change Notice shall be issued to the FNS unit.

(j) If a reported change will increase benefit amount, the local agency shall verify the reported change.

(k) If an FNS unit fails to report a required change, the local agency shall establish a claim against the FNS unit and issue a Notice of Adverse Action if the change would result in a reduction or termination of benefits.

SUBCHAPTER 71V - LOW INCOME ENERGY ASSISTANCE PROGRAM

10A NCAC 71V .0102 GROUPS COVERED
The state will make direct payments to the household's energy vendor if the household makes an application and meets the eligibility requirements for this program.

Authority G.S. 143B-153.

10A NCAC 71V .0103 ELIGIBILITY REQUIREMENTS
A household must meet the following requirements to be eligible for the Low Income Energy Assistance Program:

1. Income: A household's income for the base period used to establish eligibility cannot exceed 110 percent of the current non-farm poverty level. The North Carolina Department of Health and Human Services (DHHS) determines the maximum eligibility requirements annually, not to exceed 150 percent of the federal poverty level. DHHS shall consider the economic status of the state of North Carolina and availability of funding in determining the annual income eligibility criteria. The income eligibility criteria shall be included in each annual block grant application that is submitted for public review and approved by the Governor prior to submission to the United States Department of Health and Human Services (HHS) for approval. The income eligibility criteria shall be posted on the DHHS website within 10 business days of application approval by HHS. Income will be defined as gross income less:

   a. the standard medical deduction of eighty five dollars ($85.00) for each specified person. A specified person is an individual 60 years of age or older, or one of the following: for household members with only unearned income:

      i. A person who receives SSI or disability benefits for a 100 percent service or non-service connected disability;

      ii. A person who is a disabled surviving spouse or disabled surviving child of a Veteran;

      iii. A person who receives disability retirement benefits from a State, county, or local government agency due to a disability considered permanent under Section 221 of the Social Security Act;

      iv. A person who is receiving a pension from the Railroad Retirement Act of 1974 and is determined to be eligible to receive Medicare;

      v. A person who receives Federal Employees Compensation Act payments due to a disability considered permanent under the Social Security Act;

      vi. A person who receives Medicaid due to a qualifying disability;

      vii. A person who receives SSI based on presumptive eligibility;

   b. a deduction of the actual out of pocket child or dependent care costs paid by the household, up to the maximum allowed in the Food Stamp Program per child or dependent, and a standard deduction for work related expense as set forth in the below table:

   c. (a table shall be used to determine the appropriate amount to deduct).

SECTION .0300 - APPLICATION PROCESS

10A NCAC 71W .0302 INITIAL INTERVIEW

The applicant shall be allowed to have any person(s) of his choice participate in the interview. The applicant shall be informed of the following:

1. He must provide:
   a. the names of collaterals, such as landlords, employers, and others with knowledge of his situation;
   b. information about his resources;
   c. verification of his earned income and any operational expenses;
   d. his Social Security number unless he has lost his card;
   e. medical forms when appropriate;
   f. work registration card from ESC;
   g. statement from a dealer when verified equity of a motor vehicle is disputed;
   h. evidence of good cause claim for non-cooperation with the child support enforcement agency;
   i. verification of the amount of a lump sum payment and other required information regarding the lump sum;
   j. verification of stepparent's income and verification of income of a minor parent or legal guardian; and
   k. signed statement from a doctor or medical facility substantiating a pregnancy and the expected due date;
   l. a signed consent or declination to complete drug testing requirements.

2. It is the county's responsibility to use collateral sources to substantiate or verify information necessary to establish eligibility. Collateral sources of information include knowledgeable individuals, business organizations, public records, and other documentary evidence. If the applicant does not wish necessary collateral contacts to be made, he may withdraw the application. If he denies permission to contact necessary collaterals, the application shall be rejected due to failure to cooperate in establishing eligibility.

3. A worker may visit his home at the county's option. The county's decision to make a home visit will be based on error-prone characteristics defined by the state using quality control and other management data.

4. The applicant has the right to:
   a. receive assistance if found eligible;
   b. be protected against discrimination on the grounds of race, creed, or national origin by Title VI of the Civil Rights Act of 1964. He may appeal such discrimination;
   c. spend his assistance payments as he desires;
   d. use of assistance payments must be made in his best interest and that of his family. A substitute payee may be appointed for those individuals who cannot manage the payments;
   e. receive his monthly check in advance assistance payments until the payment assistance payments are terminated by appropriate action, pursuant to lawful authority;
   f. have any information given to the agency kept in confidence;
   g. appeal, if his assistance will be denied, changed or terminated, his payment is incorrect based on the agency's interpretation of state regulations, or his request for a change in the amount of assistance was delayed beyond 30 days or rejected; appeal denials, changes, or terminations of assistance payments; appeal assistance payments which the applicant believes were incorrectly calculated; or, if the applicant requests a change in the amount of assistance payments, appeal the rejection of the requested change or the agency's failure to act upon the requested change within 30 calendar days of the requested change;
   h. reapply at any time, if found ineligible; and

(19) any other income unless excluded by federal law of Paragraph (f) of this Rule; Rule.

(f) Unearned income exclusions are found in 45 CFR 233.20 and this provision is hereby adopted by reference under G.S. 150B-14(e); 45 CFR 233.53.

(g) Verification. The client applicant or recipient shall be responsible for providing verification of earned income including operational expenses for farm or self-employment income. For gifts, the recipient shall be responsible for obtaining a written statement from the provider of the gift indicating the amount, date given and purpose. The county department of social services shall be responsible for all other income verifications.

10A NCAC 71W .0410 PROSPECTIVE BUDGETING AND QUARTERLY REPORTING

Income shall be budgeted and reported as described below:

(1) Income shall be budgeted prospectively for determining eligibility for and the amount of AFDC Work First payments. To arrive at a monthly amount to consider, the following processes shall be followed:

(a) For income that is paid on less than a monthly basis, the pay received from each period during a month shall be averaged and converted to a monthly
amount as follows. Averaged pay shall be determined by:

(i) multiplying pay received by 2 if pay is received twice per month;
(ii) multiplying pay received by 2.15 if pay is received every two weeks;
(iii) multiplying pay received by 4.3 if pay is received weekly;
(iv) dividing pay received by 3 if pay is received quarterly.

(b) For child support, regular self-employment, or income that is received once per month, the amount received from two previous successive months shall be averaged to arrive at one monthly amount.

(c) Annualized self-employment income shall be averaged over the lesser of the following period: the number of months the business has been in operation or 12 months.

(2) The monthly income calculated in Paragraph (a) of this Rule shall be used to determine the AFDC Work First payment for three consecutive calendar months.

(3) Quarterly reporting shall be required for error-prone classes of recipients as defined by the state based on quality control and other management data. The quarterly reporting process shall follow the processing requirements found in 45 CFR 233.37 which is hereby incorporated by reference including all subsequent amendments and editions. Copies of this Code of Federal Regulations may be obtained from the Division of Social Services, 325 North Salisbury Street, Raleigh, NC 27603 [telephone number (919) 733-3055] at a cost of ten cents ($.10) per page at the time of adoption of this Rule.

(4) AFDC Work First families recipients shall be required to report all changes in income within 10 calendar days after they become aware a change has occurred.

10A NCAC 71W .0604 CORRECTION OF OVERPAYMENTS

(a) If the recipient is not entitled to all or part of a check payment which has been issued and fraud is not suspected, the county shall take all reasonable steps to recover promptly any overpayment of thirty-five dollars ($35.00) or more.

(b) A county may recoup an AFDC or Work First overpayment from a recipient's AFDC check or Work First payment, on account of an overpayment made to the recipient's spouse, parent, child, sibling, or other person, only if the recipient, at the time the overpayment occurred, was:

1. 18 years of age or older,
2. living with the person, and
3. part of the assistance unit.

(c) Overpayments shall be collected as follows:

1. voluntary repayment by grant reduction or recipient refund;
2. involuntary repayment by grant reduction;
3. if an overpayment occurs due to a county error in complying with program regulations, the overpayment shall be recouped by state office adjustment;
4. if an overpayment occurs due to a state or county processing error, the overpayment shall be recouped from the recipient providing the recipient was provided proper notification of the amount of AFDC or Work First they were eligible to receive;
5. if an overpayment occurs due to a state office error in interpreting regulations, the overpayment shall be charged to the state.

10A NCAC 71W .0605 CORRECTION OF UNDERPAYMENTS (READOPTION WITHOUT SUBSTANTIVE CHANGES)

10A NCAC 71W .0606 CLIENT FRAUD AND INTENTIONAL PROGRAM VIOLATIONS

(a) County Responsibilities; Fraud Prevention.

1. The county department of social services shall develop an operational program for fraud prevention, detection and investigation. Fraud program organizational requirements must be established based on the number of (AFDC or Work First) recipients, the effectiveness of the fraud prevention program, the frequency of suspected fraud cases, and the resources available to the agency.

2. The county department must designate staff to be responsible for fraud activities.

3. The county shall strive to obtain all Social Security numbers and correctly complete them on computer input forms.

4. The recipient shall be notified no less frequently than at each eligibility review of his obligation to report within ten days, all changes in income, resources, or other changes which may effect the amount of payment. Failure to do so within that time may constitute a willful withholding of such information, and permit the county department to recover the overpayment.

(b) County Investigation:

1. The county department shall investigate any information which indicates that a recipient may be receiving AFDC or Work First to which the recipient is not entitled.

2. In the investigation the staff designated for fraud shall:

A. verify that all responsibilities have been fulfilled as set forth in the rules governing the AFDC or Work First program;
B. determine whether further investigation should be undertaken to support the belief that fraud is suspected;
C. evaluate the evidence to substantiate fraud and the intent to defraud;
D. determine the amount of the erroneous payment.

3. When there is reason to suspect fraud, the county director must ensure that the agency has explained to the client his responsibilities for reporting any change in his circumstances to the agency. The director shall determine whether the agency should investigate further and shall present the case and fraud summary to the county board of social services for action unless the board has delegated this responsibility to him. the Director.

4. The fraud summary shall include:

A. identifying information;
B. a description of the fraudulent act;
(C) evidence to substantiate fraud and the intent to defraud;

(D) evidence to substantiate the amount of ineligible assistance received;

(E) information concerning the client's recipient's competency, educational background, ability to know right from wrong, any statement volunteered by the client recipient in response to the accusation and any other information which may help explain the client's recipient's current situation.

(c) County Board's Responsibilities.

(1) The county board of social services, or its designee, shall determine whether there is a basis for the belief that misrepresentation may have been committed by a person.

(2) The county board, or its designee, shall determine if the person:

(A) willfully and knowingly misstated, provided incorrect or misleading information in response to either oral or written questions; or

(B) willfully and knowingly failed to report changes which might have affected the amount of payment; or

(C) willfully and knowingly failed to report the receipt of benefits which the person knew they were not entitled to receive.

(3) There must be physical evidence to substantiate a determination that fraud was the reason for the overpayment.

(4) If the board, or its designee, determines fraud is suspected, it shall instruct the agency to pursue one or more, of the following actions:

(A) administrative recoupment which is defined as:

(i) involuntary reduction of the AFDC or Work First grant may be collected from all income and assets of the assistance unit. The assistance unit shall retain an amount not less than 90 percent of the assistance payment received by a family of similar composition with no other income; or

(ii) a voluntary grant reduction. There is no limitation on the amount of the reduction;

(iii) voluntary recipient refund. There is no limitation on the amount of the refund;

(iv) NC Debt Setoff Collection. NC Debt Set-off (Tax Intercept) is the process by which the North Carolina

Department of Health and Human Services (DHHS) intercepts income tax refunds through the North Carolina Department of Revenue (DOR) to repay Intentional Program Violation (IPV) and Inadvertent Household Error (IHE) Claims of current/former Work First recipients.

(B) administrative disqualification:

(i) Hearing

(I) An administrative disqualification hearing shall be initiated by the county department of social services when there is sufficient evidence to indicate that an individual has intentionally violated a program rule in order to receive cash assistance for which the individual is not eligible. The hearing shall be held and any administrative action initiated within 90 days of the date the individual is notified in writing that the hearing has been scheduled. No hearing shall be held when the amount of the overpayment is less than one hundred dollars ($100.00).

(II) The county board of social services shall designate the county director or their impartial county employee to act as the hearings officer. Duties are to: provide written notification of the hearing date, time, and location to the client individual at
least 30 days in advance of the date of the hearing. Written notification of the hearing shall include the client's individual's right to have legal representation, a witness or witnesses, or waive the hearing; conduct the hearing to collect all evidence and testimony; render a written decision to the client individual and DSS within 15 days as to whether an intentional program violation has occurred. Written notification that the hearing decision will be mailed by Certified Mail Return Receipt Requested. The notice will inform the client individual of the right to further appeal to the state (or higher local authority) and the procedures for such appeal. When an intentional program violation is found, the notification will inform the client individual of the length of the sanction and that client individual remains a part of the Work First case and subject to all program requirements. When no intentional program violation is found, the notification will inform the client individual that the overpayment will be collected pursuant to 10A NCAC 71W.

(ii) Sanctions:
(I) The county department of social services shall apply disqualification sanctions as follows: 12 months of ineligibility for the first offense; 24 months for the second offense; and permanently disqualified for the third offense.

(II) The sanction shall be applied by reducing the work first cash assistance payment by the disqualified person's share of the payment for the appropriate period of sanction. The disqualified person remains a part of the work first case and subject to all program requirements.

(iii) Repayment:
The county department of social services will follow procedures pursuant to Part (c)(4)(A) of this Rule in the collection of overpayments.

(C) civil court action; or
(D) criminal court action.

(d) Board Decision; Agency Follow-up:
(1) If the board, or its designee, suspects fraud, the department's findings and actions shall be reported immediately to the assistance payments section, Division of Social Services. The county director shall keep the county board and assistance payments section Division of Social Services informed on all cases referred for court and repayment action.

(2) The county department of social services shall support the local prosecutor by accomplishing necessary interviews in accordance with the prosecutor's requirements, recommending possible witnesses, providing necessary investigative reports, and taking other action deemed necessary by legal authorities.

(3) Regardless of what action is taken by the board or the court, the county shall continue to work with the client individual and shall promptly
notify the client individual of the action taken in his their case.

(4) The county shall maintain records on the number of cases referred for investigation, the number of suspected fraud referrals, action taken to recover the overpayment and amounts recovered.

(e) In fraud cases, if a county fails to act promptly on indications of ineligibility, federal and state financial participation shall not be available.

SECTION .0700 - EMERGENCY ASSISTANCE COVERAGE

10A NCAC 71W .0704 BENEFIT LEVELS

(a) Cash assistance:

(1) The maximum cash assistance benefit per household is three hundred dollars ($300) during 30 consecutive days. Assistance cannot be received again within a 12 consecutive month period.

(2) When the agency purchases in-kind goods or contracts for the purchase of services to alleviate or to prevent destitution of the family, the value of the in-kind goods or contracted services purchased with the cash assistance must be established and considered when authorizing the benefit level.

(A) For in-kind goods, the value shall be the actual purchase price of the goods.

(B) For contracted services, the provider shall submit to the agency a written statement of the value of the service purchased with the cash assistance.

(b) Services:

(1) There is no maximum benefit level for services but the family must need the services to alleviate the identified emergency.

(2) Services must be authorized within a single 30 day period no less than 12 months after the beginning of the family's last EA authorization period and are limited to a maximum duration of 364 days.

(3) Counties shall use their Work First block grant funds to provide emergency assistance to families. Counties shall define the eligibility criteria, including who is eligible and the types of emergencies that will be covered. This assistance is designed to assist with families' sporadic emergency needs, such as a utility cutoff or an eviction notice. Emergency assistance is not designed specifically to help families move to self-sufficiency, although, use of this assistance may help a family's progress.

CHAPTER 72 - EDUCATIONAL ASSISTANCE

SECTION .0100 - GENERAL

10A NCAC 72 .0102 DEFINITIONS

The following definitions shall apply in this Chapter:

(1) "Academic Year" means a period of time in which a student completes the equivalent of two semesters or three quarters of academic work.

(2) "Approved Institution" means one of the branches of the University of North Carolina or one of the North Carolina community colleges.

(3) "Case Management Services" are a set of services provided to participating students and their families which are designed to support the student's postsecondary education experience. Such services include:

   (a) processing and accepting applications for the program;
   (b) certifying each eligible student and the amount of the Eligible Student's Scholarship and communicating this information to the North Carolina State Education Assistance Authority to authorize release of funds;
   (c) compiling accurate databases of resources in the students' academic communities that can help students succeed in school;
   (d) providing or arranging for counseling regarding academic issues as well as other concerns that may affect the performance of the student;
   (e) communicating with and advising students on academic issues;
   (f) providing contact with students throughout their postsecondary experience;
   (g) responding to students experiencing crisis;
   (h) providing or arranging for emergency housing up to two weeks for students who have no place to live when school is out of session;
   (i) if allowed by the student, being available to consult with student's families and staff of local Departments of Social Services regarding student's postsecondary experiences;
   (j) monitoring grades and the individual's course of study, and evaluating progress toward goal achievement;
   (k) maintaining records for each individual student regarding their academic progress and assistance provided; and
   (l) providing quarterly program reports of case management services to the contract administrator at the State Division of Social Services.

(4) "Cost of Attendance" Costs of attendance are defined by the Higher Education Act of 1965, which includes tuition, fees, room, board, supplies, transportation, and personal expenses. This amount is established by each institution. This grant is limited to cost of attendance less other grants or scholarships from federal, state, or other sources.

(5) "Education Training Voucher" (ETV) means the Federal scholarship program funded by the John Chafee Foster Care Independence Act 42 U.S.C. 677, which benefits individuals who were in the custody of the Department of Social Services at or after age 17 or who were adopted or exited to guardianship on or after their 16th birthday.

(6) "Eligible Student" means a student who:

   (a) has received a high school diploma or GED and has not yet reached his or her 26th birthday;
   (b) is pursuing an undergraduate degree, diploma, or certificate at an approved institution as a half-time student or a full-time student, as defined in 34 CFR 668.2;
   (c) was in the custody of a North Carolina local Department of Social Services on his or her 18th birthday, or was adopted from the North Carolina foster care system on or after his or her 12th birthday; and exited foster care to a permanent home through the Guardianship Assistance Program;
   (d) is making satisfactory academic progress toward completion of the course of undergraduate study as defined in 34 CFR 668.34.

