 - (b) No person shall use liquefied petroleum gas as a source of pressure in lieu of compressed air in spray guns or other pressure operated equipment, except that liquefied petroleum gas may be used as a source of pressure for operating internal valves and emergency shutoff valves;
 - (c) Piping, tubing, or regulators shall be considered well supported when they are rigidly fastened in their intended position;
 - (d) At bulk storage installations, the bulkhead and the plant piping on the hose side of the bulkhead shall be designed and constructed so that an application of force from the hose side will not result in damage to the plant piping on the tank side of the bulkhead. In addition, the bulkhead shall incorporate a means, for instance, mechanical or pneumatic, to automatically close emergency valves in the event of a pull away;
 - (e) As an alternative to the requirement for a fire safety analysis, the owner, or his designee, of an LP-gas facility which utilizes individual storage containers in excess of 4,000 gallons water capacity, storage containers interconnected through the liquid withdrawal outlets of the containers with an aggregate water capacity in excess of 4,000 gallons, or storage containers interconnected through the vapor withdrawal outlets of the containers with an aggregate capacity in excess of 6,000 gallons, shall, for all installations of containers of such capacity or for additions to an existing LP-gas facility which result in containers in excess of such capacity, meet with fire officials for the jurisdiction in which the facility is located in order to:

- (i) review potential exposure to fire hazards to or from real property which is adjacent to such facility;
 - (ii) identify emergency access routes to such facility; and

Compliance with the availability requirement shall be met by having a copy of the documentation kept on site or at the owner's office and available for review by NCDA&CS inspection personnel as soon as it is requested. This meeting, review, and documentation shall be repeated when the North Carolina Department of Agriculture and Consumer Services determines that the plant design has changed or that potential exposures have significantly changed, so as to increase the likelihood of injury.
- (f) An LP-gas facility which utilizes storage containers that are interconnected through the vapor withdrawal outlets of the containers only with an aggregate water capacity in excess of 4,000 gallons, but not in excess of 6,000 gallons, is exempt from the requirements of a fire safety analysis; and

Proposed Effective Date: May 1, 2026

Public Hearing:

Date: January 27, 2026

Time: 11:00 a.m.

Location: Office of the State Fire Marshal, 1429 Rock Quarry Road Raleigh, NC 27610

Reason for Proposed Action: *The proposed amendments to 11 NCAC 05A .0900 update and clarify the minimum standards used to determine public protection classifications for fire districts across the State. The revisions modernize terminology, add definitions needed for consistency with current practices, and align the rules with the North Carolina Fire Suppression Rating Schedule. Several rules are reorganized for clarity, and language throughout the Section has been revised to provide more precise guidance for fire departments seeking certification or inspection under the 9S program. These amendments also update apparatus and equipment requirements, incorporate NFPA standards by reference in a more comprehensive manner, and clarify expectations related to training, staffing, and response capabilities. The amendments strengthen the inspection framework by updating re-inspection timelines, specifying documentation and recordkeeping standards, and refining the process for evaluating non-compliance. They add requirements to ensure maintenance of critical records, including apparatus maintenance logs, SCBA testing, criminal history checks, and incident reports. The rules governing reporting of Aqueous Film Forming Foam (AFFF) have been updated for accuracy and consistency with statutory reporting requirements. The revisions also clarify expectations for fire departments with multiple stations, those operating in extended rural districts, and those utilizing automatic vehicle location systems for dispatch. Overall, the proposed rule changes are intended to improve the accuracy, transparency, and enforceability of the 9S inspection process. By updating technical requirements, aligning procedures with current operational realities, and improving the clarity of the standards applied during inspections, these amendments will support more consistent ratings statewide and enhance public safety through clearer requirements for fire department readiness and performance.*

Proposed Effective Date: May 1, 2026

Public Hearing:

Date: January 27, 2026

Time: 10:00 a.m.

Location: Office of State Fire Marshall, 1429 Rock Quarry Road, Suite 105, Raleigh, NC 27610

Reason for Proposed Action: The Board is proposing amendments to 11 NCAC 08 .0706 and .0707 to support the implementation of a new Law and Administration Examination developed by the Board. Currently, a limited number of law and administration questions are embedded within the trade-specific state examinations. The Board has determined that administering a dedicated Law and Administration Examination will provide a clearer and more consistent assessment of applicants' knowledge of the legal framework, administrative procedures, and code-

enforcement responsibilities that apply across all inspection disciplines. These amendments require all applicants for standard certification, including comity applicants, to achieve a passing score on the Board's standalone Law and Administration Examination. Establishing this uniform requirement improves the consistency of qualifications among code-enforcement officials, strengthens applicants' understanding of the legal and administrative duties associated with the profession, and separates general legal knowledge from the discipline-specific technical testing.

Authority G.S. 17C-6(b)(10).

12 NCAC 09B .0604 SELF STUDY

(a) ~~There must be a systematic plan to conduct evaluative activities on an on-going basis. Self evaluation is a continuing obligation of the institution offering a criminal justice program. The self-evaluation must include, as a minimum, a specific response to each guideline for approval as outlined in the "Certification Manual". Supplementary materials may be appended to the report if they clarify the response(s).~~

(b) ~~The self study may be conducted utilizing a recent institutional self study conducted within the past three years or one currently underway for the Southern Association of Colleges and Universities accreditation or re-accreditation. Care should be taken to appropriately supplement materials used in the Southern Association self study with information required specifically for certification by the Commission, as found in the self evaluation report forms.~~

(c) ~~A Visiting Team may be required. It will use the self evaluation as the primary evaluation instrument during the site visit.~~

(d) ~~Five copies of the completed self-evaluation report and five copies of the college catalog must be submitted to the Commission's Program Evaluation Committee for the Visiting Team and Committee use.~~

Authority G.S. 17C-6(b)(10).

