| Appendix A- Agency User Roles for Core Banking (CB\$)..... | 19 |

## OVERVIEW

Each agency, university, community college and school system has a Core Banking (CB\$) Administrator. As the administrator, you will provide access to all of the users for your agency/Customer ID. This access will allow the users to view or process transactions on disbursing accounts, STIF accounts, budget codes and CIT accounts that are assigned to your agency. The administrator User ID is used to access administrative functions as well as user functions.

To request a new CB\$ Administrator for your agency, please contact the CB\$ Helpdesk at 919-814-3916 or [CBS.help@nctreasurer.com](mailto:CBS.help@nctreasurer.com). A representative at the CB\$ Helpdesk will then setup the CB\$ Administrator. A back up administrator can also be assigned to the agency.

## LOG IN

To log in as a CB\$ Administrator, navigate to the State Treasurer's website ([www.nctreasurer.com](http://www.nctreasurer.com)), click on Financial Operations Division, Core Banking System (Login and Information), Core Banking System (Log in Here). The following login screen will appear. This link can be saved as a Favorite for easy access.

**Login**

[Forgot Username](#) | [Forgot Password](#)

1. Enter your Username. The User ID assigned has 3 parts.

Example:            melissa@DST1234

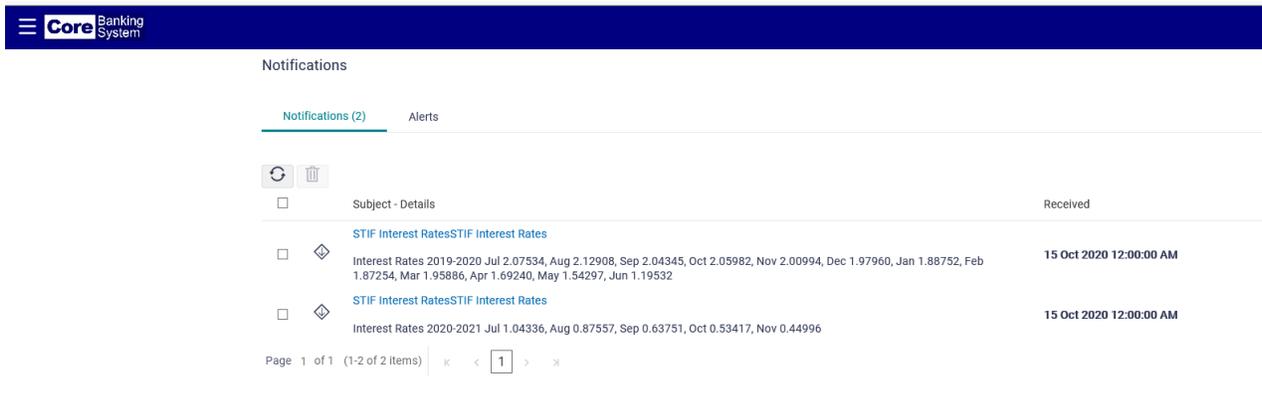

- The first part is your NCID. In this example, the NCID is “melissa”. If you do not have an NCID, please see the NCID Administrator for your agency. NCID's are issued and maintained by the Department of Information Technology.
- The second part is the “@” symbol. It is a required component for everyone's CB\$ User ID.
- Lastly, you will enter the Customer ID of your agency. If you are not sure what this is for you, please contact your CB\$ Administrator or the CB\$ Helpdesk. All customer ID's consist of 3 letters and 4 numbers, in that order. The letters will always be upper case. In this example, “DST1234” is the Customer ID.