(7) "Fiscal Year" means each annual period which begins on July 1 in any calendar year and ends on June 30 the following calendar year.

(9) "Matriculated Status" means the student is recognized by the approved institution as a student in a defined program of study leading to an associate's degree, baccalaureate degree, diploma or certificate.

(10) "Pell Grant" means the needs based scholarship program administered by the federal government to benefit low income baccalaureate and postgraduate students.

(11) "Program" means the Postsecondary Educational Support Scholarship program, also known as NC Reach, established by Section 10.34(a) of Session Law 2007-323.
TITLE 11 – DEPARTMENT OF INSURANCE

Notice is hereby given in accordance with G.S. 150B-21.2 that the Industrial Commission intends to adopt the rule cited as 11 NCAC 23E .0302.

SUBCHAPTER 23E – ADMINISTRATIVE RULES OF THE INDUSTRIAL COMMISSION

SECTION .0300 – RULES OF THE COMMISSION

11 NCAC 23E.0302 EMERGENCY ORDERS AND DIRECTIVES OF THE CHIEF JUSTICE OF THE NORTH CAROLINA SUPREME COURT

(a) This Rule applies to all matters within the authority and jurisdiction of the Commission and to all Subchapters of the Commission's rules.

(b) In the interests of justice or to protect the public health or safety, the Commission may waive or modify any portion of its rules in order to bring them in conformity with an emergency Order or directive of the Chief Justice of the North Carolina Supreme Court that is in effect. The Commission shall consider the following factors in determining whether to grant the waiver or modification:

(1) the necessity of waiving or modifying the rule; and
(2) the impact of waiving or modifying the rule on the regulated parties and on the Commission.

If the Commission waives or modifies a rule to bring it into conformity with any emergency Order or directive of the Chief Justice of the North Carolina Supreme Court, the Commission shall post a notice of the waiver or modification of the rule on its website unless the waiver or modification is case-specific and not generally applicable to the regulated public. For a waiver or modification that is case-specific and not generally applicable to the regulated public, the Commission shall notify the parties in the case of the waiver or modification via an order of the Commission.

(c) During any period that an emergency Order or directive of the Chief Justice of the North Carolina Supreme Court authorizes the taking of oaths and verifications outside the presence of a notary public, the Commission shall accept any pleading, motion, petition, supporting affidavit, or other document with an affirmation or representation not attested to before a notary public as a verification of the truth of the matter to be verified by an affirmation or representation in substantially the same language as that allowed by the emergency Order or
directive of the Chief Justice of the North Carolina Supreme Court.
(d) Any waiver or modification made pursuant to this Rule shall only remain in effect during the duration of any emergency Order or directive of the Chief Justice of the North Carolina Supreme Court upon which that waiver or modification is based.

CHAPTER 10 - SHERIFFS' EDUCATION AND TRAINING STANDARDS COMMISSION

SUBCHAPTER 10B - N.C. SHERIFFS' EDUCATION AND TRAINING STANDARDS COMMISSION

SECTION .0500 - MINIMUM STANDARDS OF TRAINING FOR DEPUTY SHERIFFS

12 NCAC 10B .0510 CERTIFICATION AND TRAINING FOR SCHOOL RESOURCE OFFICERS

(a) A "School Resource Officer (SRO)" is defined as any law enforcement officer assigned to one or more public schools within a local school administrative unit, as defined in G.S. 115C-5(6), who works in a school at least 20 hours per week for more than 12 weeks per calendar year to assist with all of the following:

(1) School safety;
(2) School security;
(3) Emergency preparedness;
(4) Emergency response; and
(5) Any additional responsibilities related to school safety or security assigned by the officer's employer while the officer is acting as a School Resource Officer.

Any written memorandum of understanding between the local school administrative unit and the law enforcement agency governing the School Resource Officer shall be consistent with this Paragraph.

(b) Deputy Sheriffs assigned by their agency to perform duties as a School Resource Officer shall:

(1) have been issued general certification by the North Carolina Sheriffs' Education and Training Standards Commission as a Deputy Sheriff; and
(2) have until December 31, 2020 to complete the Basic School Resource Officer Training Course if they are acting in the capacity of a School Resource Officer between January 1, 2019 and December 31, 2019. Any officer assigned as a School Resource Officer effective January 1, 2020 or later shall complete the Basic School Resource Officer Training course pursuant to Paragraph (f) of this Rule, within one year after being assigned as a School Resource Officer. Deputy Sheriffs who previously completed the training pursuant to Paragraph (f) of this Rule at any time and who have been continually assigned as an SRO pursuant to Paragraph (a) of this Rule shall be credited with completion of the Basic School Resource Officer Training course.

were not assigned as an SRO pursuant to Paragraph (a) of this Rule as long as they comply with the annual SRO refresher training pursuant to Paragraph (e) of this Rule.

(c) A Deputy Sheriff assigned to one or more public schools within a local school administrative unit, who works in a school at least 20 hours per week for more than 12 weeks per calendar year and who has not completed the initial training as established by Paragraph (g) of this Rule shall not work in a school as a School Resource Officer until the officer has completed the initial training as established by Paragraph (f) of this Rule.

(d) The agency head shall submit to the Sheriffs' Standards Division a Form F-20 Commission School Resource Officer Assignment Form for the person(s) selected to act as a School Resource Officer for the agency. The Form F-20 is located on the agency's website: https://ncdoj.gov and must be completed in its entirety. The Form F-20 Commission School Resource Officer Assignment Form consists of the following:

1. applicant's name;
2. date of birth;
3. social security number;
4. name of agency and address;
5. date awarded general certification;
6. completion date of School Resource Officer training; and
7. date assigned as a School Resource Officer.

(e) The term of certification as a School Resource Officer shall be indefinite, provided the School Resource Officer completes during each calendar year one credit of School Resource Officer refresher training authored by North Carolina Justice Academy. For School Resource Officers who complete the basic SRO training requirement in 2020 or earlier, this requirement becomes effective January 1, 2021. Otherwise, this requirement becomes effective the year following the officer's successful completion of the Basic School Resource Officer Training course. A certified School Resource Officer who has not completed the refresher training during a calendar year as established by this Rule shall not work in a school as a School Resource Officer until the officer has completed the required refresher training as established by this Rule. Any refresher training that is not completed during a single calendar year must be made up on or before January 31st of the following calendar year. Any officer who fails to resolve a deficiency in the refresher training shall no longer maintain School Resource Officer certification.

(f) Instructors who teach a basic SRO course in a traditional classroom format will receive credit toward the completion of the basic SRO course requirement as required by this Rule, provided they pass all required tests and have their instruction documented by the Agency Head or In-Service Training Coordinator once completed.

(g) The School Resource Officer training course for Deputy Sheriffs shall provide the trainee with the skills and knowledge to perform in the capacity of a School Resource Officer. The Basic School Resource Officer Training course authored by the North Carolina Justice Academy shall be used as the curriculum for this training course. TITLE 15A – DEPARTMENT OF ENVIRONMENTAL QUALITY

Notice is hereby given in accordance with G.S. 150B-21.2 that the Coastal Resources Commission intends to amend the rules cited as 15A NCAC 07H .0208, .0306, .0308; 07J .1301; 07K .0207; 07M .0302, .0307, .0602, .0603 and repeal the rules cited as 15A NCAC 07M .0301, .0306 and .0308.

Proposed Effective Date: September 1, 2021

Public Hearing:
Date: May 4, 2021
Time: 1:00 p.m.
Location:
http://ncdenrits.webex.com/ncdenrits/j.php?MTID=mb7852d165f311a552321dc4c855a511

Reason for Proposed Action:
15A NCAC 07H .0208 and 07M .0602-0603: The Coastal Resources Commission’s floating structure policies do not specifically address Floating Upweller Systems used in shellfish aquaculture operations. These amendments clarify how they may be sited in public trust waters.

15A NCAC 07M .0300: The Coastal Resources Commission (CRC) is proposing amendments to the CAMA Public Beach and Coastal Waterfront Access Program. These amendments are intended to address implementation aspects of the Program, as well as reorganize some of the individual rules based on grant administration, local government requirements, and project selection. These changes are consistent with G.S. 150B-19.1(b) which requires agencies to identify existing rules that are unnecessary, unduly burdensome, or inconsistent with the principles set forth in 150B-19.1(a) and modify them to reduce regulatory burden.

15A NCAC 07H .0306 and 07J .1301: Currently, there are specific types of development allowed oceanward of the setback line except only when a community has a CRC approved Development Line. This was not the original intent of the Coastal Resources Commission; therefore, the CRC is amending its rules to allow those exceptions oceanward of the setback line.

15A NCAC 07H .0308 and 07K .0207: The Coastal Resources Commission proposes to amend its administrative rules in order...
to provide greater flexibility to local governments and government agencies in constructing public accessways and enhanced handicap access to the beach by allowing the limited use of beach matting.

Procedure for Subjecting a Proposed Rule to Legislative Review: If an objection is not resolved prior to the adoption of the rule, a person may also submit written objections to the Rules Review Commission after the adoption of the Rule. If the Rules Review Commission receives written and signed objections after the adoption of the Rule in accordance with G.S. 150B-21.3(b2) from 10 or more persons clearly requesting review by the legislature and the Rules Review Commission approves the rule, the rule will become effective as provided in G.S. 150B-21.3(b1). The Commission will receive written objections until 5:00 p.m. on the day following the day the Commission approves the rule. The Commission will receive those objections by mail, delivery service, hand delivery, or facsimile transmission. If you have any further questions concerning the submission of objections to the Commission, please call a Commission staff attorney at 984-236-1850.

CHAPTER 07 - COASTAL MANAGEMENT
SUBCHAPTER 07H - STATE GUIDELINES FOR AREAS OF ENVIRONMENTAL CONCERN

SECTION .0200 – THE ESTUARINE AND OCEAN SYSTEMS

15A NCAC 07H .0208 USE STANDARDS
(a) General Use Standards
   (1) Uses that are not water dependent shall not be permitted in coastal wetlands, estuarine waters, and public trust areas. Restaurants, residences, apartments, motels, hotels, trailer parks, private roads, factories, and parking lots are examples of uses that are not water dependent. Uses that are water dependent include: utility crossings, wind energy facilities, docks, wharves, boat ramps, dredging, bridges and bridge approaches, revetments, bulkheads, culverts, groins, navigational aids, mooring pilings, navigational channels, access channels and drainage ditches;

Before being granted a permit, the CRC or local permitting authority shall find that the applicant has complied with the following standards:
   (A) The location, design, and need for development, as well as the construction activities involved shall be consistent with the management objective of the Estuarine and Ocean System AEC (Rule .0203 of this subchapter) and shall be sited and designed to avoid significant adverse impacts upon the productivity and biologic integrity of coastal wetlands, shellfish beds, submerged aquatic vegetation as defined by the Marine Fisheries Commission, and spawning and nursery areas;
   (B) Development shall comply with State and federal water and air quality rules, statutes and regulations;
   (C) Development shall not cause irreversible damage to documented archaeological or historic resources as identified by the N.C. Department of Cultural resources;
   (D) Development shall not increase siltation;
   (E) Development shall not create stagnant water bodies;
   (F) Development shall be timed to avoid significant adverse impacts on life cycles of estuarine and ocean resources; and
   (G) Development shall not jeopardize the use of the waters for navigation or for other public trust rights in public trust areas including estuarine waters.

When the proposed development is in conflict with the general or specific use standards set forth in this Rule, the CRC may approve the development if the applicant can demonstrate that the activity associated with the proposed project will have public benefits as identified in the findings and goals of the Coastal Area Management Act, that the public benefits outweigh the long range adverse effects of the project, that there is no reasonable alternate site available for the project, and that all reasonable means and measures to mitigate adverse impacts of the project have been incorporated into the project design and shall be implemented at the applicant's expense. Measures taken to mitigate or minimize adverse impacts shall include actions that:
   (A) minimize or avoid adverse impacts by limiting the magnitude or degree of the action;
   (B) restore the affected environment; or
(C) compensate for the adverse impacts by replacing or providing substitute resources.

(4) "Primary nursery areas" are defined as those areas in the estuarine and ocean system where initial post larval development of finfish and crustaceans takes place. They are usually located in the uppermost sections of a system where populations are uniformly early juvenile stages. Primary nursery areas are designated and described by the N.C. Marine Fisheries Commission (MFC) and by the N.C. Wildlife Resources Commission (WRC);

(5) "Outstanding Resource Waters" (ORW) are defined as those estuarine waters and public trust areas classified by the N.C. Environmental Management Commission (EMC). In those estuarine waters and public trust areas classified as ORW by the EMC no permit required by the Coastal Area Management Act shall be approved for any project which would be inconsistent with applicable use standards adopted by the CRC, EMC, or MFC for estuarine waters, public trust areas, or coastal wetlands. For development activities not covered by specific use standards, no permit shall be issued if the activity would, based on site specific information, degrade the water quality or outstanding resource values; and

(6) Beds of "submerged aquatic vegetation" (SAV) are defined as those habitats in public trust and estuarine waters vegetated with one or more species of submergent vegetation. These vegetation beds occur in both subtidal and intertidal zones and may occur in isolated patches or cover extensive areas. In either case, the bed is defined by the Marine Fisheries Commission. Any rules relating to SAVs shall not apply to non-development control activities authorized by the Aquatic Weed Control Act of 1991 (G.S. 113A-220 et seq.).

(b) Specific Use Standards

(1) Navigation channels, canals, and boat basins shall be aligned or located so as to avoid primary nursery areas, shellfish beds, beds of submerged aquatic vegetation as defined by the MFC, or areas of coastal wetlands except as otherwise allowed within this Subchapter. Navigation channels, canals and boat basins shall also comply with the following standards:

(A) Navigation channels and canals may be allowed through fringes of regularly and irregularly flooded coastal wetlands if the loss of wetlands will have no significant adverse impacts on fishery resources, water quality or adjacent wetlands, and if there is no reasonable alternative that would avoid the wetland losses;

(B) All dredged material shall be confined landward of regularly and irregularly flooded coastal wetlands and stabilized to prevent entry of sediments into the adjacent water bodies or coastal wetlands;

(C) Dredged material from maintenance of channels and canals through irregularly flooded wetlands shall be placed on non-wetland areas, remnant spoil piles, or disposed of by a method having no significant, long-term wetland impacts. Under no circumstances shall dredged material be placed on regularly flooded wetlands. New dredged material disposal areas shall not be located in the buffer area as outlined in 15A NCAC 07H .0209(d)(10);

(D) Widths of excavated canals and channels shall be the minimum required to meet the applicant's needs but not impair water circulation;

(E) Boat basin design shall maximize water exchange by having the widest possible opening and the shortest practical entrance canal. Depths of boat basins shall decrease from the waterward end inland;

(F) Any canal or boat basin shall be excavated no deeper than the depth of the connecting waters;

(G) Construction of finger canal systems are not allowed. Canals shall be either straight or meandering with no right angle corners;

(H) Canals shall be designed so as not to create an erosion hazard to adjoining property. Design may include shoreline stabilization, vegetative stabilization, or setbacks based on soil characteristics; and

(I) Maintenance excavation in canals, channels and boat basins within primary nursery areas and areas of submerged aquatic vegetation as defined by the MFC shall be avoided. However, when essential to maintain a traditional and established use, maintenance excavation may be approved if the applicant meets all of the following criteria:

(i) The applicant demonstrates and documents that a water-dependent need exists for the excavation;

(ii) There exists a previously permitted channel that was constructed or maintained
under permits issued by the State or Federal government. If a natural channel was in use, or if a human-made channel was constructed before permitting was necessary, there shall be evidence that the channel was continuously used for a specific purpose;

(iii) Excavated material can be removed and placed in a disposal area in accordance with Part (b)(1)(B) of this Rule without impacting adjacent nursery areas and submerged aquatic vegetation as defined by the MFC; and

(iv) The original depth and width of a human-made or natural channel shall not be increased to allow a new or expanded use of the channel.

(2) Hydraulic Dredging
(A) The terminal end of the dredge pipeline shall be positioned at a distance sufficient to preclude erosion of the containment dike and a maximum distance from spillways to allow settlement of suspended solids;

(B) Dredged material shall be either confined on high ground by retaining structures or deposited on beaches for purposes of renourishment if the material is suitable in accordance with the rules in this Subchapter, except as provided in Part (G) of this Subparagraph;

(C) Confinement of excavated materials shall be landward of all coastal wetlands and shall employ soil stabilization measures to prevent entry of sediments into the adjacent water bodies or coastal wetlands;

(D) Effluent from diked areas receiving disposal from hydraulic dredging operations shall be contained by pipe, trough, or similar device to a point waterward of emergent vegetation or, where local conditions require, below normal low water or normal water level.

(E) When possible, effluent from diked disposal areas shall be returned to the area being dredged;

(F) A water control structure shall be installed at the intake end of the effluent pipe.

(G) Publicly funded projects shall be considered by review agencies on a case-by-case basis with respect to dredging methods and dredged material disposal in accordance with Subparagraph (a)(3) of this Rule; and

(H) Dredged material from closed shellfish waters and effluent from diked disposal areas used when dredging in closed shellfish waters shall be returned to the closed shellfish waters.

(3) Drainage Ditches
(A) Drainage ditches located through any coastal wetland shall not exceed six feet wide by four feet deep (from ground surface) unless the applicant shows that larger ditches are necessary;

(B) Dredged material derived from the construction or maintenance of drainage ditches through regularly flooded marsh shall be placed landward of these marsh areas in a manner that will insure that entry of sediment into the water or marsh will not occur. Dredged material derived from the construction or maintenance of drainage ditches through irregularly flooded marshes shall be placed on non-wetlands wherever feasible. Non-wetland areas include relic disposal sites;

(C) Excavation of new ditches through high ground shall take place landward of an earthen plug or other methods to minimize siltation to adjacent water bodies; and

(D) Drainage ditches shall not have a significant adverse impact on primary nursery areas, productive shellfish beds, submerged aquatic vegetation as defined by the MFC, or other estuarine habitat. Drainage ditches shall be designed so as to minimize the effects of freshwater inflows, sediment, and the introduction of nutrients to receiving waters. Settling basins, water gates and retention structures are examples of design alternatives that may be used to minimize sediment introduction.