12 NCAC 09B .0605 INSTITUTIONAL VISITATION

(a) ~~After copies of the completed self-evaluation report have been received by the Program Evaluation Committee, the institution will make arrangements for a team to visit the institution, if a team visit is called for.~~

(b) ~~Duties and composition of the Visiting Team are outlined in the "Certification Guidelines Manual".~~

(c) ~~Visits will normally be one day in duration, but for planning purposes, each application and self-evaluation report will be examined to estimate the length of the visit.~~

(d) ~~Team activities during the visit will include the following:~~

- (1) ~~review of the goals and objectives of the program;~~
- (2) ~~preliminary, interim, and closing conferences with the program administrator;~~
- (3) ~~conferences with faculty groups, individual faculty members, and support personnel;~~
- (4) ~~conferences with administrative officers of the institution;~~
- (5) ~~discussions with criminal justice officials served by the program;~~
- (6) ~~conferences with students and graduates, if possible;~~

- (9) ~~upon completion of the visit, the team will conduct an exit interview with appropriate institutional representatives.~~

(e) ~~On site arrangements will be conducted in the following manner:~~

- (2) ~~The institution will provide lodging, meals, and transportation for the Program Evaluation Committee.~~
- (3) ~~The institution will make arrangements for a convenient office or conference room, as well as secretarial and other support services.~~

Authority G.S. 17C-6(b)(10).

12 NCAC 09B .0606 APPLICATION PROCEDURES

(a) ~~The chief academic officer of an institution will direct a letter to the Commission indicating an intent to seek certification.~~

(b) ~~The Commission shall furnish the institution with an application form and a copy of the relevant procedures.~~

(c) ~~The filing of an application seeking certification does not assume eventual certified status, nor should there be an implication that an official form of recognition or approval has been granted.~~

Note: An institution may publish the following statement:

"(NAME _____) OF (INSTITUTION) _____

has applied for certification to the North Carolina Criminal Justice Education and Training Standards Commission Program Evaluation Committee. At this time, certification has not been granted."

(d) ~~Upon receipt of the application, the Program Evaluation Committee shall furnish the institution with a copy of the self-evaluation report forms.~~

(e) ~~The institution shall conduct its self study in accordance with the self-evaluation report forms. Three procedural options exist for conducting the self study:~~

- (1) ~~An institution may choose to utilize, in conjunction with the self-evaluation report forms, materials from recent Southern Association of Colleges and Universities accreditation efforts. The Program Evaluation Committee will take into account the age of these materials in its decision-making. Following submission of these materials, site visitations may be conducted.~~
- (2) ~~Alternatively, anticipating an upcoming accreditation by the Southern Association of Colleges and Universities, an institution may conduct the self study and submit it requesting tentative certification. If the Program Evaluation Committee determines the self study appears to meet certification criteria,~~

~~the institution will be granted tentative certification.~~

- (3) ~~Alternatively, the entire process may be independent of the Southern Association of Colleges and Universities. The institution conducts its self study, submits the document and a site visit is conducted.~~

~~(f) The Program Evaluation Committee will review submitted materials for completeness and prima facie evidence of eligibility. If prima facie evidence of eligibility exists, the Program Evaluation Committee may direct the appointment of a visiting team and shall notify the institution. In the event that the Program Evaluation Committee determines a lack of prima facie evidence for eligibility, the institution shall be notified in writing by certified mail with return receipt requested.~~

~~(g) Site visitation may be conducted if prima facie evidence of eligibility exists. The site visit may be foregone when evidence clearly supports certification.~~

~~(h) An institution shall be notified in writing of the date its certification application is being considered by the Program Evaluation Committee and shall have the right to representation for the purpose of answering questions or clarifying issues under consideration.~~

~~(i) The Program Evaluation Committee will render a decision regarding certification at its next regularly scheduled meeting. An institution will be notified of such a decision within thirty days by certified mail with return receipt requested.~~

~~(j) In light of the program's announced objectives and standards and the report of the visiting team, the Program Evaluation Committee may recommend to the Education and Training Committee of the commission any of the following actions:~~

- ~~(1) certify or re-certify with or without stipulations to include probation;~~
- ~~(2) defer action subject to conditions; or~~
- ~~(3) deny or revoke certification.~~

~~(k) In the case of disapproval an institution may appeal in accordance with the appeal procedures outlined in Rule .0608 of this Section. If no appeal is received, or if the appeal is denied, appropriate recommendations are forwarded to the Commission.~~

~~(l) The Education and Training Committee shall determine whether or not to recommend certification to the Commission based upon the report of the Program Evaluation Committee. An institution may appeal the Education and Training Committee's decision under the provisions of North Carolina General Statute 150B.~~

~~(m) When certification is awarded, the Commission shall notify the institution, program, and the public as follows:~~

- ~~(1) As soon as possible, the chairman of the Commission shall send a formal letter and certificate to the institution's chief executive officer, enclosing a copy of the Commission's decision.~~
- ~~(2) Data in the self-evaluation report, the team report, and the supplementary reports are confidential and are not shared with the members of the North Carolina Criminal Justice Association, the press, or the public, except as may be required by government regulations. If data are used for statistical purposes, individual~~

~~programs and schools shall not be identified with any particular data.~~

Authority G.S. 17C-6(b)(10).

