HIGH DEDUCTIBLE HEALTH PLAN

Find out if the High Deductible Health Plan is right for you

The State Health Plan’s mission is to improve the health and health care of North Carolina teachers, state employees, retirees, and their dependents, in a financially sustainable manner, thereby serving as a model to the people of North Carolina for improving their health and well-being.

State Treasurer

2019
WHAT YOU NEED TO DO

• Read this Decision Guide for the High Deductible Health Plan (HDHP) carefully and decide if the HDHP is right for you.

• Understand what you need to do. During your designated enrollment period, you can enroll or disenroll yourself and any eligible dependents in the State Health Plan (Plan). Your eligible dependents include the following:
  – Your legal spouse.
  – Your children up to age 26, including natural, legally adopted, foster children, children for which you have legal guardianship and stepchildren.

This includes coverage for such children (described above) who are covered by the Plan when they turn age 26 to the extent that they are physically or mentally incapacitated on the date that they turn age 26. A child is physically or mentally incapacitated if they are incapable of earning a living due to a mental or physical condition. Coverage continues for such children as long as the incapacity exists or the date coverage would otherwise end, whichever is earlier.

Please remember that when you add dependents to the HDHP, you may be asked to provide documentation of dependent eligibility under the State Health Plan. You can find a list of required documents on the Plan’s website at www.shpnc.org.

Once you make your coverage choices, you may not change them until the next Open Enrollment period. Your coverage will stay in effect until the following benefit plan year, unless you lose eligibility or experience a qualifying life event such as marriage, birth or death. You have 30 days from the date of the qualifying event to change your coverage.

You can find a complete list of qualifying life events in your Benefits Booklet, which is available online. Visit the State Health Plan website, www.shpnc.org, and under “Plans for Active Employees” click “High Deductible Health Plan.” Qualifying life events are listed in the Benefits Booklet for HDHP.
ABOUT THE HDHP

A High Deductible Health Plan (HDHP) features a higher deductible than other traditional medical and pharmacy benefit plans. This means that you will pay more up front and out-of-pocket for your medical and pharmacy expenses before your plan starts paying benefits.

With the HDHP, you can seek care from providers in the Blue Cross and Blue Shield of NC's (Blue Cross NC) Blue Options (PPO) network or go out-of-network. If you stay in-network, the plan pays a greater portion of the cost of your care, and you pay less. (See the HDHP overview chart on page 5.)

Locating a Provider
Visit the State Health Plan’s website at www.shpnc.org and click Find a Doctor.

There are no copays with this plan. You will be required to pay 100% of the allowable expense for your covered medical expenses until you meet your deductible. After the deductible is met, you will pay a percentage of the cost for covered services (coinsurance), until you meet your out-of-pocket maximum. The coinsurance you pay for in-network services is 50%. Once you meet your out-of-pocket maximum, the Plan will pay 100% of covered services for the remainder of the benefit year.

Affordable Care Act (ACA) preventive care medical services performed by an in-network provider are covered at 100%, which means there is no charge to you, as long as medical management requirements are met. You can find a full list of covered services on the State Health Plan’s website. Visit www.shpnc.org, and under “Plans for Active Employees” click “High Deductible Health Plan.”
Pharmacy benefits for the HDHP are administered through CVS Caremark, the Plan’s Pharmacy Benefit Manager. The HDHP utilizes a custom, closed formulary (drug list).

The formulary indicates which drugs are excluded from the formulary and not covered by the Plan. For all covered prescription drugs, except ACA Preventive Medications, you will be responsible for the full cost of your prescription until your deductible is met. After your deductible is met, you will pay the 50% coinsurance if your prescription is filled at an in-network pharmacy until your out-of-pocket maximum is met.

Medications on the ACA Preventive Medication List are covered at 100% with no member cost share when filled with a prescription at an in-network pharmacy.

To view the formulary, visit the State Health Plan’s website at www.shpnc.org. For questions about your pharmacy benefit and participating pharmacies, call CVS Caremark Customer Service at 888-321-3124.

PHARMACY BENEFIT MANAGER

You will have access to an online drug lookup tool which allows you to compare costs for various drugs covered under the plan. This tool can help you save money on medications for which you pay coinsurance. For more information, visit the State Health Plan’s website at www.shpnc.org or call CVS Caremark at 888-321-3124.

USING THE HDHP WITH A HEALTH SAVINGS ACCOUNT (HSA)

The HDHP can be used with a Health Savings Account (HSA). An HSA is a special savings account that includes money you place into the account, and then withdraw to spend on qualified medical and pharmacy expenses and is not taxed.

