

For over 20 years, the NCFlex State Insurance Plans have provided a variety of pre-tax plans to meet the needs of state employees and their family.

To be eligible, you must work 20 hours or more per week in a permanent, probationary, or time-limited position. Deductions are withdrawn from your pay on a pre-tax basis, which lowers your taxable income and saves you money.

Enroll in any or all of the benefit plans as follows:

Health Care Spending Account

The Health Care Flexible Spending Account (HCFSAs) is a special account that allows you to set aside a portion of your pre-tax income to pay for certain out-of-pocket health care costs. You never have to pay taxes on the money you receive from your HCFSAs for qualified expenses. Visit FSAStore.com for items that are pre-approved for eligible expenses.

With HCFSAs, you may use an NCFlex Convenience Card, which works like a credit card or debit card when paying for these health care expenses. HCFSAs is simple and easy to use for qualified expenses not covered by a medical, dental and/or vision plan.

You can rollover up to \$500 of unused account balances from your HCFSAs into the next plan year as long as you have a minimum balance of at least \$25.

When determining how much pre-tax income to set aside in your HCFSAs, plan carefully by writing down all the medical, dental and vision expenses you know you will have during the plan year. You may contribute as little as \$120 per plan year or as much as \$2,650 per plan year to your HCFSAs. If your spouse is also a state employee, he/she may also contribute as much as \$2,650 per plan year. The HCFSAs and NCFlex convenience card is offered at no cost to employees.

Dependent Day Care Spending Account

Similar to the Health Care Flexible Spending Account, you may contribute pre-tax funds to be used for eligible child care expenses. You may contribute up to \$5,000 per household per plan year. You can use the NCFlex Convenience Card to pay for eligible dependent care expenses, up to the amount available in your account.

Accident Plan

The Accident Plan pays cash benefits for specific injuries and events resulting from a covered accident that occurs on or after your coverage effective date. You can use this money however you like; for example, deductibles, other out-of-pocket medical costs, child care, housecleaning, groceries or utilities. Benefits are paid directly to you and pay in addition to any other insurance you may have. You can cover yourself only or include yourself and your family members.

Coverage Level	Cost
Employee Only	\$3.47
Employee & Spouse	\$5.75
Employee & Child(ren)	\$6.82
Employee & Family	\$9.10

The semi-monthly premium you pay for cancer coverage is based on the plan you choose and whether you choose to cover only yourself or yourself plus your family. The semi-monthly rates for the Low, High, and Premium Options are below:
