Statutory Authority

Background
Under authority of NCGS § 150B-21.3A, Periodic Review and Expiration of Existing Rules, the Department of Health and Human Services, Rules Review Commission, and the Joint Legislative Administrative Procedure Oversight Committee approved the subchapter report with classifications for the rules located at 10A NCAC 23E – Medicaid Eligibility Requirements. The following rules were classified as necessary with substantive public interest: 10A NCAC 23E .0101, .0102, .0103, .0104, .0105, .0106, .0107, .0108, .0201, .0202, .0203, .0204, .0205, .0206, .0207, .0208, .0209, .0210, and .0211.

The agency is presenting 23E .0103, .0201, .0202, .0203, .0205, .0207, and .0208 for readoption with substantive changes, 23E .0105, .0106, .0209, .0210, and .0211 for readoption with minor, non-substantive changes, and 23E .0101 .0102, .0104, .0107, .0108, .0204, and .0206 for repeal.

Pursuant to NCGS § 150B-21.3A(d)(2), an agency is not required to prepare a fiscal note if a rule is readopted without substantive change or if the rule is amended to impose a less stringent burden on regulated persons. In addition, pursuant to NCGS § 150B-21.4(d), agencies are not required to prepare a fiscal note when proposing to repeal an existing rule. For that reason, this fiscal note focuses on the following rules: 23E .0103, .0201, .0202, .0203, .0205, .0207, and .0208. The agency has also prepared brief explanations for non-substantive changes made to 23E .0105, .0106, .0209, .0210, and .0211.

Rule Summaries and Anticipated Fiscal Impact

The proposed amendments will align the rules with federal Affordable Care Act requirements and recently enacted statutes. Changes to the rule to update resource requirements to align with the ACA are substantive, but the agency had no flexibility in implementing these changes and they impose a less stringent burden on applicants and beneficiaries in these groups. This change impacts a small number of applicants and beneficiaries. It is a less stringent burden for applicants and local agencies because it streamlines and simplifies the enrollment process, requiring applicants to provide less documentation. The proposed rules also specify that income from ABLE (Achieving a Better Life Experience) accounts shall not be counted against income limits for state benefits, as required by state law enacted in 2015. This change will generate a benefit to enrollees and additional costs to the state. All other changes to this rule are non-substantive technical changes to improve rule clarity.
The agency is not required to analyze and quantify the impact of the rules because these amendments impose a less stringent burden on the regulated community. However, the changes are summarized below.

**Rule 23E .0103 – Residence**
10A NCAC 23E .0103 sets out residency requirements for Medicaid eligibility in North Carolina. The existing language in subparagraph (f) is being deleted because this language has been superseded by a statute enacted by the North Carolina General Assembly, G.S. 108A-55.3, governing verification of State residency required for Medicaid. All other changes to this rule are minor, non-substantive changes that do not impact how the rule is implemented and are intended only to clarify existing language.

**Rule 23E .0105 – Disability**
10A NCAC 23E .0105 sets out what constitutes disability for purposes of Medicaid eligibility. The agency is proposing to readopt this rule with minor, non-substantive, technical changes to update and clarify language. The primary technical change is to clarify that the Disability Determination Services Section is within the Division of Vocational Rehabilitation Services, not the Division of Social Services.

**Rule 23E .0106 – Blindness**
10A NCAC 23E .0106 sets out what constitutes blindness for purposes of Medicaid eligibility. The agency is proposing to readopt this rule with minor, non-substantive, technical changes to update and clarify language.

**Rule 23E .0201 – Applying for All Benefits and Annuities**
10A NCAC 23E .0102 sets out that applicants and beneficiaries are required to take all steps necessary to obtain benefits and annuities to which they are entitled. However, per guidance from the Centers for Medicare & Medicaid Services, only benefits that are actually received may be counted in determining financial eligibility for Medicaid. If a benefit is verifiable, but not received, it may not be counted. However, failing to take necessary steps to obtain benefits may lead to termination of eligibility.

Previously, an individual could have been determined ineligible on the basis of a potential financial benefit, regardless of whether the individual was actually receiving the benefit. The rule now clarifies that benefits, such as annuities and pensions, will not count for financial eligibility unless actually received. It has always been possible under the rule for a beneficiary to have his or her eligibility terminated for failure to take the necessary steps under this rule. All other changes to this rule are minor, non-substantive changes that have no fiscal impact on federal government, state government, local governments, or private industry.

**Rule 23E .0202 – What Resources Are Counted Reserve**
10A NCAC 23E .0202 governs the resources that are counted in determining eligibility for Medicaid. The majority of changes to this rule reflect new requirements under the Patient
Protection and Affordable Care Act (ACA). Under the ACA, there is no resource limit for certain categorically needy eligibility groups. This change is reflected in subparagraphs (i), (j), (k), (l), and (m)-(q). It should be noted that the text of subparagraphs (m)-(q) is not new, but was moved from 23E .0207 to this rule for clarity. All other changes to this rule are minor, non-substantive, technical changes to update and clarify language.

