

Need to Select or Update Your Primary Care Provider?

Selecting or updating your Primary Care Provider (PCP) in eBenefits, the Plan's enrollment system, is now easier than ever. Remember, it takes 5-7 days for changes to be made and a new Member ID card to be issued.

Follow the steps below to select or update your PCP:

1. Go to the State Health Plan website at www.shpnc.org and click on **eBenefits** at the top of the landing page. Then, click on the applicable gold button.

2. Once you are logged in on the eBenefits home page, on the left-hand menu, there will be a **Select or Update Primary Care Provider** link.
3. Select the link that says **Select or Update Primary Care Provider**.

The screenshot displays the eBenefits home page. On the left-hand menu, the link "Select or Update Primary Care Provider" is highlighted with a black arrow. The main content area features a "Benefits Snapshot" section with tabs for "Open Enrollment Benefits" and "Current Benefits". Below the tabs, a green cross icon is next to the word "Medical", with the text "70/30 PPO Plan | Employee Only | Effective as of 01/01/2018" and a monthly premium of "\$85.00". Above this section, there is a "Get Started" button. To the right, there is an "Important Documents" section with a "Confirmation Statement" link and a "Do you need to update your PCP?" section with a link to "Select or Update Primary Care Provider".