2. In the “Password” field, enter your NCID password.

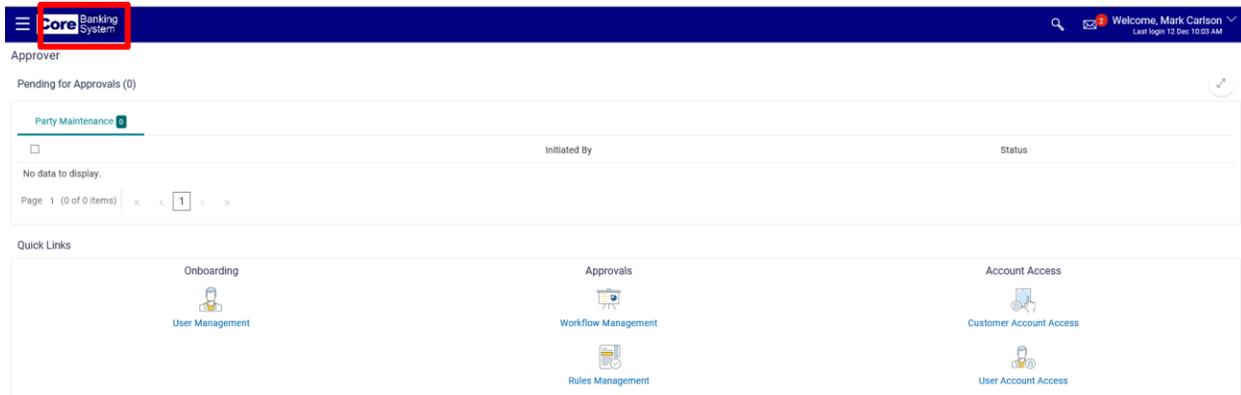

Passwords are maintained by the Department of Information Technology.  
Passwords expire every 90 days.

3. Click the “Login” button.

After a successful login, the Mailbox Bulletins screen will display. Current Short-Term Investment Fund (STIF) account interest rates and upcoming holiday schedule messages will appear on this screen. System bulletins are created by NC Department of State Treasurer (DST) and can be seen by all users and administrators.

Click on Core Banking System in upper left corner to advance to the dashboard.

## CREATE AGENCY USER

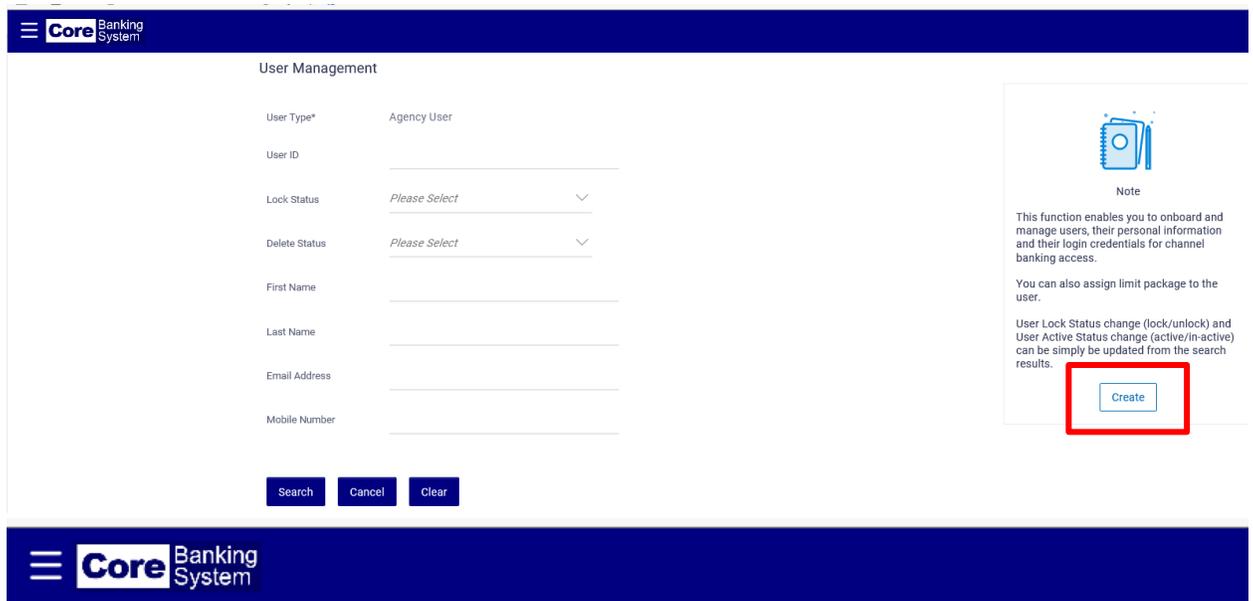

There are 3 main functions required to set up a user in CB\$:

1. Create user
2. Assign accounts to user
3. Create funds transfer rules

**A new user can be created by selecting the functions on the dashboard or by using the menu. The menu is displayed by clicking on the 3 bars in the upper left corner.**

### Create User - Profile

1. Under Onboarding click on **User Management**.
2. Choose the **Create** option on the right side of the screen. Then select the Create option on the next screen.

