Class Concept
Positions in this class are responsible for independently performing paraprofessional technical work involving the maintenance and reporting of financial accounting data. Positions serve as specialists in an area or program requiring specialized fiscal knowledge, such as, but not limited to, payroll, contract/grants, or other closely related accounting services. Technical accounting work may include independent responsibility for maintaining accounting records or separate accounts receivable/payable and payroll functions. Positions in this class may have varied responsibilities affecting the fiscal and financial operations of their respective work unit or involvement in a budget process. Positions are responsible for analyzing data for accuracy, problem-solving, and interpreting regulations. Positions in this class are accountable for accuracy of entries and reconciliation of data and information. Positions coordinate and/or make recommendations for system changes and may test new processes. Positions may supervise lower level Accounting Technicians or Accounting Clerks. Work is performed under the general supervision of an Accountant.

Recruitment Standards

Knowledge, Skills, and Abilities