Rule 23E .0203 – Countable Income
10A NCAC 23E .0203 governs the income that is counted in determining eligibility for Medicaid. As with 23E .0202, the majority of changes to this rule reflect new ACA requirements. Under the ACA, the income limits of certain categorically needy eligibility categories are now governed by the federal Modified Adjusted Gross Income (MAGI) methodology under 42 C.F.R. 435.603. For that reason, parts of this rule have been limited to medically needy eligibility categories. The implementation of MAGI was intended to standardize income requirements. Under the MAGI methodology, state net income standards were converted to equivalent federal MAGI standards.

Another substantive change is the inclusion of ABLE (Achieving a Better Life Experience) accounts under subparagraphs (b)(37) and (d)(3). This language is being added in compliance with a state law enacted in 2015, G.S. Ch. 147, Art. 6F – Achieving a Better Life Experience Program Trust. Specifically, under G.S. 147-86.75.(d), ABLE accounts shall not be counted toward resource and income limits for state benefits. Income from these accounts is not counted against applicants.

All other changes to this rule are minor, non-substantive, technical changes to update and clarify language. This includes removing references to rules recently repealed or proposed for repeal in subparagraphs (d)(1) and (e)(2) to point to where the content is currently located. It also includes deleting subparagraph (e)(3) because this information is included in the biennial Appropriations Act (see e.g., S.L. 2017-57, Section 11H.1).

Rule 23E .0205 – Budget Unit Membership
10A NCAC 23E .0205 defines who is included in a budget unit for purposes of financial eligibility for Medicaid. As with 23E .0202 and 23E .0203, the changes to this rule reflect new ACA requirements. Under the ACA, income and resource requirements for certain categorically needy eligibility categories are now governed by 42 C.F.R. 435.603. All other changes to this rule are minor, non-substantive, technical changes to update and clarify language.

Rule 23E .0207 – Whose Resources Are Counted Reserve
10A NCAC 23E .0207 governs whose resources are counted in determining eligibility for Medicaid. As with 23E .0202, .0203, and .0205, the majority of changes to this rule reflect new ACA requirements. Under the ACA, there is no resource limit for certain categorically needy eligibility groups. This change is reflected in subparagraphs (e). Subparagraphs (f)-(i) were updated to reflect the new federal requirements and moved to 23E .0202. All other changes to this rule are minor, non-substantive, technical changes to update and clarify language.
Rule 23E .0208 – Calculating Income
10A NCAC 23E .0208 governs how income is calculated in determining eligibility for Medicaid. As with 23E .0202, .0203, .0205, and .0207, the majority of changes to this rule reflect new ACA requirements. Under the ACA, the income limits of certain categorically needy eligibility categories are now governed by the federal Modified Adjusted Gross Income (MAGI) methodology under 42 C.F.R. 435 .603. For that reason, parts of this rule have been limited to medically needy eligibility categories. All other changes to this rule are minor, non-substantive, technical changes to update and clarify language.

Rule 23E .0209 – Deductible
10A NCAC 23E .0209 governs the deductible that applies to certain Medicaid eligibility categories. The agency is proposing to readopt this rule with minor, non-substantive, technical changes to update and clarify language, including replacing the reference to a recently repealed rule in subparagraph (a)(3)(B) with a reference to the Medicaid State Plan, where the content now resides.

Rule 23E .0210 – Patient Liability
10A NCAC 23E .0210 governs when patient liability will apply. The agency is proposing to readopt this rule with minor, non-substantive, technical changes to update and clarify language, including replacing the references to recently repealed rules in subparagraphs (b)(1) and (e)(2) with references to the Medicaid State Plan, where the content now resides.

Rule 23E .0211 – Alien Sponsor Deeming
10A NCAC 23E .0211 governs sponsorship of aliens lawfully admitted for permanent residence. The agency is proposing to readopt this rule with minor, non-substantive, technical changes to update and clarify language, including replacing the references to recently repealed rules in subparagraphs (d) and (e) with references to where the content now resides.

**WHAT RESOURCES ARE COUNTED RESERVE**

Applicants for and recipients of Medicaid shall use their own resources to meet their needs for living costs and medical care to the extent that such resources can be made available.

(b) The value of resources currently available to any budget unit member of a budget unit, as defined in 10A NCAC 23A .0102, shall be considered in determining financial eligibility. A resource shall be considered available when it is actually available and when the budget unit member has a legal interest in the resource and he or she, or someone acting in his or her behalf, can take any necessary action to make it available.