(4) Nonagricultural Drainage
(A) Drainage ditches shall be designed so that restrictions in the volume or diversions of flow are minimized to both surface and ground water;

(B) Drainage ditches shall provide for the passage of migratory organisms by
allowing free passage of water of sufficient depth; and

(C) Drainage ditches shall not create stagnant water pools or changes in the velocity of flow.

(5) Marinas. "Marinas" are defined as any publicly or privately owned dock, basin or wet boat storage facility constructed to accommodate more than 10 boats and providing any of the following services: permanent or transient docking spaces, dry storage, fueling facilities, haulout facilities and repair service. Excluded from this definition are boat ramp facilities allowing access only, temporary docking and none of the preceding services. Expansion of existing facilities shall comply with the standards of this Subparagraph for all development other than maintenance and repair necessary to maintain previous service levels. Marinas shall comply with the following standards:

(A) Marinas shall be sited in non-wetland areas or in deep waters (areas not requiring dredging) and shall not disturb shellfish resources, submerged aquatic vegetation as defined by the MFC, or wetland habitats, except for dredging necessary for access to high-ground sites. The following four alternatives for siting marinas are listed in order of preference for the least damaging alternative; marina projects shall be designed to have the highest of these four priorities that is deemed feasible by the permit letting agency:

(i) an upland basin site requiring no alteration of wetland or estuarine habitat and providing flushing by tidal or wind generated water circulation or basin design characteristics;

(ii) an upland basin site requiring dredging for access when the necessary dredging and operation of the marina will not result in significant adverse impacts to existing fishery, shellfish, or wetland resources and the basin design shall provide flushing by tidal or wind generated water circulation;

(iii) an open water site located outside a primary nursery area which utilizes piers or docks rather than channels or canals to reach deeper water; and

(iv) an open water marina requiring excavation of no intertidal habitat, and no dredging greater than the depth of the connecting channel.

(B) Marinas that require dredging shall not be located in primary nursery areas nor in areas which require dredging through primary nursery areas for access. Maintenance dredging in primary nursery areas for existing marinas shall comply with the standards set out in Part (b)(1)(I) of this Rule;

(C) To minimize coverage of public trust areas by docks and moored vessels, dry storage marinas shall be used where feasible;

(D) Marinas to be developed in waters subject to public trust rights (other than those created by dredging upland basins or canals) for the purpose of providing docking for residential developments shall be allowed no more than 27 square feet of public trust areas for every one linear foot of shoreline adjacent to these public trust areas for construction of docks and mooring facilities. The 27 square feet allocation does not apply to fairway areas between parallel piers or any portion of the pier used only for access from land to the docking spaces;

(E) To protect water quality in shellfishing areas, marinas shall not be located within areas where shellfish harvesting for human consumption is a significant existing use or adjacent to such areas if shellfish harvest closure is anticipated to result from the location of the marina. In compliance with 33 U.S. Code Section 101(a)(2) of the Clean Water Act and North Carolina Water Quality Standards (15A NCAC 02B .0200) adopted pursuant to that section, shellfish harvesting is a significant existing use if it can be established that shellfish have been regularly harvested for human consumption since November 28, 1975 or that shellfish are propagating and surviving in a biologically suitable habitat and are available and suitable for harvesting for the purpose of human consumption. The Division of Coastal
Management shall consult with the Division of Marine Fisheries regarding the significance of shellfish harvest as an existing use and the magnitude of the quantities of shellfish that have been harvested or are available for harvest in the area where harvest will be affected by the development;

(F) Marinas shall not be located without written consent from the leaseholders or owners of submerged lands that have been leased from the state or deeded by the State;

(G) Marina basins shall be designed to promote flushing through the following design criteria:
   (i) the basin and channel depths shall gradually increase toward open water and shall never be deeper than the waters to which they connect; and
   (ii) when possible, an opening shall be provided at opposite ends of the basin to establish flow-through circulation;

(H) Marinas shall be designed so that the capability of the waters to be used for navigation or for other public trust rights in estuarine or public trust waters are not jeopardized while allowing the applicant access to deep waters;

(I) Marinas shall be located and constructed so as to avoid adverse impacts on navigation throughout all federally maintained channels and their boundaries as designated by the US Army Corps of Engineers. This includes mooring sites (permanent or temporary); speed or traffic reductions; or any other device, either physical or regulatory, that may cause a federally maintained channel to be restricted;

(J) Open water marinas shall not be enclosed within breakwaters that preclude circulation sufficient to maintain water quality;

(K) Marinas that require dredging shall provide areas in accordance with Part (b)(1)(B) of this Rule to accommodate disposal needs for future maintenance dredging, including the ability to remove the dredged material from the marina site;

(L) Marina design shall comply with all applicable EMC requirements (15A NCAC 02B .0200) for management of stormwater runoff. Stormwater management systems shall not be located within the 30-foot buffer area outlined in 15A NCAC 07H .0209(d);

(M) Marinas shall post a notice prohibiting the discharge of any waste from boat toilets and listing the availability of local pump-out services;

(N) Boat maintenance areas shall be designed so that all scraping, sandblasting, and painting will be done over dry land with collection and containment devices that prevent entry of waste materials into adjacent waters;

(O) All marinas shall comply with all applicable standards for docks and piers, shoreline stabilization, dredging and dredged material disposal of this Rule;

(P) All applications for marinas shall be reviewed by the Division of Coastal Management to determine their potential impact to coastal resources and compliance with applicable standards of this Rule. Such review shall also consider the cumulative impacts of marina development in accordance with G.S. 113A-120(a)(10); and

(Q) Replacement of existing marinas to maintain previous service levels shall be allowed provided that the development complies with the standards for marina development within this Section.

6. Piers and Docking Facilities.

(A) Piers shall not exceed six feet in width. Piers greater than six feet in width shall be permitted only if the greater width is necessary for safe use, to improve public access, or to support a water dependent use that cannot otherwise occur;

(B) The total square footage of shaded impact for docks, platforms and mooring facilities (excluding the pier) allowed shall be eight square feet per linear foot of shoreline with a maximum of 2,000 square feet. In calculating the shaded impact, uncovered open water slips shall not be counted in the total. Projects requiring dimensions greater than those stated in this Rule shall be permitted only if the greater dimensions are necessary for safe use, to improve public access, or to support
a water dependent use that cannot otherwise occur. Size restrictions shall not apply to marinas;

(C) Piers and docking facilities over coastal wetlands shall be no wider than six feet and shall be elevated at least three feet above any coastal wetland substrate as measured from the bottom of the decking;

(D) A boathouse shall not exceed 400 square feet except to accommodate a documented need for a larger boathouse and shall have sides extending no farther than one-half the height of the walls and covering only the top half of the walls. Measurements of square footage shall be taken of the greatest exterior dimensions. Boathouses shall not be allowed on lots with less than 75 linear feet of shoreline. Size restrictions do not apply to marinas;

(E) The total area enclosed by an individual boat lift shall not exceed 400 square feet except to accommodate a documented need for a larger boat lift;

(F) Piers and docking facilities shall be single story. They may be roofed but shall not be designed to allow second story use;

(G) Pier and docking facility length shall be limited by:
   (i) not extending beyond the established pier or docking facility length along the same shoreline for similar use. This restriction does not apply to piers 100 feet or less in length unless necessary to avoid unreasonable interference with navigation or other uses of the waters by the public;
   (ii) not extending into the channel portion of the water body; and
   (iii) not extending more than one-fourth the width of a natural water body, or human-made canal or basin. Measurements to determine widths of the water body, canals or basins shall be made from the waterward edge of any coastal wetland vegetation that borders the water body. The one-fourth length limitation does not apply in areas where the U.S. Army Corps of Engineers, or a local government in consultation with the Corps of Engineers, has established an official pier-head line. The one-fourth length limitation shall not apply when the proposed pier is located between longer piers or docking facilities within 200 feet of the applicant's property. However, the proposed pier or docking facility shall not be longer than the pier head line established by the adjacent piers or docking facilities, nor longer than one-third the width of the water body.

(H) Piers or docking facilities longer than 400 feet shall be permitted only if the proposed length gives access to deeper water at a rate of at least 1 foot each 100 foot increment of length longer than 400 feet, or, if the additional length is necessary to span some obstruction to navigation. Measurements to determine lengths shall be made from the waterward edge of any coastal wetland vegetation that borders the water body;

(I) Piers and docking facilities shall not interfere with the access to any riparian property and shall have a minimum setback of 15 feet between any part of the pier or docking facility and the adjacent property owner's areas of riparian access. The line of division of areas of riparian access shall be established by drawing a line along the channel or deep water in front of the properties, then drawing a line perpendicular to the line of the channel so that it intersects with the shore at the point the upland property line meets the water's edge. The minimum setback provided in the rule may be waived by the written agreement of the adjacent riparian owner(s) or when two adjoining riparian owners are co-applicants. If the adjacent property is sold before construction of the pier or docking facility commences, the applicant shall obtain a written agreement with the new owner waiving the minimum setback and submit it to the permitting agency prior to initiating any
development of the pier. Application of this Rule may be aided by reference to the approved diagram in 15A NCAC 07H .1205(t) illustrating the rule as applied to various shoreline configurations. Copies of the diagram may be obtained from the Division of Coastal Management. When shoreline configuration is such that a perpendicular alignment cannot be achieved, the pier shall be aligned to meet the intent of this Rule to the maximum extent practicable as determined by the Director of the Division of Coastal Management; and Applicants for authorization to construct a pier or docking facility shall provide notice of the permit application to the owner of any part of a shellfish franchise or lease over which the proposed dock or pier would extend. The applicant shall allow the lease holder the opportunity to mark a navigation route from the pier to the edge of the lease.

(7) Bulkheads

(A) Bulkhead alignment, for the purpose of shoreline stabilization, shall approximate the location of normal high water or normal water level;

(B) Bulkheads shall be constructed landward of coastal wetlands in order to avoid significant adverse impacts to the resources;

(C) Bulkhead backfill material shall be obtained from an upland source approved by the Division of Coastal Management pursuant to this Section, or if the bulkhead is a part of a permitted project involving excavation from a non-upland source, the material so obtained may be contained behind the bulkhead;

(D) Bulkheads shall be permitted below normal high water or normal water level only when the following standards are met:

(i) the property to be bulkheaded has an identifiable erosion problem, whether it results from natural causes or adjacent bulkheads, or it has unusual geographic or geologic features, e.g. steep grade bank, which will cause the applicant unreasonable hardship under the other provisions of this Rule;

(ii) the bulkhead alignment extends no further below normal high water or normal water level than necessary to allow recovery of the area eroded in the year prior to the date of application, to align with adjacent bulkheads, or to mitigate the unreasonable hardship resulting from the unusual geographic or geologic features;

(iii) the bulkhead alignment will not adversely impact public trust rights or the property of adjacent riparian owners;

(iv) the need for a bulkhead below normal high water or normal water level is documented by the Division of Coastal Management; and

(v) the property to be bulkheaded is in a non-oceanfront area.

(E) Where possible, sloping rip-rap, gabions, or vegetation shall be used rather than bulkheads.

(8) Beach Nourishment

(A) Beach creation or maintenance may be allowed to enhance water related recreational facilities for public, commercial, and private use consistent with the following:

(i) Beaches may be created or maintained in areas where they have historically been found due to natural processes;

(ii) Material placed in the water and along the shoreline shall be clean sand and free from pollutants. Grain size shall be equal to that found naturally at the site;

(iii) Beach creation shall not be allowed in primary nursery areas, nor in any areas where silation from the site would pose a threat to shellfish beds;

(iv) Material shall not be placed on any coastal wetlands or submerged aquatic vegetation as defined by MFC;

(v) Material shall not be placed on any submerged bottom with significant shellfish resources as identified by the
Division of Marine Fisheries during the permit review; and

(vi) Beach construction shall not create the potential for filling adjacent navigation channels, canals or boat basins.

(B) Placing unconfined sand material in the water and along the shoreline shall not be allowed as a method of shoreline erosion control;

(C) Material from dredging projects may be used for beach nourishment if:

(i) it is first handled in a manner consistent with dredged material disposal as set forth in this Rule;

(ii) it is allowed to dry prior to being placed on the beach; and

(iii) only that material of acceptable grain size as set forth in Subpart (b)(8)(A)(ii) of this Rule is removed from the disposal site for placement on the beach. Material shall not be placed directly on the beach by dredge or dragline during maintenance excavation.

(D) Beach construction shall comply with State and federal water quality standards;

(E) The renewal of permits for beach nourishment projects shall require an evaluation by the Division of Coastal Management of any adverse impacts of the original work; and

(F) Permits issued for beach nourishment shall be limited to authorizing beach nourishment only one time.

(9) Groins

(A) Groins shall not extend more than 25 feet waterward of the normal high water or normal water level unless a longer structure is justified by site specific conditions and by an individual who meets any North Carolina occupational licensing requirements for the type of structure being proposed and approved during the application process;

(B) Groins shall be set back a minimum of 15 feet from the adjoining riparian lines. The setback for rock groins shall be measured from the toe of the structure. This setback may be waived by written agreement of the adjacent riparian owner(s) or when two adjoining riparian owners are co-applicants. Should the adjacent property be sold before construction of the groin commences, the applicant shall obtain a written agreement with the new owner waiving the minimum setback and submit it to the permitting agency prior to initiating any development of the groin;

(C) Groins shall pose no threat to navigation;

(D) The height of groins shall not exceed one foot above normal high water or normal water level;

(E) No more than two structures shall be allowed per 100 feet of shoreline unless the applicant provides evidence that more structures are needed for shoreline stabilization.

(F) "L" and "T" sections shall not be allowed at the end of groins; and

(G) Riprap material used for groin construction shall be free from loose dirt or any other pollutant and of a size sufficient to prevent its movement from the site by wave and current action.

(10) "Freestanding Moorings".

(A) A "freestanding mooring" is any means to attach a ship, boat, vessel, floating structure or other water craft to a stationary underwater device, mooring buoy, buoyed anchor, or piling as long as the piling is not associated with an existing or proposed pier, dock, or boathouse;

(B) Freestanding moorings shall be permitted only:

(i) to riparian property owners within their riparian corridors; or

(ii) to any applicant proposing to locate a mooring buoy consistent with a water use plan that is included in either the local zoning or land use plan.

(C) All mooring fields shall provide an area for access to any mooring(s) and other land based operations that shall include wastewater pumpout, trash disposal and vehicle parking;

(D) To protect water quality of shellfishing areas, mooring fields shall not be located within areas where shellfish harvesting for human consumption is a significant existing use or adjacent to such areas if shellfish harvest closure is anticipated to result from the location of the
mooring field. In compliance with Section 101(a)(2) of the Federal Water Pollution Control Act, 33 U.S.C. 1251 (a)(2), and North Carolina Water Quality Standards adopted pursuant to that section, shellfish harvesting is a significant existing use if it can be established that shellfish have been regularly harvested for human consumption since November 28, 1975 or that shellfish are propagating and surviving in a biologically suitable habitat and are available and suitable for harvesting for the purpose of human consumption. The Division of Marine Fisheries shall be consulted regarding the significance of shellfish harvest as an existing use and the magnitude of the quantities of shellfish that have been harvested or are available for harvest in the area where harvest will be affected by the development;

(E) Moorings shall not be located without written consent from the leaseholders or owners of submerged lands that have been leased from the state or deeded by the State;

(F) Moorings shall be located and constructed so as to avoid adverse impacts on navigation throughout all federally maintained channels. This includes mooring sites (permanent or temporary), speed or traffic reductions, or any other device, either physical or regulatory, which may cause a federally maintained channel to be restricted;

(G) Open water moorings shall not be enclosed within breakwaters that preclude circulation and degrade water quality in violation of EMC standards;

(H) Moorings and the associated land based operation design shall comply with all applicable EMC requirements for management of stormwater runoff;

(I) Moorings shall have posted in view of patrons a notice prohibiting the discharge of any waste from boat toilets or any other discharge and listing the availability of local pump-out services and waste disposal;

(J) Freestanding moorings associated with commercial shipping, public service or temporary construction or salvage operations may be permitted without a public sponsor;

(K) Freestanding mooring buoys and piles shall be evaluated based upon the arc of the swing including the length of the vessel to be moored. Moorings and the attached vessel shall not interfere with the access of any riparian owner nor shall it block riparian access to channels or deep water, which allows riparian access. Freestanding moorings shall not interfere with the ability of any riparian owner to place a pier for access;

(L) Freestanding moorings shall not be established in submerged cable or pipe crossing areas or in a manner that interferes with the operations of an access through any bridge;

(M) Freestanding moorings shall be marked or colored in compliance with U.S. Coast Guard and the WRC requirements and the required marking maintained for the life of the mooring(s); and

(N) The type of material used to create a mooring must be free of pollutants and of a design and type of material so as to not present a hazard to navigation or public safety.

(11) Filling of Canals, Basins and Ditches - Notwithstanding the general use standards for estuarine systems as set out in Paragraph (a) of this Rule, filling canals, basins and ditches shall be allowed if all of the following conditions are met:

(A) the area to be filled was not created by excavating lands which were below the normal high water or normal water level;

(B) if the area was created from wetlands, the elevation of the proposed filling does not exceed the elevation of said wetlands so that wetland function will be restored;

(C) the filling will not adversely impact any designated primary nursery area, shellfish bed, submerged aquatic vegetation as defined by the MFC, coastal wetlands, public trust right or public trust usage; and

(D) the filling will not adversely affect the value and enjoyment of property of any riparian owner.

(12) "Submerged Lands Mining"

(A) Development Standards. Mining of submerged lands shall meet all the following standards:

(i) The biological productivity and biological significance of mine sites, or borrow sites used for sediment extraction, shall be evaluated for
significant adverse impacts and a protection strategy for these natural functions and values provided with the State approval request or permit application;

(ii) Natural reefs, coral outcrops, artificial reefs, seaweed communities, and significant benthic communities identified by the Division of Marine Fisheries or the WRC shall be avoided;

(iii) Mining shall avoid significant archaeological resources as defined in Rule .0509 of this Subchapter; shipwrecks identified by the Department of Cultural Resources; and unique geological features that require protection from uncontrolled or incompatible development as identified by the Division of Energy, Mineral, and Land Resources pursuant to G.S. 113A-113(b)(4)(g);

(iv) Mining activities shall not be conducted on or within 500 meters of significant biological communities identified by the Division of Marine Fisheries or the WRC, such as high relief hard bottom areas. "High relief" is defined for this Part as relief greater than or equal to one-half meter per five meters of horizontal distance;

(v) Mining activities shall be timed to minimize impacts on the life cycles of estuarine or ocean resources; and

(vi) Mining activities shall not affect potable groundwater supplies, wildlife, freshwater, estuarine, or marine fisheries.

(B) Permit Conditions. Permits for submerged lands mining may be conditioned on the applicant amending the mining proposal to include measures necessary to ensure compliance with the provisions of the Mining Act and the rules for development set out in this Subchapter. Permit conditions shall also include:

(i) Monitoring by the applicant to ensure compliance with all applicable development standards; and

(ii) A determination of the necessity and feasibility of restoration shall be made by the Division of Coastal Management as part of the permit or consistency review process. Restoration shall be necessary where it will facilitate recovery of the pre-development ecosystem. Restoration shall be considered feasible unless, after consideration of all practicable restoration alternatives, the Division of Coastal Management determines that the adverse effects of restoration outweigh the benefits of the restoration on estuarine or ocean resources. If restoration is determined to be necessary and feasible, then the applicant shall submit a restoration plan to the Division of Coastal Management prior to the issuance of the permit.

(C) Dredging activities for the purposes of mining natural resources shall be consistent with the development standards set out in this Rule;

(D) Mitigation. Where mining cannot be conducted consistent with the development standards set out in this Rule, the applicant may request mitigation approval under 15A NCAC 07M .0700; and

(E) Public Benefits Exception. Projects that conflict with the standards in this Subparagraph, but provide a public benefit, may be approved pursuant to the standards set out in Subparagraph (a)(3) of this Rule.

(13) "Wind Energy Facilities"

(A) An applicant for the development and operation of a wind energy facility shall provide:

(i) an evaluation of the proposed noise impacts of the turbines to be associated with the proposed facility;

(ii) an evaluation of shadow flicker impacts for the
turbines to be associated with the proposed facility;

(iii) an evaluation of avian and bat impacts of the proposed facility;

(iv) an evaluation of viewshed impacts of the proposed facility;

(v) an evaluation of potential user conflicts associated with development in the proposed project area; and

(vi) a plan regarding the action to be taken upon decommissioning and removal of the wind energy facility. The plan shall include estimates of monetary costs, time frame of removal and the proposed site condition after decommissioning.

(B) Development Standards. Development of wind energy facilities shall meet the following standards in addition to adhering to the requirements outlined in Part (a)(13)(A) of this Rule:

(i) Natural reefs, coral outcrops, artificial reefs, seaweed communities, and significant benthic communities identified by the Division of Marine Fisheries or the WRC shall be avoided;

(ii) Development shall not be sited on or within 500 meters of significant biological communities identified by the Division of Marine Fisheries or the WRC, such as high relief hard bottom areas. High relief is defined for this standard as relief greater than or equal to one-half meter per five meters of horizontal distance;

(iii) Development shall not cause irreversible damage to documented archeological resources including shipwrecks identified by the Department of Cultural Resources and unique geological features that require protection from uncontrolled or incompatible development as identified by the Division of Energy, Mineral, and Land Resources pursuant to G.S. 113A-113(b)(4)(g);

(iv) Development activities shall be timed to avoid significant adverse impacts on the life cycles of estuarine or ocean resources, or wildlife;

(v) Development or operation of a wind energy facility shall not jeopardize the use of the surrounding waters for navigation or for other public trust rights in public trust areas or estuarine waters; and

(vi) Development or operation of a wind energy facility shall not interfere with air navigation routes, air traffic control areas, military training routes or special use airspace and shall comply with standards adopted by the Federal Aviation Administration and codified under 14 CFR Part 77.13.

(C) Permit Conditions. Permits for wind energy facilities may be conditioned on the applicant amending the proposal to include measures necessary to ensure compliance with the standards for development set out in this Rule. Permit conditions may include monitoring to ensure compliance with all applicable development standards; and

(D) Public Benefits Exception. Projects that conflict with these standards, but provide a public benefit, may be approved pursuant to the standards set out in Subparagraph (a)(3) of this Rule.

Authority G.S. 113A-107(b); 113A-108; 113A-113(b); 113A-124.

SECTION .0300 - OCEAN HAZARD AREAS

15A NCAC 07H .0306 GENERAL USE STANDARDS FOR OCEAN HAZARD AREAS

(a) In order to protect life and property, all development not otherwise specifically exempted or allowed by law or elsewhere in the Coastal Resources Commission's rules shall be located according to whichever of the following is applicable:

(1) The ocean hazard setback for development shall be measured in a landward direction from the vegetation line, the static vegetation line, or the measurement line, whichever is applicable.

(2) In areas with a development line, the ocean hazard setback shall be set in accordance with
In Paragraphs (a)(3) through (9) of this Rule. In the exception of those types of development defined in 15A NCAC 07J .1301(d), in no case shall new development be sited seaward of the development line. In areas with a Static Line Exception, approved in accordance with 15A NCAC 07J .1200 and a Development Line approved in accordance with 15A NCAC 07J .1300, the petitioner shall notify the Division of Coastal Management which one of the two approaches will be utilized and applied to the entire large-scale project area as defined in 15A NCAC 07H .0305(a)(7).

In no case shall a development line be created or established on State-owned lands or oceanward of the mean high water line or perpetual property easement line, whichever is more restrictive.

The ocean hazard setback shall be determined by both the size of development and the shoreline long term erosion rate as defined in Rule .0304 of this Section. "Development size" is defined by total floor area for structures and buildings or total area of footprint for development other than structures and buildings. Total floor area includes the following:

(A) The total square footage of heated or air-conditioned living space;
(B) The total square footage of parking elevated above ground level; and
(C) The total square footage of non-heated or non-air-conditioned areas elevated above ground level, excluding attic space that is not designed to be load-bearing.

Decks, roof-covered porches, and walkways shall not be included in the total floor area unless they are enclosed with material other than screen mesh or are being converted into an enclosed space with material other than screen mesh.

With the exception of those types of development defined in 15A NCAC 07H .0309, no development, including any portion of a building or structure, shall extend oceanward of the ocean hazard setback. This includes roof overhangs and elevated structural components that are cantilevered, knee braced, or otherwise extended beyond the support of pilings or footings. The ocean hazard setback shall be established based on the following criteria:

(A) A building or other structure less than 5,000 square feet requires a minimum setback of 60 feet or 30 times the shoreline erosion rate, whichever is greater;
(B) A building or other structure greater than or equal to 5,000 square feet but less than 10,000 square feet requires a minimum setback of 120 feet or 60 times the shoreline erosion rate, whichever is greater;
(C) A building or other structure greater than or equal to 10,000 square feet but less than 20,000 square feet requires a minimum setback of 130 feet or 65 times the shoreline erosion rate, whichever is greater;
(D) A building or other structure greater than or equal to 20,000 square feet but less than 40,000 square feet requires a minimum setback of 140 feet or 70 times the shoreline erosion rate, whichever is greater;
(E) A building or other structure greater than or equal to 40,000 square feet but less than 60,000 square feet requires a minimum setback of 150 feet or 75 times the shoreline erosion rate, whichever is greater;
(F) A building or other structure greater than or equal to 60,000 square feet but less than 80,000 square feet requires a minimum setback of 160 feet or 80 times the shoreline erosion rate, whichever is greater;
(G) A building or other structure greater than or equal to 80,000 square feet but less than 100,000 square feet requires a minimum setback of 170 feet or 85 times the shoreline erosion rate, whichever is greater;
(H) A building or other structure greater than or equal to 100,000 square feet requires a minimum setback of 180 feet or 90 times the shoreline erosion rate, whichever is greater;
(I) Infrastructure that is linear in nature, such as roads, bridges, pedestrian access such as boardwalks and sidewalks, and utilities providing for the transmission of electricity, water, telephone, cable television, data, storm water, and sewer requires a minimum setback of 60 feet or 30 times the shoreline erosion rate, whichever is greater;
(J) Parking lots greater than or equal to 5,000 square feet require a setback of 120 feet or 60 times the shoreline erosion rate, whichever is greater;
(K) Notwithstanding any other setback requirement of this Subparagraph, a building or other structure greater than or equal to 5,000 square feet in a
community with a static line exception in accordance with 15A NCAC 07J .1200 requires a minimum setback of 120 feet or 60 times the shoreline erosion rate in place at the time of permit issuance, whichever is greater. The setback shall be measured landward from either the static vegetation line, the vegetation line, or measurement line, whichever is farthest landward; and

(L) Notwithstanding any other setback requirement of this Subparagraph, replacement of single-family or duplex residential structures with a total floor area greater than 5,000 square feet, and commercial and multi-family residential structures with a total floor area no greater than 10,000 square feet, shall be allowed provided that the structure meets the following criteria:

(i) the structure was originally constructed prior to August 11, 2009;
(ii) the structure as replaced does not exceed the original footprint or square footage;
(iii) it is not possible for the structure to be rebuilt in a location that meets the ocean hazard setback criteria required under Subparagraph (a)(5) of this Rule;
(iv) the structure as replaced meets the minimum setback required under Part (a)(5)(A) of this Rule; and
(v) the structure is rebuilt as far landward on the lot as feasible.

(6) If a primary dune exists in the AEC on or landward of the lot where the development is proposed, the development shall be landward of the crest of the primary dune, the ocean hazard setback, or development line, whichever is farthest from vegetation line, static vegetation line, or measurement line, whichever is applicable. For existing lots, however, where setting the development landward of the crest of the primary dune would preclude any practical use of the lot, development may be located oceanward of the primary dune. In such cases, the development may be located landward of the ocean hazard setback, but shall not be located on or oceanward of a frontal dune or the development line. The words "existing lots" in this Rule shall mean a lot or tract of land that, as of June 1, 1979, is specifically described in a recorded plat and cannot be enlarged by combining the lot or tract of land with a contiguous lot or tract of land under the same ownership.

(7) If no primary dune exists, but a frontal dune does exist in the AEC on or landward of the lot where the development is proposed, the development shall be set landward of the frontal dune, ocean hazard setback, or development line, whichever is farthest from the vegetation line, static vegetation line, or measurement line, whichever is applicable.

(8) If neither a primary nor frontal dune exists in the AEC on or landward of the lot where development is proposed, the structure shall be landward of the ocean hazard setback or development line, whichever is more restrictive.

(9) Structural additions or increases in the footprint or total floor area of a building or structure represent expansions to the total floor area and shall meet the setback requirements established in this Rule and 15A NCAC 07H .0309(a). New development landward of the applicable setback may be cosmetically, but shall not be structurally, attached to an existing structure that does not conform with current setback requirements.

(10) Established common law and statutory public rights of access to and use of public trust lands and waters in ocean hazard areas shall not be eliminated or restricted. Development shall not encroach upon public accessways, nor shall it limit the intended use of the accessways.

(11) Development setbacks in areas that have received large-scale beach fill as defined in 15A NCAC 07H .0305 shall be measured landward from the static vegetation line as defined in this Section, unless a development line has been approved by the Coastal Resources Commission in accordance with 15A NCAC 07J .1300.

(12) In order to allow for development landward of the large-scale beach fill project that cannot meet the setback requirements from the static vegetation line, but can or has the potential to meet the setback requirements from the vegetation line set forth in Subparagraphs (a)(1) and (a)(5) of this Rule, a local government, group of local governments involved in a regional beach fill project, or qualified "owners' association" as defined in G.S. 47F-1-103(3) that has the authority to approve the locations of structures on lots within the territorial jurisdiction of the association and has jurisdiction over at least one mile of ocean shoreline, may petition the Coastal Resources Commission for a "static line exception" in accordance with 15A NCAC 07J .1200. The
Development shall not cause irreversible damage to historic extent permitted by 15A NCAC 07H .0308(b). Disturbance of these other dunes shall be allowed only to the development of the property is otherwise impracticable. Any that would adversely affect the integrity of the dune. Other dunes or relocation of primary or frontal dune sand or vegetation thereon development greater than 5,000 square feet to use the setback provisions defined in Part (a)(5)(K) of this Rule in areas that lie within the jurisdictional boundary of the petitioner, and the boundaries of the large-scale beach fill project. If the request is approved, the Coastal Resources Commission shall allow development setbacks to be measured from a vegetation line that is oceanward of the static vegetation line under the following conditions:

(A) Development meets all setback requirements from the vegetation line defined in Subparagraphs (a)(1) and (a)(5) of this Rule;

(B) Development setbacks shall be calculated from the shoreline erosion rate in place at the time of permit issuance;

(C) No portion of a building or structure, including roof overhangs and elevated portions that are cantilevered, knee braced, or otherwise extended beyond the support of pilings or footings, extends oceanward of the landward-most adjacent building or structure. When the configuration of a lot precludes the placement of a building or structure in line with the landward-most adjacent building or structure, an average line of construction shall be determined by the Division of Coastal Management on a case-by-case basis in order to determine an ocean hazard setback that is oceanward of the vegetation line, a distance no less than 30 times the shoreline erosion rate or 60 feet, whichever is greater;

(D) With the exception of swimming pools, the development defined in Rule .0309(a) of this Section shall be allowed oceanward of the static vegetation line; and

(E) Development shall not be eligible for the exception defined in Rule .0309(b) of this Section.

No development shall be permitted that involves the removal or relocation of primary or frontal dune sand or vegetation thereon that would adversely affect the integrity of the dune. Other dunes within the ocean hazard area shall not be disturbed unless the development of the property is otherwise impracticable. Any disturbance of these other dunes shall be allowed only to the extent permitted by 15A NCAC 07H .0308(b).

Development shall not cause irreversible damage to historic architectural or archaeological resources as documented by the local historic commission, the North Carolina Department of Natural and Cultural Resources, or the National Historical Registry.

(d) Development shall comply with minimum lot size and setback requirements established by local regulations.

(e) Mobile homes shall not be placed within the high hazard flood area unless they are within mobile home parks existing as of June 1, 1979.

(f) Development shall comply with the general management objective for ocean hazard areas set forth in 15A NCAC 07H .0303.

(g) Development shall not interfere with legal access to, or use of, public resources, nor shall such development increase the risk of damage to public trust areas.

(h) Development proposals shall incorporate measures to avoid or minimize adverse impacts of the project. These measures shall be implemented at the applicant's expense and may include actions that:

1. Minimize or avoid adverse impacts by limiting the magnitude or degree of the action;
2. Restore the affected environment; or
3. Compensate for the adverse impacts by replacing or providing substitute resources.

(i) Prior to the issuance of any permit for development in the ocean hazard AECs, there shall be a written acknowledgment from the applicant to the Division of Coastal Management that the applicant is aware of the risks associated with development in this hazardous area and the limited suitability of this area for permanent structures. The acknowledgement shall state that the Coastal Resources Commission does not guarantee the safety of the development and assumes no liability for future damage to the development.

(j) All relocation of structures shall require permit approval. Structures relocated with public funds shall comply with the applicable setback line and other applicable AEC rules. Structures, including septic tanks and other essential accessories, relocated entirely with non-public funds shall be relocated the maximum feasible distance landward of the present location. Septic tanks shall not be located oceanward of the primary structure. All relocation of structures shall meet all other applicable local and state rules.

(k) Permits shall include the condition that any structure shall be relocated or dismantled when it becomes imminently threatened by changes in shoreline configuration as defined in 15A NCAC 07H .0308(a)(2)(B). Any such structure shall be relocated or dismantled within two years of the time when it becomes imminently threatened, and in any case upon its collapse or subsidence. However, if natural shoreline recovery or beach fill takes place within two years of the time the structure becomes imminently threatened, so that the structure is no longer imminently threatened, then it need not be relocated or dismantled at that time. This permit condition shall not affect the permit holder's right to seek authorization of temporary protective measures allowed pursuant to 15A NCAC 07H .0308(a)(2).

Authority G.S. 113A-107; 113A-113(b)(6); 113A-124.
15A NCAC 07H .0308 SPECIFIC USE STANDARDS FOR OCEAN HAZARD AREAS

(a) Ocean Shoreline Erosion Control Activities:

(1) Use Standards Applicable to all Erosion Control Activities:

(A) All oceanfront erosion response activities shall be consistent with the general policy statements in 15A NCAC 07M .0200.

(B) Permanent erosion control structures may cause significant adverse impacts on the value and enjoyment of adjacent properties or public access to and use of the ocean beach, and, therefore, unless specifically authorized under the Coastal Area Management Act, are prohibited. Such structures include bulkheads, seawalls, revetments, jetties, groins and breakwaters.

(C) Rules concerning the use of oceanfront erosion response measures apply to all oceanfront properties without regard to the size of the structure on the property or the date of its construction.

(D) Shoreline erosion response projects shall not be constructed in beach or estuarine areas that sustain substantial habitat for fish and wildlife species, as identified by natural resource agencies during project review, unless mitigation measures are incorporated into project design, as set forth in Rule .0306(h) of this Section.

(E) Project construction shall be timed to minimize adverse effects on biological activity.

(F) Prior to completing any erosion response project, all exposed remnants of or debris from failed erosion control structures must be removed by the permittee.

(G) Permanent erosion control structures that would otherwise be prohibited by these standards may be permitted on finding by the Division that:

(i) the erosion control structure is necessary to protect a bridge that provides the only existing road access on a barrier island, that is vital to public safety, and is imminently threatened by erosion as defined in Part (a)(2)(B) of this Rule;

(ii) the erosion response measures of relocation, beach nourishment or temporary stabilization are not adequate to protect public health and safety; and

(iii) the proposed erosion control structure will have no adverse impacts on adjacent properties in private ownership or on public use of the beach.

(H) Structures that would otherwise be prohibited by these standards may also be permitted on finding by the Division that:

(i) the structure is necessary to protect a state or federally registered historic site that is imminently threatened by shoreline erosion as defined in Part (a)(2)(B) of this Rule;

(ii) the erosion response measures of relocation, beach nourishment or temporary stabilization are not adequate and practicable to protect the site;

(iii) the structure is limited in extent and scope to that necessary to protect the site;

(iv) a permit for a structure under this Part may be issued only to a sponsoring public agency for projects where the public benefits outweigh the significant adverse impacts. Additionally, the permit shall include conditions providing for mitigation or minimization by that agency of significant adverse impacts on adjoining properties and on public access to and use of the beach.