12 NCAC 09B .0607 PROCEDURAL CONSIDERATIONS

~~(a) Candidate Status:~~

- ~~(1) An institution will be eligible to remain in Candidate Status for no more than four years after the date that the application is received.~~
- ~~(2) If at any time during the four year period it is considered that the institution is not making reasonable progress toward meeting criteria for approval, the Program Evaluation Committee will withdraw Candidate Status and notify the institution in writing. The notification will set forth the reasons for the Program Evaluation Committee's withdrawal of status, and give notice of procedures for appeal.~~

~~(b) Certified Status:~~

- ~~(1) Programs in this status will be re-certified at such time as the institution is scheduled for reaccreditation by the Southern Association of Colleges and Universities, or at the end of a ten year period, at the discretion of the institution.~~
- ~~(2) The Commission reserves the right to withdraw certification or to place an institution on probationary status at such time as evidence is brought to the Commission's attention indicating substantial failure to meet or maintain criteria for certification. The program shall remain in this status until certification is restored or revoked by the Commission. An institution will be given a reasonable period of time to rectify the problem. This period of time shall not exceed two years.~~
- ~~(3) The Commission should be informed of significant program changes. Where the changes alter the nature and scope of the program, or appear to the Commission to be detrimental, the Commission may require a reevaluation of the program.~~

Authority G.S. 17C-6(b)(10).

12 NCAC 09B .0608 APPEAL PROCEDURES

~~(a) If the Program Evaluation Committee renders an adverse decision other than deferral of action, the institution shall have the right to appeal as outlined in this Section. If the institution wishes to contest a deferral decision, it may bring such complaint before the Program Evaluation Committee and request notification of its decision. The institution may then appeal as outlined in Paragraphs (b) and (c) of this Rule.~~

~~(b) If the institution does not appeal the decision of the Program Evaluation Committee with regard to certification, it may reapply for certification after one year from the denial of certification.~~

~~(c) If the institution wishes to appeal the recommendation of the Program Evaluation Committee, it may rebut said~~

recommendation before the Education and Training Committee of the commission in the following manner:

- (1) The institution shall notify the chairman of the commission in writing of its desire to rebut the Program Evaluation Committee's decision within ten days of the receipt of notification by the Program Evaluation Committee.
- (2) The chairman of the commission shall forward the request for rebuttal to the Chairman of the Education and Training Committee who shall schedule a Program Evaluation Committee hearing at the earliest possible time for consideration of the appeal.
- (3) Should the institution wish to appeal the decision of the Education and Training Committee, it may do so under the provisions of North Carolina General Statute 150B.
- (4) The Education and Training Committee recommendation and report from the hearing held under North Carolina General Statute 150B shall then be made to the Commission at its next regularly scheduled meeting.

Reason for Proposed Action: *Chapter 115C, Article 17E of the North Carolina General Statutes requires the State Board of Education to adopt rules for the issuance, renewal, and extension of all professional educator licenses. In addition, there are 11 rules related to licensure that must be re-adopted by June 2026 under the periodic*

review process required by G.S. 150B-213A. The proposed rules are a comprehensive re-write of existing State Board rules on licensure intended to align them with current law and State Board policy, provide clarity, and comply with the Administrative Procedure Act. The proposed rules primarily codify existing policy and practice but include a small number of substantive changes. The Professional Standards and Practices Commission voted to recommend the rules to the State Board on November 13, 2025, and the State Board voted to propose the rules on December 4, 2025.

(c) The one-year disqualification referenced in Paragraph (b) of this Rule shall not be imposed against the participant if a claim is assessed and full payment is made, or a repayment schedule is agreed upon within 30 days of receipt of a written demand for repayment of the claim for the improperly obtained or disposed of Program benefits.

(f) The occurrence of a second or subsequent participant violation listed in Paragraph (e) of this Rule shall result in a one-year disqualification of the participant and the assessment of a claim for the full amount of any improperly obtained or disposed of Program benefits. The second or subsequent violation does not have to be the same as the initial violation to result in a one-year disqualification. A corporate entity operating under a WIC corporate agreement may submit a single WIC Price List for those stores that have the same prices for WIC supplemental foods in each store, rather than submitting a separate WIC Price List for each store.
- (3) A vendor applicant shall purchase all infant formula, exempt infant formula, and WIC-eligible nutritionals directly from:
 - (a) The sources specified in 42 U.S.C 1786(h)(8)(A)(ix);

- (4) A vendor applicant's current highest shelf price for each WIC supplemental food listed on the WIC Price List shall not exceed the maximum price set by the State agency for each supplemental food within that vendor applicant's peer group, except as provided in Sub-item (4)(b) of this Item. The maximum price for each supplemental food shall be established as follows:
- (a) The most recent prices submitted through the EBT system by authorized vendors within the same peer group shall be used to determine the maximum price for each supplemental food. The maximum price shall be two standard deviations above the average current highest shelf price of each supplemental food within a vendor peer group. The State agency shall reassess the maximum price set for each supplemental food at least four times a year.
- (b) If any of the vendor applicant's price(s) on its WIC Price List exceed the maximum price(s) set by the State agency for that applicant's peer group, the State agency shall send the applicant written notice. Within 30 days of the date of receipt of the written notice, the vendor applicant may resubmit price(s) that it will charge the State WIC Program for those foods that exceeded the maximum price(s). If none of the vendor applicant's resubmitted prices exceed the maximum prices set by the State agency, the vendor applicant shall be deemed to have met the requirements of Item (4) of this Rule. If any of the vendor applicant's resubmitted prices still exceed the maximum prices set by the State agency, or the vendor applicant does not resubmit prices within 30 days of the date of receipt of the written notice, the agency shall send the applicant a written notice of denial.
- The vendor applicant shall wait 90 days from the date of receipt of the written denial to reapply for authorization.
- (5) A vendor applicant shall pass an announced monitoring review by the local WIC agency to determine whether the store has minimum inventory of supplemental foods as specified in Item (17) of Rule .0708 of this Section. A vendor applicant that fails this review shall be allowed a second opportunity for an unannounced monitoring review within 14 days. If the applicant fails both reviews, the application shall be denied in writing and the applicant shall wait 90 days from the date of the second monitoring review before submitting a new application
- (6) A vendor applicant shall either attend or cause a manager or another authorized store representative to attend WIC Vendor Training provided by the local WIC agency prior to vendor authorization and ensure that the vendor applicant's employees receive instruction in WIC program procedures and requirements.
- (7) An applicant shall mark the current shelf prices of all WIC supplemental foods on the foods or have the prices posted on the shelf or display case at all times.
- (8) The store shall be at a single, fixed location within North Carolina. The store shall be located at the address indicated on the WIC vendor application and shall be the site where WIC supplemental foods are selected by the WIC customer.
- (9) A vendor applicant shall use point of sale (POS) terminals to support the WIC Program that are deployed in accordance with the minimum lane coverage provisions of 7 C.F.R. 246.12(z)(2)(ii).
- (10) The store shall be open throughout the year for business with the public at least six days a week for at least 40 hours per week between 8:00 a.m. and 11:00 p.m.
- (11) The store shall not use the acronym "WIC" or the WIC logo, including facsimiles, in total or in part, in the official name under which the business is registered or in the name under which it does business.
- (12) A vendor applicant shall not submit false, erroneous, or misleading information in an application to become an authorized WIC vendor or in subsequent documents submitted to the state or local WIC agency. A vendor applicant shall not have an employee who handles or transacts WIC food benefits who is employed, or has a spouse, child, or parent who is employed by the State WIC program or the local WIC program serving the county where the vendor applicant conducts business. Such situations present a conflict of interest.
- (14) WIC vendor authorization shall be denied if in the last six years any of the vendor applicant's current owners, officers, or managers have been convicted of or had a civil judgment entered against them for any activity indicating a lack of business integrity, including fraud, antitrust violations, embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, and obstruction of justice, as set out in 7 C.F.R 246.12(g)(3)(ii). For purposes of this Item, "convicted" or "conviction" includes:
- (a) a plea of guilty;
 - (b) a verdict or finding of guilt by a jury, judge, magistrate, or adjudicating body, tribunal, or official, either civilian or military;

- (16) A vendor applicant, excluding chain stores and stores under a WIC corporate agreement that have a separate manager on site for each store, shall not have an owner who holds a financial interest in any of the following:
- (a) a FNS/SNAP vendor that is disqualified from participation in FNS/SNAP or has been assessed a civil money penalty for hardship in lieu of disqualification and the time period during which the disqualification would have run, had a penalty not been paid, has not expired; or

- The requirements of this Item shall not be met by the transfer or conveyance of financial interest during the period of disqualification. Additionally, the requirements of this Item shall not be met even if such transfer or conveyance of financial interest in a FNS/SNAP vendor under Sub-item (16)(a) of this Item ends the disqualification period applicable to that FNS/SNAP vendor earlier than the disqualification period otherwise would have expired. The requirements of this Item shall apply until the time the FNS/SNAP vendor disqualification otherwise would have expired.
- (17) A vendor applicant, excluding free-standing pharmacies, shall have FNS/SNAP authorization for the store as a prerequisite for WIC vendor authorization and shall provide its FNS/SNAP authorization number to the State agency.
- (18) A vendor applicant shall not become authorized as a WIC vendor if the store has been disqualified from participation in the WIC Program and the disqualification period has not expired. A vendor applicant shall not be authorized as a WIC vendor if any of the vendor applicant's owner(s), officer(s) or manager(s) currently has or previously had a financial interest in a WIC vendor that was assessed a claim by the WIC Program and the claim has not been paid in full.

(f) Field Trials and Training Dogs. An individual or organization sponsoring a field trial on the Sandhills Field Trial area shall file an application with the Commission to use the area with the facility use fee computed at the rate of three hundred dollars (\$300.00) for each scheduled day of the trial. The total facility use fee shall cover the period from 12:00 noon of the day preceding the first scheduled day of the trial to 10:00 a.m. of the day following the last scheduled day of the trial. The facility use fee shall be paid for all intermediate days on which trials are not run but the building or facilities are used or occupied. A fee of one hundred dollars (\$100.00) per day shall be charged to sporting, educational, or scouting groups for scheduled events utilizing the club house only. No person or group of persons or other entity shall enter or use the physical facilities located on the Sandhills Field Trial area or the Laurinburg Fox Trial facility without written approval from an authorized agent of the Wildlife Resources Commission, and no entry or use of a facility shall exceed the scope of or continue beyond the approved use. The Sandhills Field Trial facilities shall be used only for field trials scheduled with the approval of the Wildlife Resources Commission. No more than 20 days of field trials may be

scheduled for occurrence on the Sandhills facilities during a calendar month, and no more than five days may be scheduled during a calendar week. A field trial requiring more than five days may be scheduled during one week with reduction of the maximum number of days allowable during some other week so that the monthly maximum of 20 days is not exceeded. Before October 1 of each year, the North Carolina Field Trial Association or other organization desiring use of the Sandhills facilities between the Wednesday on or nearest October 18 and the second Friday before Thanksgiving and between the first Monday following Thanksgiving and March 31 shall submit its proposed schedule of use to the Wildlife Resources Commission for consideration and approval. Additionally, on game lands located west of I-95 where special hunts are scheduled for sportsmen participating in the Disabled Sportsman Program, dogs may not be trained or allowed to run unleashed during legal big game hunting hours on the dates of the special hunts. A field trial shall be authorized when the field trial does not conflict with other planned activities on the game land or field trial facilities, and the applying organization demonstrates their experience and expertise in conducting genuine field trial activities. Entry to physical facilities, other than by field trial organizations under permit, shall be granted when they do not conflict with other planned activities previously approved by the Commission and they do not conflict with the mission of the agency.

(g) Trapping. Subject to the restrictions contained in 15A NCAC 10B .0300, trapping of furbearing animals, armadillos, coyotes, and groundhogs is permitted on game lands during the open trapping seasons for those areas, established by rule. Foxes may be trapped on game lands from October 1 through the end of February in a county with an open fox trapping season that falls between October 1 and the end of February. Foxes may not be taken by trapping on game lands in counties with a closed fox trapping season or during a fox trapping season that occurs outside the dates of October 1 through the end of February. Additionally, fox trapping is allowed on game lands in Clay, Graham, Henderson, Macon, and Tyrrell counties with a daily bag limit of two and a season bag limit of 10 from the first to the fourth Saturday in January. Trapping is prohibited:

- (1) on the J Robert Gordon Field Trial Area of Sandhills Game Land;
- (2) in posted "safety zones" located on a game land;
- (3) by the use of bait on the National Forest Lands bounded by the Blue Ridge Parkway on the south, US 276 on the north and east, and NC 215 on the west;
- (4) on the DuPont State Forest Game Lands; and
- (5) from April 1 through September 31.

At a trap, trappers may use a single bait site of grain, fruit, or other foods when trapping if the food is not a processed food product as defined in G.S. 113-294(r), is less than 3 cubic inches and is covered to prevent it from being seen from above. Feathers,

including those with attached skin or entire bird wings, hair with or without skin or hide, and bones that include no attached meat, organs, or viscera do not need to be covered.

(h) Vehicular Traffic. No person shall drive a motorized vehicle on a game land except on roads constructed, maintained, and opened for vehicular travel and on trails posted for vehicular travel, unless the person:

- (1) is driving in the vehicle gallery of a scheduled bird dog field trial held on the Sandhills Game Land; or
- (2) is a disabled sportsman as defined in Paragraph (l) of this Rule or holds a Disabled Access Program Permit as described in Paragraph (l) of this Rule and is abiding by the rules described in Paragraph (k).

(i) Camping.

- (1) No person shall camp on a game land except on an area posted by the landowner for camping.
- (2) Camping on posted camping areas is allowed from September 1 through the last day of February and from March 31 through May 31 unless otherwise specified in rules of this Subchapter.
- (3) On game lands owned by the State of North Carolina, where the North Carolina Wildlife Resources Commission is the primary custodian, the maximum period of consecutive overnight camping at a designated camping area is 14 days within any 30-day period, unless otherwise specified in rules of this Subchapter. After 14 consecutive days of camping, personal belongings shall be removed from the game land.
- (4) A hunting, fishing, trapping or Game Lands License is required for individuals age 16 or older to camp on game lands in areas posted for camping except when camping within 100 yards of the Roanoke River on the state-owned portion of the Roanoke River Wetlands Game Land, within 100 yards of the Neuse River on that portion of the game land west of NC-43, and in posted areas along the Mountains-to-Sea Trail on Butner-Falls of Neuse Game Land.

(j) Release of Animals and Fish. It is unlawful to release pen-raised animals or birds, wild animals or birds, domesticated animals, except hunting dogs and raptors where otherwise permitted for hunting or training purposes, or feral animals, or hatchery-raised fish on game lands without written authorization. It is unlawful to move wild fish from one stream to another on game lands without written authorization. Written authorization shall be given when release of animals is determined by a Wildlife Resources Commission biologist not to be harmful to native wildlife in the area and is in the public interest or advance the programs and goals of the Wildlife Resources Commission.

(k) Non-Highway Licensed Vehicles. It is unlawful to operate motorized land vehicles not licensed for highway use on game lands except for designated areas on National Forests. Disabled persons as defined in Paragraph (l) of this Rule and people who have obtained a Disabled Access Program permit are exempt from

this restriction but shall comply with the terms of their permit. Furthermore, disabled persons, as defined under the federal Americans with Disabilities Act (42 U.S.C. 126) may use wheelchairs or other all-terrain wheelchairs on areas where foot travel is allowed. Off road vehicles including ATVs, UTVs, and ebikes are not permitted.

(l) **Disabled Access Program.** Disabled individuals who meet the requirements of G.S. 113-296 may obtain a Disabled Access Permit and Disabled Sportsman Hunt Certification online at ncwildlife.org. The Disabled Access Permit allows individuals to operate electric wheel chairs, all-terrain vehicles, and other passenger vehicles on any Commission-maintained road open for vehicular travel and those trails posted for vehicular travel and ungated or open-gated roads otherwise closed to vehicular traffic on game lands owned by the Wildlife Resources Commission and on game lands whose owners have agreed to that use. Those game lands, or parts thereof, where this Paragraph applies are designated online, at www.ncwildlife.org. This Paragraph does not permit vehicular access on fields, openings, roads, paths, or trails planted for wildlife food or cover. One companion, who is identified by a companion card issued to each qualified disabled person, may accompany a disabled person to provide assistance, provided the companion is constantly in visual or verbal contact with the disabled person. The companion may participate in lawful activities while assisting a disabled person, provided license requirements are met. A vehicle used by a qualified disabled person for access to game lands under this provision shall have the Disabled Access Permit available for inspection by wildlife enforcement officers upon request. Hunters who qualify under the Disabled Sportsman Program and their companions may access special hunting blinds for people with disabilities during regularly scheduled, non-permit hunting days on a first come basis, except for those blinds located on the Restricted Area of Caswell Game Land. It is unlawful for anyone other than disabled persons holding a Disabled Access Permit, during waterfowl season, to hunt within 100 yards of a waterfowl blind designated by the Wildlife Resources Commission as a Disabled Sportsman's hunting blind. The Disabled Sportsman Hunt Certification allows individuals to apply for available Disabled sportsman permit hunting opportunities as prescribed in G.S. 113-296.

(m) **Public nudity.** Public nudity, including nude sunbathing, is prohibited on game lands, including land or water. For the purposes of this Section, "public nudity" means a person's intentional failure to cover with a fully opaque covering the person's genitals, pubic area, anal area, or female breasts below a point from the top of the areola while in a public place.

(n) **Shooting Ranges.** On public shooting ranges managed by the Commission, no person shall use designated shooting ranges for purposes other than for firearm or bow and arrow marksmanship, development of shooting skills, or for other safe uses of firearms and archery equipment. Other uses, including camping, building fires, operating concessions or other activities not directly involved with recreational or competitive shooting are prohibited, unless written authorization is obtained from the Commission. No person, when using any shooting range, shall deposit debris or refuse on the grounds of the range. This includes items used as targets, except that clay targets broken on the range, by the shooter, may be left on the grounds where they fall. No person

shall shoot items made of glass on the grounds of the range. No person may leave a vehicle or other obstruction in a location or position that it will prevent, impede, or inconvenience the use by other persons of any shooting range. No person shall leave a vehicle or other object parked in a place on the shooting range other than the place or zone that is designated and posted or marked as an authorized parking zone. No person shall handle firearms or bow and arrow on a shooting range in a careless or reckless manner. No person shall intentionally shoot into any target holder, post, or other permanent fixture or structure while using a shooting range. No person shall shoot a firearm in a manner that would cause rifled or smoothbore projectiles to travel off of the range, except that shotgun shot, size No. 4 or smaller may be allowed to travel from the range if it presents no risk of harm or injury to a person. Persons using a shooting range shall obey posted range safety rules and those persons who violate range safety rules or create a public safety hazard shall leave the shooting range if directed to by law enforcement officers or to leave by Commission employees. No person shall handle firearms on a shooting range while under the influence of an impairing substance. The consumption of alcohol or alcoholic beverages on a shooting range is prohibited. Open days and hours of operation shall be designated on signs and at least one sign shall be posted at the entrance to each shooting range. No person, when using a shooting range, shall do an act that is prohibited or neglect to do an act that is required by signs or markings placed on the area under authority of this Rule for regulating the use of the area.

(o) **Limited-access Roads.** During the months of June, July, and August, roads posted as "Limited-access Roads" are open to motorized vehicles from 5:00 a.m. to 10:00 p.m. These roads shall be posted with the opening and closing times.

(p) No person shall attempt to obscure the sex or age of a bird or animal taken by severing the head or any other part thereof, or possess a bird or animal that has been so mutilated.

(q) **Baiting.** Except as provided in Paragraph (g) of this Rule, no person shall place, or cause to be placed on a game land, salt, grain, fruit, or other foods without written authorization from an agent of the Commission. Written authorization may be provided for Commission authorized projects or Commission contractors to meet specific objectives. Except as authorized by rule, no person shall take or attempt to take wild birds or wild animals attracted to these foods.

Conduct

demonstrating lack of good character and reputation includes, but is not limited to:

- (1) Any felony conviction;
- (2) Any conviction involving fraud, dishonesty, false statements, or deceit;

21 NCAC 56 .0601 REQUIREMENTS FOR LICENSING

(a) Education. Pursuant to G.S. 89C-13(b), the Board shall consider the education of an applicant in determining eligibility for licensure as a Professional Land Surveyor. Certain terms concerning the educational requirements found in G.S. 89C-13(b)(1a) are defined as follows:

- (1) "Bachelor of Science degree in surveying or other equivalent curricula" are degrees that shall contain a minimum of 45 semester hours, or their quarter-hour equivalents. Of the 45 semester hours, a minimum of 12 semester hours of surveying fundamentals, 12 semester hours of applied surveying practice, and 12 semester hours of advanced or theoretical surveying courses are required. The remainder of the required surveying courses may be elective-type courses in any of the categories; and
- (2) "Associate degree in surveying technology" are degrees that shall contain a minimum of 20 semester hours, or quarter-hour equivalents. Courses, completed with a passing grade, shall be in surveying fundamentals, applied surveying practice, and advanced or theoretical surveying courses, including courses in surveying practices, subdivision design and planning, surface drainage, and photogrammetry.
- (3) An applicant wishing to complete a "Land Surveyor Apprenticeship" contemplated in G.S. 89C-13(b)(1a)(d1) shall complete one of the following:
 - (A) Certified Survey Technician Program (CST) of the National Society of Surveyors (NSPS) levels I through IV.

- (B) "Technologist" Certification Program of the American Society for Photogrammetry and Remote Sensing (ASPRS).
 - (C) The Surveying Education Standard of the National Council of Examiners for Engineering and Surveying (NCEES) by obtaining college semester credit hours, as modified to require the following 39 college semester hours:
 - (i) Twelve college semester hours in mathematics beyond basic mathematics, but the credits include college algebra or higher mathematics. These courses must emphasize mathematical concepts and principles rather than computation. Course examples include college algebra, trigonometry, analytic geometry, differential and integral calculus, linear algebra, numerical analysis, probability and statistics, and advanced calculus; and
 - (ii) Twenty-seven college semester hours of surveying science and surveying practice. Courses shall be taught by surveying faculty qualified by education, training or experience to teach the subject matter. Examples of courses are basic surveying, route surveying, geodesy, geographic information systems, land development design and planning, global positioning systems, photogrammetry, mapping, legal principles of land surveying, boundary law, professional surveying and mapping, and remote sensing. Graduate-level surveying courses can be included to fulfill curricular requirements in this area.
 - (D) Apprenticeship program, administered through ApprenticeshipNC, or equivalent administrator, approved by the Board, as including elements equivalent to Parts (A), (B), or (C) of this Subparagraph.
- (b) Experience. Pursuant to G.S. 89C-13(b), the Board shall consider the experience of an applicant in determining eligibility for licensure as a Professional Land Surveyor.

Not less than half of the required land surveying experience shall be gained under the responsible charge of a Professional Land Surveyor, or if not, the applicant shall submit a written explanation to the Board explaining why the experience should be considered acceptable. Experience gained under the technical supervision of an unlicensed individual shall be considered based upon the engineering or surveying education and experience credentials of the unlicensed supervisor. Experience gained in the armed services, typically while serving in an engineering or surveying related group, shall be accepted only if substantially equivalent to civilian work.
 - (2) Definition. "Progressive practical experience" requires that during the period of time provided as experience, an applicant made a practical utilization of their acquired knowledge of the principles of geometry and trigonometry in determining the shape, boundaries, position, and extent of the earth's surface; and demonstrated a continuous improvement, growth, and development in the utilization of that knowledge. The applicant shall show the continuous assumption of greater individual responsibility for the work product over that period of time. The progressive experience on surveying projects shall demonstrate an increasing quality and responsibility that shows the Board that the applicant is competent to practice surveying.
 - (3) Other Experience. The applicant shall document the nature and details of the work done in the following areas to evidence to the Board its equivalency to land surveying:
 - (A) construction layout;
 - (B) engineering surveying; or
 - (C) part-time surveying work.
 - (c) Exhibits, Drawings, Maps:
 - (1) Required Exhibit:
 - (A) General. The applicant shall submit, along with the application, an actual map of a boundary survey of an actual project prepared under the direct supervision and responsible charge of a Professional Land Surveyor who states that the applicant did the preparatory work of the survey; that shows, by its conformance, that the applicant is knowledgeable of the contents of the Standards of Practice

for Land Surveying in North Carolina as set forth in Section .1600 of this Chapter; and that shows that the applicant is able to apply this knowledge by preparing a map in accordance with the various legal and professional requirements of land surveying.

- (B) Physical Requirement. The map submitted shall be a clean, clear, legible print of an original map in the file of a Professional Land Surveyor.
 - (C) Specific Requirements. The details that shall be evaluated are those applicable to the particular project as described in the Standards of Practice for Land Surveying in North Carolina as set forth in Section .1600 of this Chapter, and as described in G.S. 47-30. In addition, the exhibit shall contain a statement that the field work, calculation, and mapping were performed by the applicant under the supervision of a Professional Land Surveyor, attested to by that Professional Land Surveyor.
- (2) Requirements for Comity Applicant. The map submitted by an applicant under comity may be a representative map of an actual survey of a project or work performed in the state of licensure that is modified to meet the requirements in Subparagraph (c)(1) of this Rule and shall be evaluated in accordance with the requirements applicable to the particular project as described in the Standards of Practice for Land Surveying in North Carolina as set forth in Section .1600 of this Chapter, and as described in G.S. 47-30.

the Board. During the renewal process, a licensee shall provide their physical places of business and residential addresses, report compliance with continuing education requirements, and report any criminal convictions or disciplinary described herein. A licensee shall give notice to the Board of any criminal convictions, including DWI but not including minor traffic offenses (offenses that are not a misdemeanor or felony) , within 30 days of the conviction. A nolo contendere plea is equated to a conviction for reporting purposes. A licensee shall give notice to the Board of any disciplinary actions received in any jurisdiction on any surveyor license resulting in a restriction on the licensee's practice within 30 days of the disciplinary action. A disciplinary action which restricts a licensee's practice includes revocation, suspension, denial of licensure, refusal to renew, refusal to reinstate, put on probation, restriction of practice area, or a voluntary permanent surrender of a license.

(b) Surveyor Intern Certificate. The surveyor intern certificate does not expire and, therefore, does not have to be renewed.

(c) Professional Land Surveyor, Retired. The Board shall approve the application for use of the title for a person who has been duly licensed as a Professional Land Surveyor by the Board, who chooses to relinquish or not to renew a license and has had no disciplinary action that would support a determination that the licensee is not of good character and reputation. - (1) Any felony conviction;
- (2) Any conviction involving fraud, dishonesty, false statements, or deceit;
- (3) Any disciplinary action by the Board involving fraud, deceit, gross negligence, incompetence, or misconduct directly related to the practice of land surveying; or
- (4) Any prior finding by the Board that the Licensee knowingly provided materially false information to the Board.

21 NCAC 56 .0701 RULES OF PROFESSIONAL CONDUCT

(a) In order to safeguard the life, health, property, and welfare of the public and to establish and maintain a high standard of integrity, skills, and practice in the professions of engineering and land surveying, the Rules of Professional Conduct in this Rule are adopted in accordance with G.S. 89C-20 and are binding upon every person holding a certificate of licensure as a Professional Engineer or Professional Land Surveyor (licensee), and on all business entities authorized to offer or perform engineering or land surveying services in this state. All persons licensed under

the provisions of Chapter 89C of the General Statutes are charged with having knowledge of the Board Rules, including the Rules of Professional Conduct, and are deemed to be familiar with their provisions and to understand them.

(b) A licensee shall conduct their practice in a manner that protects the public health, safety, and welfare by complying with the rules of this Chapter and G.S. 89C. The licensee shall at all times recognize the primary obligation to protect the public in the performance of their professional duties. If the licensee's engineering or land surveying judgment is overruled under circumstances where the health, safety, or welfare of the public are endangered, the licensee shall inform the employer, the client, the contractor, other affected parties, and any appropriate regulatory agency of the possible consequences of the situation.

(c) A licensee shall perform services only in areas of the licensee's competence and:

- (1) Shall undertake to perform engineering and land surveying assignments only when qualified by education or experience in the specific technical field of professional engineering or land surveying involved;
- (2) May accept an assignment or project requiring education or experience outside of the licensee's own areas of competence, but only to the extent that the services are restricted to those portions or disciplines of the assignment in which the licensee is qualified. All other portions or disciplines of such assignment shall be performed by associates, consultants, or employees who are licensed and competent in those portions or disciplines.