You are not required to have an HSA if you want to be enrolled in the HDHP. However, you can use an HSA to help pay for expenses before you meet your HDHP deductible, and the tax savings can help offset the relatively higher out-of-pocket costs of an HDHP.

If you would like to have an HSA, you are responsible for setting one up through a financial institution. Your HSA belongs to you. If you change employers, you keep the account and the money in it, which you can use to pay for qualified expenses.
Member ID Cards

You will receive an ID card for the HDHP. This card will also allow you to access your pharmacy benefits. Your card will arrive in the mail with information about additional benefits available under this plan. You will also receive a Welcome Kit from CVS Caremark. In addition, you will also have access to a virtual ID card, accessible on any smart device via a mobile app or a secure website. This can be printed or emailed for immediate use. You will receive additional information about how to register and download the mobile app.

**TERMS TO UNDERSTAND**

**ACA Preventive Medications**
A list of preventive medications the Affordable Care Act (ACA) requires to be covered at 100% with no member cost share if filled with a prescription at an in-network pharmacy, as long as medical management requirements are met.

**Allowed Amount**
The amount the HDHP and its PPO network allows an in-network provider to charge, or determines to be reasonable. This is the amount on which the plan bases its cost sharing and payment of benefits.

If the amount charged by an in-network provider exceeds the allowed amount, the PPO network reduces the charge to an allowed amount on which payment is based. If the provider or facility is out-of-network, the allowed amount will typically be based on the lower of the billed charge or a reasonable charge established by Blue Cross NC.

**Coinsurance**
The percentage of the allowable amount you pay for certain services once you meet your deductible. Under the HDHP, once you reach your deductible, you pay 50% coinsurance for medical care and pharmacy benefits received in-network. Coinsurance is applied towards the out-of-pocket maximum. Amounts in excess of the allowed amounts are not considered coinsurance and are not applied towards the deductible or out-of-pocket maximum.

**Deductible**
The allowed amounts that you pay each year before the plan pays benefits for services that require coinsurance. Payments for out-of-network services count toward the in-network deductible, but payments for in-network services do not count toward the out-of-network deductible. The HDHP has an individual and family deductible. If the family deductible is satisfied, all individual deductibles are also satisfied.

**Formulary**
A list of drugs that are covered under the HDHP’s pharmacy benefits. Some drugs may be excluded. For information about the coverage of a particular drug, call CVS Caremark at **888-321-3124**.

**Health Savings Account (HSA)**
A special savings account that offers you certain tax advantages: Money you place into the account, and then withdraw to spend on qualified medical and pharmacy expenses, is not taxed. You have the option of using an HSA to help pay for your qualified expenses before you meet the HDHP’s deductible.

Your HSA belongs to you. If you would like to have an HSA, you are responsible for setting one up through a financial institution.

**High Deductible Health Plan (HDHP)**
A High Deductible Health Plan features a higher deductible than other traditional medical and pharmacy benefit plans. You must meet the deductible before a coinsurance applies and the plan helps pay for applicable expenses.

**Out-of-Pocket Maximum**
Under the HDHP, this is the most you pay out-of-pocket for covered expenses (medical and pharmacy) in a calendar year. It includes deductibles and coinsurance but excludes premiums. Once the maximum is met, the plan pays for covered expenses at 100% of the allowable amount for the rest of the calendar year.

Enrollment in the Flexible Benefit Plan (under IRS Section 125) for the State Health Plan

Your health benefit coverage can only be changed (dependents added or dropped) during the Open Enrollment period or following a qualifying life event. These events include, but are not limited to the following:

• Your marital status changes due to marriage, death of spouse, divorce, legal separation, or annulment.

• You increase or decrease the number of your eligible dependents due to birth, adoption, placement for adoption, or death of the dependent.

• You, your spouse, or your eligible dependent experiences an employment status change that results in the loss or gain of group health coverage.

• You, your spouse, or your dependents become entitled to coverage under Part A or Part B of Medicare, or Medicaid.

• Your dependent ceases to be an eligible dependent (e.g., the dependent child reaches age 26).

• You, your spouse, or your dependents commence or return from an unpaid leave of absence such as Family and Medical Leave or military leave.

• You receive a qualified medical child support order (as determined by the plan administrator) that requires the plan to provide coverage for your children.

• If you, your spouse or dependents experience a cost or coverage change under another group health plan for which an election change was permitted, you may make a corresponding election change under the Flex Plan (e.g., your spouse’s employer significantly increases the cost of coverage and as a result, allows the spouse to change his/her election).

