Updates to electronic Vendor Portal (eVP)

In preparation of a major upgrade to the newest version of SAP Ariba in May 2020, NC eProcurement has released an update to the electronic Vendor Portal (eVP). Each vendor now has one or more contacts designated as the **Sourcing and Contracts** user(s) within their eVP profile. These users are the primary points of contact for any buyers with bidding or contract questions.

To view the Sourcing and Contracts contact(s) for a vendor, find the vendor on [Public Vendor Search](#), click on "View" and open the **Sourcing/Contracts** tab.

As the upgrade moves forward over the next several months, stay tuned to **The Source** for more information about exciting new features and expected timelines!