The screenshot shows the 'User Management' form in the Core Banking System. The form has a dark blue header with the 'Core Banking System' logo. The form fields are as follows:

|               |  |
|---------------|--|
| User Type*    | Agency User                                    |
| User ID       | <input type="text"/>                           |
| Lock Status   | Please Select <input type="button" value="v"/> |
| Delete Status | Please Select <input type="button" value="v"/> |
| First Name    | <input type="text"/>                           |
| Last Name     | <input type="text"/>                           |
| Email Address | <input type="text"/>                           |
| Mobile Number | <input type="text"/>                           |

At the bottom of the form are three buttons: Search, Cancel, and Clear. On the right side of the form, there is a 'Note' section with a blue icon of a notepad and a 'Create' button highlighted with a red box.

### User Management

|               |                         |
|---------------|-------------------------|
| User Type*    | Agency User             |
| Customer ID   | DST3410                 |
| Customer Name | DEPT OF STATE TREASURER |

The screenshot shows the bottom of the 'User Management' form. There are three buttons: Create, Cancel, and Back. The 'Create' button is highlighted with a red box.

3. Enter the employee's User ID. This is their NCID plus the @ plus your customer ID. (ie. jdoe@DST3410). Click on "Check Availability" to validate the information is correct.

\*Note: The User ID field cannot be edited once the profile is saved.

Enter the user's name, email address, phone number (both the Landline and Mobile numbers are required fields. If desired, all 9's can be entered for the mobile number) and the work address.

Note: The (\*) denotes a required field.

## MAPPING ACCOUNTS TO USER

The second step to setting up a user is to map the accounts to the user.

1. Under Account Access select User Account Access. This option is available on the dashboard and from the menu.

2. Click on the user's name from the list of agency users:

User Account Access

Search Results

| Initials | User Name             | Full Name        | Mapping |
|----------|-----------------------|------------------|---------|
| AM       | aamcdonald@DST3410    | Akhira McDonald  | ✓       |
| AC       | AaronChambers@DST3410 | Aaron Chambers   | ✓       |
| AS       | alszalaj@DST3410      | Amy Szalaj       | ✓       |

Click on the boxes next to transaction to assign access. Continue until the transactions have been assigned to all selected accounts. Click Save at the bottom of the page.

Review the details and click Confirm and Ok.

