Additionally, audit confirmation reports for Nongovernmental entities receiving financial assistance from DHHS are found at the same website except select “[Non-Governmental Audit Confirmation Reports \(State Fiscal Years 2018-2020\)](#)”.

The Division of Aging and Adult Services (DAAS) issues contracts each fiscal year when funds are available from the State government. DAAS generates contracts for each organization that receives funds. DAAS also revises contracts during the program year as necessary. Auditors should review the contracts in Open Window or program files to determine actual funding amounts.

Brief Description of Program:

Project C.A.R.E. (Caregiver Alternatives to Running on Empy) provides critical comprehensive support, include respite care vouchers, to vulnerable unpaid family caregivers of individuals living with Alzheimer’s disease or other related dementia. The program effectively reaches isolated rural and minority communities through culturally sensitive outreach strategies with a unique family-centered, in-home intervention. Project C.A.R.E. aims to minimize State expenses and maximize the family’s potential to provide the most appropriate, high quality and cost effective care in the least restrictive setting thus delaying or preventing the need for institutionalization.
