

FERRY SUPERINTENDENT

DESCRIPTION OF WORK

The individual in this class performs responsible supervisory work in connection with the operation, repair, and overhaul of 20-car capacity ferryboats.

Work entails the responsibility for planning assignments and supervising lower-level personnel engaged in piloting ferryboats and performing operational duties aboard them. Discretion and judgment are required in determining the nature of repairs to be made or the necessity for complete overhaul to diesel engines. Work in this class is reviewed by a technical supervisor for condition of equipment, safety and efficiency of operation.

EXAMPLES OF DUTIES PERFORMED

Supervises Ferry Pilots and Deckhands, instructing them as to their duties and responsibilities.

Makes periodic inspection of all equipment, recommends repairs to be made, and participates in making complete overhaul of diesel engines with the exception of the fuel system.

Keeps an inventory of all equipment and sees that adequate supplies are in stock.

Makes necessary repairs to slips and landings to insure security of ferryboats and cargo.

Determines need for dry-docking ferryboat for repairs.

Takes ferry to shipyard for major repairs, such as for installation of propeller, for full inspection or for complete overhaul.

Performs related work as required.

RECRUITMENT STANDARDS

Knowledges, Skills, and Abilities

Working knowledge of the installation, operation, maintenance, and repair to marine equipment, diesel engines, docks, and landings.

Working knowledge of State and Federal navigation laws and regulations pertaining to ferry operations and landings.

Skill in the operation of power-driving craft of at least 25 feet in length.

Ability to direct the work of subordinate employees engaged in ferryboat maintenance or operational work.

Ability to completely overhaul diesel engines with the exception of the fuel system.

Ability to keep an accurate inventory of equipment and property.

Ability to prepare periodic reports related to operation, repairs, and special problems of the ferry operation.

Minimum Education and Experience

Graduation from a four-year college and two years experience in personnel, budgeting or administrative management experience; or high school and six years of experience comparable to that listed above; or an equivalent combination and directly related experience.

Special Note - This is a generalized representation of positions in this class and is not intended to identify essential functions per ADA. Examples of work are primarily essential functions of the majority of positions in this class, but may not be applicable to all positions.