(I) Structures that would otherwise be prohibited by these standards may also be permitted on finding by the Division that:

(i) the structure is necessary to maintain an existing commercial navigation channel of regional significance within federally authorized limits;

(ii) dredging alone is not practicable to maintain safe access to the affected channel;
(iii) the structure is limited in extent and scope to that necessary to maintain the channel;
(iv) the structure shall not have significant adverse impacts on fisheries or other public trust resources; and
(v) a permit for a structure under this Part may be issued only to a sponsoring public agency for projects where the public benefits outweigh the significant adverse impacts. Additionally, the permit shall include conditions providing for mitigation or minimization by that agency of any significant adverse impacts on adjoining properties and on public access to and use of the beach.

(J) The Commission may renew a permit for an erosion control structure issued pursuant to a variance granted by the Commission prior to 1 July 1995. The Commission may authorize the replacement of a permanent erosion control structure that was permitted by the Commission pursuant to a variance granted by the Commission prior to 1 July 1995 if the Commission finds that:
(i) the structure will not be enlarged beyond the dimensions set out in the permit;
(ii) there is no practical alternative to replacing the structure that will provide the same or similar benefits; and
(iii) the replacement structure will comply with all applicable laws and with all rules, other than the rule or rules with respect to which the Commission granted the variance, that are in effect at the time the structure is replaced.

(K) Proposed erosion response measures using innovative technology or design shall be considered as experimental and shall be evaluated on a case-by-case basis to determine consistency with 15A NCAC 07M .0200 and general and specific use standards within this Section.

(2) Temporary Erosion Control Structures:
(A) Permittable temporary erosion control structures shall be limited to sandbags placed landward of mean high water and parallel to the shore.
(B) Temporary erosion control structures as defined in Part (A) of this Subparagraph may be used to protect only imminently threatened roads and associated right of ways, and buildings and their associated septic systems. A structure is considered imminently threatened if its foundation, septic system, or right-of-way in the case of roads, is less than 20 feet away from the erosion scarp. Buildings and roads located more than 20 feet from the erosion scarp or in areas where there is no obvious erosion scarp may also be found to be imminently threatened when site conditions, such as a flat beach profile or accelerated erosion, increase the risk of imminent damage to the structure.
(C) Temporary erosion control structures shall be used to protect only the principal structure and its associated septic system, but not appurtenances such as pools, gazebos, decks or any amenity that is allowed under Rule .0309 of this Section as an exception to the erosion setback requirement.
(D) Temporary erosion control structures may be placed waterward of a septic system when there is no alternative to relocate it on the same or adjoining lot so that it is landward of or in line with the structure being protected.
(E) Temporary erosion control structures shall not extend more than 20 feet past the sides of the structure to be protected except to align with temporary erosion control structures on adjacent properties, where the Division has determined that gaps between adjacent erosion control structures may result in an increased risk of damage to the structure to be protected. The landward side of such temporary erosion control structures shall not be located more than 20 feet waterward of the structure to be protected, or the right-of-way in the case of roads. If a building or road is found to be imminently threatened and at an increased risk of imminent damage due to site conditions such as a flat beach profile or accelerated erosion, temporary erosion control
structures may be located more than 20 feet waterward of the structure being protected. In cases of increased risk of imminent damage, the location of the temporary erosion control structures shall be determined by the Director of the Division of Coastal Management or the Director's designee in accordance with Part (A) of this Subparagraph.

(F) Temporary erosion control structures may remain in place for up to eight years for a building and its associated septic system, a bridge or a road. The property owner shall be responsible for removal of any portion of the temporary erosion control structure exposed above grade within 30 days of the end of the allowable time period.

(G) An imminently threatened structure or property may be protected only once, regardless of ownership, unless the threatened structure or property is located in a community that is actively pursuing a beach nourishment project, or an inlet relocation or stabilization project in accordance with Part (H) of this Subparagraph. Existing temporary erosion control structures may be permitted for additional eight-year periods provided that the structure or property being protected is still imminently threatened, the temporary erosion control structure is in compliance with requirements of this Subchapter, and the community in which it is located is actively pursuing a beach nourishment or an inlet relocation or stabilization project in accordance with Part (H) of this Subparagraph. In the case of a building, a temporary erosion control structure may be extended, or new segments constructed, if additional areas of the building become imminently threatened. Where temporary structures are installed or extended incrementally, the time period for removal under Part (F) or (H) of this Subparagraph shall begin at the time the initial erosion control structure was installed. For the purpose of this Rule:

(i) a building and its septic system shall be considered separate structures,

(ii) a road or highway may be incrementally protected as sections become imminently threatened. The time period for removal of each contiguous section of temporary erosion control structure shall begin at the time that the initial section was installed, in accordance with Part (F) of this Subparagraph.

(H) For purposes of this Rule, a community is considered to be actively pursuing a beach nourishment or an inlet relocation or stabilization project in accordance with G.S. 113A-115.1 if it:

(i) has been issued an active CAMA permit, where necessary, approving such project; or

(ii) has been identified by a U.S. Army Corps of Engineers' Beach Nourishment Reconnaissance Study, General Reevaluation Report, Coastal Storm Damage Reduction Study, or an ongoing feasibility study by the U.S. Army Corps of Engineers and a commitment of local or federal money, when necessary; or

(iii) has received a favorable economic evaluation report on a federal project; or

(iv) is in the planning stages of a project designed by the U.S. Army Corps of Engineers or persons meeting applicable State occupational licensing requirements and initiated by a local government or community with a commitment of local or state funds to construct the project or the identification of the financial resources or funding bases necessary to fund the beach nourishment, inlet relocation or stabilization project.

If beach nourishment, inlet relocation or stabilization is rejected by the sponsoring agency or community, or ceases to be actively planned for a section of shoreline, the time extension is void for that section of beach or community and existing sandbags are subject to all applicable
time limits set forth in Part (F) of this Subparagraph.

(I) Once a temporary erosion control structure is determined by the Division of Coastal Management to be unnecessary due to relocation or removal of the threatened structure, it shall be removed to the maximum extent practicable by the property owner within 30 days of official notification from the Division of Coastal Management regardless of the time limit placed on the temporary erosion control structure. If the temporary erosion control structure is determined by the Division of Coastal Management to be unnecessary due to the completion of a storm protection project constructed by the U.S. Army Corps of Engineers, a large-scale beach nourishment project, or an inlet relocation or stabilization project, any portion of the temporary erosion control structure exposed above grade shall be removed by the property owner within 30 days of official notification from the Division of Coastal Management regardless of the time limit placed on the temporary erosion control structure.

(J) Removal of temporary erosion control structures is not required if they are covered by sand. Any portion of the temporary erosion control structure that becomes exposed above grade after the expiration of the permitted time period shall be removed by the property owner within 30 days of official notification from the Division of Coastal Management.

(K) The property owner shall be responsible for the removal of remnants of all portions of any damaged temporary erosion control structure.

(L) Sandbags used to construct temporary erosion control structures shall be tan in color and three to five feet wide and seven to 15 feet long when measured flat. Base width of the temporary erosion control structure shall not exceed 20 feet, and the total height shall not exceed six feet, as measured from the bottom of the lowest bag.

(M) Soldier pilings and other types of devices to anchor sandbags shall not be allowed.

(N) Existing sandbag structures may be repaired or replaced within their originally permitted dimensions during the time period allowed under Part (F) or (G) of this Subparagraph.

(3) Beach Nourishment. Sand used for beach nourishment shall be compatible with existing grain size and in accordance with Rule .0312 of this Section.

(4) Beach Bulldozing. Beach bulldozing (defined as the process of moving natural beach material from any point seaward of the first line of stable vegetation to create a protective sand dike or to obtain material for any other purpose) is development and may be permitted as an erosion response if the following conditions are met:

(A) The area on which this activity is being performed shall maintain a slope of adequate grade so as to not endanger the public or the public's use of the beach and shall follow the pre-emergency slope as closely as possible. The movement of material utilizing a bulldozer, front end loader, backhoe, scraper, or any type of earth moving or construction equipment shall not exceed one foot in depth measured from the pre-activity surface elevation;

(B) The activity shall not exceed the lateral bounds of the applicant's property unless he has permission of the adjoining land owner(s);

(C) Movement of material from seaward of the mean low water line will require a CAMA Major Development and State Dredge and Fill Permit;

(D) The activity shall not increase erosion on neighboring properties and shall not have an adverse effect on natural or cultural resources;

(E) The activity may be undertaken to protect threatened on-site waste disposal systems as well as the threatened structure's foundations.

(b) Dune Establishment and Stabilization.

(1) Any new dunes established shall be aligned to the greatest extent possible with existing adjacent dune ridges and shall be of the same configuration as adjacent natural dunes.

(2) Existing primary and frontal dunes shall not, except for beach nourishment and emergency situations, be broadened or extended in an oceanward direction.

(3) Adding to dunes shall be accomplished in such a manner that the damage to existing vegetation is minimized. The filled areas shall be replanted or temporarily stabilized until planting can be completed.
(4) Sand used to establish or strengthen dunes shall be of the same general characteristics as the sand in the area in which it is to be placed.

(5) No new dunes shall be created in inlet hazard areas.

(6) Sand held in storage in any dune, other than the frontal or primary dune, shall remain on the lot or tract of land to the maximum extent practicable and may be redistributed within the Ocean Hazard AEC provided that it is not placed any farther oceanward than the crest of a primary dune, if present, or the crest of a frontal dune.

(7) No disturbance of a dune area shall be allowed when other techniques of construction can be utilized and alternative site locations exist to avoid dune impacts.

c) Structural Accessways:

(1) Structural accessways shall be permitted across primary or frontal dunes so long as they are designed and constructed in a manner that entails negligible alteration of the primary or frontal dune. Structural accessways shall not be considered threatened structures for the purpose of Paragraph (a) of this Rule.

(2) An accessway shall be considered to entail negligible alteration of primary or frontal dunes provided that:

(A) The accessway is exclusively for pedestrian use;
(B) The accessway is a maximum of six feet in width;
(C) The Except in the case of beach matting for a local, state or federal government's public access, the accessway is raised on posts or pilings of five feet or less depth, so that wherever possible only the posts or pilings touch the dune. Where this is deemed by the Division of Coastal Management to be impossible due to any more restrictive local, state, and/or federal building requirements, the structure shall touch the dune only to the extent necessary, and necessary, Beach matting for a local, state or federal government's public access shall be installed at grade and not involve any excavation or fill of the dune; and
(D) Any areas of vegetation that are disturbed are revegetated as soon as feasible.

(3) An accessway that does not meet Part (2)(A) and (B) of this Paragraph shall be permitted only if it meets a public purpose or need which cannot otherwise be met and it meets Part (2)(C) of this Paragraph. Public fishing piers are not prohibited provided all other applicable standards of this Rule are met.

(4) In order to preserve the protective nature of primary and frontal dunes a structural accessway (such as a "Hatteras ramp") may be provided for off-road vehicle (ORV) or emergency vehicle access. Such accessways shall be no greater than 15 feet in width and may be constructed of wooden sections fastened together, or other materials approved by the Division, over the length of the affected dune area. Installation of a Hatteras ramp shall be done in a manner that will preserve the dune's function as a protective barrier against flooding and erosion by not reducing the volume of the dune.

(5) Structural accessways may be constructed no more than six feet seaward of the waterward toe of the frontal or primary dune, provided they do not interfere with public trust rights and emergency access along the beach. Structural accessways are not restricted by the requirement to be landward of the FLSNV as described in Rule .0309(a) of this Section.

d) Building Construction Standards. New building construction and any construction identified in .0306(a)(5) of this Section and 15A NCAC 07J .0210 shall comply with the following standards:

(1) In order to avoid danger to life and property, all development shall be designed and placed so as to minimize damage due to fluctuations in ground elevation and wave action in a 100-year storm. Any building constructed within the ocean hazard area shall comply with relevant sections of the North Carolina Building Code including the Coastal and Flood Plain Construction Standards and the local flood damage prevention ordinance as required by the National Flood Insurance Program. If any provision of the building code or a flood damage prevention ordinance is inconsistent with any of the following AEC standards, the more restrictive provision shall control.

(2) All building in the ocean hazard area shall be on pilings not less than eight inches in diameter if round or eight inches to a side if square.

(3) All pilings shall have a tip penetration greater than eight feet below the lowest ground elevation under the structure. For those structures so located on or seaward of the primary dune, the pilings shall extend to five feet below mean sea level.

(4) All foundations shall be designed to be stable during applicable fluctuations in ground elevation and wave forces during a 100-year storm. Cantilevered decks and walkways shall meet the requirements of this Part or shall be designed to break-away without structural damage to the main structure.
SUBCHAPTER 07-J - PROCEDURES FOR PROCESSING AND ENFORCEMENT OF MAJOR AND MINOR DEVELOPMENT PERMITS, VARIANCE REQUESTS, APPEALS FROM PERMIT DECISIONS, DECLARATORY RULINGS, AND STATIC LINE EXCEPTIONS

SECTION .1300 – DEVELOPMENT LINE PROCEDURES

(1) A detailed survey of the development line using on-ground observation and survey or aerial imagery along the oceanfront jurisdiction or legal boundary, including:

(A) The development line, static vegetation line, mean high water line, and any other information necessary for a review of the petitioner's proposed development line, such as a pre-nourishment project mean high water line, local ordinances, or easements; and

(B) Surveyed development line spatial data in a geographic information systems (GIS) format referencing North Carolina State Plane North American Datum 83 US Survey Foot, to include Federal Geographic Data Committee (FGDC) compliant metadata;

(2) All local regulations associated with the development line;

(3) A record of local adoption of the development line by the petitioner; and

(4) Documentation of incorporation of a development line into local ordinances or rules and regulations of an owner's association.

Once a development line is approved by the Coastal Resources Commission, only the petitioner may request a change or reestablishment of the position of the development line.

A development line request shall be submitted to the Director of the Division of Coastal Management, 400 Commerce Avenue, Morehead City, NC 28557. Written acknowledgement of the receipt of a completed development line request, including notification of the date of the meeting at which the request will be considered by the Coastal Resources Commission, shall be provided to the petitioner by the Division of Coastal Management.

The Coastal Resources Commission shall consider a development line request no later than the second scheduled meeting following the date of receipt of a complete request by the Division of Coastal Management, unless the petitioner and the Division of Coastal Management agree upon a later date.

15A NCAC 07K .0207  STRUCTURAL ACCESSWAYS OVER FRONTAL DUNES EXEMPTED

(a) The N.C. Coastal Resources Commission hereby exempts from the CAMA permit requirement all structural pedestrian accessways over frontal dunes which can be shown to meet the following criteria: accessways, including beach matting installed by a local, state, or federal government to provide public access over primary and frontal dunes when such accessways which can be shown to meet the following criteria:

1. The accessway must not exceed six feet in width and must be for private residential or for public access to an ocean beach. This exemption does not apply to accessways for commercial use or for motor-powered vehicular use.

2. The accessway must be constructed so as to make no alterations to the frontal dunes that are not necessary to construct the accessway. This means that wherever possible the accessway must be constructed over the frontal dune without any alteration of the dunes. In no case shall the dune be altered so as to significantly diminish its capacity as a protective barrier against flooding and erosion. Driving of pilings into the dune or a local, state or federal government's use of beach matting for a public access that is installed at grade and involves no excavation or fill shall not be considered alteration of a frontal dune for the purposes of this Rule.

3. The accessway shall conform with any applicable local or state building code standards.

4. Structural accessways may be constructed no more than six feet seaward of the waterward toe of the frontal or primary dune, provided they do not interfere with public trust rights and emergency access along the beach. Structural accessways are not restricted by the requirement to be landward of the FLSNV as described in 15A NCAC 07H .0309(a).

5. Damaged, non-functioning, or portions of accessways that become non-compliant with Subparagraph (4) of this Paragraph shall be removed by the property owner.

(b) Before beginning any work under this exemption the CAMA local permit officer or Department of Environment, Health, and Natural Resources Environmental Quality representative must be notified of the proposed activity to allow on-site review of the proposed accessway. Notification can be by telephone, in person, or in writing and must include:

1. name, address, and telephone number of landowner and location of work including county and nearest community;

2. the dimensions of the proposed structural accessway.

**SUBCHAPTER 07M - GENERAL POLICY GUIDELINES FOR THE COASTAL AREA**

**SECTION .0300 - SHOREFRONT ACCESS POLICIES**

15A NCAC 07M .0301  DECLARATION OF GENERAL POLICY

(a) The public has traditionally and customarily had access to enjoy and freely use the ocean beaches and estuarine and public trust waters of the coastal region for recreational purposes and the State has a responsibility to provide continuous access to these resources. It is the policy of the State to foster, improve, enhance and ensure optimum access to the public beaches and waters of the 20 county coastal region. Access shall be consistent with rights of private property owners and the concurrent need to protect important coastal natural resources such as sand dunes and coastal marsh vegetation.

(b) The State has created an access program for the purpose of acquiring, improving and maintaining waterfront recreational property at frequent intervals throughout the coastal region for public access to these important public trust resources.

(c) In addition, some properties, due to their location, are subject to severe erosion so that development is not possible or feasible. In these cases, a valid public purpose may be served by the donation or acquisition of these properties for public access.

(d) The primary purpose of the public access program is to provide funds to acquire or develop land for public access, including parking as authorized by G.S. 113A-134.3(c). Boating and fishing facilities are eligible for funding under the Public Beach and Coastal Waterfront Access Program provided that pedestrian access is also incorporated in the design of the facility.

**Authority G.S. 113A-124; 113A-134.1; 113A-134.3.**

15A NCAC 07M .0302  DEFINITIONS

As used in this Section: the Public Beach and Coastal Waterfront Access program is to provide public access to the public trust beaches and waters in the 20 coastal counties: counties as defined in G.S. 113A-103(2).

1. "Ocean Beach Access" includes the acquisition and improvement of properties adjacent or proximate to the Atlantic Ocean for parking and public passage to the oceanfront.

2. "Coastal Waterfront Access" includes the acquisition and improvement of properties located in the 20 county area under the Coastal Area Management Act (CAMA) jurisdiction that are adjacent or proximate to coastal...
PROPOSED RULES

waterways to which the public has rights of access or public trust rights.

