

Dismal Swamp STATE PARK

Dismal Swamp State Park

2294 US 17 North
South Mills, NC 27976

252-771-6593

dismal.swamp@ncparks.gov

GPS: 36.5057, -76.3551

Fun Facts

- The park was established in 1974.
- At one time, the swamp covered 1.28 million acres.
- Dismal Swamp has a 22-mile long canal.
- The swamp is one of the largest pieces of undeveloped land in the eastern U.S.
- The area around the swamp is covered in peat soil — which can be from 3 to 15 feet deep
- Dismal Swamp was an integral part of the Underground Railroad, and home to one of the largest maroon colonies in the US.
- To European settlers, “dismal” meant swamp.
- The rich, coffee brown color of the water comes from the tannins in tree leaves.
- The entrance has a one-of-a-kind hydraulic swing bridge.

Activities

Located in North Carolina's northeastern border with Virginia, Dismal Swamp State Park provides numerous recreational opportunities. The area surrounding the park has a rich history intertwining with George Washington, the Underground Railroad and Prohibition. The park provides public access to the Great Dismal Swamp, the largest remaining swamp in the eastern United States, and its unique and abundant plant life and wildlife.

Experience the Park!

10 TRAILS

20+ MILES OF HIKING

The rare Hessel's
Hairstreak Butterfly
can be found at
Dismal
Swamp.

FAUNA

- Wild turkey
- Bobwhite
- Deer
- Marsh rabbit
- Raccoon
- Black-throated green warbler
- Opossum
- Gray fox
- Bobcat
- Black bear

The swamp
is said to
be haunted
by ghosts.

Because Dismal Swamp
is a drier swamp, there
are more **red maple**
than white cedar trees
and cypress.

Many fruits grow wild at Dismal Swamp:
**blackberry, persimmons
and blueberries**
