1.0 PURPOSE AND BACKGROUND

The purpose of this Request for Pre-Qualifications (“RFPQ”) is to qualify Vendors experienced in managing and providing residential environmental remediation of asbestos in connection with the administration of U.S. Department of Housing and Urban Development (“HUD”) and Community Development Block Grant-Disaster Recovery (“CDBGDR”). This Request for Pre-Qualifications (“RFPQ”) are issued in accordance with the Procurement and Contract Guidelines of NCORR.

This is a re-solicitation of Request for Prequalification #19-RFP-014760-GSX. This is a separate solicitation and Vendors that responded to the original RFP need to resubmit a response to this request in order to be considered.

Based on the review of the RFPQ Responses, the North Carolina Office of Recovery and Resiliency (“NCORR”) intends to establish a List of Qualified Vendors who, on an “as, if, and when requested” basis, will be asked to compete, to enter into a Contract(s) for provision of environmental remediation services for the CDBGDR funded Housing program managed by NCORR.

This program aims at the long-term recovery of communities impacted by Hurricane Matthew and Hurricane Florence. NCORR’s programs will assist approximately 2,000 residents in up to 52 counties in North Carolina, and will contribute to essential investments in community infrastructure and resources.

Applications shall be submitted in accordance with the terms and conditions of this RFPQ and any addenda issued hereto.

2.0 GENERAL INFORMATION

2.1 REQUEST FOR PREQUALIFICATION APPLICATION

The Request for Prequalification is comprised of this RFPQ document, any attachments, and any addenda released before Vendors have been prequalified. All attachments and addenda released for this RFPQ in advance of any Contract award are incorporated herein by reference. Vendor may attach its application to this RFPQ for submission; however, any and all additional, modified or conflicting terms and conditions submitted on or with Vendor’s Application shall be disregarded and shall not be considered a part of any contract arising from this RFPQ. Any attempt to delete or avoid the force of the previous sentence shall render Vendor’s Application invalid, and it shall not be considered.

2.2 RESERVED E-PROCUREMENT SOLICITATION

ATTENTION: This is NOT an E-Procurement solicitation. Paragraph #16 of Attachment B: North Carolina General Contract Terms and Conditions, paragraphs (b) and (c), do not apply to this solicitation.

The Terms and Conditions made part of this solicitation contain language necessary for North Carolina’s Statewide E-Procurement Services. It is the Vendor’s responsibility to read these terms and conditions carefully and to consider them in preparing its proposal. By execution of this RFPQ, Vendor agrees to and acknowledges acceptance of all terms and conditions, including those related to E-Procurement usage. General information on the E-Procurement Services can be found at: <http://eprourement.nc.gov/>.

2.3 NOTICE TO VENDORS REGARDING RFPQ TERMS AND CONDITIONS

It shall be the Vendor’s responsibility to read the Instructions, the State’s terms and conditions, all relevant exhibits and attachments, and any other components made a part of this RFPQ and comply with all requirements and specifications herein. Vendors also are responsible for obtaining and complying with all Addenda and other changes that may be issued in connection with this RFPQ.

If Vendors have questions, issues, or exceptions regarding any term, condition, or other component within this RFPQ, those must be submitted as questions in accordance with the instructions in Section 2.5 PREQUALIFICATION QUESTIONS. If the State determines that any changes will be made as a result of the questions asked, then such decisions will be communicated in the form of an RFPQ addendum. The State may also elect to leave open the possibility for later negotiation and amendment of specific provisions of the Contract that have been addressed during the question and answer period. Other than through this process, the State rejects and will not be required to evaluate or consider any additional or modified terms and conditions submitted with Vendor’s proposal. This applies to any language appearing in or attached to the document as part of the Vendor’s proposal that purports to vary any terms and conditions or Vendors’ instructions herein or to render the proposal non-binding or subject to further negotiation. **By execution**

and delivery of this RFPQ Response, the Vendor agrees that any additional or modified terms and conditions, whether submitted purposely or inadvertently, shall have no force or effect, and will be disregarded. Noncompliance with, or any attempt to alter or delete, this paragraph shall constitute sufficient grounds to reject Vendor’s proposal as nonresponsive.

3.0 METHOD OF AWARD AND PREPROPOSAL EVALUATION PROCESS

3.1 METHOD OF AWARD

Contracts will be awarded in accordance with G.S. 143-52 and the evaluation criteria set out in this solicitation. Prospective Vendors shall not be discriminated against on the basis of any prohibited grounds as defined by Federal and State law.

The State intends to prequalify multiple Vendors and there is no limit to the number of Vendors to be prequalified. Pursuant to CBDG-DR rules, the State Agency's prequalification will be open, in that, it will be re-advertised every six months to allow additional Vendors to become prequalified to perform abatement work. The State may re-advertise prequalification within a shorter time period at its discretion.

The State shall review the applications to this RFPQ to confirm that they meet the specifications and requirements. The State reserves the right to waive any minor informality or technicality in any application.

The State may request additional formal responses or submissions from any or all Vendors for the purpose of clarification or to amplify the materials presented in any part of the Application. Vendors are cautioned, however, that the State is not required to request clarification, and often does not. Therefore, all Applications should be complete and reflect the most favorable terms available from the Vendor.

Vendor's response will be evaluated considering the following criteria: The completeness of the submission; Vendor successfully demonstrating its qualifications to perform asbestos abatement services; Vendor's references; and Vendor's financials.

Vendors not qualified will be informed of the reasons and scores that resulted in the decision to prequalify. Vendors shall follow the policy in Attachment H if they desire further review of the prequalification decision or want to protest the decision. Vendors denied prequalification shall be permitted to seek prequalification when the State re-advertises the request for prequalification.

3.2 CONFIDENTIALITY AND PROHIBITED COMMUNICATIONS DURING EVALUATION

During the evaluation period—from the date proposals are opened through the date the contract is awarded—each Vendor submitting a proposal (including its representatives, sub-contractors and/or suppliers) is prohibited from having any communications with any person inside or outside the using agency, issuing agency, other government agency office, or body (including the purchaser named above, department secretary, agency head, members of the general assembly and/or governor's office), or private entity, if the communication refers to the content of Vendor's proposal or qualifications, the contents of another Vendor's proposal, another Vendor's qualifications or ability to perform the contract, and/or the transmittal of any other communication of information that could be reasonably considered to have the effect of directly or indirectly influencing the evaluation of proposals and/or the award of the contract. A Vendor not in compliance with this provision shall be disqualified from contract award, unless it is determined in the State's discretion that the communication was harmless, that it was made without intent to influence and that the best interest of the State would not be served by the disqualification. A Vendor's proposal may be disqualified if its sub-contractor and supplier engage in any of the foregoing communications during the time that the procurement is active (i.e., the issuance date of the procurement to the date of contract award). Only those discussions, communications or transmittals of information authorized or initiated by the issuing agency for this RFPQ or general inquiries directed to the purchaser regarding requirements of the RFPQ (prior to proposal submission) or the status of the contract award (after submission) are excepted from this provision.

3.3 PERFORMANCE OUTSIDE THE UNITED STATES

Vendor shall complete ATTACHMENT C: LOCATION OF WORKERS UTILIZED BY VENDOR. In addition to any other evaluation criteria identified in this RFPQ, the State may also consider, for purposes of evaluating proposed or actual contract performance outside of the United States, how that performance may affect the following factors to ensure that any award will be in the best interest of the State:

- a) Total cost to the State
- b) Level of quality provided by the Vendor
- c) Process and performance capability across multiple jurisdictions
- d) Protection of the State's information and intellectual property
- e) Availability of pertinent skills
- f) Ability to understand the State's business requirements and internal operational culture
- g) Particular risk factors such as the security of the State's information technology
- h) Relations with citizens and employees
- i) Contract enforcement jurisdictional issues

3.4 INTERPRETATION OF TERMS AND PHRASES

This Request for Prequalification serves two functions: (1) to advise potential Vendors of the parameters of the solution being sought by the Department; and (2) to provide (together with other specified documents) the terms of the Contract resulting from this procurement. As such, all terms in the Request for Prequalification shall be enforceable as contract terms in accordance with the General Contract Terms and Conditions. The use of phrases such as "shall," "must," and "requirements" are intended to create enforceable contract conditions. In determining whether proposals should be evaluated or rejected, the Department will take into consideration the degree to which Vendors have proposed or failed to propose solutions that will satisfy the Department's needs as described in the Request for Prequalification. Except as specifically stated in the RFPQ, no one requirement shall automatically disqualify a Vendor from consideration.

However, failure to comply with any single requirement may result in the Department exercising its discretion to reject a proposal in its entirety.

4.0 REQUIREMENTS

This Section lists the requirements related to this RFPQ. By submitting an Application, the Vendor agrees to meet all stated requirements in this Section as well as any other specifications, requirements and terms and conditions stated in this RFPQ. If a Vendor is unclear about a requirement or specification or believes a change to a requirement would allow for the State to receive a better Application, the Vendor is urged and cautioned to submit these items in the form of a question during the question and answer period in accordance with Section 2.5.

4.1 CONTRACT TERM

The approved Applicants shall perform asbestos abatement services on an "as needed" basis throughout a one-year contract period, with option to renew for two additional one year periods upon mutual agreement of NCORR and the vendor. Regardless of termination date, any unfinished project will be carried to completion by the same abatement Vendor, but without unduly prolonging the process.

4.2 PRICING

Pricing will be a part of any subsequent Request for Bid for abatement services.

4.3 INVOICES

In general, Prequalified Vendors may only submit payment applications to NCORR through the Construction Manager after an award of an RFB (see Section 5) which may contain multiple Work Orders and only in accordance with the terms of that Contract and the North Carolina Contract Terms and Conditions (Attachment B).

The standard format for invoicing shall be Single Invoices meaning that the Vendor shall provide NCORR with an invoice for each completed and documented batch of Work Order. Invoices shall include detailed information, supporting documentation and/or deliverables requested in a Work Order to allow NCORR or their designee to verify fees, costs and/or expenses.

4.4 SUITABILITY FOR INTENDED USE

Vendors are requested to offer only comparable items which will provide the equivalent capabilities, features and diversity called for herein. The State reserves the right to evaluate all responses for suitability for the required use. *Manufacturing and/or construction of modular and/or manufactured homes as well as goods acquired for construction or renovation projects shall meet all applicable North Carolina Building and Energy Codes as amended that address lighting and thermal efficiency, such as, but not limited to the use of LED lighting as applicable (42 U.S.C. § 6201, 6322).*

4.5 FINANCIAL STABILITY

Each Vendor shall certify it is financially stable by completing the ATTACHMENT D: CERTIFICATION OF FINANCIAL CONDITION. The State is requiring this certification to minimize potential issues from Contracting with a Vendor that is financially unstable. From the date of the Certification to the expiration of the Contract, the Vendor shall notify the State within thirty (30) days of any occurrence or condition that materially alters the truth of any statement made in this Certification.

4.6 VENDOR EXPERIENCE

In its response, Vendor shall demonstrate experience with public and/or private sector clients with similar or greater size and complexity to the State of North Carolina. Vendor should have at least five (5) years of experience in asbestos abatement services. Vendor shall include in its submission three (3) examples of previous experience with projects located in the North Carolina area within the last five (5) years. NCORR will consider related size and complexity; how many members of the proposed team worked on the listed project; and how recently the completed project was, among other factors. *Vendor must have a current Asbestos Accreditation from the State of North Carolina.*

4.7 REFERENCES

Vendors shall provide at least three (3) references for which your company has provided Services of similar size and scope to that proposed herein. The State may contact these users to determine the Services provided are substantially

similar in scope to those proposed herein and Vendor’s performance has been satisfactory. The information obtained may be considered in the evaluation of the proposal.

If, in the sole opinion of the State, the cessation of use by the State of any such deliverables due to infringement issues makes the retention of other items acquired from the Vendor under this Agreement impractical, the State shall then have the option of terminating the Agreement, or applicable portions thereof, without penalty or termination charge; and Vendor agrees to refund any sums the State paid for unused Services or Deliverables.

- c. The Vendor, at its own expense, shall defend any action brought against the State to the extent that such action is based upon a claim that the deliverables supplied by the Vendor, their use or operation, infringes on a patent, copyright, trademark or violates a trade secret in the United States.