## FUNDS TRANSFERS

**Approvals:** There are 3 primary functions under Approvals:

- User Group Management
- Workflow Management Rules Management

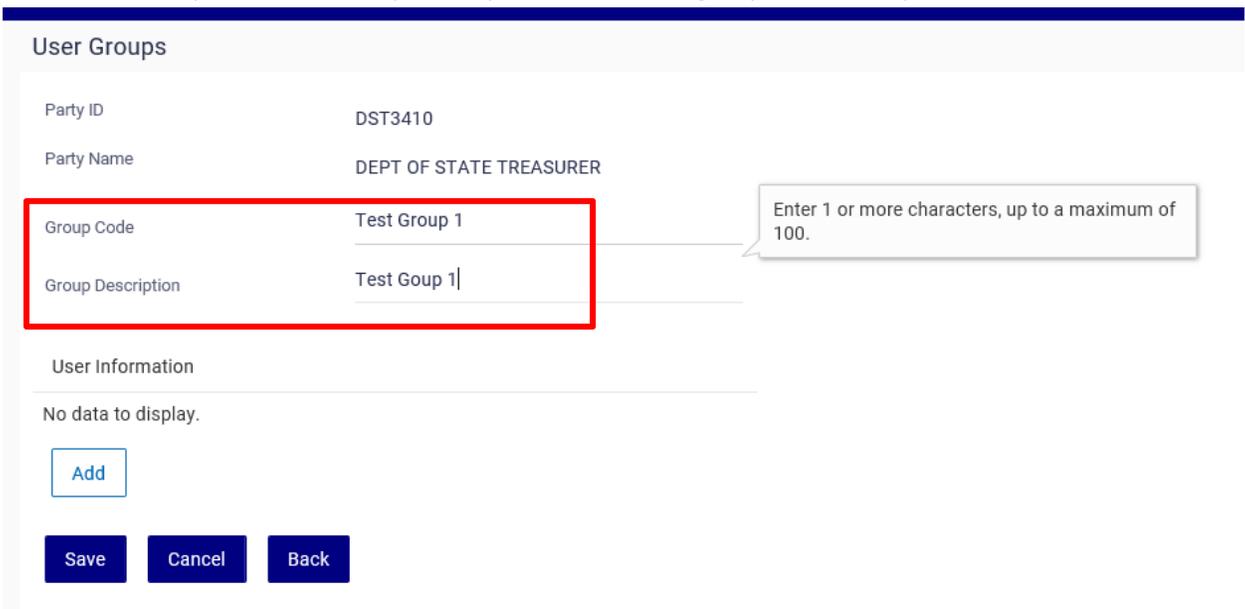

The **User Group Management** function allows you to create a new list or view or edit an existing list of authorizers to approve funds transfers. Anyone on the list can authorize a funds transfer initiated by the user.

1. To create a new list click on "Create".

The screenshot shows the 'User Groups' form. At the top, it displays 'Customer ID' as DST3410 and 'Customer Name' as DEPT OF STATE TREASURER. Below this, there are two buttons: 'Create' and 'Cancel'. The 'Create' button is highlighted with a red rectangular box.

2. Enter the Group Code and Group Description. This is the group name that you have chosen.

The screenshot shows the 'User Groups' form with the 'Group Code' and 'Group Description' fields highlighted by a red box. The 'Group Code' field contains 'Test Group 1' and the 'Group Description' field contains 'Test Goup 1'. A tooltip message points to the 'Group Code' field, stating: 'Enter 1 or more characters, up to a maximum of 100.' Below the form, there is a section for 'User Information' with the text 'No data to display.' and an 'Add' button. At the bottom, there are three buttons: 'Save', 'Cancel', and 'Back'.

3. Give the list a name by entering a name in the box next to New List and click Save, Confirm and Ok. Click Add and select the name of the authorized from the dropdown list and click add again. Continue until all desired names have been added to the list and click Save.

### User Groups

|                   |                         |
|-------------------|-------------------------|
| Party ID          | DST3410                 |
| Party Name        | DEPT OF STATE TREASURER |
| Group Code        | Test Group 1            |
| Group Description | Test Goup 1             |

---

User Information

|                       |   |
|-----------------------|---|
| tchaitcock@DST3410    |  |
| samiel_fuller@DST3410 |  |
| jcfontes@DST3410      |  |

Verify the information and click Save.

\*Note: After the group list has been created it will need to be added to **Workflow Management**.

The **Workflow Management** function allows you to create a new authorizer or view existing authorizers for your agency.

1. To create a new authorizer click "Create".
2. Enter the Workflow Code. This is a required but arbitrary field for creating an **individual** authorizer. It can be any set of numbers or words. For a **group authorization list** then use the group name.
3. Enter the Workflow Description. Use the individual or group name for this field.

### Workflow Management

|                      |                         |
|----------------------|-------------------------|
| Customer ID          | DST3410                 |
| Customer Name        | DEPT OF STATE TREASURER |
| Workflow Code        | 000001                  |
| Workflow Description | John Doe                |

4. Approval Details: Individual.  
Select **User** and from the dropdown window choose the individuals name and click Save.