(3) “Inlet Beach Access” includes the acquisition and improvement of properties located within Inlet Hazard Areas as defined in 15A NCAC 07H .0304(2).

(5)(4) “Regional Access Sites” are of such size and shape that they serve the public from throughout an island or community including day visitors. These sites normally provide parking for up to 20 vehicles, a dune crossover, litter receptacles and public access signs. Restroom facilities may be installed.

(7)“Beach” is defined as an area adjacent to the ocean extending landward from the mean low water line to a point where either the growth of vegetation occurs or a distinct change in slope or elevation alters the configuration of the landform, whichever is farther landward, or riparian owners have specifically and legally restricted access above the mean high water line. This definition is intended to describe those shorefront areas customarily freely used by the public, public consistent with G.S. 77-20.

(5) A “Local Waterfront Access Plan” identifies access needs and opportunities, determines access and facility requirements, establishes standards, develops specific project design plans or guidelines, establishes priorities, considers financial resource availability (such as grants, impact fees or occupancy taxes) and construction timing, and provides a system for evaluation of the plan.

(6) “Certified CAMA Land Use Plan” is defined in 15A NCAC 07B. A local government may identify access needs, develop a local waterfront access plan, and develop local policies to pursue access funding through its land use plan.

(6) “Local Access Sites” include those public access points which offer minimal or no facilities. Generally, these accessways provide only a dune crossover or pier, if needed, litter receptacles and public access signs. Vehicle parking is generally not available at these access sites. However, bicycle racks may be provided.

(7) “Neighborhood Access Sites” includes those public access areas offering parking, usually for 5 to 25 vehicles, a dune crossover or pier, litter receptacles, and public access signs. Restroom facilities may be installed.

Authority G.S. 113A-124; 113A-134.3.

15A NCAC 07M .0306 LOCAL GOVERNMENT AND STATE INVOLVEMENT IN ACCESS

(a) Coastal Waterfront access in the 20-county coastal area is a concern of local, state, regional and national importance. Local governments have lead responsibility for the selection of public access sites within their jurisdiction. Access shall be based on identified needs as stated in land use plans pursuant to 15A NCAC 07B .0702(d)(3)(A) and local waterfront access plans. The Division of Coastal Management may take the lead in acquiring and improving access sites as such opportunities arise.

(b) A local policy in a land use plan sets the community objectives for access. A local government may, through its land use plan:

Identify access needs and develop local policy to pursue access funding;

“Multi-regional Access Sites” are generally larger than regional accessways but smaller than state parks. Such facilities may be undertaken and constructed with the involvement and support of state and local government agencies. Multi-regional accessways provide parking for a minimum of 80 vehicles, restrooms with indoor showers and changing rooms, and concession stands.

“Urban Waterfront Access Projects” improve public access to deteriorating or under utilized urban waterfronts. Such projects include the establishment or rehabilitation of boardwalk areas, shoreline stabilization measures such as the installation or rehabilitation of bulkheads, and the placement or removal of pilings for the purpose of public safety and increased access and use of the urban waterfront.

“Improvements” are facilities that are added to promote public access at a designated access site. The most common improvements include dune crossovers, piers, boardwalks, litter receptacles, parking areas, restrooms, gazebos, boat ramps, canoe/kayak launches, bicycle racks, and foot showers.

(12) “Maintenance” is the upkeep and repair of public access sites and their facilities in such a manner that public health and safety is ensured. Where the local government uses or has used access funds administered by the North Carolina Coastal Management Program (NCCMP), the local government shall provide operation and maintenance of the facility for the useful life of that facility. The useful life of a facility shall be defined in the individual grant contract.

“Handicapped Accessible” is defined as meeting the standards of the State Building Code for handicapped accessibility.

“Tier 1 Communities” include Tier 1 counties as determined annually by the North Carolina Department of Commerce as outlined in G.S. 143B-437.08, and the counties respective municipalities. The Division shall use the Tier 1 designation to encourage economic activity in economically distressed communities.
(2) develop a local access plan; and

(3) solicit access sites through corporate assistance.

(e) An access plan shall identify needs and opportunities, determine access and facility requirements, establish standards, and develop specific project design plans or guidelines by appropriate site. An access plan shall consider both financial resource availability (such as grants, impact fees or hotel/motel tax revenues) and construction timing. It shall establish priorities and devise a system for annual evaluation of the plan.

(d) Local governments may also include provisions in local ordinances that require access for waterfront developments or require payment in lieu of access for non-water-dependent subdivisions.

(e) Dedicated street ends may be acceptable for accessways.

(f) The Division of Coastal Management has primary responsibility for administering the Public Beach and Coastal Waterfront Access Program. Subject to the availability of funds, the Division of Coastal Management shall annually solicit pre-application proposals from local governments and shall select competitive projects for full application submittal. Projects from these final applications shall be selected for funding based on criteria in Regulation .0307 of this Section.

(g) The Division of Coastal Management may use available funds on a non-competitive basis to plan for and provide public access through acquisition or development of improvements. Prior to expending funds, the Division of Coastal Management shall hold a public meeting or hearing to discuss its proposal. Members of the public shall be invited to comment to the Coastal Resources Commission (CRC) for a minimum of 30 days prior to the expenditure of non-competitive money by the Division of Coastal Management.

(h) The Division of Coastal Management shall ensure all projects funded through the Public Beach and Coastal Waterfront Access Program are making progress throughout project implementation and ensure that completed projects are operated and maintained for access purposes.

Authority G.S. 113A-124; 113A-134.3.

15A NCAC 07M .0307 ELIGIBILITY, SELECTION CRITERIA AND MATCHING REQUIREMENTS PUBLIC BEACH AND COASTAL WATERFRONT ACCESS PROGRAM

(a) Any local government in the 20 coastal county region having ocean beaches or estuarine or public trust waters within its jurisdiction may apply for access funds for the development of beach or coastal waterfront access facilities with associated improvements. Boat ramps, canoe/kayak launch areas may also be developed provided the access facilities incorporate pedestrian access to coastal waters.

(a) The Division of Coastal Management (DCM) has primary responsibility for administering the Public Beach and Coastal Waterfront Access Program. Subject to the availability of funds, the DCM shall annually solicit pre-application proposals from local governments and shall select competitive projects for final application submittal. Projects from these final applications shall be selected for funding based on criteria in Paragraph (h) of this Rule.

(b) The DCM may use available funds on a non-competitive basis to plan for and provide public access through acquisition or improvements. Prior to expending funds, the DCM shall hold a public meeting or hearing to discuss its proposal. Members of the public shall be invited to comment to the Coastal Resources Commission (CRC) for a minimum of 30 days prior to the expenditure of non-competitive money by the DCM.

(c) Local governments have lead responsibility for the selection of public access sites within their jurisdiction. Any local government in the 20 coastal county region having ocean beaches or public trust waters within their jurisdiction may apply for access funds for the acquisition and development of beach or coastal waterfront access facilities.

(d) Prior to submitting their final application for a Public Beach and Coastal Waterfront Access grant from the DCM, the local government shall hold a public meeting or hearing to discuss its proposal. The local government shall consider public comments prior to its decision to apply for funds from the State.

(e) Eligible projects include:

(1) Land acquisition, including acquisition of unbuildable lots; as outlined in G.S. 113A-134.3(a);

(2) Local Access Sites; Development of improvements at new or existing sites that provide public access, such as dune crossovers, piers, boardwalks, parking areas, restrooms, showers, benches, litter receptacles, and bicycle racks;

(3) Neighborhood Access Sites or improvements; Development of improvements to public access and use of the urban waterfront; such projects include the establishment or rehabilitation of boardwalk areas, shoreline stabilization measures such as the installation or rehabilitation of bulkheads, and the placement or removal of pilings for the purpose of public safety and increased access and use of the urban waterfront;

(4) Regional Access Sites or improvements;

(5) Multi-regional Access Sites or improvements;

(6) Urban waterfront development access projects;

(7) Reconstruction, replacement or relocation of existing, damaged facilities; deteriorating facilities;

(8) Offsite parking areas servicing access sites within the local government's jurisdiction;

(9) Boat ramps and canoe/kayak launch areas provided that the public access facility incorporates pedestrian access to coastal waters; or

(10) Maintenance of previously funded access sites. This project category is available only to Tier 1 communities. Such projects include repair and maintenance of access site facilities and amenities to ensure public health and safety. Repair and maintenance does not include activities such as trash removal, grounds maintenance, and placement or removal of pilings for the purpose of public safety and increased access and use of the urban waterfront.
requirements are as follows:

(f) All projects must meet the standards of handicapped accessibility for individuals with disabilities according to the North Carolina Building Code. Exceptions may be granted where site characteristics impede accessibility improvements.

g) The following criteria shall be used to select projects that may receive financial assistance:

1. Priority shall be given to the acquisition of lands that meet G.S. 113A-134.3(a);
2. The project acquires land for future access improvements;
3. The project creates handicapped-accessible facilities at new access sites, adds handicapped-accessible facilities to existing sites, or replaces deteriorating facilities;
4. Applicant: The applicant demonstrates a need for the project due to a high demand for public access and limited availability;
5. Project: The project is identified in the local land use plan certified CAMA Land Use Plan or local access plan;
6. Applicant: The applicant has not received previous assistance from this grant program or the applicant has received assistance and demonstrated its ability to complete previous projects successfully with funds from this grant program;
7. Applicant: The applicant's commitment of matching funds exceeds the required local share of the total project cost provided in Paragraphs (d) and (e) Paragraph (h) of this Rule;
8. Project: The project proposal includes multiple funding sources;
9. The project location includes donated land deemed unbuildable due to regulations or physical limitations; The project's location is within a Tier 1 community.

d) The North Carolina Department of Commerce's Tier designations, as outlined by the Lee Act (G.S. 105-129.3) shall be used to determine the economic status of counties. Land acquisition, including acquisition of unbuildable lots, shall include a local government contribution of at least 15 percent of the acquisition cost, except for Tier 1 and Tier 2 counties as designated by the N.C. Department of Commerce, and their respective municipalities which shall have a contribution of at least 10 percent. At least one-half of the local contribution shall be at least 10 percent. At least one-half of the local contribution shall be cash match; the remainder may be in-kind match.

e) Local government contributions for access site improvements shall be at least 25 percent of the project costs, except for Tier 1 and Tier 2 counties as designated by the N.C. Department of Commerce, and their respective municipalities which shall have a local government contribution of at least 10 percent of the project costs. At least one-half of the local contribution shall be cash match; the remainder may be in-kind match.

f) Local government contributions for maintenance of previously funded access sites shall be at least 10 percent of the maintenance project costs. At least one-half of the local contributions shall be cash match; the remainder may be in-kind match.

(i) Federal and other State funds may be used as the local government cash contribution, provided such funds are not already being used as matching funds for other state programs.

(j) Multi-phase projects and previous contingency projects shall be considered on their own merits within the pool of applications being reviewed in any year.

(k) Projects selected for funding may not begin until the Department of Environmental Quality and grant recipient sign a contract. An exception may be granted for eligible land acquisition projects when a waiver has been requested by the applicant in writing and approved by the DCM. A waiver shall be in effect for 18 months from the date of approval. A project receiving a waiver shall not receive preferential treatment in funding decisions.

Authority G.S. 113A-124; 113A-134.3.

15A NCAC 07M .0308 PUBLIC INVOLVEMENT/NOTICE

Prior to submitting its final application for a public access grant from the Division of Coastal Management, the local government shall hold a public meeting or hearing to discuss its proposal. The local government shall consider public comments prior to its decision to apply for funds from the State.

Authority G.S. 113A-124; 113A-134.3.

SECTION .0600 - FLOATING STRUCTURE POLICIES

15A NCAC 07M .0602 DEFINITIONS

(a) A boat is a vessel or watercraft of any type or size specifically designed to be self-propelled, whether by engine, sail, oar, or paddle or other means, which is used to travel from place to place by water.

(b) A "floating structure" is any structure, not a boat, supported by a means of flotation, designed to be used without a permanent
foundation, which is used or intended for human habitation or commerce. A structure will be considered a floating structure when it is inhabited or used for commercial purposes for more than thirty days in any one location. A boat may be deemed a floating structure when its means of propulsion has been removed or rendered inoperative and it contains at least 200 square feet of living space area.

(c) A floating upweller system is a structure used in mariculture for the purpose of growing shellfish. For the purposes of this Rule, floating upweller systems are considered floating structures.

Authority G.S. 113A-102; 113A-107; 113A-108; 113A-118; 113A-120(a)(8); 113A-124(c)(5).

15A NCAC 07M .0603 POLICY STATEMENTS

(a) It is the policy of the State of North Carolina that floating structures shall not be allowed or permitted within the public trust waters of the coastal area except in permitted marinas.

(b) All floating structures shall be in conformance with local regulations for on-shore sewage treatment.

(c) Floating upweller systems may be permitted as a platform at the private docking facility in accordance with 15A NCAC 07H .0208(b)(6) or at a permitted marina in accordance with 15A NCAC 07H .0208(b)(5).

Authority G.S. 113A-102; 113A-107; 113A-108; 113A-118; 113A-120(a)(8); 113A-124(c)(5).

TITLE 21 - OCCUPATIONAL LICENSING BOARDS AND COMMISSIONS

CHAPTER 36 – BOARD OF NURSING

Notice is hereby given in accordance with G.S. 150B-21.2 that the Board of Nursing intends to amend the rules cited as 21 NCAC 36 .0317 and .0318.

Link to agency website pursuant to G.S. 150B-19.1(c):
www.ncbon.com

Proposed Effective Date: August 1, 2021

Public Hearing:
Date: May 28, 2021
Time: 1:00 p.m.
Location: Virtual via Teams: 919.670.0362; Conference ID: 137896174#

Reason for Proposed Action:
21 NCAC 36 .0317 Administration: Literature and peer review do not warrant a more prescriptive approach to program director qualifications. Additionally, there is no currently employed program director who has been employed consecutively since 1984. This amendment strikes sections that are unnecessary or duplicative.

21 NCAC 36 .0318 Faculty: Literature and peer review do not warrant more prescriptive approaches to faculty qualifications. The deletion of strict percentage requirements for graduate-prepared faculty in pre-licensure programs is consistent with this review. Additionally, there is no currently employed faculty member who has been employed consecutively since 1984. Other changes are to provide consistent formatting within the rules. This amendment strikes sections that are unnecessary or duplicative.

Comments may be submitted to: Angela Ellis, PO Box 2129, Raleigh, NC 27602-2129; email public.comment@ncbon.com

Comment period ends: June 14, 2021

Procedure for Subjecting a Proposed Rule to Legislative Review: If an objection is not resolved prior to the adoption of the rule, a person may also submit written objections to the Rules Review Commission after the adoption of the Rule. If the Rules Review Commission receives written and signed objections after the adoption of the Rule in accordance with G.S. 150B-21.3(b2) from 10 or more persons clearly requesting review by the legislature and the Rules Review Commission approves the rule, the rule will become effective as provided in G.S. 150B-21.3(b1). The Commission will receive written objections until 5:00 p.m. on the day following the day the Commission approves the rule. The Commission will receive those objections by mail, delivery service, hand delivery, or facsimile transmission. If you have any further questions concerning the submission of objections to the Commission, please call a Commission staff attorney at 984-236-1850.

SECTION .0300 - APPROVAL OF NURSING PROGRAMS

21 NCAC 36 .0317 ADMINISTRATION

(a) The controlling institution of a nursing program shall provide those human, physical, technical, and financial resources and services essential to support program processes and outcomes, including those listed in Paragraph (f) and (g) of this Rule, and maintain compliance with Section .0300 of this Chapter.

(b) The controlling institution shall ensure that a full-time registered nurse, qualified pursuant to Paragraph (e) of this Rule, has the authority to direct the nursing program.

(c) The controlling institution shall ensure that the program director has the authority and responsibility for maintaining compliance with the Rules in this Chapter and other legal requirements in all areas of the program.

(d) The controlling institution shall ensure that the program director has non-teaching time sufficient to allow for program organization, administration, continuous review, planning, and development.

(e) The program director in a program preparing students for initial nurse licensure shall satisfy the following requirements:

35:20 NORTH CAROLINA REGISTER APRIL 15, 2021 2247
(1) hold an active unencumbered license or multistate licensure privilege to practice as a registered nurse in North Carolina;
(2) have two years of full-time experience as a faculty member in a Board-approved nursing program;
(3) be experientially qualified, having clinical nursing experience, experience as a faculty member in a nursing program, and academic or nursing leadership experience to lead the program to accomplish the mission, goals, and expected program outcomes;
(4) hold either a baccalaureate in nursing or a graduate degree in nursing from an accredited institution. If newly employed on or after January 1, 2016, hold a graduate degree from an accredited institution. If newly employed on or after January 1, 2021, hold a graduate degree in nursing from an accredited institution;
(5) prior to or within the first three years of employment, have education in teaching and learning principles for adult education, including curriculum development, implementation, and evaluation, appropriate to the program director role. Once completed, this preparation need not be repeated if employing organization is changed. This preparation may be demonstrated by one of the following:
   (A) completion of 45 contact hours of Board-approved continuing education courses;
   (B) completion of a certificate program in nursing education;
   (C) nine semester hours of graduate course work in adult learning and learning principles;
   (D) national certification in nursing education; or
   (E) documentation of successful completion of structured, individualized development activities of at least 45 contact hours approved by the Board. Criteria for approval shall include content in the faculty role in curriculum implementation, curricular objectives to be met and evaluated, review of strategies for identified student population, and expectations of student and faculty performance.
Any registered nurse who was employed as a nurse program director for the first time prior to January 1, 1984, shall be exempt from the requirements in Subparagraph (e)(5) of this Rule.
(6) maintain competence in the areas of assigned responsibility; and
(7) have knowledge of current nursing practice for the registered nurse and the licensed practical nurse.

(f) A nursing education program shall implement, for quality improvement, a comprehensive program evaluation that shall include the following:
(1) students' achievement of program outcomes;
(2) evidence of program resources, including fiscal, physical, human, clinical, and technical learning resources; student support services; and the availability of clinical sites and the viability of those sites adequate to meet the objectives of the program;
(3) measures of program outcomes for graduates;
(4) evidence that accurate program information for the public is available;
(5) evidence that the controlling institution and its administration support program outcomes;
(6) evidence that program director and program faculty meet Board qualifications and are sufficient in number to achieve program outcomes;
(7) evidence that the academic institution assures security of student information;
(8) evidence that collected evaluative data is used in implementing quality improvement activities; and
(9) evidence of student participation in program planning, implementation, evaluation, and continuous improvement.