• If you change employment status such that you are no longer expected to average 30 hours of service per week but you do not lose eligibility for coverage under the State Health Plan (e.g., you are in a stability period during which you qualify as full time), you may still revoke your election provided that you certify that you have or will enroll yourself (and any other covered family members) in other coverage providing minimum essential coverage (e.g., the marketplace) that is effective no later than the first day of the second month following the month that includes the date the original coverage is revoked.

• You may prospectively revoke your State Health Plan election if you certify your intent to enroll yourself and any covered dependents in the marketplace for coverage that is effective beginning no later than the day immediately following the last day of the original coverage that is revoked.

• You or your children lose eligibility under Medicaid or a state Children’s Health Insurance Program. In this case you must request enrollment within 60 days of losing eligibility.

• If you, your spouse or your dependent loses eligibility for coverage (as defined by HIPAA) under any group health plan or health insurance coverage (e.g., coverage in the individual market, including the marketplace), you may change your participation election.

In addition, even if you have one of these events, your election change must be “consistent” with the event, as defined by the IRS. Consequently, the election change that you desire may not be permitted if not consistent with the event as determined by IRS rules and regulations. When one of these events occurs, you must complete your request through your online enrollment system within 30 days of the event (except as described above). If you do not process the request within 30 days, you must wait until the next Open Enrollment to make the coverage change.

Notice of HIPAA Special Enrollment Rights

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your dependents’ other coverage). However, you must request enrollment within 30 days after your or your dependents’ other coverage ends (or after the employer stops contributing toward the other coverage).

If you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption. If you decline enrollment for yourself or for an eligible dependent (including your spouse) while Medicaid coverage or coverage under a state children’s health insurance program is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after your or your dependents’ coverage ends under Medicaid or a state children’s health insurance program.

If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or through a state children’s health insurance program with respect to coverage under this plan, you must request enrollment within 60 days after your or your dependents’ other coverage ends (or if the employer stops contributing toward the other coverage).

To request special enrollment or obtain more information, contact the Eligibility and Enrollment Support Center at 855-859-0966.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under your elected plan. For more information, contact Customer Service at 888-234-2416.

Notice of Patient Protections for Non-Grandfathered Plans

The following notice applies to plans offered by the North Carolina State Health Plan for Teachers and State Employees (“the Plan”) that are not considered to be a “grandfathered health plan” under the Patient Protection and Affordable Care Act. The Plan generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care provider. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact Customer Service at 888-234-2416.

You do not need prior authorization from the Plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact Customer Service at 888-234-2416.

Mental Health Parity and Addiction Equity Act Opt-Out Notice

Election to be Exempt from Certain Federal law requirements in Title XXVII of the Public Health Service Act

Group health plans sponsored by State and local governmental employers must generally comply with Federal law requirements in Title XXVII of the Public Health Service Act. However, these employers are permitted to elect to exempt a plan from the requirements listed below for any part of the plan that is “self-funded” by the employer, rather than provided through a health insurance policy. The North Carolina State Health Plan for Teachers and State Employees has elected to exempt your Plan from the Mental Health Parity and Addiction Equity Act, that includes protections against having benefits for mental health and substance use disorders be subject to more restrictions than apply to medical and surgical benefits covered by the Plan.

The exemption from this Federal requirement will be in effect for the Plan benefit year beginning January 1, 2019, and ending December 31, 2019. The election may be renewed for subsequent plan years.

Notice Regarding Availability of Health Insurance Marketplace Coverage Options (Employer Exchange Notice)

To assist you as you evaluate options for you and your family, this notice provides basic information about the Health Insurance Marketplace (“Marketplace”). The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers “one-stop shopping” to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium.

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn’t meet certain standards. The savings on your premium that you are eligible for depends on your household income. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer’s health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the “minimum value” standard set by the Affordable Care Act, you may be eligible for a tax credit. An employer-sponsored health plan meets the “minimum value standard” if the plan’s share of the total allowed benefit costs covered by the plan is no less than 60% of such costs.

It is important to note, if you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution to the employer-offered coverage. Also, this employer contribution, as well as your employee contribution to employer-offered coverage, is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

For more information about your coverage offered by your employer, please review the summary plan description or contact Customer Service at 888-234-2416. The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

Employer CHIP (Children’s Health Insurance Program) Notice

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed in the chart on the next two pages, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askbsa.dol.gov or call 1-866-444-EBSA (3272).
If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2018. Contact your state for more information on eligibility.
