

Let's talk prevention

Your no-cost preventive services

Preventive services help you stay healthy. A doctor isn't someone to see only when you're sick. Doctors also provide services that help

prevent medical problems and help keep you healthy. Staying healthy can help you:

- Live a fuller life
- Save your hard-earned money

Your health plan now offers certain preventive service benefits at no cost to you. This means you don't have to pay a copay* or coinsurance, even if you haven't met your deductible. These no-cost benefits are part of the Affordable Care Act (ACA). They include:

- Medication and supplements to prevent certain health conditions for adults, women and children
- Medication and products for quitting smoking or chewing tobacco (tobacco cessation)
- Medication used prior to screenings for certain health conditions in adults
- Vaccines and immunizations to prevent certain illnesses in infants, children and adults
- Contraceptives for women

CVS Caremark® works with your health plan to provide these benefits. The following lists† explain:

- Which medications, supplements, health-related products or vaccines are covered
- Who they are covered for (such as children up to age six or adults age 65 or older)
- What health condition or illness they help prevent
- Other important information

Tips for Using the Lists

- Take these lists with you each time you or your family has a checkup or yearly exam.

- Your doctor must write a prescription for these preventive services to be covered by your plan, even if they are listed as over-the-counter.
- The dosage form is how the product is supplied. For example, tablet, capsule, liquid, syrup or chewable tablet.
- “Generic” or “brand name” is listed if only that product type is covered.
- Treatment recommendations may vary. Please call your doctor or pharmacist if you have questions about your health or medications†.
- Other rules, limits and exclusions may apply. Please contact your health plan to learn about your coverage†.
- An exceptions process¹ is available for circumstances that fall outside the listed preventive services — such as, for example, a request for coverage of a brand name product because the listed generic products are not medically appropriate.

Legend

chew: chewable	mL: milliliter
cap: capsule	oral: taken by mouth
FE: ferrous sulfate (iron)	OTC: over-the-counter
EE: ethinyl estradiol	Rx: prescription product
hr: hour	soln: solution
IM: intramuscular	SR: sustained release
IU: international unit	susp: suspension
mcg: microgram	tab: tablet
mg: milligram	TD: transdermal

No-Cost Preventive Medications†

Aspirin to help prevent serious heart and blood vessel problems (cardiovascular disease) and colorectal cancer in adults 50 to 59 years old who are at risk.

Generic dosage forms of 81 mg

Aspirin products (OTC):

- Aspirin chew tab 81 mg
- Aspirin tab 81 mg

Breast Cancer Prevention

Primary prevention of breast cancer in women# 35 years of age and older, who are at an increased risk.

Generic, Oral Tablets (Rx)

- Raloxifene HCl tab 60 mg
- Tamoxifen citrate tab 10 mg and 20 mg

*Copay, copayment, or coinsurance means the amount, out-of-pocket, a member is required to pay for a prescription in accordance with a plan, which may be a deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a plan.

† Recommendations, ages, and populations may vary. Products listed may be updated periodically. List does not guarantee coverage. Vaccines, immunizations and intrauterine devices may be covered through your medical or pharmacy benefit. Consult your plan for complete coverage and list details.

‡ Female only. An exception process is available for coverage of contraceptives or primary prevention of breast cancer when medically necessary for transgender members.

1 To initiate the exceptions process, a letter of medical necessity (LOMN) maybe required from your physician. Please contact CVS Caremark toll-free at 1-800-294-5979 with questions regarding the prior authorization process.

Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber.

This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with North Carolina State Health Plan.

This list represents branded products in CAPS, branded generics in uppercase and lowercase Italics, and generic products in lowercase italics.

Some strengths or dosage forms may not be included in the high deductible health plan-health savings account (HDHP-HSA) Preventive Therapy Drug List and certain products or categories may not be covered, regardless of their appearance in this document. Please check with your plan provider should you have any question about coverage.

Additional medications may be included in this list from time to time in compliance with ACA requirements and/or Internal Revenue Service (IRS) guidance.

This Preventive Drug List has been adopted by the referenced health plan. This Preventive Services list and the HDHP-HSA Preventive Therapy Drug List should be modified as necessary or desired by the plan sponsor based on the advice of the plan sponsor's counsel.