(g) The controlling institution and the nursing education program shall communicate information describing the nursing education program that is accurate, complete, consistent across mediums, and accessible by the public. The following shall be accessible to all applicants and students:
(1) admission policies and practices;
(2) policy on advanced placement and transfer of credits;
(3) the number of credits required for completion of the program;
(4) tuition, fees, and other program costs;
(5) policies and procedures for withdrawal, including refund of tuition or fees;
(6) the grievance procedure;
(7) criteria for successful progression in the program, including graduation requirements; and
(8) policies for clinical performance.

Authority G.S. 90-171.23(b)(8); 90-171.38.
21 NCAC 36 0318  FACULTY
(a) All nursing program faculty, including both full-time and part-time faculty members, shall participate in curriculum implementation and evaluation.
(b)(a) Policies for nursing program faculty members shall be consistent with those for other faculty of the controlling institution, with variations as needed due to the nature of the nursing curriculum.
(b)(b) Fifty percent or more of the nursing faculty shall hold a graduate degree.
(d) As of January 1, 2021, 80 percent of the full-time faculty shall hold a graduate degree in nursing.

(e) As of January 1, 2021, 50 percent of the part-time faculty shall hold a graduate degree in nursing.

(f) All faculty shall hold an active unencumbered license or multistate licensure privilege to practice as a registered nurse in North Carolina.

(g)(c) Nurses licensed pursuant to this Chapter who are full-time and part-time faculty and who teach in a program leading to initial licensure as a nurse shall:

(1) hold an active unencumbered license or multistate licensure privilege to practice as a registered nurse in North Carolina.
(2) hold either a baccalaureate in nursing or a graduate degree in nursing from an accredited institution;
(3) have two calendar years or the equivalent of full-time clinical experience as a registered nurse;
(4) if newly employed in a full-time faculty position on or after January 1, 2016, hold a graduate degree from an accredited institution or obtain a graduate degree in nursing from an accredited institution within five years of initial full-time employment;
(5) prior to or within the first three years of employment, have education in teaching and learning principles for adult education, including curriculum development, implementation, and evaluation, appropriate to faculty assignment. Once completed, this preparation need not be repeated if employing organization is changed. This preparation may be demonstrated by one of the following:
(A) completion of 45 contact hours of Board-approved continuing education courses;
(B) completion of a certificate program in nursing education;
(C) nine semester hours of graduate course work in adult learning and learning principles;
(D) national certification in nursing education;
(E) documentation of successful completion of structured, individualized development activities of at least 45 contact hours approved by the Board. Criteria for approval shall include content in the faculty role in the curriculum implementation, curricular objectives to be met and evaluated, review of strategies for identified student population, and expectations of student and faculty performance.

Any registered nurse who was employed as a nurse faculty member or program director prior to January 1, 1984 shall be exempt from the requirements in Subparagraph (g)(4) of this Rule.

(g)(6) maintain competence in the areas of assigned responsibility; and

(h)(7) have knowledge of current nursing practice for the registered nurse and the licensed practical nurse.

(i)(d) Interdisciplinary faculty who teach in nursing program courses shall have academic preparation in the content area they are teaching.

(i)(e) Clinical preceptors shall have competencies, assessed by the nursing program, related to the area of assigned clinical teaching responsibilities. Clinical preceptors may be used to enhance faculty-directed clinical learning experiences after a student has received basic instruction for that specific learning experience. Clinical preceptors shall hold an active unencumbered license to practice as a registered nurse in North Carolina.

(j)(f) Nurse faculty members shall have the authority and responsibility for:

(1) student admission, progression, and graduation requirements; and
(2) the development, implementation, and evaluation of the curriculum.

(k)(g) Nurse faculty members shall be academically qualified and sufficient in number to implement the curriculum as required by the course objectives, the levels of the students, the nature of the learning environment, and to provide for teaching, supervision, and evaluation.

(l)(h) The faculty-student ratio for faculty-directed preceptor clinical experiences shall be no greater than 1:15. The faculty-student ratio for all other clinical experiences shall be no greater than 1:10.

CHAPTER 46 – BOARD OF PHARMACY

Notice is hereby given in accordance with G.S. 150B-21.2 that the Board of Pharmacy intends to amend the rule cited as 21 NCAC 46.2801.

Link to agency website pursuant to G.S. 150B-19.1(c): www.ncbop.org/rulemakings.htm

Proposed Effective Date: August 1, 2021
Public Hearing:
Date: June 15, 2021
Time: 10:00 a.m.
Location: The public hearing will be held remotely. The public can participate on Teams at https://tinyurl.com/yfvbubpp or may call 336-604-5350, conference ID 946 782 795#.

Reason for Proposed Action: Section 503A of the Federal Food, Drug and Cosmetic Act strictly limits the compounding of human drug products in states that have not entered into a memorandum of understanding with the Secretary of Health and Human
Services with respect to gathering and providing certain information to the FDA. 21 U.S.C. § 333a(b)(3)(B). The consequence of not entering the memorandum of understanding would be to prevent North Carolina compounding pharmacies from shipping compounded human drug products outside of the State if those exceed 5 percent of the total prescriptions dispensed by the pharmacy. This alternative would cause a number of North Carolina pharmacies to sharply curtail shipping compounded prescriptions to their patients in other states, causing financial harm, disadvantaging those pharmacies with respect to businesses located in other states that do enter the memorandum of understanding, and disrupting patient service. Moreover, the requirement to constantly remain under the alternative 5 percent cap, upon threat of prosecution, would cause undue risks and perpetual tracking costs to many pharmacies. The threats and costs imposed by the alternative has the effect (if not the intention) of compelling states to enter into the memorandum of understanding. Pharmacies are already required by law to provide all the subject information upon request by the North Carolina Board of Pharmacy. The memorandum provides that, rather than being collected by each state, the data will be collected by the National Association of Boards of Pharmacy through its e-profile system in which all North Carolina-permitted pharmacies already participate, in order to promote efficiencies for both the pharmacies and the Board. This rule implements the memorandum of understanding and Section 503A of the Federal Food, Drug and Cosmetic Act. In addition, it updates certain information about costs and sources for the public to acquire compounding standards.

SECTION .2800 – COMPOUNDING

21 NCAC 46.2801 COMPOUNDING

(a) A pharmacy may dispense a compounded drug preparation to a patient only pursuant to a prescription that is valid and complies with all requirements of the law, including 21 NCAC 46.1801. In advance of dispensing the compounded drug preparation, a pharmacy shall prepare the compounded drug preparation only:

1. upon the pharmacy's receipt of a valid prescription order for an individual patient; or
2. in anticipation of a prescription order based on an established history of receiving prescription orders for the compounded drug preparation. Any compounded drug preparation prepared in anticipation of a prescription order shall not be dispensed until the pharmacy receives a valid prescription order for an individual patient.

(b) Compounded drug preparations shall not be offered to other entities for resale.

(c) A pharmacy may supply compounded drug products to practitioners authorized by law to prescribe drugs for those practitioners to administer to those practitioners’ patients. Such compounding for office use shall comply with applicable federal law.

(d) The preparation, labeling, and dispensing of non-sterile compounded drug preparations shall comply with the standards established by United States Pharmacopeia chapter <795>, including all United States Pharmacopeia chapters and standards incorporated into chapter <795> by reference and including all subsequent amendments and editions of the same, governing both the non-sterile compounded drug preparations and the physical and environmental conditions under which non-sterile compounded drug preparations are prepared, labeled, and dispensed.

(e) The preparation, labeling, and dispensing of sterile compounded preparations shall comply with standards established by United States Pharmacopeia chapter <797>, including all United States Pharmacopeia chapters and standards incorporated into chapter <797> by reference and including all subsequent amendments and editions of the same, governing both the sterile compounded products and the physical and environmental conditions under which sterile compounded products are prepared, labeled, and dispensed.

(f) A pharmacy that prepares, labels, or dispenses sterile compounded preparations shall maintain a reference library in the pharmacy including the current United States Pharmacopeia standards and references on the compatibility, stability, storage, handling, and preparation of compounded drugs. These references may be either hard copy or electronically accessible.

(g) In a pharmacy where compounded drug preparations are prepared, labeled, or dispensed, the pharmacist-manager or the pharmacist-manager's designated pharmacist shall be knowledgeable in the specialized functions of preparing, labeling, and dispensing compounded drug preparations. If the pharmacist-manager chooses to designate another pharmacist for this purpose, the pharmacist-manager shall notify the Board on the pharmacy's permit application and, in writing, within 15 days of any change
in the designation. Notwithstanding the pharmacist-manager's designation of another pharmacist as knowledgeable in the specialized functions of preparing, labeling, and dispensing compounded drug preparations, the pharmacist-manager shall be responsible for ensuring the pharmacy's compliance with all statutes, rules, and standards that govern such activities.

(h) In addition to complying with all recordkeeping and labeling requirements specified or referred to by United States Pharmacopeia chapters <795> or <797>, a pharmacy that prepares, labels, or dispenses compounded drug preparations shall create and maintain a record-keeping system that enables the pharmacy immediately upon request to identify every compounded drug preparation prepared, labeled, or dispensed in the past three years. This recordkeeping system may be created and maintained electronically in compliance with 21 NCAC 46.0603, .0607-.0610, .0701, .0704, .0901, .0902, and repeal the rules cited as 21 NCAC 63.0304 and .0703.

(i) The pharmacist-manager of a pharmacy that prepares, labels, or dispenses compounded drug preparations shall comply with all quality assurance requirements and standards of United States Pharmacopeia chapters <795> and <797>.

(j) Between January 1 and March 31 of each year, any pharmacy permitted by the Board that has prepared, labeled, or dispensed any compounded drug (for any patient or other person, either within or outside North Carolina) during the immediately preceding calendar year must update all information regarding its services in the National Association of Boards of Pharmacy's e-Profile Connect system at https://dashboard.nabp/pharmacy.

(k)(l) United States Pharmacopeia chapters <795> or <797> may be inspected at the offices of the Board during its normal hours of operation. Copies also may be obtained from the U.S. Pharmacopeial Convention (www.usp.org), as a free download part of the "USP on Compounding: A Guide for the Compounding Practitioner," as an electronic publication, that cost one hundred dollars ($100.00) as of the effective date of the last amendment to this Rule.

Authority G.S. 90B-6; 90B-7; 90B-8; 90B-10.

21 NCAC 63 .0208 APPLICATION FEE
Each applicant for certification or licensure by the Board shall submit an initial application fee of one hundred and fifteen dollars ($145.00) with the application, unless otherwise exempt under G.S. 93B-15.1. An applicant applying for multiple levels of certification or licensure within one application must submit an application fee of one hundred and forty-five dollars ($145.00) per each level for which the applicant applies. Application fees shall be paid only by money order, certified bank check, or credit card.

Authority G.S. 90B-6; 90B-6.2.

21 NCAC 63 .0209 EXAM ELIGIBILITY
(a) The Board shall review each application submitted pursuant to 21 NCAC 63 .0202 and .0207 to determine whether an applicant possesses the educational, supervision, and examination qualifications for eligibility for a particular level of certification or licensure pursuant to G.S. 90B-7. An applicant will be notified in writing if he/she is ineligible for the requested level of certification. To be considered eligible to take the Clinical examination, an applicant must have two years of experience in a clinical social work setting documented with the Board and a MSW. To be considered eligible to take the Advanced Generalist examination, an applicant must have two years of experience in an administrative social work setting. He/she may then apply for another level of certification. If an applicant is found to be ineligible for any level of certification, he/she may not sit for any examination.

(b) An applicant shall be notified in writing if found to be ineligible for the requested level of certification. If an applicant is found ineligible for the particular level of certification or licensure for which he or she has applied, the applicant may request in writing to the Board that the applicant be considered for eligibility for another level of certification or licensure for which the applicant possesses the minimum education, supervision, and examination qualifications. Such request must be made no later than 30 days following the date on which the applicant received written notification of ineligibility, as set forth in Paragraph (a) of this Rule. If an applicant is found to be ineligible for any level of certification or licensure, the applicant shall not be allowed to sit for any examination.

(c) If an applicant is found eligible for the particular level of certification or licensure for which he or she has applied, the Board shall issue the applicant notification of exam candidacy approval. Upon receipt, the applicant shall submit to the Board an Exam Request Form or Clinical Exam Request Form, as described in Paragraphs (e) and (f) of this Rule, and the fee set forth in 21 NCAC 63 .0303 to initiate the exam process.

(d) Upon receipt of the applicant's Exam Request Form and the fee set forth in 21 NCAC 63 .0303, the Board shall forward to the applicant instructions for registering to sit for the examination and the deadline by which the exam eligibility shall expire, which is determined in accordance with the ASWB Examination Candidate Handbook that is available at http://aswb.org. If the applicant fails to take the examination before the deadline by which the exam eligibility shall expire, the applicant must submit another Exam Request Form and the fee set forth in 21 NCAC 63 .0303 in order to take the examination. If the applicant takes but fails the examination, the applicant must submit another Exam Request Form and the fee set forth in 21 NCAC 63 .0303 in order to re-take the examination, even if the expiration date has not yet occurred. An applicant must wait at least 90 days from the date on which he or she took the examination before re-taking the examination.

(e) An applicant desiring to take an examination other than the ASWB Clinical level examination shall submit to the Board an Exam Request Form, which is available on the Board's website at https://www.ncswboard.org, that shall contain the following:

(1) the applicant's name and address;
(2) the applicant's social security number; and
(3) the type of examination for which the applicant is approved to sit.

(f) An applicant desiring to take the ASWB Clinical level examination shall submit to the Board a Clinical Exam Request Form, which is available on the Board's website at https://www.ncswboard.org, only after completing two years of clinical practice. The Clinical Exam Request Form shall contain the following:

(1) the name and license number of the applicant;
(2) the contact information, date of birth, and signature of the applicant;
(3) the name, license number, and signature of the applicant's clinical supervisor; and
(4) the attestation of the applicant's clinical supervisor that the applicant has completed two years of clinical practice and is qualified to take the ASWB Clinical level examination.

Authority G.S. 90B-6; 90B-6.2.

21 NCAC 63 .0210 ASSOCIATE LICENSES
(a) The Board shall issue an associate license to any person who meets the requirements in G.S. 90B-7(a). Applicants for licensure as a LCSWA shall provide an application to the Board, as set forth in 21 NCAC 63 .0202(b), and shall comply with the requirements of this Rule.

(b) Applications and forms shall be obtained from and returned to the Board Office. The application fee set in Rule .0208 of this Chapter shall be submitted with the application.

(c) Prior to practicing clinical social work, applicants associates must demonstrate in writing through an emergency crisis plan that, in the event of a clinical emergency, they have immediate access to a at least one licensed mental health professional who has agreed to provide to them emergency clinical consultation to assure that standards of compliance with the North Carolina statutes and rules governing clinical social work practice are maintained. For purposes of this Rule, "immediate" shall mean within one hour. Each licensed clinical social worker associate shall notify the Board in writing of any
change in such access. The emergency crisis plan shall be submitted on a form prescribed by the Board that is available on the Board's website. The emergency crisis plan outline must be submitted for each location at which the associate practices and shall provide the following:

4. a plan for follow-up consultations with the LCSWA's clinical supervisor if an alternate emergency contact was consulted at the time of need; and
5. signatures and license numbers of the LCSWA, the LCSW supervisor, and the emergency consultant back-up provider.

Each licensed clinical social worker associate shall notify the Board in writing within seven days of any change in such access by resubmission of an emergency crisis plan outline form.

(c) Prior to practicing clinical social work, associates shall provide to the Board an Employment Verification for LCSWA form that contains the following:

1. the associate's name, address, contact information, license number, and license issuance and expiration dates;
2. the name and address of the agency for which the associate intends to work;
3. the associate's current position title and a copy of the job description;
4. whether the associate is authorized by the employer to provide clinical services;
5. the name of the associate's LCSW clinical supervisor and whether the supervisor is located on-site or off-site;
6. whether the associate is being paid a fee or salary;
7. dates during which the associate is working full-time, part-time, or as needed; and
8. the name and signature of the person completing the form on behalf of the employer.

(d) Each associate licensee must be supervised as set forth in G.S. 90B-7(f) and receive on-going appropriate supervision as defined in Rule .0211(a)(2) of this Chapter until the associate licensee is licensed as a qualifying examination has been passed and the Licensed Clinical Social Worker license is issued.

(e) All associate licensees shall submit reports of their clinical social work experience and supervision on a form prescribed by the Board and made available on the Board's website every six months for review and evaluation by the Board. This six-month review form shall contain the following:

1. the associate's name, LCSWA license number, and contact information for the associate;
2. the associate's place of employment and an employment verification form, as prescribed in 21 NCAC 63 .0202(f), if not previously provided to the Board;
3. the associate's signature and date submitted;
4. an acknowledgment from the associate's LCSW supervisor as to whether:
   A. a position statement on clinical supervision, available on the Board's website at https://www.ncswboard.org, has been signed and submitted to the Board;
   B. an emergency crisis plan, as set forth in Paragraph (b) of this Rule, has been submitted to the Board;
   C. a supervisory log has been maintained and is available upon request to verify documented supervision; and
   D. a case narrative summarizing one case treated during this review period has been prepared, reviewed, and is on file and available for Board review, if needed;
5. a rating of the associate by the associate's LCSW supervisor in all the following categories:
   A. ethical standards of social work practice;
   B. effective use of supervision;
   C. competence in social work practice;
   D. professional growth and development;
   E. consistency of performance effort;
   F. knowledge of social work principles and practices;
   G. ability to formulate a treatment plan appropriate to the clients' needs;
   H. ability to implement interventions consistent with the treatment plan;
   I. supervisee's ability to assess his or her own capacities and skills;
   J. ability to correctly diagnose mental and emotional disorders; and
   K. ability to plan treatment and carry out clinical interventions related to mental and emotional disorders;
6. a narrative summary regarding the associate's growth as a clinical practitioner and participation in clinical supervision;
7. the period during which the associate received supervision from the LCSW supervisor;
8. the number of in-person hours of individual supervision that the associate received;
9. the number of in-person hours of group supervision that the associate received;
10. the number of hours provided through technology that the associate received in a group setting;
(11) the number of hours provided through technology that the associate received in an individual setting;

(12) the number of clinical practice hours that the associate attained during the review period; and

(13) the name, phone number, signature, and license number with expiration date of the associate's LCSW supervisor.