(c) Resources shall be excluded in determining financial eligibility when the budget unit member with having a legal interest in the resources is declared incompetent unless:

(d) When there is a guardian, an interim guardian, or a person holding a valid, durable power of attorney for a budget unit member, but such person is unable, fails, or refuses to act within a reasonable amount of time promptly to make the resources actually available to meet the needs of the budget unit member, a referral shall be made to the services unit of the county department of social services for a determination of whether the guardian or attorney in fact is acting in the best interests of the member and if not, the county department of social services shall contact the clerk of court for intervention. The resources shall be excluded in determining financial eligibility pending action by the clerk of court.

(e) When a Medicaid application is filed on behalf of an individual who:

1. is alleged to be mentally incompetent,

2. has or may have a legal interest in a resource that affects the individual's eligibility, and

3. does not have a representative with legal authority to use or dispose of the individual's resources, the individual's representative or family member shall be instructed by the county department of social services to file within 30 calendar days a judicial proceeding under G.S. 35A to declare the individual incompetent and appoint a guardian. If the representative or family member either fails to file such a proceeding within 30 calendar days or fails to timely conclude the proceeding within
a reasonable amount of time, proceeding, a referral shall be made to the protective services unit of the county department of social services for guardianship services. If the allegation of incompetence that has lasted, or is expected to last 30 consecutive days or more, or until the individual’s death, is supported by competent evidence, as specified in Paragraph (h) of this Rule, if an allegation of incompetence is supported by competent evidence as defined in Paragraph (h) of this Rule, and the incompetence has lasted, or is expected to last, at least 30 consecutive days or until the individual’s death, the resources shall be excluded beginning with the date that such evidence indicates that he or she became incompetent, except as provided in Paragraphs (f) or (g) of this Rule.

(f) The budget unit member’s resources shall be counted in determining his or her eligibility for Medicaid beginning the first day of the month following the month a guardian of the estate, general guardian, guardian or interim guardian is appointed, provided that after the appointment, property that cannot be disposed of or used except by order of the court shall continue to be excluded until completion of the applicable procedures for disposition specified in G.S. 1 or G.S. 35A.

(g) When the court rules that the budget unit member is competent or no ruling is made because of the death or recovery from incompetence of the member, his or her resources shall be counted except for periods of time for which it can be established by competent evidence “competent evidence” specified defined in Paragraph (h) of this Rule, that the member was in fact incompetent for at least 30 consecutive days, or until his or her death. Any such showing of incompetence is subject to rebuttal by competent evidence as specified in Paragraph (h) of this Rule.

(h) For purposes of this Rule, competent evidence “competent evidence” is limited to defined as the written statement or testimony at a competency hearing of a physician, psychologist, nurse, or social worker with knowledge of the physical and mental condition of the individual, that contains information on the individual’s condition, the basis of that information, individual, the basis of that knowledge, the beginning date of incompetence, the reason the individual is incompetent, and, and if no longer incompetent, when the individual recovered competence.

(1) For Family and Children's related categorically and medically needy cases, three thousand dollars ($3,000.00) per budget unit;

(2) For aged, blind, and disabled cases, two thousand dollars ($2000.00) for a budget unit of one and three thousand dollars ($3000.00) for a budget unit of two.

(j) If the value of countable resources of the budget unit exceeds the reserve allowance for the unit as set out in the Medicaid State Plan, unit, the case shall be ineligible unless one of the following is met:

(1) For Family and Children’s medically needy related cases and aged, blind, blind or disabled cases protected by grandfathered provisions, and medically needy cases not protected by grandfathered provision, eligibility shall begin on the day countable resources are reduced to allowable limits or excess income is spent down, whichever occurs later;

(2) For categorically needy aged, blind, blind or disabled cases not protected by grandfathered provisions, eligibility shall begin no earlier than the month countable resources are reduced to allowable limits as of 11:59pm on the first moment of the first last day of the previous month.
Resources counted in the determination of financial eligibility for categorically needy aged, blind, blind and disabled cases, and Qualified Medicare Beneficiaries, Specified Low-Income Medicare Beneficiaries, Qualifying Individual and Qualified Disabled Working Individual cases shall be based on resource standards and methodologies in Title XVI of the Social Security Act except for the following methodologies:

3. The value of life estate interest in real property shall be not counted.
4. The value of burial plots shall be not counted.
5. The cash value of life insurance when the total face value of all cash value bearing life insurance policies does not exceed ten thousand dollars ($10,000.00) shall be not counted.

Resources counted in the determination of financial eligibility for medically needy aged, blind, blind and disabled cases shall be based on resource standards and methodologies in Title XVI of the Social Security Act except for the following methodologies:

1. The value of personal effects and household goods shall be not counted.