\*Note: Do not select more than 1 name when creating a new authorizer. Assigning multiple names will require each authorizer to approve the funds transfer.

**Workflow Management**

|                      |                         |

This completes the process for setting up a new user in Core Banking. If you have any questions or need additional assistance, please contact the CB\$ Helpdesk at 919-814-3916.

## MAINTENANCE ON USER PROFILES

### View User

To view a user's profile:

1. Select User Management
2. Enter the user's name or a portion of it, email address or mobile number and click Search.
3. To view all active users, select Active in the Delete Status field and click Search.
4. Click on their name to view the profile.

#### User Management

|               |   |
|---------------|---|
| User Type*    | Agency User   |
| User ID       | <input type="text"/>                                  |
| Lock Status   | <i>Please Select</i> <input type="button" value="v"/> |
| Delete Status | <i>Please Select</i> <input type="button" value="v"/> |
| First Name    | <input type="text" value="j"/>                        |
| Last Name     | <input type="text" value="do"/>                       |
| Email Address | <input type="text"/>                                  |
| Mobile Number | <input type="text"/>                                  |

## Modify User

To update or change personal information or to add or delete a role on a user's profile:

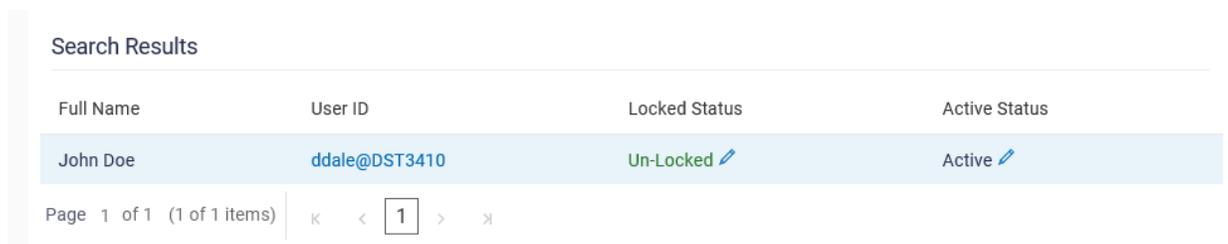

1. Select User Management
2. Enter the name of the user or a portion of it and click Search.
3. Click on their name to view the profile.
4. On the bottom of the page click Edit, make the necessary changes and click Save.

Verify the changes and click Confirm and OK.\*Reminder: The User ID field is the only field that cannot be edited.

## Unlock or Lock User

Occasionally a user id may become locked due to entering an incorrect password more than 3 consecutive times or inactivity. To unlock or lock a user:

1. Select User Management.
2. Enter the user's name and click Search
3. Under Locked Status click on the symbol next to the word Un-locked or Locked depending on the status.

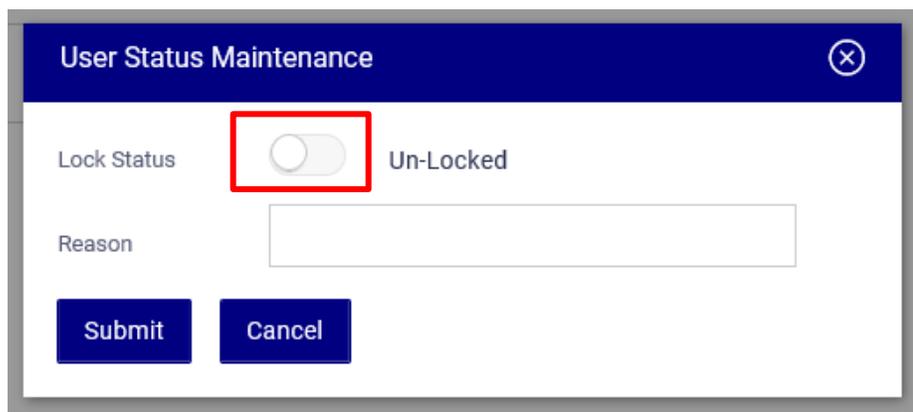

Search Results

| Full Name | User ID       | Locked Status  | Active Status  |