(f) To prevent a lapse in licensure, associate licensees who desire to become Licensed Clinical Social Workers shall renew the LCSWA or complete the application process for the Licensed Clinical Social Worker classification and submit the application fee as set in Rule .0208 of this Chapter early enough to allow at least 30 days for administrative processing and Board action prior to the expiration of the associate's license.

(1) Two years of post-MSW clinical social work experience shall mean 3,000 documented clock hours of work or employment for a fee or salary while engaged in the practice of clinical social work as defined in this Chapter. The 3,000 hours shall be accumulated after the issuance of the associate license and over a period of time not less than two years nor and no more than six consecutive years. Practicum or internship experience gained as part of any educational program shall not be included. Pursuant to G.S. 93B-15.1(a), military applicants may receive credit for military occupational specialty experience obtained post MSW degree and deemed substantially equivalent to clinical social work practice as defined in this Chapter.

(2) Appropriate supervision shall mean supervision by a MSW who is also a Licensed Clinical Social Worker and who is in good standing with the Board. A supervisor disciplined by any professional credentialing body or professional organization, or who has violated the provisions of an occupational licensing Board may not provide supervision to an associate licensee without the written permission of the Board. The Licensed Clinical Social Worker Associate's (LCSWA) clinical social work supervisor shall have an additional two years of clinical social work experience post LCSW licensure.

(3) Appropriate supervision shall be that which is provided on a regular basis, conducted no less than once every two weeks, with at least one hour of supervision during every 30 hours of experience. A minimum of 100 hours of supervision is required. The clinical supervisor shall make the initial determination whether the applicant's work experience meets the definition of clinical social work in accordance with the rules of this Chapter. The Board shall make the final determination whether or not the applicant's work experience meets the definition of clinical social work practice. Appropriate supervision may be individual or group supervision. Individual supervision shall mean one on one, face-to-face supervision by a MSW who is also a LCSW where the supervisor reviews and discusses clinical social work cases, reviews documentation, and provides evaluative comments and direction to the LCSWA. Group supervision shall mean face-to-face supervision provided by a MSW who is also a LCSW in a group setting, during which the supervisor reviews and discusses clinical social work cases, reviews documentation, and provides feedback and direction to each LCSWA in the group. A maximum of 25 hours of group supervision may be applied toward meeting the supervision requirements for the LCSW.

Unless otherwise preapproved by the Board, no more than 20 hours of supervision may be provided through the use of technology. The clinical supervisor may seek approval by providing a written request to the Board. The request shall include the parties' information, including name, license number, and business address; and the circumstances for which the additional hours are needed. Approval of the request shall be determined on a case by case basis, based upon the circumstances provided in the request. All supervision provided through the use of technology shall be synchronous, involve visual and audio interactions throughout the entire session, and shall take place in such a manner as to maintain the confidentiality of the communication.

(b) Qualifications as required by G.S. 90B-7(e)(2) for the Certified Social Work Manager (CSWM) credential. credential are as follows:

(1) Two years of post social work degree experience shall mean 3,000 documented clock hours of employment for a fee or salary while engaged in administrative social work duties including, policy and budgetary development and implementation, supervision and management, program evaluation, planning, and staff development. Such duties shall be carried out in an administrative setting where social work or other mental health services are delivered. The 3,000 hours shall be accumulated over a period of time not less than two years nor and no more than six consecutive years. Practicum or internship experience gained as part of any educational program shall not be included.
(2) Appropriate supervision shall mean face-to-face supervision by a social work administrator certified or licensed by the Board who has a minimum of two years of administrative experience in a social work or mental health setting. Appropriate supervision shall be that which is provided on a regular basis, conducted no less than once every two weeks throughout the applicant's two years of administrative social work experience. A minimum of 100 hours of supervision is required. A maximum of 50 hours of group supervision may be applied toward meeting the supervision requirements for the CSWM. No more than 50 hours of supervision may be provided through the use of technology. All supervision provided through the use of technology shall be synchronous, involve visual and audio interaction throughout the entire session, and shall take place in such a manner as to maintain the confidentiality of the communication.

SECTION .0400 - RENEWAL OF CERTIFICATION

21 NCAC 63 .0401 CONTINUING EDUCATION REQUIREMENTS

(a) Continuing education for certification or licensure renewal shall be required to maintain professional knowledge and technical competency. Renewal of certification or licensure shall require 40 contact hours of continuing education credits approved by the Board within each two-year renewal cycle. Social workers shall obtain 40 contact hours of Board-approved continuing education credits in accordance with this Rule within each two-year renewal cycle. For purposes of this Rule, a "contact hour" is defined as time spent actually receiving education, excluding breaks. If a certification or licensure is for less than a full two-year period, then social workers shall obtain 30 contact hours of Board-approved continuing education credits in accordance with this Rule. Then 30 contact hours of continuing education credits shall be required. Continuing education credits shall be awarded as follows:

1. Continuing continuing education units awarded that do not reflect contact hours or clock hours of instruction shall be awarded at the rate of one contact hour of credit for each continuing education unit;
2. One one academic course hour of credit shall be equal to 15 contact hours; and
3. Credit credit for auditing an academic course shall be for clock hours of instruction attended with one clock hour equal to one contact hour of credit.

(b) During each renewal period, all certified and licensed social workers shall engage in a minimum of four contact hours of continuing education focused on ethics related to social work practice and ethical decision-making.
(c) The following activities shall be approved for continuing education:

1. Academic academic social work courses taken for credit or audit;
2. Agency-based agency-based staff development, seminars, institutes, workshops, mini courses or conferences oriented to social work practice, values, skills and knowledge;
3. Cross-disciplinary cross-disciplinary offerings from medicine, law and the behavioral/social sciences or other disciplines, if such offerings are related to social work practice, values, skills and knowledge;
4. Distance distance learning activities including online courses and home study courses that have been pre-approved by the Association of Social Work Boards (ASWB) or the North Carolina Chapter of the National Association of Social Workers (NASW-NC), (NASW) and its associated state chapters. A list of approved distance learning courses and providers are available online at www.aswb.org and www.naswnc.org. The maximum continuing education credit granted for distance learning activities is one-half one-half of the required hours, up to a maximum of 20 contact hours per renewal period. Live synchronous Synchronous audio-video broadcasts allowing for real time interaction between the instructor and participants attending through electronic means shall not be considered distance learning activities; activities but as a face-to-face offering; and
(5) A group of professionals within the health and human services or related fields organized to come together to study a particular topic focusing on social work practice provided the following can be documented:

(A) study topic; topics;
(B) study material; materials;
(C) facilitator; facilitator(s); and
(D) date date(s) and hours of attendance.

(d) Continuing education focusing on practitioner self-care and well-being shall not exceed six contact hours of credit during a single renewal cycle.

(e) Up to five contact hours of credit shall be granted per renewal cycle for presenting a training focused on social work practice provided that:

(1) The Board receives confirmation from the organization for which the licensee presented that identifies the licensee as the presenter, confirms the title and date of the presentation, the length of the presentation, and number of attendees; and
(2) the dates of the presentation occur within the renewal cycle.

(f) Credit shall not be granted for:

(1) identical programs completed within the same renewal period;
(2) job orientation or training directed at procedural mandates such as health and safety practices, new hire training, and compliance training; or supervision and case consultation.

Authority G.S. 90B-6; 90B-9.

SECTION .5000 - ETHICAL GUIDELINES
21 NCAC 63 .0503    GENERAL PROFESSIONAL RESPONSIBILITIES
(a) Social workers shall engage in practice only within their sphere of competence. In accordance with their training and experience. They shall accurately represent to clients, colleagues, and the general public their abilities, education, training, credentials, and experience. They shall engage in continuing
21 NCAC 63 .0504 RESPONSIBILITIES IN PROFESSIONAL RELATIONSHIPS

(a) Social workers shall not misuse their professional relationships sexually, financially, or for any other personal advantage. They shall maintain this standard of conduct toward all who are professionally associated with them such as clients, colleagues, supervisees, employees, students, and research participants.

(b) Social workers shall inform clients of the extent and nature of services available to them as well as the limits, rights, opportunities, and obligations associated with service that might affect the client's decision to enter into or continue the relationship.

(c) Social workers shall obtain consent (agreement to participate in social work intervention) from all clients or their legally authorized representative except when laws, judicial orders, or professional ethics require intervention to ensure the client's safety and protection.

(d) Social workers shall terminate a professional relationship with a client when, after careful evaluation and assessment, it is determined that the client is not likely to benefit from continued services or the services are no longer needed. The social worker who anticipates the termination or interruption of services shall give reasonable prior notice to the client, as soon as possible. The social worker shall provide referrals as needed or upon the request of the client. A social worker shall not terminate a professional relationship for the purpose of beginning a personal, sexual, or business relationship with a client.

(e) Social workers shall respect the integrity, protect the welfare, and maximize self-determination of clients they serve. They shall avoid entering treatment relationships in which their professional judgment will be compromised by the prior association with or knowledge of a client. Examples include treatment of one's family members, close friends, associates, employees, or others whose welfare could be jeopardized by such a dual relationship.

(f) Social workers shall not initiate, and shall avoid when possible, personal relationships or dual roles with current clients, or with any former clients whose feelings toward them will still be derived from or influenced by the former professional relationship. When a social worker may not avoid a personal relationship with a client, the social worker shall take appropriate precautions, such as documented discussion with the client or former client about the relationship, supervision, or supervision to ensure that the social worker's objectivity and professional judgment are not impaired. In instances when dual or multiple relationships are unavoidable, social workers shall set clear boundaries that take into consideration the client's age, race, sex, gender, sexual orientation, religion, socioeconomic status, national origin, and medical diagnoses.

(g) Social workers shall not engage in sexual activities with current clients or with former clients. A social worker shall not engage in or request electronic, verbal, or physical sexual contact with a client or former client under any circumstances. For the purposes of this Rule "sexual contact" means behavior relating to sexual activities including intentional touching, either directly or through the clothing that may be exploitive, abusive, or detrimental to the clients' welfare.

(h) Social workers shall be solely responsible for acting in accordance with G.S. 90B and these Rules in regard to relationships with clients or former clients. A client's or former client's initiation of a personal, sexual, or business relationship shall not be a defense by the social worker for failing to act in accordance with G.S. 90B and these Rules.

Authority G.S. 90B-6; 90B-11.

21 NCAC 63 .0505 RELATIONSHIPS WITH COLLEAGUES

**SECTION .0200 - PRACTICE OF VETERINARY MEDICINE**
PROPOSED RULES

21 NCAC 66 .0211 VETERINARY TELEMEDICINE
(a) "Veterinary telemedicine" or "telemedicine" means the use of electronic or telecommunication technologies to remotely provide medical information regarding a patient's clinical health status and to deliver veterinary medical services to a patient that resides in or is located in the State. The delivery of veterinary medical services through telemedicine is the practice of veterinary medicine. The practice of veterinary medicine occurs where the patient(s) is located at the time telemedicine technologies are used.
(b) A veterinarian may provide veterinary medical services via telemedicine to any patient only after establishing a Veterinarian-Client-Patient-Relationship (VCPR). No person shall practice veterinary telemedicine except a veterinarian within the context of a VCPR. A VCPR cannot be established by any electronic means or telecommunication technologies.
(c) "Veterinary telemonitoring" means the use of a medical device, smart phone, monitoring sensor, or other technology, in combination with an internet connection, to collect and store health information for a patient of the veterinarian and to transmit it to a veterinarian, as directed or requested by a veterinarian. Veterinary telemonitoring, by that act alone, is not the practice of veterinary medicine.
(d) "Veterinary Teleconsulting" occurs when any person, whose expertise the veterinarian believes would benefit the veterinarian's patient, provides advice or other information by any method of communication to a veterinarian at the veterinarian's direction or request. Veterinary teleconsulting, by that act alone, is not the practice of veterinary medicine.
(e) Veterinarians practicing telemedicine shall be held to the same standard of care as veterinarians providing in-person medical care. There is not a separate standard of care applicable to telemedicine. Veterinarians shall determine whether telemedicine is appropriate and in the best interest of the patient. Veterinarians shall maintain a medical record of the telemedicine patient(s) as required by 21 NCAC 66 .0207(b)(12)."

TITLE 02 – DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

Rule-making Agency: Pesticide Board

Rule Citation: 02 NCAC 09L .0502

Effective Date: March 25, 2021

Findings Reviewed and Approved by the Codifier: March 17, 2021

Reason for Action: Due to COVID-19, the North Carolina General Assembly in Session Law 2020-97 (H.B. 1105), Section 3.20, authorizes state agencies, including boards and commissions, to exercise regulatory flexibility during the emergency to protect the economic well-being of the citizens and businesses of the state. In accordance with the directive and spirit of Session Law 2020-97 (H.B. 1105), Section 3.20, and to respond to the COVID-19 emergency, The North Carolina Pesticide Board finds it critical to exempt pesticides approved by the United States Environmental Protection Agency (EPA) on an emergency basis in accordance with 02 NCAC 09L .0318 for use in preventing, destroying, or mitigating COVID-19 from being restricted use pesticides as currently required by 02 NCAC 09L .0502(3). This exemption will bring North Carolina standards in line with other states and ensure North Carolina does not fall behind in its efforts to respond to COVID-19 by allowing for normal distribution of these pesticides.

Particularly, this emergency rule will allow for the timely distribution and introduction of newly approved pesticides into the state that mitigate COVID-19. Currently, existing requirements classify these pesticides as restricted use pesticides, requiring their sale only by licensed pesticide dealers and application only by licensed applicators. These additional requirements make the pesticides’ timely introduction into the state and access to the general public unfeasible. Therefore, for the reasons stated above, this Board finds it necessary and in the best interest of the State to not classify pesticides approved by the EPA for use in preventing, destroying, or mitigating COVID-19 as restricted use pesticides under the Board’s Rules in 02 NCAC 09L .0502(3). This Board further finds that timing is of essence in responding to COVID-19 and that emergency rulemaking are necessary.

SECTION .0500 - PESTICIDE LICENSES

02 NCAC 09L .0502 LIST OF RESTRICTED USE PESTICIDES

(a) For the purpose of this Subchapter a "restricted use pesticide" shall be:

(1) any pesticide required by the Environmental Protection Agency to bear the designation on its labeling "Restricted Use Pesticide;"

(2) arsenic trioxide; and

(3) any pesticide approved under Rule .0318 of this Subchapter.

(b) Any pesticide approved by the United States Environmental Protection Agency for use in the State of North Carolina in accordance with 02 NCAC 09L .0318 that is labeled as approved for use in preventing, destroying, or mitigating Covid-19 shall be exempt from the provisions of 02 NCAC 09L .0502(a)(3) and shall not be considered a Restricted Use Pesticide.

Appraisers," authorizes the North Carolina Appraisal Board to amend, extend, or adopt emergency rules to modify any educational requirements implemented by the Board, in accordance with Section 3.20 of Session Law 2020-97. Any emergency rule adopted pursuant to Section 2.11 shall expire on December 31, 2021. The North Carolina Appraisal Board has made the determination that due to the impacts COVID-19, it is in the public interest, including public health, safety, and welfare and the economic well-being of its licensees to take the steps set forth in this emergency rule to modify continuing education and qualifying education requirements. Section 2.11(a) authorizes the Board to adopt this emergency rule without commencing temporary rule making.

SUBCHAPTER 57B - REAL ESTATE APPRAISAL EDUCATION

SECTION .0600 - CONTINUING EDUCATION COURSES

21 NCAC 57B .0615 EMERGENCY PROVISIONS FOR EXTENSION FOR REMOTE LEARNING FOR QUALIFYING EDUCATION, CONTINUING EDUCATION AND TAKING OF LICENSING EXAMINATION

Due to the current State of Emergency in North Carolina and the United States, the North Carolina Appraisal Board is taking the following action:

1. Until December 31, 2021, schools and course sponsors may offer remote distance learning for continuing education courses. In order to offer remote distance learning, the school shall provide to the Board documentation that it has met the following requirements prior to the course taking place:
   - The educational offering under consideration is currently approved for traditional classroom presentation;
   - The platform utilized for distance education is live and interactive;
   - The instructor verifies photo identification of the students; and
   - The instructor maintains an attendance roster, which includes verifying 100 percent classroom attendance by, for example, taking attendance at various established times during the course.

2. Until December 31, 2021, qualifying education course offerings that are approved to be presented in a traditional live in person classroom setting, may be offered as synchronous delivery without the required approval set forth in Item (4) of this Rule. The school shall provide to the Board documentation that it has met the following requirements prior to the course taking place:
   - The educational offering under consideration is currently approved for traditional classroom presentation;
   - The platform utilized for distance education is live and interactive;
   - The instructor verifies photo identification of the students;
   - The instructor maintains an attendance roster, which includes verifying 100 percent classroom attendance by, for example, taking attendance at various established times during the course; and
   - The examination required for qualifying education under Section III.E.7. of the AQB criteria remains in effect.

3. Until December 31, 2021, schools shall allow students to make-up qualifying education course hours by attending another course that is equivalent to the original course offered by the same school. The make-up hours attended by the student shall be for the same content that the student missed.

4. Until December 31, 2021, schools and course sponsors may offer remote asynchronous distance learning for qualifying education courses, as long as the qualifying education courses are approved in accordance with Sections III D.3 and III.F.6 of the AQB criteria.

5. All other Board rules that apply to continuing education or qualifying education that do not conflict with this Rule are in effect and enforced by the Board.

Re: Readoption pursuant to G.S. 150B-21.3A(c)(2)g of 15A NCAC 01C and D

Dear Ms. Everett:

Attached to this letter are the rules subject to readoption pursuant to the periodic review and expiration of existing rules as set forth in G.S. 150B-21.3A(c)(2)g. After consultation with your agency, the scheduling of readoption for this set of rules was discussed at the March 18, 2021 Rules Review Commission meeting. Pursuant to G.S. 150B-21.3A(d)(2), the rules identified to the attached document shall be readopted no later than March 31, 2022. If you have any questions regarding the Commission’s action, please let me know.

Sincerely,

Amber May
Commission Counsel
