Brief Description of Program:

Funds are awarded through a competitive Request for Application process to community agencies for the purpose of establishing/maintaining school health centers that are school-based, or school-linked. The goals of the Program are:

1. To improve the health of older children and their readiness to learn by providing accessible preventive services through school-based and school-linked health centers that are planned and developed through community collaborations;
2. To provide comprehensive and coordinated school health services and programs that address health challenges and risks prevalent in school-aged youth, ages 10 to 19; and
3. To provide school-centered services and programs in collaboration with community-based organizations and systems of care.