(d) A licensee shall not affix his or her signature or seal to any engineering or land surveying plan or document for which the licensee was not in responsible charge of the work through direct control and personal supervision. In order to exercise responsible charge of engineering or surveying work, either when delegating tasks to others, in circumstances where a licensee in responsible charge of the work is unavailable to complete the work, or the work is a design plan signed and sealed by an out-of-jurisdiction licensee (not a site adaptation of a standard design plan under Rule 21 NCAC 56 .1106), the licensee must possess full professional knowledge of and control over the work and shall:

- (1) Have and exercise the authority to review and to change, reject or approve both the work in progress and the final work product, through examination, evaluation, communication and direction throughout the development of the work;
- (2) Be personally aware of the scope of the work, its needs, parameters, limitations and special requirements;
- (3) Be capable of answering questions relevant to the surveying or engineering decisions made as part of the services provided, in sufficient detail to demonstrate knowledge of the proficiency in the work; and
- (4) Accept full responsibility for the work.
 - (A) The burden for demonstrating responsible charge lies with the

licensee, including maintaining records, calculations, drawings, surveys, specifications, and other documents associated with the work.

A licensee may affix his or her seal and signature to drawings and documents depicting the work of two or more professionals, provided it is designated by a note under the seal stating the specific subject matter for which each is responsible.

(e) A licensee shall issue public statements only in an objective and truthful manner and:

- (1) Shall be objective and truthful in all professional reports, statements or testimony. The licensee shall include all relevant and pertinent information in such reports, statements or testimony;
- (2) When serving as an expert or technical witness before any court, commission, or other tribunal, shall express an opinion only when it is founded upon adequate knowledge of the facts in issue, upon a background of technical competence in the subject matter, and upon honest conviction of the accuracy and propriety of the licensee's testimony;
- (3) Shall issue no statements, criticisms, or arguments on engineering or land surveying matters connected with public policy on behalf of or paid for by an interested party, or parties, unless the licensee has prefaced the comment by explicitly identifying the licensee's name, by disclosing the identities of the party or parties on whose behalf the licensee is speaking, and by revealing the existence of any pecuniary interest the licensee may have in the matters; and
- (4) Shall not attempt to injure, maliciously or falsely, directly or indirectly, the professional reputation, prospects, practice or employment of another engineer or land surveyor, nor indiscriminately criticize another engineer or land surveyor's work in public. Indiscriminate criticism includes statements without valid basis or cause, that are not objective and truthful, or that fail to include all relevant and pertinent information. If the licensee believes that another engineer or land surveyor is guilty of misconduct or illegal practice, such information shall be presented to the North Carolina Board of Examiners in the form of a complaint.

(f) A licensee shall avoid conflicts of interest and:

- (1) Shall inform the employer or client, and any reviewing agency, of any business association, interests, or circumstances which could influence judgment or the quality of services;
- (2) Shall not accept compensation, financial or otherwise, from more than one party for services on the same project, or for services pertaining to the same project, unless the

circumstances are disclosed to, and agreed to, in writing, by all interested parties;

- (3) Shall not solicit or accept financial or other valuable considerations from material or equipment suppliers for specifying their products;
- (4) Shall not solicit or accept gratuities, directly or indirectly, from contractors, their agents, or other parties dealing with the client or employer in connection with work for which the licensee is responsible;
- (5) When in public service as a member, advisor, or employee of a governmental body or department, shall not participate in considerations or actions with respect to services provided by the licensee or the licensee's firm in private engineering and land surveying practices;
- (6) Shall not solicit or accept an engineering or land surveying contract from a governmental body on which a principal or officer of the licensee's firm serves as a member; and
- (7) Shall not attempt to supplant another engineer or land surveyor in a particular employment after becoming aware that the other has been selected for the employment.

(g) A licensee shall solicit or accept work only on the basis of qualifications and:

- (1) Shall not offer to pay, either directly or indirectly, any commission, political contribution, gift, or other consideration in order to secure work, exclusive of securing salaried positions through employment agencies;
- (2) Shall compete for employment on the basis of professional qualification and competence to perform the work. The licensee shall not solicit or submit proposals for professional services containing a false, fraudulent, misleading, deceptive or unfair statement or claim regarding the cost, quality or extent of services to be rendered;
- (3) Shall, with regard to fee bidding on public projects, comply with the provisions of G.S. 143-64.31 et seq., (or for federal projects, the Brooks Act, 40 U.S. Code 541 et seq.) and shall not knowingly cooperate in a violation of any provision of G.S. 143-64.31 et seq. (or of 40 U.S. Code 541 et seq.); and
- (4) Shall not falsify or permit misrepresentation of academic or professional qualifications and shall only report educational qualifications when a degree or certificate was awarded, unless it is stated that no degree or certificate was awarded. The licensee shall not misrepresent degree of responsibility in or for the subject matter of prior assignments. Brochures or other presentations incident to the solicitation of employment shall not

misrepresent pertinent facts concerning employers, employees, associates, joint ventures, or past accomplishments with the intent and purpose of enhancing qualifications and work.

(h) A licensee shall perform services in an ethical and lawful manner, as required by this Rule, and shall not knowingly associate with or permit the use of the licensee's name or firm name in a business venture by any person or firm which the licensee knows, or has reason to believe, is engaging in business or professional practices of a fraudulent or dishonest nature or is not properly licensed.

(i) If a licensee has knowledge of or reason to believe that any person or firm may be in violation of Board Rules or G.S. 89C, the licensee shall report such information to the Board as a complaint and shall cooperate with the Board by providing any additional information or assistance requested. A licensee under investigation shall timely respond to all inquiries and correspondence from the Board and shall timely claim any correspondence sent by U.S. Postal Service or other delivery service. For purposes of this Rule, "timely" means within the time specified in the correspondence, or if no time is specified, within 30 days of receipt. Certified mail is considered timely claimed if it is claimed before being returned by the U.S. Postal Service to the Board.

(j) A Professional Engineer or Professional Land Surveyor whose professional license is revoked, suspended, denied, refused renewal, refused reinstatement, put on probation, restricted, or surrendered as a result of disciplinary action by another jurisdiction is subject to discipline by the Board if the licensee's action constitutes a violation of G.S. 89C or the rules adopted by the Board.
