

Instructions for Reporting Grant Applications/Awards

Notification of Application for Grants

State agencies are required by statute (G.S. 143C-7-1) to notify the Office of State Budget and Management (OSBM) of all applications made for grant funds and/or other funds that require an application. This Application for Grants form satisfies the statutory requirement and should be sent to OSBM at the time you apply for a grant. If an agency receives a grant for which no application was submitted, complete this form when the award is received. Return completed form as an email attachment and indicate in message that proper agency sign-offs have been obtained. OSBM reserves the right to request additional information regarding the grant, if necessary.

Upon notification from the funding entity of a grant award, line 29 of this form is required to be filled in with actual amount of the grant received and the form resubmitted.
