Fiscal Impacts of Proposed Rules 15A NCAC 01A .0102 - How To Contact The Department

**Name of Commission:** Department of Environment and Natural Resources

**Agency Contact:** Jennifer Everett, Rulemaking Coordinator  
DENR Office of Secretary  
1601 Mail Service Center  
Raleigh, NC 27699-1601  
(919) 707-8614  
jennifer.everett@ncdenr.gov

**Impact Summary:**  
State government: No  
Local government: No  
Federal government: No  
Substantial impact: No - de minimis

**Authority:** G.S. 143B-10(b)

**Necessity:**  
DENR seeks to amend this rule to update the contact information for locating the Department of Environment and Natural Resources' headquarters and regional offices. The current rule is outdated regarding information of how to contact the Department. Since the main office of the Department has changed its physical street address this update is necessary. The DENR website address is also provided for the public to contact DENR regional offices. This addition of the website address will ensure this rule to be updated. This amendment will also eliminate references of the health regional offices since these are no longer under DENR. The proposed effective date is October 1, 2012.

**Impact:**  
No local or state government costs would be incurred as a direct result of the rule changes. The public might incur a cost related to Internet access in order to retrieve the information available on the website. Both agency and the public would benefit from having up to date DENR contact information. These impacts are not expected to be substantial.
15A NCAC 01A .0102 is proposed for amendment as follows:
